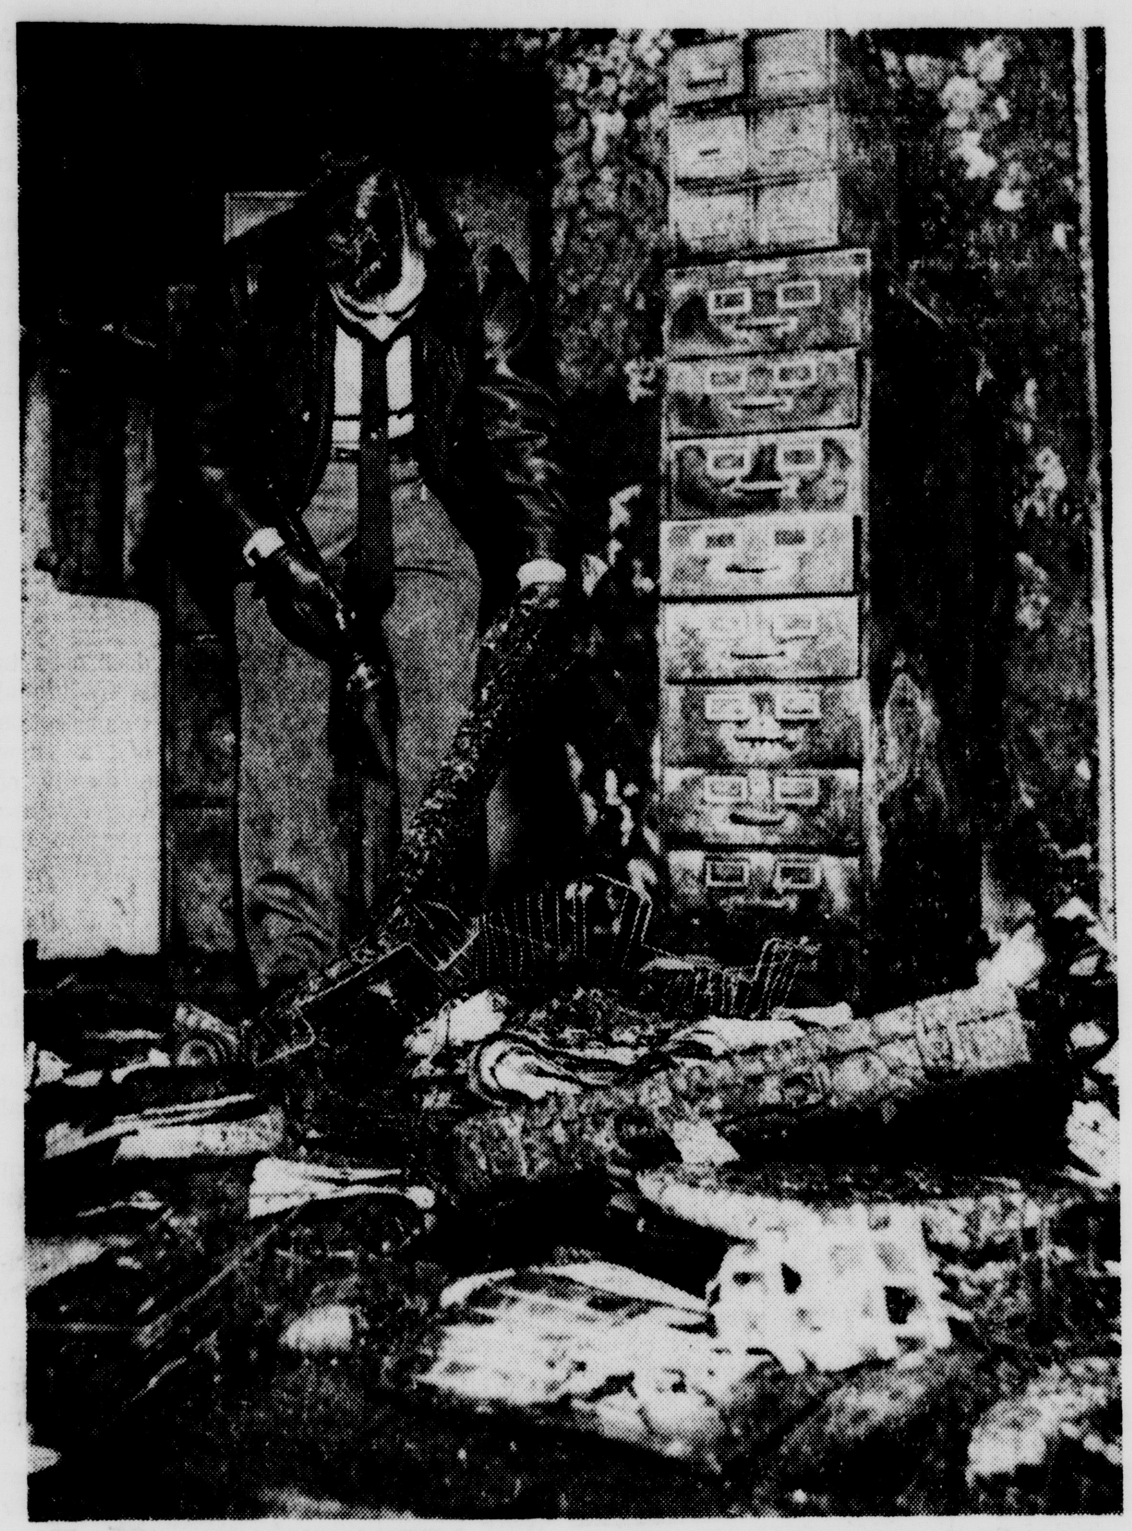
# Sheriff Believes Marin City Substation Fire Deliberate



**DEBRIS OF BLAZE**—Sheriff's Deputy William Bradford looks for evidence of what started $10,000 blaze in Marin City sheriff's substation among charred desks and litter in area where deputies' brief cases were stored. Sheriff Louis P. Mountanos and County Fire Chief Louis J. Bloom both claimed the fire last night was set.

## Hurled Rock Breaks Another Window

Fire did $10,000 damage to the Marin City sheriff's substation late last night, and both Sheriff Louis P. Mountanos and County Fire Chief Louis J. Bloom today said they believed the blaze had been set, possibly by a fire bomb.

During the two hours before the fire was discovered, numerous rocks had been thrown at sheriff's patrol cars driving through the area, and deputy sheriffs said they believed someone had been firing a B-B or pellet gun at the cars. One rock broke a patrol car window.

The windshield of the personal car of Deputy Sheriff Charles T. Prandi was smashed by a rock while it was parked in front of the substation. The broken window was discovered while the fire was being fought, and the rock was found on the front seat.

Prandi had been threatened twice last week.

**OTHER OFFICES**

Thanks to the fact that insulating board had been placed on the walls and ceiling of the substation when the sheriff's office took it over, the building itself was little damaged. It houses also offices of the county's War on Poverty program and a lounge and gymnasium.

Damage to the office and equipment was estimated by Chief Bloom at $10,000 or more.

Bloom said the fire started at the northeast corner of the substation wing, near a coffee pot. The heat from the blaze melted a hole near the top of the aluminum pot, but the chief said the fire was not started by the appliance.

**POT UNPLUGGED**

Deputies said they had unplugged the pot before going out on patrol about 8 p.m.

The blaze was discovered about 11:20 p.m. by Deputies William Bradford and Richard Keaton, returning from patrol. Bradford said he noticed a hole, about six inches in diameter, in one pane of a window in the front of the building.

By the time firemen arrived from their station across the street, glass had been blown from all the windows by the heat.

The fire chief said two of the windows to the office had been left ajar at the top, and that a Molotov cocktail could have been dropped inside without breaking a window.

He said investigators from the National Board of Fire Underwriters had been called in to check the debris. It is sometimes possible to tell if an inflammable liquid has been used by the pattern of charring near where a fire starts, he explained.

He said no remnant of a bottle or can which might have been used for a bomb had been found, but that the debris was thick and was not disturbed because of the expected investigation.

Bloom said the total damage of $10,000 included radio equipment and personal belongings of deputies. Sheriff Mountanos said no ammunition was stored in the office, although a loaded revolver or shotgun might have been inside. No bullets were reported exploded by the heat.

Mountanos today called a meeting with Donald O. Stutsman, executive director of the

## U.S. Troops Kill 200 Reds In Six Hours

SAIGON (UPI) —American infantrymen killed more than 200 Communists yesterday in a bloody six-hour battle in the jungles 35 miles northwest of Saigon, a U.S. military spokesman reported today. Some Americans were killed after fighting down to their last bullet and using their rifles as clubs.

The close quarter battle in the jungles bordering the huge Michelin rubber plantation involved troops of the U.S. 1st Infantry Division and a much larger force of Communists, perhaps a regiment.

U.S. losses were officially described as "moderate."

Lt. Col. George Schuffer of Fort Lewis, Wash., commander of the division's 2nd Battalion, praised his men for gallantry under fire. Knives and bayonets were used in hand-to-hand fighting.

The Communist kills were confirmed by body count today as 1st Division infantrymen pressed through the jungle challenging the Viet Cong to another battle.

There was only sporadic contact today and it appeared that most of the Communist troops had faded back into the jungles and fled from the battleground six miles northeast of the rubber plantation. The area is on the northwest corner of the Communist sanctuary known as the "Iron Triangle."

In a second battle zone, U. S. Marines stormed a notorious Viet Cong hideout at the village of Phu Thu 30 miles north of the coastal port of Qui Nhon in an amphibious operation dubbed "dagger thrust."

At least 18 Viet Cong were confirmed killed by body count yesterday as the Marines hit the beaches from the landing ship Monticello in the South China Sea.

## Reserve Board Raises Bank Interest Rates

### Stock Market Takes Plunge; Johnson Unhappy

WASHINGTON (AP) — Overriding the President's economic policy, the Federal Reserve Board increased rates to their highest level in 35 years today and the stock market reacted by plunging.

A total of 3.94-million shares changed hands during the first hour the New York Stock Exchange was open, the largest total for an opening hour since the exchange began listing hourly transaction figures in 1933.

Some blue chip stocks fell 2 or more points. At the end of the first half hour, the Dow Jones industrial average was down 14.98 to 931.12.

**LBJ REBUKE**

Boosting of the interest rates brought an immediate rebuke from the President.

The board announced its decision last night, haying higher rates will help prevent inflation and aid in overcoming the persistent U.S. balance-of-payments deficit.

It ordered:

An increase in the discount rate from 4 to 4.5 per cent, its highest level since 1930. This is the interest the 12 regional Federal Reserve banks charge on loans made to member commercial banks Any upward movement generally spreads throughout the entire credit structure — applying to consumers who buy houses, cars and other goods on the installment plan.

**ATTRACT MONEY**

An increase in the maximum interest banks may pay on specified time deposits of more than 30 days from 4.5 to 5.5 per cent, its highest level ever. This might tend to attract money from other areas — the stock market, savings and loan associations, for example — into the banks.

The board left unchanged the 4 per cent interest ceiling on regular savings accounts.

The administration is powerless to alter the actions. Although board members are appointed by the President, they compose an independent agency, subordinate to no one.

In Johnson City, Tex., President Johnson said: "I regret, as do most Americans, any action that raises the cost of credit, particularly for homes, schools, hospitals and factories."

The first reaction in banking circles generally was favorable, although some expressed surprise over the time savings deposit interest raise.

## Marin Citian Faces Felony Assault Charge

Dist. Atty. Bruce B. Bales today filed a felony charge of assault with a deadly weapon against Dave Townsel Jr., 19, in the latest of three gunshot assaults on sheriff's deputies in Marin City.

Townsel, of 211 Drake Avenue, Marin City, is free on $2,750 bail. He allegedly fired the shot which struck the left front door of a patrol car driven by Sheriff's Sgt. Wade Powell last Thursday. No one was injured.

Townsel was scheduled for arraignment in Marin Municipal Court this afternoon.

The attack, apparently with a gun of higher caliber than .22, was the third in 25 days on sheriff's units in Marin City. The first, which broke an overhead dome light, was on Nov. 7. The second was last Wednesday.

## Tuition-Free Colleges Ending?

LONG BEACH (UPI) — Tuition free college education may be nearing an end in California, according to an Assembly subcommittee.

Assemblyman Charles B. Garrigus, D-Reedley, said two things were definitely brought out during a two-day hearing which ended here Saturday.

"First, the legislature must re-evaluate how higher education in California can be adequately financed, and second, that any student who can afford to pay must do so," said Garrigus, who headed the subcommittee.

## Gemini's Lovell Removes His Suit

SPACE CENTER, Houston (UPI) —Doffing his space suit, astronaut James Lovell soared through space in his "longjohn" underwear today in a "spacial strip tease." Command pilot Frank Borman remained suited up as they guided Gemini 7 toward the million-mile mark.

Lovell squirmed out of the bulky space suit during their 29th orbit.

Paul Haney, voice of Gemini control at Houston, called it a "spacial strip tease act."

Chipper and cheerful after a solid seven hours sleep—the first time two American astronauts have slept simultaneously in space—the 37-year-old space twins decided Lovell could doff his 16 pound pressurized suit while Borman kept his on.

The astronauts had covered a distance of about 920,000 miles at 11 a.m. EST.

Their heart beats rose abruptly shortly after midnight, Gemini control said. The beats rose from 60 to 80, while both were asleep.

It was one of those minor space mysteries. Neither Borman nor Lovell knew anything about it and said nothing had disturbed them as they slept.

At Cape Kennedy, technicians raced the clock and appeared to be beating it in efforts to set up Gemini 6 for a lift-off and rendezvous with Gemini 7 by Dec. 13.

The Gemini 6 program progressed so fast it was possible astronauts Walter Schirra and Thomas Stafford would be able to blast off a day early — next Sunday — in the first attempt to rendezvous two space craft.

The Gemini 6 capsule was electrically "mated" to its Titan 2 rocket at 8:45 a.m. EST —a task originally scheduled for completion around midnight tonight.

Borman and Lovell were told to get 10 hours sleep last night. Voice communication was cut off.

It took ground control stations several tries before they got through to the astronauts this morning. Then, their voices came down from orbit bright and crisp.

"Is Chris Kraft up so early?" Lovell asked. Kraft is the Gemini Flight director.

"I've been here for an hour and a half, young man," Kraft replied from mission control at Houston.

Among the experiments in store for Borman and Lovell, today were an attempt to speak to the ground by means of a laser light beam.

## Commission To Report On Rioting

LOS ANGELES (UPI) —The McCone Commission's postmortem on last summer's Negro riot in Watts—the worst in America this century— was to be released today with a forewarning "not to expect a miracle."

John A. McCone, former head of the Central Intelligence Agency (CIA), was appointed by Gov. Edmund G. Brown to preside over the eight-member blue-ribbon commission, which included a Negro judge, a Negro pastor and a woman.

Brown ordered the commission to investigate the cause of the riot and suggest ways of preventing a recurrence.

Last weekend, McCone, who once ran the Atomic Energy Commission (AEC), cautioned the public "not to expect a miracle" from the report.

## Officials Propose Recreation Area

SACRAMENTO (AP) — State officials today proposed development of a $2.7 million aquatic recreation area five miles south of Kettleman City, Kings County.

Fred L. Jones, state director of parks and recreation, said a 408-acre site could be used which is adjacent to both the planned California aqueduct — part of the State Water Project — and the Westside Freeway.

## Court Refuses Review Of Suit Over Picketing

WASHINGTON (AP) — The Supreme Court refused today to review an $85,793 damage award made to the white operator of a grocery store in Savannah, Ga., as a result of pricketing of his place by Negroes.

The picketing developed from a complaint by a 14-year-old Negro boy employee that the grocer, Haldred Overstreet, had beaten him after accusing him of stealing merchandise. Overstreet denied beating the boy and testified he fired him for stealing food.

A jury in Chatham County Superior Court awarded the damages to Overstreet on his complaint of conspiracy to destroy his business by picketing. The award was against the National Association for the Advancement of Colored People, Savannah branch of NAACP, and two members of the branch.

## Lawyer Asks Of Hospital Standards

What standards does a doctor have to prove he meets before he is given medical staff privileges at Marin General Hospital?

This question dominated the morning session of a hearing, begun today, on the appeal of Dr. Stanford W. Ascherman of San Francisco for staff privileges at the hospital.

Harry Gonick, attorney for Ascherman, asked hospital district attorney Harold F. Riede to detail just what standards Dr. Ascherman must prove he meets.

Riede responded that Dr. Ascherman has to prove his competency, based on the current standard of practice in Marin County. He said this standard would be illustrated with a series of incidents to be disclosed during the hearing, presided over by San Rafael attorney Thomas C. Nelson.

The hearing will be held daily in the Coral Room at the hospital until its conclusion. Dr. Ascherman has been seeking staff privileges at the hospital since January, 1964.

## Court Photography Hearing Opens

LOS ANGELES (AP)— An assembly subcommittee opened hearings today into the State Judicial Council's ruling banning photographers from courtrooms and courthouse corridors.

Asemblyman George A. Willson, D-Huntington Park, said that if the hearings "indicate that the news industry is officially interested in the rule's repeal," he will probably ask Gov. Brown to place the matter before the Legislature.

# Pilot Said Killed Aiding Passengers Of Crashed Plane

NORTH SALEM, N.Y. (AP) — Eastern Airlines pilot Charles J. White apparently sacrificed his life while helping to evacuate passengers after crash-landing his propeller-driven plane following a collision Saturday with a Trans World Airlines jet.

Three other persons lost their lives and 50 were injured. The two planes carried 112 persons.

Survivors and investigators alike praised the flying skill of White and of the TWA pilot, Capt. Thomas H. Carroll, who guided his craft — minus a 30-foot section of wing — to a safe landing at Kennedy International Airport.

Federal investigators are probing the cause of the crash.

The body of Capt. White, 42, a World War II bomber pilot, was found yesterday midway down the smashed and charred cabin of his four-engine Constellation.

Standing beside the wreckage, Oscar Bakke, regional director of the Federal Aviation Agency, said: "All I can say is it is fantastic that people walked away. The pilot must have done a wonderful job."

The planes collided about two miles above northeastern Westchester County, flying at a combined speed of perhaps 1,000 miles an hour. White was piloting his ship on a shuttle run from Boston to Newark, N.J. The TWA jet was en route nonstop to New York from San Francisco.

Arthur D. Lewis, Eastern's senior vice president and general manager, issued a statement in New York last night praising the "superb airmanship" of White.

After the collision, Lewis said, White "found he could no longer control his aircraft through normal systems" and made the emergency landing.

Lewis added: "That he was able to bring his aircraft into the small field under twilight visibility conditions is little short of miraculous. After the impact, Capt. White went aft to insure the safe evacuation of his passengers and this performance of duty apparently cost him his life."

George Rhoads, 38, of Cranford, N.J., a passenger aboard the Eastern plane, said: "He flew us right into that hill. He pancaked it right into the hill. He was fighting it all the way down."

Rhoads suffered only singed eyebrows and lashes.

With the tail section of the plane gone, another Eastern official said, White "could use only engine power" and made a "very accurate approach" to the field by manipulating the throttle.

Fred Trenner of Danbury, Conn., was flying his small private plane and saw the crash. Trailing the Eastern plane down, Trenner said, he saw "a terrific burst of flame. It didn't appear as if anyone could get out alive."

Charles Wirth, 61, of Short Hills, N.J., a Constellation passenger, said: "My only thought was — this is much worse than I thought it would be — the flames."

Danny Williamson, 15, was behind a wall with his brother and a friend and watched the Eastern plane bounce in flames for about 1,000 feet up the 10-degree slope and then spin around to face downhill.

"It slid along and came to within about 100 feet of me before it broken open like," the boy said. "I just stood there watching as it started to burn up and people started to run out where it was broken and out the front end and the back."

John J. Carroll, Civil Aeronautics Board investigator, noted that the plane's left wing just clipped a tall sugar maple tree as it came into the clearing. Part of the wing ripped off, and the two left engines tore loose.

"If he hadn't hit that tree," Carroll said, "We might have had no deaths at all. The pilot did a remarkable job."

The investigation of the collision centered on establishing the altitude of the two planes.

The Eastern plane, carrying 54 persons, was assigned to a flight course of 10,000 feet, and the TWA jet to 11,000 feet.

Thirty-two persons remained hospitalized today, four of them in critical condition.

The only person injured aboard the TWA plane, carrying 58 persons, was a stewardess who suffered a bloodied nose when she was slammed to the floor.

The dead are listed as Capt. White, of Rye, N.H., Dr. Joseph M. Wilkinson Jr. of Summit, N.J., a passenger, dead on arrival at Northern Westchester Hospital; Mrs. Donald Thibodeau, of Gloucester, Mass., died yesterday in Danbury Hospital; and Pvt. Dennis Flucker of Hoboken, N.J., whose body was found in the wreckage of the plane.

"This represents an increase of $3.9 billion, or 6.9 per cent, over the 1964 level and $1.3 billion, or 2.2 per cent, over the revised 1965 second quarter estimate," Brown said.

## LBJ Told Blackout Could Happen Again

JOHNSON CITY, Tex. (AP) — President Johnson was told today the massive Northeast power blackout didn't have to happen — yet could happen again. Experts urged new precautions and perhaps new legislation.

Johnson got a 95-page printed report on preliminary findings by the Federal Power Commission in a Johnson-ordered investigation of the Nov. 9 power failure that affected 30 million people in the United States and Canada.

To discuss the report, the President summoned retiring FPC Chairman Joseph C. Swidler to the LBJ Ranch near here.

According to the report, the chain reaction that plunged 80,000 square miles into darkness could have been avoided had employees at Canada's Sir Adam Beck hydroelectric plant on the Niagara River reset an electric relay to handle power loads that had increased significantly since the device was last set in 1963.

Allegations of man-failure were not limited, however, to the Beck plant. The report also said:

Employees of the Consolidated Edison Co. perhaps could have prevented the blackout from enveloping all of New York City had they acted quickly to shut down parts of their system at the first warning of trouble.

The complete collapse of the interconnected power system in the Northeast might have been avoided had employees of many individual utility firms taken similar action.

The chief operating engineer of Consolidated Edison told the FPC that, with benefit of hindsight, power might have been restored in New York City twice or even four times faster. The blackout there lasted from 8 to 13 hours, depending on the section of the city.

"There is no evidence whatever that sabotage was involved in any stage of the power failure," the FPC concluded. It said the impact of the blackout on military and civil defense installations "appears to have been negligible" because most had emerged power supplies.

## North State Crashes Kill Eight Persons

By ASSOCIATED PRESS

Tragic auto accidents killed eight persons in Northern California yesterday in two separate collisions. Five died on a foggy road near Sebastopol and three died near Martinez.

Two cars hit headon two miles east of Sebastopol on California 12, the Luther Burbank Memorial Highway. Two young men from Santa Rosa, Theodore Morehead, the driver, 19, and James M. Long, his passenger, 18, perished in one car.

Three elderly Sebastopol residents, John Schaeffer, 72, the driver; his wife, Sophie, 62; and Ida Seemann, 57, their passenger, died in the other.

There were no witnesses.

A 13-year-old boy, Jerry Gorman, survived the other accident. His mother and father, Mr. and Mrs. Lee A. Gorman of Richmond, were killed. The driver of the other car, Vida Marie Wilson, 48, of Brentwood, was also killed.

Gorman had not yet told officers what happened, but the highway patrol said the two cars collided on State Route 4, 10 miles west of Martinez.

In other accidents:

Mrs. Lee Pesola, 29, the wife of a Fresno policeman, was killed in an accident at a rural intersection east of Fresno. Her husband said two cars overtook their car at a high rate of speed. The speeding cars hit first one side and then the other of Pesola's car, splitting it in half. Pesola was unharmed.

The drivers of the other cars were cited.

Mrs. Nadine Popp, 32, of San Lorenzo, was killed and six persons were injured when four cars collided on the Nimitz Freeway near a San Leandro off ramp. Mrs. Popp's husband, Russell, 35, and their two children received minor injuries. Three persons in other cars were treated for minor injuries.

### When Does Next Astro-Mail Go?

SPACE CENTER, Houston (UPI) —When Gemini astronauts Frank Borman and James Lovell reported today they were still having trouble with a star-measurement instrument, the control center at Houston had a unique suggestion:

"Send it down, we'll fix it and send it back up to you."

It brought a chuckle from Gemini 7: "If we could figure out a way to get it down to you, we would."

## Social Problems Decree Approved

VATICAN CITY (UPI) —The Ecumenical Council held its final working meeting today and approved a 26,000-word decree charting the course of the Catholic Church in the space age.

It was the last of 16 decrees to be approved during the historic four-year session.

The vote was 2,111 to 251.

In a previous ballot on the controversial nuclear weapon question, 483 prelates voted against a statement condemning modern warfare, nuclear stockpiling and the armaments race.

Cardinals Francis Spellman of New York and Lawrence Joseph Shehan of Baltimore had headed a lobby to reject the section. Some U.S. prelates felt the section was critical of American policy.

The key points in the modern world decree:

A declaration of marriage which leaves the door open to liberalization of the traditional ban on artificial contraception in the light of a new affirmation of the dignity of conjugal love, but Catholics are bound to strictly observe the ban until the Pope announces a further decision.

A denunciation of the nuclear arms race coupled to an appeal for multi-lateral disarmament. Recourse to atomic weapons is termed an unreasonable step even in defense of violated national rights.

A condemnation of atheism which does not mention Communism by name.

A statement against discrimination under any guise, whether based on race, sex, color, social status or religion.

An appeal for common distribution of goods and wealth in the interests of greater social justice, although the rights of private property are affirmed within limtis.

Encouragement for free inquiry outside and within the church, coupled with a reconciliation between faith and science which urges Catholics welcome the technological advances of the space age.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Mrs. Lee Pesola, 29, the wife of a Fresno policeman, was killed in an accident at a rural intersection east of Fresno. Her husband said two cars overtook their car at a high rate of speed. The speeding cars hit first one side and then the other of Pesola's car, splitting it in half. Pesola was unharmed.

The drivers of the other cars were cited.

Mrs. Nadine Popp, 32, of San Lorenzo, was killed and six persons were injured when four cars collided on the Nimitz Freeway near a San Leandro off ramp. Mrs. Popp's husband, Russell, 35, and their two children received minor injuries. Three persons in other cars were treated for minor injuries.

### When Does Next Astro-Mail Go?

SPACE CENTER, Houston (UPI) —When Gemini astronauts Frank Borman and James Lovell reported today they were still having trouble with a star-measurement instrument, the control center at Houston had a unique suggestion:

"Send it down, we'll fix it and send it back up to you."

It brought a chuckle from Gemini 7: "If we could figure out a way to get it down to you, we would."

## Social Problems Decree Approved

VATICAN CITY (UPI) —The Ecumenical Council held its final working meeting today and approved a 26,000-word decree charting the course of the Catholic Church in the space age.

It was the last of 16 decrees to be approved during the historic four-year session.

The vote was 2,111 to 251.

In a previous ballot on the controversial nuclear weapon question, 483 prelates voted against a statement condemning modern warfare, nuclear stockpiling and the armaments race.

Cardinals Francis Spellman of New York and Lawrence Joseph Shehan of Baltimore had headed a lobby to reject the section. Some U.S. prelates felt the section was critical of American policy.

The key points in the modern world decree:

A declaration of marriage which leaves the door open to liberalization of the traditional ban on artificial contraception in the light of a new affirmation of the dignity of conjugal love, but Catholics are bound to strictly observe the ban until the Pope announces a further decision.

A denunciation of the nuclear arms race coupled to an appeal for multi-lateral disarmament. Recourse to atomic weapons is termed an unreasonable step even in defense of violated national rights.

A condemnation of atheism which does not mention Communism by name.

A statement against discrimination under any guise, whether based on race, sex, color, social status or religion.

An appeal for common distribution of goods and wealth in the interests of greater social justice, although the rights of private property are affirmed within limtis.

Encouragement for free inquiry outside and within the church, coupled with a reconciliation between faith and science which urges Catholics welcome the technological advances of the space age.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

# School Bond Failure Due For Discussion

Tamalpais High School District trustees, meeting at 8 p.m. today in the district office in Larkspur, are expected to discuss the failure of the district's $5,750,000 bond issue in the Nov. 16 election.

The board will hear a report by trustee Gloria Melbostad, prepared by the citizens committee that worked for passage of the bonds, suggesting the earliest date for a new election should be April. If not April, the committee felt the board should wait and call another vote for the general election next November.

Donald O. Stutsman, executive director of the Marin County Redevelopment Agency, will present a proposal that the district's 30-acre Marin City high school site be included in the community center plan for Marin City. The area, part of which is now being used for Little League, would be used for recreational purposes.

The board will receive preliminary plans for enclosing the covered eating area at Redwood High School from architects Gromme and Priestley. The project had come under the bond issue, but the trustees will now consider financing it from tax revenue.

## Money Is Stolen

Mrs. Audrey M. Graxiola told Novato police Friday someone had entered her unlocked home at 20 Boulevard Terrace and had taken $67 in cash. She said she had also had $60 stolen in September and $40 in October in similar thefts, but had not reported them earlier.

He returned to work but injured his back again dragging hose and has not worked since last July 1. Arden has served as a fireman since April of 1951.

Souza is being honored for his 20 years of service to the city.

# Prison Inmate Guilty In Stabbing Death

An all-woman jury Friday returned a guilty verdict in the slaying trial in Marin Superior Court of Armando G. Sanchez, San Quentin inmate. Penalty is mandatory death.

A second phase of the trial, on the defendant's alternate plea of not guilty by reason of insanity, was cancelled today when the plea was withdrawn by defense attorney, Jerome Durham, public defender.

However, Durham requested and gained a continuance until 9 a.m. Dec. 20 for pronouncement of the sentence by Judge Thomas F. Keating. He said he plans a study of the transcript for possible filing of a motion for a new trial.

Grounds for such a possible motion, Durham added, have not been determined.

Sanchez, actually charged with assault by a lifer, stabbed to death Ralph Canning, 54, a prison factory foreman from Oakland, last April 23. Trial started Nov. 18, with Leonard Shaw, assistant district attorney, prosecuting.

The verdict was reached Friday after six hours of deliberation and a misunderstanding that Durham had withdrawn the second plea, innocent because of insanity, caused Judge Keating to dismiss the panel.

Durham later indicated he would make the withdrawal today, however. Otherwise, an entirely new panel would have to be chosen for the insanity phase.

Sanchez is serving a five years to life term on a Los Angeles narcotics conviction.

## New Design For Keys Developed By Firm

NEW HAVEN, Conn. (UPI) —What is called the first major change in key design in a century has been produced here. Instead of the familiar notches, the key has flat edges. And the lock that goes with it has three different rows of pins instead of the conventional single row.

The system uses milled "hollows" in the flat edges; and these are different on each key. The key is made by Sargent and Co.

In Los Angeles, Louis B. Lundborg, chairman of the Bank of America, said the discount increase "will have a wholesome effect on the stability of our economy."

The Johnson criticism was echoed by such groups as the U.S. Savings and Loan League, the National Council for a Sound Monetary Policy and Rep. Wright Patman, D-Tex., chairman of the House Banking Committee.

Norman Strunk, vice president of the Chicago-based league, declared: "The Federal Reserve has decided to bail out the big banks from a liquidity squeeze under the guise of aiding the fight against inflation."

Patman said the action was arrogant, terming it "a critical situation where a handful of bankers, led by the Federal Reserve chairman (William McChesney Martin Jr.), are in a position to wreck the economy.

## FIRE

Housing Authority of Marin County, which owns the building, to arrange for new office space. The sheriff said the substation would be back in operation by tonight.

Although all records and reports filed in the office were charred, Mountanos said there were duplicates of all of them at the main office in San Rafael.

The rock throwing started about 10 p.m., according to Bradford. He said he and Keaton had stopped a motorist to give a citation about 9:30 p.m. and a crowd of juveniles had gathered to shout abuse.

Shortly after that, rocks started flying, especially in the flat area near the grocery store, he said. Several times he and Keaton left their car when they saw groups of juveniles, but the youths ran away and no one was caught, they reported.

About 10:30 p.m., a rock broke a window of the right rear door of Bradford's patrol car while it was moving slowly near the shopping area.

Prandi had parked his car facing the substation, in the parking lot. He had been threatened twice in the past week, according to reports in the sheriff's office.

On Thursday Prandi helped in the arrest of David Barrows, 21, of 25 Burgess Court, Marin City, on charges of traffic violations and interfering with an officer. Barrows was reported to have said, "I'm going to get you, Prandi."

He was later released for lack of sufficient evidence to prosecute.

The next day Prandi, with inspector Harold Sleezer, arrested Dave Townsel Jr., 19, of 211 Drake Avenue, Marin City, on anonymous tips claiming he was the person responsible for rifle shots fired recently at patrol cars. He, too, made threats.

Hours after his arrest, Townsel was released on $2,750 bail.

# British Bridge League Hopes To Solve Scandal

By ROBERT MUSEL

LONDON (UPI)—The British Bridge League hopes to resolve before the end of the year the greatest scandal ever to shock the game.

A special tribunal, which has been meeting in private since September will hand down a flat verdict of guilty or innocent this month against two of Britain's top players who are accused by American opponents of cheating during the bridge world championships in Buenos Aires last May.

**A source close to the inquiry said its decision to issue an unequivocal judgment was essential because of the importance of the case to the integrity of bridge competition in the future.**

In the Buenos Aires championships several American players claimed they saw Terance Reese, rated by some the world's foremost individual bridge player, and his longtime partner, Boris Schapiro, use secret finger signals.

Jay Becker of the American squad was the first to have his suspicions aroused. On May 17 he noticed, he said, that the Britons seemed to change the way they held the cards depending on the number of hearts in the hand. He took his concern to other Americans and on May 21 they watched Reese and Schapiro closely.

They charged that in 17 different deals the number of hearts held by the Britons coincided with the number of fingers showing on the fan of their cards.

**The American non-playing captain, John Gerber, informed the British captain, Ralph Swimer, of the possibility that signals were being used. After more surveillance Swimer forfeited all his team's points.**

"I deny it," Schapiro said. "I won't play bridge again."

Reese, one of the most widely read authorities on bridge, snapped that it was "only coincidence" and added: "It always seems to be the Americans who complain about cheating."

Sixty-one billion gallons of gas were consumed by motorists during 1964.

# Prison Inmate Guilty In Stabbing Death

An all-woman jury Friday returned a guilty verdict in the slaying trial in Marin Superior Court of Armando G. Sanchez, San Quentin inmate. Penalty is mandatory death.

A second phase of the trial, on the defendant's alternate plea of not guilty by reason of insanity, was cancelled today when the plea was withdrawn by defense attorney, Jerome Durham, public defender.

However, Durham requested and gained a continuance until 9 a.m. Dec. 20 for pronouncement of the sentence by Judge Thomas F. Keating. He said he plans a study of the transcript for possible filing of a motion for a new trial.

Grounds for such a possible motion, Durham added, have not been determined.

Sanchez, actually charged with assault by a lifer, stabbed to death Ralph Canning, 54, a prison factory foreman from Oakland, last April 23. Trial started Nov. 18, with Leonard Shaw, assistant district attorney, prosecuting.

The verdict was reached Friday after six hours of deliberation and a misunderstanding that Durham had withdrawn the second plea, innocent because of insanity, caused Judge Keating to dismiss the panel.

Durham later indicated he would make the withdrawal today, however. Otherwise, an entirely new panel would have to be chosen for the insanity phase.

Sanchez is serving a five years to life term on a Los Angeles narcotics conviction.

Housing Authority of Marin County, which owns the building, to arrange for new office space. The sheriff said the substation would be back in operation by tonight.

Although all records and reports filed in the office were charred, Mountanos said there were duplicates of all of them at the main office in San Rafael.

The rock throwing started about 10 p.m., according to Bradford. He said he and Keaton had stopped a motorist to give a citation about 9:30 p.m. and a crowd of juveniles had gathered to shout abuse.

Shortly after that, rocks started flying, especially in the flat area near the grocery store, he said. Several times he and Keaton left their car when they saw groups of juveniles, but the youths ran away and no one was caught, they reported.

About 10:30 p.m., a rock broke a window of the right rear door of Bradford's patrol car while it was moving slowly near the shopping area.

Prandi had parked his car facing the substation, in the parking lot. He had been threatened twice in the past week, according to reports in the sheriff's office.

On Thursday Prandi helped in the arrest of David Barrows, 21, of 25 Burgess Court, Marin City, on charges of traffic violations and interfering with an officer. Barrows was reported to have said, "I'm going to get you, Prandi."

He was later released for lack of sufficient evidence to prosecute.

The next day Prandi, with inspector Harold Sleezer, arrested Dave Townsel Jr., 19, of 211 Drake Avenue, Marin City, on anonymous tips claiming he was the person responsible for rifle shots fired recently at patrol cars. He, too, made threats.

Hours after his arrest, Townsel was released on $2,750 bail.

# British Bridge League Hopes To Solve Scandal

By ROBERT MUSEL

LONDON (UPI)—The British Bridge League hopes to resolve before the end of the year the greatest scandal ever to shock the game.

A special tribunal, which has been meeting in private since September will hand down a flat verdict of guilty or innocent this month against two of Britain's top players who are accused by American opponents of cheating during the bridge world championships in Buenos Aires last May.

**A source close to the inquiry said its decision to issue an unequivocal judgment was essential because of the importance of the case to the integrity of bridge competition in the future.**

In the Buenos Aires championships several American players claimed they saw Terance Reese, rated by some the world's foremost individual bridge player, and his longtime partner, Boris Schapiro, use secret finger signals.

Jay Becker of the American squad was the first to have his suspicions aroused. On May 17 he noticed, he said, that the Britons seemed to change the way they held the cards depending on the number of hearts in the hand. He took his concern to other Americans and on May 21 they watched Reese and Schapiro closely.

They charged that in 17 different deals the number of hearts held by the Britons coincided with the number of fingers showing on the fan of their cards.

**The American non-playing captain, John Gerber, informed the British captain, Ralph Swimer, of the possibility that signals were being used. After more surveillance Swimer forfeited all his team's points.**

"I deny it." Schapiro said. "I won't play bridge again."

Reese, one of the most widely read authorities on bridge, snapped that it was "only coincidence" and added: "It always seems to be the Americans who complain about cheating."

Sixty-one billion gallons of gas were consumed by motorists during 1964.

To head property owners

## Bianchi New President Of Property Unit

Alfred J. Bianchi, Point Reyes Station dairy rancher, has been elected president of Marin Property Owners, Inc., and will be installed with other officers at the organization's annual dinner meeting to be held Wednesday at 6:30 p.m. at Dominic's Harbor Restaurant in San Rafael.

Bianchi succeeds C. A. Stevens, San Rafael businessman who headed the organization since it was formed early this year. Charles Parmelee of San Rafael was elected vice president succeeding Joseph Sheeks of Mill Valley, Larry Marks Jr. of Novato was elected secretary, taking Bianchi's old position, and ex-president Stevens will take over as treasurer, succeeding Charles I. Daniels of San Rafael.

Assemblyman William T. Bagley (R-San Rafael) will address the association. His remarks will be entitled "A Voice in Our Government — Or a Vocalist?"

## Marin Gets Road Money

Marin County has received $84,335 as its share of the November distribution of state highway users taxes.

The money was part of more than $9.6 million which went to California counties. Cities received nearly $4.3 million, while more than $25 million went for state highways.

The rest of the November fund, which State Controller Alan Cranston said was up 10.5 per cent from last November, went to maintain the "select system" of city streets and county roads or to repair storm and flood damage.

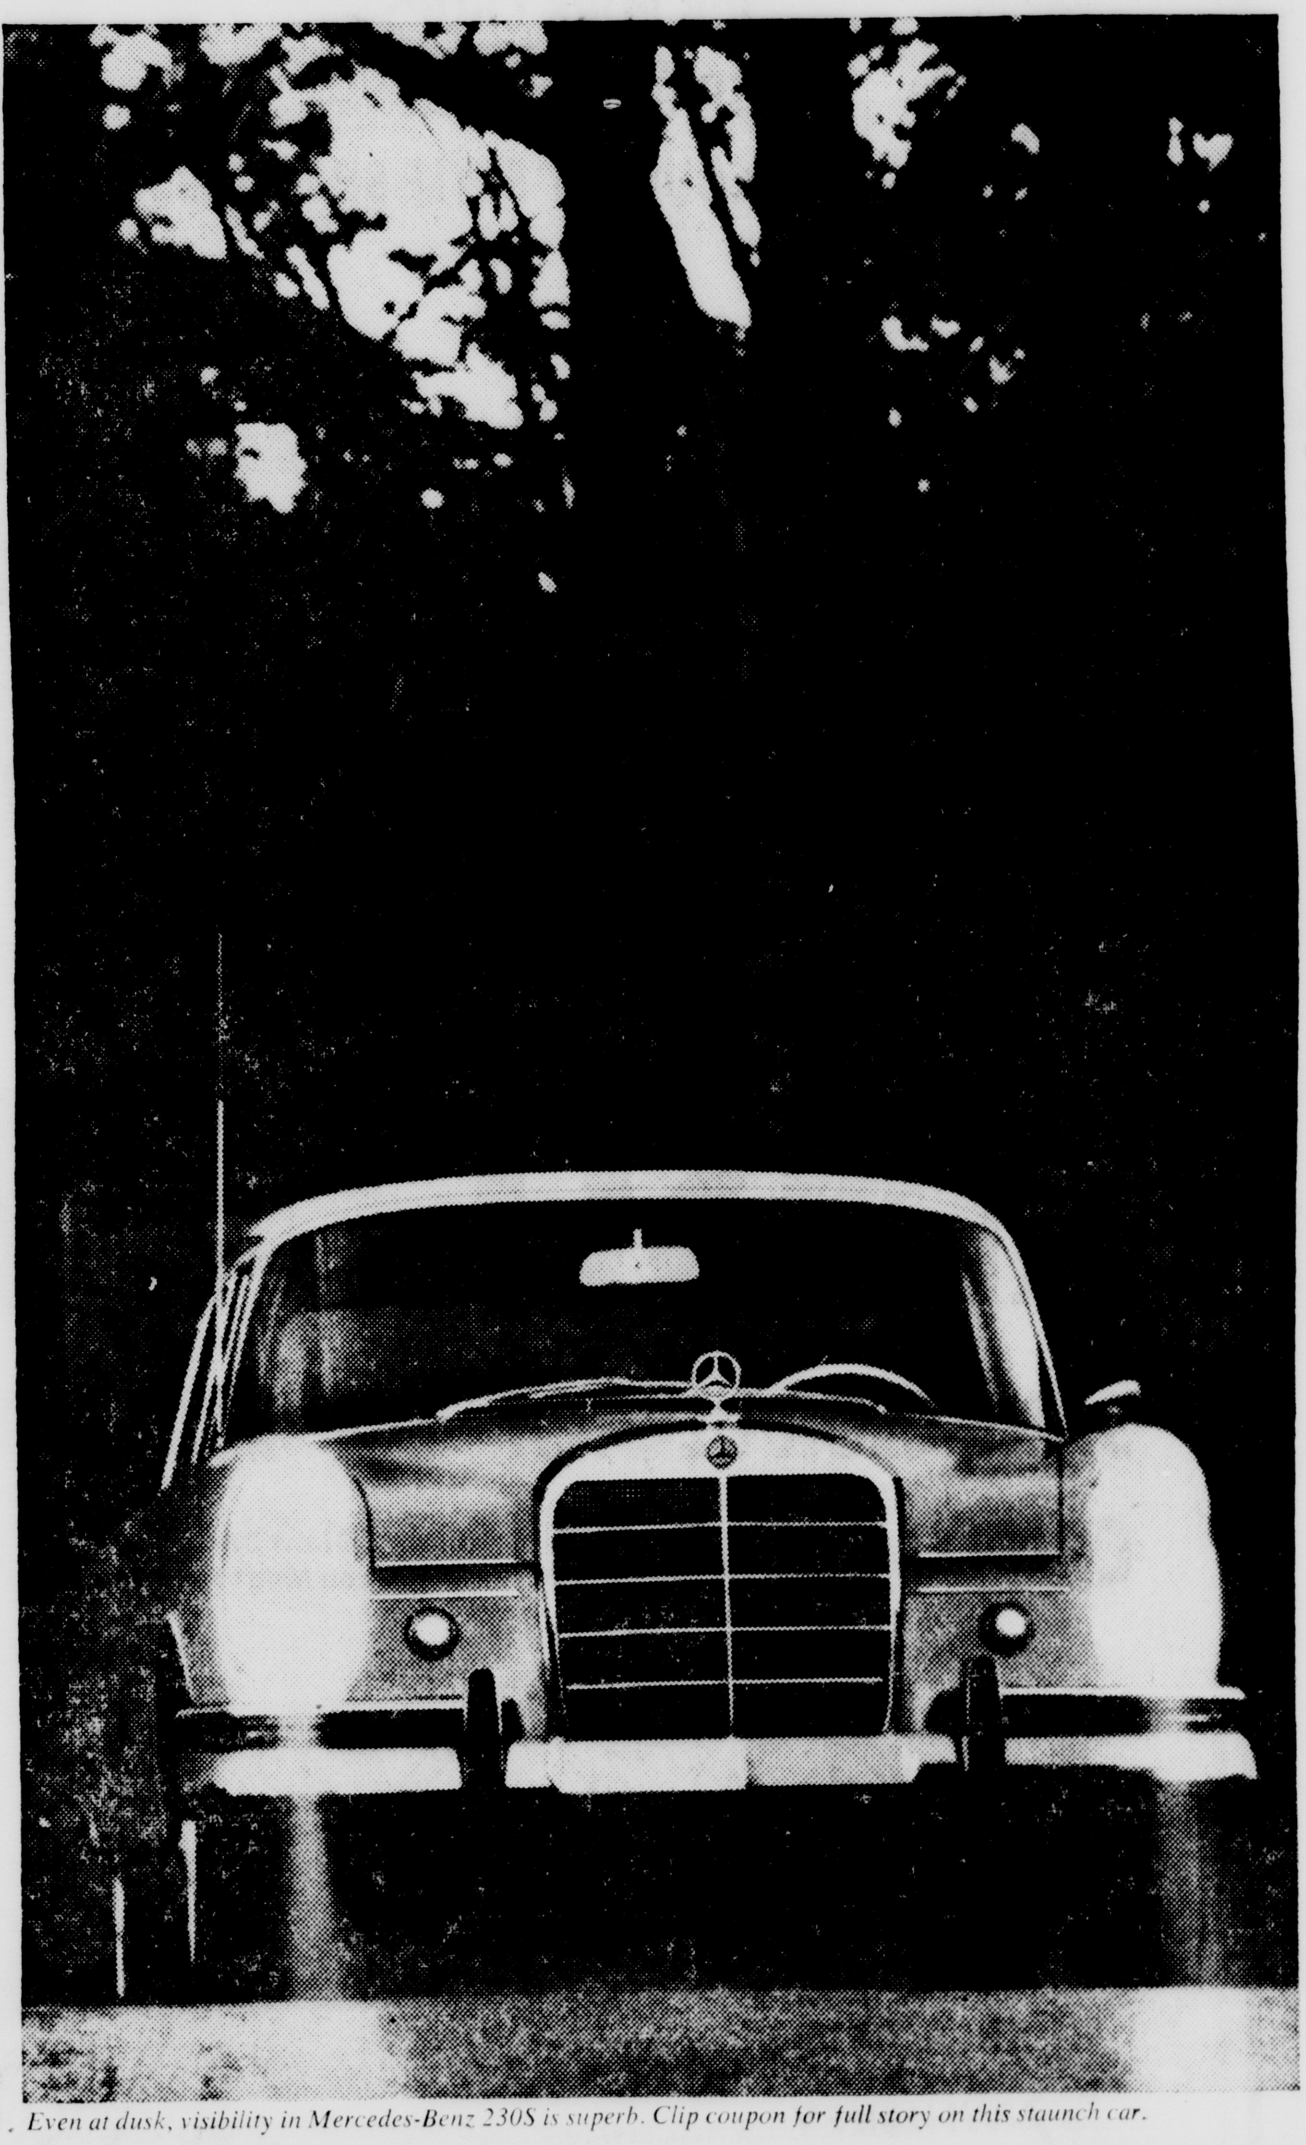
"At 50,000 miles you may begin to wonder if your Mercedes-Benz 230S will ever rattle. A most unflappable car."

**The body is welded 10,000 times. Its design is a patented safety feature. A lovingly assembled engine can cruise all day at 90 mph. Take 3 minutes to read about the Mercedes-Benz 230S, built to be the best—not the best seller.**



*Even at dusk, visibility in Mercedes-Benz 230S is superb. Clip coupon for full story on this staunch car.*

GIVEN humane care, the Mercedes-Benz 230S will easily outlive your golf clubs and the family cat. The secret of its longevity: careful construction, costlier materials, and an engineering staff whose creations are watched like hawks by other car designers.

*Flattering note:* competitive engineers have admitted they would like to copy some Mercedes-Benz features, but—alas—*they can't afford to* without shooting up their cars' prices.

### World's oldest car maker

Mercedes-Benz has had 80 years to store up its expertise. It's a good feeling to know that the Mercedes-Benz 230S comes from the world's oldest automobile maker—from the *inventors* of the automobile.

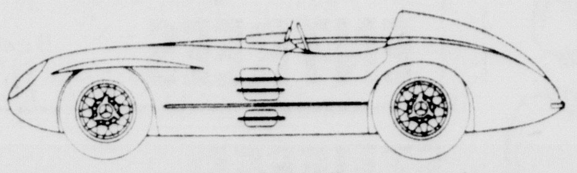
*Historical sidelight:* the inventors were two German engineers, Gottlieb Daimler and Karl Benz. The year was 1886. Elsewhere, Mr. Rolls had yet to meet Mr. Royce. And Henry Ford's amazing Model T was still 22 years off.

### No squeak, clank or groan

A car's backbone is its body. The 230S body is a taut shell, *welded* 10,000 times. It is stronger, more twist-resistant than separate body-and-frame types that must be bolted together. The 230S will not age to the tune of squeaks, groans or rattles.

*Nitpickers:* you'll search for telltale seams in vain. All outside body seams are hand-ground, filled with pewter, ground again and polished.

Sturdy as it is, the 230S is no mere iron horse. You can hurtle this 2,976-pound sedan about like a sports car. No wonder—you ride on a fully-independent suspension system first *proved* on a sports-racing car—the all-conquering Mercedes-Benz 300SLR.



*Suspension proved on 300SLR sports-racing car.*

Professional racing drivers respect Mercedes-Benz cars (some even *sell* them. Juan Manuel Fangio, 5-time World Champion driver, is a Mercedes-Benz dealer in Buenos Aires).

### Steering without guesswork

You control the 230S—it doesn't control you. If you've been driving a car with spongy steering, you'll be astonished at the accuracy of Mercedes-Benz steering. You *aim* this car. You don't have to cajole it.

*Note:* A shock absorber *in the steering linkage* blots up road jolts before they can reach your hands on the wheel. No buzzing, tickly vibrations.

### Stops without panic

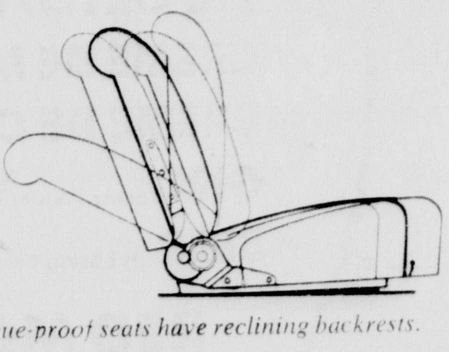
The 230S uses disc brakes in front—and *separate* brake systems, front and rear. A trustworthy combination. And remarkably smooth: "When you put the brakes on in a Mercedes-Benz, it still feels like you're putting the brakes on in an *automobile*—not turning a switch that's going to throw you out the windshield."—David E. Davis Jr., Editor and Publisher, *Car & Driver* Magazine.

### An unburstable engine

When you lift the hood of the 230S, you may be startled. Its 6-cylinder, single overhead camshaft engine is *one-third* the size of many American V8's. Your gas costs will be about half. And its performance stuns those who always thought an engine had to be *big* to be potent. *Consider this:* manufacturing tolerances are so close, and design is so careful, that you can blaze along for hours on end at over 90 mph. You hear only a pleasant hum. There is no unnerving mechanical strain to set your back-teeth on edge.

### Not a rolling hotel

Coming as it does from a factory where one of every 11 workers is an inspector, the 230S displays superb workmanship. But superfluous gewgaws are utterly absent. No fold-down writing tables. No walnut wainscotting. A blow to status-seekers—but a *boon* in cutting needless weight and cost.



*Fatigue-proof seats have reclining backrests.*

Orthopedic physicians helped make the 230S' seats fatigue-proof by making them *firm.* They are also *tuned* to the car's suspension motions—eliminating millions of tiny jarring and pitching movements that bring on discomfort.

*Suggestion*—try these seats immediately after sitting in a large domestic car. They're ample and snug. You don't feel like you're sitting in a box of marshmallows. And the individual front seat backrests recline to 4 positions.

The 230S measures decidedly shorter bumper-to-bumper than full-sized American cars. But inside, it actually gives you *more* room than many. The result of designing a car *around its occupants* instead of to a stylist's orders.

**Mercedes-Benz motor cars: from $23,245 to $4,065**

### A word on safety

To Mercedes-Benz, safety is more than token gestures. It is *bred into* the car's basic design. Example: the *body* of the 230S is a patented safety feature. Front and rear sections are designed to *collapse* on hard impact, absorbing shock before it can reach the passenger area.

Inside, door handles are recessed. Twelve danger spots—including the *window cranks*—are safety padded. Small wonder that safety experts term Mercedes-Benz cars "the safest in the world."

# Marin Officials Get Hovercraft Invitation

SFO Helicopter Airlines, noting Marin County's Board of Supervisors' interest in ferry boat service for commuters, has offered to give board members a demonstration ride on the company's prototype surface-effect vehicle.

The company has two such "hovercraft" operating between Oakland and San Francisco International airports.

In a letter to Supervisor Thomas T. Storer, company vice president John J. Cunningham praised Storer for asking for a study of high speed water transportation for commuters.

Cunningham said craft now under construction could handle 600 passengers. A trip from San Rafael to the Ferry Building at San Francisco could be offered for less than $1. Cunningham added.

## Coeds Initiated

Six Marin County women are among 58 students of the University of California, Davis campus, who have been initiated into Agathon, a campus women's service organization. They are Pamela Berry of Mill Valley, Pamela Saffores of Novato, Nancy McGee of San Anselmo and Anne Bosch, Patricia Lyons and Donna Worley of San Rafael.

# Ex-Private Ends Military Days As Lieutenant Colonel

A former Mill Valley man who joined the Army as a private, has retired at the age of 46 with the rank of lieutenant colonel.

He is Franklin J. Levens, whose mother, Mrs. Anne B. Levens lives at 5 Mesa Avenue, Mill Valley. He has a sister, Mrs. Cecil Sellers in San Rafael.

Lt. Col. Levens joined the Army in 1941 after attending Tamalpais High School and as a platoon sergeant, he was among the first wave of 25th Infantry Division troops to hit the beaches at Guadalcanal during World War II. Before his retirement, he was chief of the Procurement Support Branch at Fort Huachuca, Ariz., since August 1964.

During the retirement ceremonies Tuesday, Lt. Col. Levens received an oak leaf cluster to his Army Commendation Medal for "exceptional initiative, devotion to duty and high personal standards . . ."

He and his wife, Shirley and their children, Martin and Ellen, are living at present in Arizona

## Across The Bridge

A total of 395,944 vehicles crossed the San Rafael - Richmond Bridge in October compared with 367,000 in the same month last year, the State Division of Bay Toll Crossings announced.

## January Draft Call Down Only 2,000

WASHINGTON (AP) — Next month's draft quota is about 2,000 below the December call but remains at a high level.

The Pentagon Friday asked the Selective Service System to induct 38,280 men next month. This compares with 40,200 in the December call.

The Navy and the Air Force do not plan to draw on Selective Service next month.

# Sausalito Nets $1,129 At Auction

Sausalito netted $1,129 in a three-hour public auction Saturday when a vast variety of lost and found property and used city equipment was sold at the old Purity Store, 660 Bridgeway.

City Mgr. Charles A. Brown and Police Chief Kenneth H. Huck wielded the auctioneer's gavel so successfully that about 200 of the 220 items on hand were sold.

The item that brought the highest price was a white muskrat (simulated beaver) coat with a mink collar that sold for $205.

Brown said that a former city car, a 1964 Dodge "with an engine that was shot," sold for $125.

Another item that brought a high price, $155, was a four-track stereo tape recorder, Brown reported. Prices for many other items ranged down to small change.

One family claimed a bicycle that was up for auction when they came loaded with evidence. They arrived with the rear fender of a bicycle that had been stolen. When it matched with one that was ready to go on the block, they got their bicycle back, Brown said.

A $10 gold piece sold for about $37, but there was no taker for a bathtub.

The auction was the first held by the city in three years, but Brown said there may be another next year.

# Wife Booked On Charge Of Assault With Knife

Mrs. Patricia Mangini, 45, of 724 North San Pedro Road, Santa Venetia, was booked at the Marin County jail on a charge of assault with a deadly weapon after she allegedly stabbed her husband with an eight-inch carving knife Saturday night.

The husband, John P. Manfini, 50, a wholesale meat merchant, was in fair condition at San Rafael General Hospital today from the stab wound that penerated more than six inches into his stomach.

Mrs. Mangini was released yesterday under $1,100 bail and is scheduled to be arraigned in Marin Municipal Court at 1:30 p.m. Wednesday.

Despite his wound, Mangini drove from his home to the hospital, arriving at 10:44 p.m.

Sheriff's deputies were notified and they immediately sped to the Mangini home.

At first Mrs. Mangini said the pair had a family argument, but later when questioned by district attorney deputies she would make no statement, deputies reported.

During a search of the home, sheriff's deputies found a bone-handled carving knife with an eight inch blade and a kitchen paring knife with a three-and-a-half inch blade under a mattress in the bedroom. There was blood on both knives, but "extreme signs of blood" on the larger knife, deputies reported.

Questioned at the hospital, Mangini said he bumped against the knife which was resting on a table and it flipped up and struck him in the stomach, and then he fell to the floor forcing the knife into his body.

Mangini's wound was so serious that he was in surgery for about three hours, with a priest standing by to administer last rites, deputies reported.

Aside from the stomach wound, he had a cut above his right cheek bone. His bloody underclothing was found in his bedroom and dressing room.

## Parents Beaten With Pickaxe

SAN JOSE (AP)—A youth — bothered by poor grades, a shoplifting incident and parental discipline — smashed his parents' heads with a pickaxe yesterday, police say.

Mr. and Mrs. Joseph Koegl, the parents, are listed as being in very critical condition at Santa Clara County Hospital.

Their son, Wendell, 16, is in the county's juvenile home, held for an assault investigation.

Tom Palmer, juvebile probation supervisor, quoted the youth as telling about his poor grades, of being turned over to his parents by store employees after a shoplifting incident and of being threatened by his parents with restraint of his spare time activities.

Police said the parents were attacked while asleep and that the youth had telephoned them afterwards.

# Demos Hear Storer Make Announcement

Marin County Supervisor Thomas T. Storer of Inverness Park was the lone Democrat to definitely announce his candidacy as Democratic leaders of the First Congressional District met in caucus at Flamingo Hotel in Santa Rosa yesterday.

Storer followed up his Saturday announcement in the Independent-Journal with a statement that he will seek the Democratic nomination for Congress to oppose incumbent Don H. Clausen.

George E. McCabe, administrator at Sonoma State College, said he had not yet made up his mind but would announce his decision by the first of next year.

State Sen. Frank S. Petersen of Ukiah, also mentioned as possible candidate for Congress, said he had "no comment" as yet.

Other possible candidates, called upon to make speeches, all declined to commit themselves. They included Thomas A. Skornia of Ross, mentioned in the state Assembly race, and Robert D. Carrow of Novato and John Dunlap of Napa, mentioned in the race of state Senate.

In the morning, California Democratic Council clubs of the First Congressional District met, with S. Robert Politzer of Sausalito as chairman. The clubs passed a resolution acknowledging that the CDC is in trouble because of the recent controversy over CDC president Simon Sasady and asking for support from all Democratic organizations.

More than 200 Democrats, including about 30 from Marin, gathered for the caucus.

# Republican Group Backs Civil Rights Movement

LOS ANGELES (AP) — The California Republican League, a year-old volunteer organization, is backing the civil rights movement and U.S. efforts in Viet Nam while condemning the John Birch Society.

Those stands were taken without dissent yesterday by delegates representing 4,000 CRL volunteers.

Delegates also witnessed an angry face-to-face clash between two men hoping for the party's gubernatorial nomination — Actor Ronald Reagan and Laughlin E. Waters, a former assemblyman.

The unfriendly confrontation came Saturday, during what had been a peaceful roundtable discussion involving the main GOP gubernatorial possibilities.

"I thought the dispute was unfortunate and out of place in the context in which the meeting was held," said William Gray, ho was re-elected president of the league.

Senate Minority Leader John F. McCarthy, R - San Rafael, called it refreshing.

Waters accused Reagan of political dishonesty because Reagan has not yet announced his candidacy for governor. Waters challenged Reagan to make the announcement immediately.

Reagan replied, "Unity didn't hold up very long, did it?" Then he indicated he is working on the assumption that he is a candidate, but "you keep one foot back in case the sky starts to fall."

Waters told a reporter he will continue to press Reagan to announce his candidacy and express his views on state issues.

## Passenger Injured As Autos Collide

A passenger in a car driven by Herman Vermillion, 39, of Oakland suffered bruises when the car crashed into one driven by John McK. Lane, 57, of 1 Rebecca Way, Novato, on Highway 101 yesterday, the California Highway Patrol reported.

The patrol said Lane was southbound at Olive Street, Novato, at 2:20 p.m. when he pulled into the fast lane to make a left turn and his car was hit from behind by Vermillion. Lance R. Triplett, 57, of Berkeley, a passenger with Vermillion, was to see his own physician. Lane and Vermillion were unhurt.

# Sausalito Nets $1,129 At Auction

Sausalito netted $1,129 in a three-hour public auction Saturday when a vast variety of lost and found property and used city equipment was sold at the old Purity Store, 660 Bridgeway.

City Mgr. Charles A. Brown and Police Chief Kenneth H. Huck wielded the auctioneer's gavel so successfully that about 200 of the 220 items on hand were sold.

The item that brought the highest price was a white muskrat (simulated beaver) coat with a mink collar that sold for $205.

Brown said that a former city car, a 1964 Dodge "with an engine that was shot," sold for $125.

Another item that brought a high price, $155, was a four-track stereo tape recorder, Brown reported. Prices for many other items ranged down to small change.

One family claimed a bicycle that was up for auction when they came loaded with evidence. They arrived with the rear fender of a bicycle that had been stolen. When it matched with one that was ready to go on the block, they got their bicycle back, Brown said.

A $10 gold piece sold for about $37, but there was no taker for a bathtub.

The auction was the first held by the city in three years, but Brown said there may be another next year.

# Wife Booked On Charge Of Assault With Knife

Mrs. Patricia Mangini, 45, of 724 North San Pedro Road, Santa Venetia, was booked at the Marin County jail on a charge of assault with a deadly weapon after she allegedly stabbed her husband with an eight-inch carving knife Saturday night.

The husband, John P. Manfini, 50, a wholesale meat merchant, was in fair condition at San Rafael General Hospital today from the stab wound that penerated more than six inches into his stomach.

Mrs. Mangini was released yesterday under $1,100 bail and is scheduled to be arraigned in Marin Municipal Court at 1:30 p.m. Wednesday.

Despite his wound, Mangini drove from his home to the hospital, arriving at 10:44 p.m.

Sheriff's deputies were notified and they immediately sped to the Mangini home.

At first Mrs. Mangini said the pair had a family argument, but later when questioned by district attorney deputies she would make no statement, deputies reported.

During a search of the home, sheriff's deputies found a bone-handled carving knife with an eight inch blade and a kitchen paring knife with a three-and-a-half inch blade under a mattress in the bedroom. There was blood on both knives, but "extreme signs of blood" on the larger knife, deputies reported.

Questioned at the hospital, Mangini said he bumped against the knife which was resting on a table and it flipped up and struck him in the stomach, and then he fell to the floor forcing the knife into his body.

Mangini's wound was so serious that he was in surgery for about three hours, with a priest standing by to administer last rites, deputies reported.

Aside from the stomach wound, he had a cut above his right cheek bone. His bloody underclothing was found in his bedroom and dressing room.

# Parents Beaten With Pickaxe

SAN JOSE (AP)—A youth — bothered by poor grades, a shoplifting incident and parental discipline — smashed his parents' heads with a pickaxe yesterday, police say.

Mr. and Mrs. Joseph Koegl, the parents, are listed as being in very critical condition at Santa Clara County Hospital.

Their son, Wendell, 16, is in the county's juvenile home, held for an assault investigation.

Tom Palmer, juvebile probation supervisor, quoted the youth as telling about his poor grades, of being turned over to his parents by store employees after a shoplifting incident and of being threatened by his parents with restraint of his spare time activities.

Police said the parents were attacked while asleep and that the youth had telephoned them afterwards.

## Stinson Assistant Chief Puts In Innocent Plea

The assistant fire chief of Stinson Beach Volunteer Fire Department, Douglas Carson Smith, 25, has pleaded innocent in Marin Municipal Court to a drunken driving charge in an alleged wild ride in a fire truck late last month. Jury trial is to be scheduled Wednesday.

Also scheduled is a meeting of the Stinson Beach Fire District commissioners at 8 p.m. Wednesday to consider Smith's status with the department.

Smith, of Surfside Apartments in Stinson Beach, was arrested about 11:50 p.m. Nov. 27 by Sheriff's Deputy George Miller, who reported seeing the truck run a stop sign on Highway 1 in Stinson Beach, then roar on down the highway without its siren on and without the usual red lights used on fire runs.

The deputy said he followed to give aid on any fire call, but halted the vehicle after observing its erratic route. He said Smith, accompanied in the truck by two passengers, was belligerent, used foul language, and had to be forcibly removed from the truck. He quoted Smith as saying "I was going to a false alarm."

The trio had attended the annual fireman's ball at Stinson Beach Community Center before the ride, Miller reported.

## Copter Combat Less Hazardous To Pilot

HUNTSVILLE, Ala. (AP) — The commander of America's training program for Viet Nam helicopter pilots, Maj. Gen. John J. Tolson III, commander of the Army aviation center at Ft. Rucker, told the Tennessee Valley chapter of the Association of the U. S. Army that combat helicopter flying is not as dangerous as it might appear.

He said that from December 1961 through August 1965, helicopters were hit by ground fire only once in every 347 combat flights; they were shot down only once in every 8,129 flights, and were lost and not recovered at the rate of one in every 15,341 flights. He did not list the casualty rate of the crews.

## Court Declines Review Of Tracy Sims Case

WASHINGTON (UPI) — The Supreme Court today denied a hearing to Tracy Sims, a Negro girl convicted of disturbing the peace during a demonstration protesting alleged job discrimination by San Francisco hotels.

The court acted in a brief order, with no opinion.

Miss Sims, 19 at the time of arrest in 1964, drew 90 days in jail with 45 days suspended and a $200 fine. The San Francisco Municipal Court conviction was affirmed by the Superior Court Sept. 23, 1965.

Thirteen co-defendants tried at the same time were acquitted.

Miss Sims' petition for Supreme Court review recalled that in the winter and spring of 1964, a series of civil rights voked 500 arrests and trials on charges of disturbing the peace and unlawful assembly.

Hers was the first case to clear California appellate courts. About 20 others, involving about 350 persons, are pending, her petition said.

Miss Sims was chairman of an Ad Hoc Committee to End Racial Discrimination. At the time of her arrest at the Sheraton-Palace Hotel, she and others had been negotiating with the Hotel Employers Assn. of San Francisco and with the Sheraton management to try to solve hiring problems connected with race.

About 1,000 persons met at the hotel March 6, 1964, to protest hiring practices. Arrests were made on the ground that hotel entrances were being blocked.

The petition asserted that California law was interpreted to deny Miss Sims "fair warning" that she was committing an offense. It also argued there was no evidence of guilt and, further that the Civil Rights Act of 1964 nullified the conviction.

## Court Upholds Endorsement Law

WASHINGTON (AP) — The Supreme Court let stand today a decision upholding a California statute known as the "Truth in Endorsements Law."

The law, enacted in 1963, directs that, if a candidate in a political primary is endorsed by an organization using as part of its name the name of a political party, notice must be given that the organization is an unofficial political group.

California law forbids political parties to endorse candidates in the primary.

## 4-H Club Striping Bridge Railings Red

STANBERRY, Mo. (UPI) — The Lucky Clover 4-H Club has initiated a project calling for the striping of banisters of 30 Gentry County bridges with a fluorescent red paint.

The stripes are intended to reflect light from approaching autos at night.

## Railroad Tells Parking View

SAN FRANCISCO (UPI)— Southern Pacific opened its case today in a California Public Utilities Commission hearing on efforts to compel the railroad to provide free commuter parking at its Mountain View, San Carlos and Sunnyvale stations.

The first witness, A. J. Glass, a rate expert, testified that the railroad has not considered costs of its parking lots in setting its rail prices for at least 25 years.

This was to support a contention that the railroad does not count its parking properties as part of assets upon which the commission computes a fair rate of return.

The railroad argues that the commission has no jurisdiction over the parking lots.

Southern Pacific began presenting evidence after a to-week recess in hearings before Examiner Donald Jarvis.

## More Bases Ordered Shut By McNamara

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara today ordered 149 more bases closed, consolidated or substantially reduced.

McNamara told a news conference the actions, calculated to save $410 million a year, "will be completed without decreasing military effectiveness or limiting our current and future activities in Southeast Asia."

Coupled with 703 previous base closing and cutdowns ordered since March 1961, the new moves will bring total savings to $1.5 billion a year, McNamara said.

The affected bases are located in 39 states, the District of Columbia and 10 foreign countries.

McNamara told reporters congressmen are being informed how their districts are affected but that formal announcement of the 149 bases in the new list will not be made until Wednesday.

The 23 foreign bases, accounting for $93 million in savings, will not be disclosed until after discussions with the countries involved.

## Oil Supplies To Hold 1965 Level Next Year

DALLAS (UPI) —Petroleum stocks in the United States will remain about the same in the next year, the Independent Petroleum Association of America (IPAA) predicts.

"Total petroleum stocks at the end of 1966 have been assumed to be 840 million barrels, about on a par with the end of 1965," the organization said in a report by its supply and demand committee at its annual convention.

## Jack Theft Charged To Novato Youth

David Philip Peoples, 18, of 7 Renate Court, Novato, was booked by Corte Madera police into county jail yesterday on a charge of grand theft for allegedly stealing a hydraulic jack.

Michael Dorsey, attendant at the Standard service station at the Corte Madera Shopping Center, said Peoples and four other youths drove into the station and ordered $2 worth of gasoline.

Peoples stayed in the car, Dorsey said, while the others went into the restroom. When he had paid for the gasoline, Peoples drove to the rear of the station near the restrooms.

Dorsey said a man and woman ran up to him a little later and said they saw a boy loading something into the trunk of his car. A $200 hydraulic jack was missing, he said.

Larkspur police later found the car, with the jack in the trunk.

## Junior Chamber Opens 'Big Brother' Work

WICHITA, Kan. (UPI) —The Junior Chamber of Commerce has launched a "Project Big Brother" with residents of the Sedgwick County Boy's Detention Home.

Jaycees spend a couple hours twice monthly playing football, checkers, basketball and other games with the boys, or just sit around and talk.

## Demos Hear Storer Make Announcement

Marin County Supervisor Thomas T. Storer of Inverness Park was the lone Democrat to definitely announce his candidacy as Democratic leaders of the First Congressional District met in caucus at Flamingo Hotel in Santa Rosa yesterday.

Storer followed up his Saturday announcement in the Independent-Journal with a statement that he will seek the Democratic nomination for Congress to oppose incumbent Don H. Clausen.

George E. McCabe, administrator at Sonoma State College, said he had not yet made up his mind but would announce his decision by the first of next year.

State Sen. Frank S. Petersen of Ukiah, also mentioned as possible candidate for Congress, said he had "no comment" as yet.

Other possible candidates, called upon to make speeches, all declined to commit themselves. They included Thomas A. Skornia of Ross, mentioned in the state Assembly race, and Robert D. Carrow of Novato and John Dunlap of Napa, mentioned in the race of state Senate.

In the morning, California Democratic Council clubs of the First Congressional District met, with S. Robert Politzer of Sausalito as chairman. The clubs passed a resolution acknowledging that the CDC is in trouble because of the recent controversy over CDC president Simon Sasady and asking for support from all Democratic organizations.

More than 200 Democrats, including about 30 from Marin, gathered for the caucus.

## Republican Group Backs Civil Rights Movement

LOS ANGELES (AP) — The California Republican League, a year-old volunteer organization, is backing the civil rights movement and U.S. efforts in Viet Nam while condemning the John Birch Society.

Those stands were taken without dissent yesterday by delegates representing 4,000 CRL volunteers.

Delegates also witnessed an angry face-to-face clash between two men hoping for the party's gubernatorial nomination — Actor Ronald Reagan and Laughlin E. Waters, a former assemblyman.

The unfriendly confrontation came Saturday, during what had been a peaceful roundtable discussion involving the main GOP gubernatorial possibilities.

"I thought the dispute was unfortunate and out of place in the context in which the meeting was held," said William Gray, ho was re-elected president of the league.

Senate Minority Leader John F. McCarthy, R - San Rafael, called it refreshing.

Waters accused Reagan of political dishonesty because Reagan has not yet announced his candidacy for governor. Waters challenged Reagan to make the announcement immediately.

Reagan replied, "Unity didn't hold up very long, did it?" Then he indicated he is working on the assumption that he is a candidate, but "you keep one foot back in case the sky starts to fall."

Waters told a reporter he will continue to press Reagan to announce his candidacy and express his views on state issues.

## Passenger Injured As Autos Collide

A passenger in a car driven by Herman Vermillion, 39, of Oakland suffered bruises when the car crashed into one driven by John McK. Lane, 57, of 1 Rebecca Way, Novato, on Highway 101 yesterday, the California Highway Patrol reported.

The patrol said Lane was southbound at Olive Street, Novato, at 2:20 p.m. when he pulled into the fast lane to make a left turn and his car was hit from behind by Vermillion. Lance R. Triplett, 57, of Berkeley, a passenger with Vermillion, was to see his own physician. Lane and Vermillion were unhurt.

# De Gaulle Loses His Bid For A Majority Election

PRESIDENT DE GAULLE
Casts ballot

FRANCOIS MITTERAND
Second place

PARIS (AP) — President Charles de Gaulle maintained silence today after French voters handed a stinging rebuff to his bid for first-round victory in the presidential election.

With a record turnout of 84.9 per cent of the voters, De Gaulle polled only 43.96 per cent of the vote in the first round of voting yesterday. This forced him into a run-off Dec. 19 with left-winger Francois Mitterrand, the No. 2 man in the six-man race.

Some Gaullist officials had predicted before the election that if De Gaulle did not get the massive endorsement he wanted, he would refuse to run in the second round. Other officials differed.

"The general is a fighter," said one supporter, "and he will not abandon the combat now."

A second-round victory was considered in the bag for De Gaulle if he runs. Although his image was bruised by the outcome yesterday, it is not likely that he will change his attitudes and ways.

In department after department where he had shown strength in other electoral tests, De Gaulle polled less than 50 per cent of the votes.

His pride must have suffered additionally from the knowledge that election of the president by direct vote was the result of a constitutional change he had inaugurated.

Only once before, in 1848, did French voters have a direct say about who would be elected president.

These were the results from nearly 24 million valid ballots in metropolitan France:

Charles de Gaulle 10,504,007 for 43.96 per cent.

Francois Mitterrand 7,655,042 for 32.04 per cent.

Jean Lecanuet 3,770,771 for 15.78 per cent.

Jean-Louis Tixier-Viganancour 1,269,095 for 5.31 per cent.

Pierre Marcilhacy 414,056 for 1.73 per cent.

Marcel Barbu 278,420 for 1.16 per cent.

Still to be recorded were returns from about 446,000 voters in overseas territories.

The record vote was probably caused by two important factors: it was the first time in more than a century that Frenchmen took part directly in choosing a president. And it was the first presidential campaign where the candidates entered millions of homes via television. Interest was kept high at the unusual sight and sound of men castigating De Gaulle and his policies.

Mitterrand, 49, got his support from the Communists, the Socialists and some radicals, and his total was not surprising.

However, the man who kept De Gaulle from winning a majority was a new face on the national scene: Jean Lecanuet, a 45-year-old Catholic centrist senator. He hit the European unity theme hard, and his good looks didn't hurt him with women voters.

The charm of one candidate, however, did not tell the whole story of the startling rebuke handed De Gaulle.

Many resent his opposition to political unification of Europe. There are those who chafe at his high-handed handling of the Common Market. Others feel his anti-American atitude is ill-placed and that he is spending astronomical sums on an atomic force which is a midget in a select field of giants. Some don't agree with his scathing attacks on the North Atlantic Treaty Organization.

There also are voters who feel that at 75 De Gaulle is too old to carry the burden of office for another seven years.

## Guilty Plea In Dope Case

Don Edward Fleischer, 20, of Sausalito, pleaded guilty to three counts of marijuana dealings today in Marin Superior Court.

His case was then referred by Judge Joseph G. Wilson to the California Youth Authority for study and a report back to the court on Dec. 20.

Fleischer originally had pleaded innocent to the three counts, two of sales of marijuana and a third of possession.

# No Warfare In Rhodesia, Wilson Says

LONDON (AP) — British Prime Minister Harold Wilson today repeated his determination to end the Rhodesian rebellion without bloodshed and rebuffed the Organization of African Unity.

"The responsibility is ours," Wilson said in an interview with the London Daily Mirror, "and whatever the cost we shall not be pressured into starting a war which we believe to be wrong.

"We have made it clear time and time again that we shall not invade Rhodesia or get into a military clash on or over Rhodesia with forces controlled by the illegal regime" of Prime Minister Ian Smith.

The OAU warned on Friday that its 36 members would break off diplomatic relations with London if Britain did not crush Smith's white minority government by Dec. 15.

Meeting in Addis Ababa, Ethiopia, the OAU also agreed in principle to declare war on Rhodesia if Britain failed to meet the OAU deadline.

Britain's Rhodesia policy has avoided direct military threats and emphasized economic and diplomatic sanctions instead.

British officials say the OAU threat, while serious, is weakened by the fact that nine of the Commonwealth members stand to lose their trading preferences if they break diplomatic relations with London. Britain also has leverage by controlling large amounts of economic aid to the African nations.

## Stinson Assistant Chief Puts In Innocent Plea

The assistant fire chief of Stinson Beach Volunteer Fire Department, Douglas Carson Smith, 25, has pleaded innocent in Marin Municipal Court to a drunken driving charge in an alleged wild ride in a fire truck late last month. Jury trial is to be scheduled Wednesday.

Also scheduled is a meeting of the Stinson Beach Fire District commissioners at 8 p.m. Wednesday to consider Smith's status with the department.

Smith, of Surfside Apartments in Stinson Beach, was arrested about 11:50 p.m. Nov. 27 by Sheriff's Deputy George Miller, who reported seeing the truck run a stop sign on Highway 1 in Stinson Beach, then roar on down the highway without its siren on and without the usual red lights used on fire runs.

The deputy said he followed to give aid on any fire call, but halted the vehicle after observing its erratic route. He said Smith, accompanied in the truck by two passengers, was belligerent, used foul language, and had to be forcibly removed from the truck. He quoted Smith as saying "I was going to a false alarm."

The trio had attended the annual fireman's ball at Stinson Beach Community Center before the ride, Miller reported.

Second college to be established in Pennsylvania was Dickinson College.

## Copter Combat Less Hazardous To Pilot

HUNTSVILLE, Ala. (AP) — The commander of America's training program for Viet Nam helicopter pilots, Maj. Gen. John J. Tolson III, commander of the Army aviation center at Ft. Rucker, told the Tennessee Valley chapter of the Association of the U. S. Army that combat helicopter flying is not as dangerous as it might appear.

He said that from December 1961 through August 1965, helicopters were hit by ground fire only once in every 347 combat flights; they were shot down only once in every 8,129 flights, and were lost and not recovered at the rate of one in every 15,341 flights. He did not list the casualty rate of the crews.

## Court Declines Review Of Tracy Sims Case

WASHINGTON (UPI) — The Supreme Court today denied a hearing to Tracy Sims, a Negro girl convicted of disturbing the peace during a demonstration protesting alleged job discrimination by San Francisco hotels.

The court acted in a brief order, with no opinion.

Miss Sims, 19 at the time of arrest in 1964, drew 90 days in jail with 45 days suspended and a $200 fine. The San Francisco Municipal Court conviction was affirmed by the Superior Court Sept. 23, 1965.

Thirteen co-defendants tried at the same time were acquitted.

Miss Sims' petition for Supreme Court review recalled that in the winter and spring of 1964, a series of civil rights voked 500 arrests and trials on charges of disturbing the peace and unlawful assembly.

Hers was the first case to clear California appellate courts. About 20 others, involving about 350 persons, are pending, her petition said.

Miss Sims was chairman of an Ad Hoc Committee to End Racial Discrimination. At the time of her arrest at the Sheraton-Palace Hotel, she and others had been negotiating with the Hotel Employers Assn. of San Francisco and with the Sheraton management to try to solve hiring problems connected with race.

About 1,000 persons met at the hotel March 6, 1964, to protest hiring practices. Arrests were made on the ground that hotel entrances were being blocked.

The petition asserted that California law was interpreted to deny Miss Sims "fair warning" that she was committing an offense. It also argued there was no evidence of guilt and, further that the Civil Rights Act of 1964 nullified the conviction.

## Railroad Tells Parking View

SAN FRANCISCO (UPI)—Southern Pacific opened its case today in a California Public Utilities Commission hearing on efforts to compel the railroad to provide free commuter parking at its Mountain View, San Carlos and Sunnyvale stations.

The first witness, A. J. Glass, a rate expert, testified that the railroad has not considered costs of its parking lots in setting its rail prices for at least 25 years.

This was to support a contention that the railroad does not count its parking properties as part of assets upon which the commission computes a fair rate of return.

The railroad argues that the commission has no jurisdiction over the parking lots.

Southern Pacific began presenting evidence after a to-week recess in hearings before Examiner Donald Jarvis.

## Court Upholds Endorsement Law

WASHINGTON (AP) — The Supreme Court let stand today a decision upholding a California statute known as the "Truth in Endorsements Law."

The law, enacted in 1963, directs that, if a candidate in a political primary is endorsed by an organization using as part of its name the name of a political party, notice must be given that the organization is an unofficial political group.

California law forbids political parties to endorse candidates in the primary.

## 4-H Club Striping Bridge Railings Red

STANBERRY, Mo. (UPI) — The Lucky Clover 4-H Club has initiated a project calling for the striping of banisters of 30 Gentry County bridges with a fluorescent red paint.

The stripes are intended to reflect light from approaching autos at night.

## More Bases Ordered Shut By McNamara

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara today ordered 149 more bases closed, consolidated or substantially reduced.

McNamara told a news conference the actions, calculated to save $410 million a year, "will be completed without decreasing military effectiveness or limiting our current and future activities in Southeast Asia."

Coupled with 703 previous base closing and cutdowns ordered since March 1961, the new moves will bring total savings to $1.5 billion a year, McNamara said.

The affected bases are located in 39 states, the District of Columbia and 10 foreign countries.

McNamara told reporters congressmen are being informed how their districts are affected but that formal announcement of the 149 bases in the new list will not be made until Wednesday.

The 23 foreign bases, accounting for $93 million in savings, will not be disclosed until after discussions with the countries involved.

## Oil Supplies To Hold 1965 Level Next Year

DALLAS (UPI) —Petroleum stocks in the United States will remain about the same in the next year, the Independent Petroleum Association of America (IPAA) predicts.

"Total petroleum stocks at the end of 1966 have been assumed to be 840 million barrels, about on a par with the end of 1965," the organization said in a report by its supply and demand committee at its annual convention.

## Jack Theft Charged To Novato Youth

David Philip Peoples, 18, of 7 Renate Court, Novato, was booked by Corte Madera police into county jail yesterday on a charge of grand theft for allegedly stealing a hydraulic jack.

Michael Dorsey, attendant at the Standard service station at the Corte Madera Shopping Center, said Peoples and four other youths drove into the station and ordered $2 worth of gasoline.

Peoples stayed in the car, Dorsey said, while the others went into the restroom. When he had paid for the gasoline, Peoples drove to the rear of the station near the restrooms.

Dorsey said a man and woman ran up to him a little later and said they saw a boy loading something into the trunk of his car. A $200 hydraulic jack was missing, he said.

Larkspur police later found the car, with the jack in the trunk.

DAD FLIES—But Geoffrey Cutler, 4-year-old son of Capt. Dale Cutler, a Hamilton Air Force Base fighter pilot, cannot walk. A muscular dystrophy patient, he is "poster boy" for a county campaign seeking to raise $12,000 through mailed contribution of a dime or more by each adult resident.

# Muscular Dystrophy Assn. Asking For Dimes To Help The Disabled

The Marin County chapter of the Muscular Dystrophy Assn. is asking for dimes.

Approximately 55,000 envelopes have been mailed to Marin residents by the chapter, according to H. M. Locke of San Anselmo, president. The enclosure in each envelope says:

"You, and 106,999 other adult Marinites are being asked to send us 10 cents. Your contribution will help all of our muscular dystrophy patients. It will also provide funds for vital research programs."

The "mail a dime" campaign is being used this year instead of the usual "march for muscular dystrophy," said George E. Bloeser of Mill Valley, chapter treasurer. There will be no march this year, he emphasized.

Helping in the campaign as "poster boy" is 4-year-old Geoffrey Cutler, whose father is Capt. Dale Cutler of the 84th Fighter Interceptor Squadron at Hamilton Air Force Base. Although his father flies supersonic planes, Geoffrey is confined to a wheel chair with muscular dystrophy.

So far, the association reports more than 3,300 replies with enclosures totaling more than $5,000 — far over a dime apiece. The chapter is seeking to raise $12,000, of which Locke said 97 per cent "will go directly into the fight against muscular dystrophy."

Contributions are mailed to United California Bank, 803 Third Street, San Rafael, where they are sorted and deposited by Muscular Dystrophy Assn. volunteers.

## Man Faces Charge Of Concealed Gun

Corte Madera police yesterday booked Henry Miller, 52, of 544 D Street, San Rafael, in county jail on charges of carrying a concealed weapon in car and drunkenness.

Officer Charles A. Brobeck said he stopped Miller at Nellen Avenue and Fifer Drive at about 2 a.m. While searching the car for intoxicants, he said, he found a .38 caliber snub-nosed revolver and a baseball bat. Miller told the officer he kept both in his car for protection.

## Bootery Entered, Money Is Taken

Burglars made off with $16 in cash after breaking into McKenzie's Children's Bootery at 1000 Fifth Avenue, San Rafael, owner Kenneth McKenzie reported today.

A rear window was pried open sometime Saturday night, McKenzie said. The burglary was discovered at 4:15 p.m. yesterday.

# Father Killed Just Before Child's Birth

John D. Kuhl, 30, a San Rafael resident for 10 years until he moved to Chico, Butte County, last year, was killed in an automobile accident Friday, three hours before his wife gave birth to a daughter.

Kuhl was a passenger in a car driven by Ronald Kline, 25, of Corning, Tehama County, which hit a road grader parked beside a barrier on an uncompleted portion of Highway 5 near Corning at 5:10 p.m.

The men may have tried to use the uncompleted portion of road so that Kuhl could get home to bring his wife to the hospital, his brother, Robert Kuhl of San Rafael, speculated today.

Kline was hospitalized and was reported in fair condition today.

Kuhl, a bricklayer, is survived by his wife, Bonita; two sons, Christopher and Daniel Kuhl; two daughters, Robin and newly born Joan Kuhl; a stepdaughter, Cindy Hadaway; a stepson, David Hadaway; five sisters, Helen Sweeney of Rio Vista, Solano County; Betty Corbin of Marysville, Yuba County; Dorothy Thayer of Gridley, Butte County; Maxine Miller, Sacramento; and Marion Anderson of Oroville, Butte County; two brothers, Keith and Robert Kuhl of San Rafael, and his mother, Hattie Kuhl of Oroville.

Funeral will be Wednesday at 2 p.m. at Gridley Funeral Chapel, Gridley.

## Desegregation Order Pressed

WASHINGTON (AP) — The Supreme Court struck another blow today at delay in school integration, ordering immediate integration of public schools in Fort Smith, Ark.

The court, in a 5-4 memorandum opinion, took the action without even hearing arguments on the Fort Smith case.

"Petitioners are entitled to an immediate relief," the majority said in an unsigned opinion. "We have emphasized that delays in desegregating public school systems are not longer tolerable."

## Marijuana Suspect Fails To Appear

Richard Nixon Applebee, 21, of Larkspur, charged with two counts of sales in a June 4 roundup of marijuana suspects, failed to appear for his jury trial in Marin Superior Court today.

Judge Harold J. Haley forfeited $2,750 bail, issued a warrant for Applebee's arrest, and reset bail at $5,500. A panel of 65 potential jurors had been summonsed.

# De Gaulle Loses His Bid For A Majority Election

PARIS (AP) — President Charles de Gaulle maintained silence today after French voters handed a stinging rebuff to his bid for first-round victory in the presidential election.

With a record turnout of 84.9 per cent of the voters, De Gaulle polled only 43.96 per cent of the vote in the first round of voting yesterday. This forced him into a run-off Dec. 19 with left-winger Francois Mitterrand, the No. 2 man in the six-man race.

Some Gaullist officials had predicted before the election that if De Gaulle did not get the massive endorsement he wanted, he would refuse to run in the second round. Other officials differed.

"The general is a fighter," said one supporter, "and he will not abandon the combat now."

A second-round victory was considered in the bag for De Gaulle if he runs. Although his image was bruised by the outcome yesterday, it is not likely that he will change his attitudes and ways.

In department after department where he had shown strength in other electoral tests, De Gaulle polled less than 50 per cent of the votes.

PRESIDENT DE GAULLE
Casts ballot

His pride must have suffered additionally from the knowledge that election of the president by direct vote was the result of a constitutional change he had inaugurated.

Only once before, in 1848, did French voters have a direct say about who would be elected president.

These were the results from nearly 24 million valid ballots in metropolitan France:

Charles de Gaulle 10,504,007 for 43.96 per cent.

Francois Mitterrand 7,655,042 for 32.04 per cent.

Jean Lecanuet 3,770,771 for 15.78 per cent.

Jean-Louis Tixier-Viganancour 1,269,095 for 5.31 per cent.

Pierre Marcilhacy 414,056 for 1.73 per cent.

Marcel Barbu 278,420 for 1.16 per cent.

Still to be recorded were returns from about 446,000 voters in overseas territories.

FRANCOIS MITTERAND
Second place

The record vote was probably caused by two important factors: it was the first time in more than a century that Frenchmen took part directly in choosing a president. And it was the first presidential campaign where the candidates entered millions of homes via television. Interest was kept high at the unusual sight and sound of men castigating De Gaulle and his policies.

Mitterrand, 49, got his support from the Communists, the Socialists and some radicals, and his total was not surprising.

However, the man who kept De Gaulle from winning a majority was a new face on the national scene: Jean Lecanuet, a 45-year-old Catholic centrist senator. He hit the European unity theme hard, and his good looks didn't hurt him with women voters.

The charm of one candidate, however, did not tell the whole story of the startling rebuke handed De Gaulle.

Many resent his opposition to political unification of Europe. There are those who chafe at his high-handed handling of the Common Market. Others feel his anti-American atitude is ill-placed and that he is spending astronomical sums on an atomic force which is a midget in a select field of giants. Some don't agree with his scathing attacks on the North Atlantic Treaty Organization.

There also are voters who feel that at 75 De Gaulle is too old to carry the burden of office for another seven years.

# Guilty Plea In Dope Case

Don Edward Fleischer, 20, of Sausalito, pleaded guilty to three counts of marijuana dealings today in Marin Superior Court.

His case was then referred by Judge Joseph G. Wilson to the California Youth Authority for study and a report back to the court on Dec. 20.

Fleischer originally had pleaded innocent to the three counts, two of sales of marijuana and a third of possession.

# No Warfare In Rhodesia, Wilson Says

LONDON (AP) — British Prime Minister Harold Wilson today repeated his determination to end the Rhodesian rebellion without bloodshed and rebuffed the Organization of African Unity.

"The responsibility is ours," Wilson said in an interview with the London Daily Mirror, "and whatever the cost we shall not be pressured into starting a war which we believe to be wrong.

"We have made it clear time and time again that we shall not invade Rhodesia or get into a military clash on or over Rhodesia with forces controlled by the illegal regime" of Prime Minister Ian Smith.

The OAU warned on Friday that its 36 members would break off diplomatic relations with London if Britain did not crush Smith's white minority government by Dec. 15.

Meeting in Addis Ababa, Ethiopia, the OAU also agreed in principle to declare war on Rhodesia if Britain failed to meet the OAU deadline.

Britain's Rhodesia policy has avoided direct military threats and emphasized economic and diplomatic sanctions instead.

British officials say the OAU threat, while serious, is weakened by the fact that nine of the Commonwealth members stand to lose their trading preferences if they break diplomatic relations with London. Britain also has leverage by controlling large amounts of economic aid to the African nations.

## Thief Takes Beer At Country Club

A thirsty thief climbed a six-foot wall to steal 17 cases of beer and soft drinks from the Peacock Gap Country Club, San Rafael police reported today. The drinks were valued at $76.

Entry was gained to the club building by scaling the wall between 2:15 a.m. and 10 a.m. yesterday.

## Clothing Stolen

Mrs. Matt Tavela of 22 Morningsun Avenue, Mill Valley, told police today that she left $100 worth of laundry at the Quick Clean, 70 East Blithedale Avenue, for laundering and, when her husband went to pick up the clothing, it was gone.

## Women Injured In Car Crash

Two Belvedere women were injured in a head-on auto crash on Tiburon Boulevard at 8:50 a.m. today, the Tiburon sheriff's substation reported.

Deputies said Georgia Altenburg, 38, of 8 Oak Avenue, Belvedere, was driving east on Tiburon Boulevard when she started to make a left turn into Lyford Drive and her car collided head-on with a westbound car driven by Giovanna B. Kirby, 42, of 126 Madrona Avenue, Belvedere.

Mrs. Kirby was treated for scalp cuts by a Tiburon doctor. Mrs. Altenburg suffered multiple cuts and was taken to Marin General Hospital.

## Passenger In Fatal Crash Still In Critical Condition

William Velasquez, 18, of Santa Rosa, passenger in a car that crashed on Highway 101 a mile north of San Rafael at 2:30 a.m. Saturday causing two deaths, was reported still in critical condition at Marin General Hospital today.

Velasquez suffered back and skull injuries in the crash that killed Ronald R. Lagier, 18, the driver, and Thomas C. White, 18, another passenger, both of Santa Rosa.

Geary Goodson, 18, of Windsor, Sonoma County, a fourth passenger in the car, who suffered a broken nose and facial cuts, was released from Marin General Hospital yesterday.

Lagier's car smashed into a concrete abutment dividing the north and southbound lanes of the highway and then was struck by a car driven by Stephen M. Houle, 21, of 409 Via Del Plano, Novato, the California Highway Patrol reported.

Lagier and Velasquez were thrown to the pavement by impact of the second crash, the CHP reported.

## Planners Change Zone Of Parcel In Black Point

The Marin County Planning Commission today voted to hold a 10-acre parcel at the western extension of Manzanita Avenue in Black Point to single-family development under a planned residential zone.

Before recommending the change from light industrial zoning, the commission heard Leland H. Jordan, attorney for owner Philip Rosenberg, argue that single-family homes will restrict proper planning and not allow the leeway possible under multiple zoning.

Under the single family zone recommended today, the owner could place 25 to 30 units on the property without lot lines. Grouping of the homes could be shifted to fit the terrain.

## Foot Slipped

Robin Vaugnne, 23, of 28 Circle Drive, Tiburon, was backing into a parking space at Caledonia and Bee streets in Sausalito Saturday when her foot slipped off the brake and jammed the gas pedal. The car shot forward and smashed the rear of a parked Sausalito police car. Damage was estimated at $500.

DAD FLIES—But Geoffrey Cutler, 4-year-old son of Capt. Dale Cutler, a Hamilton Air Force Base fighter pilot, cannot walk. A muscular dystrophy patient, he is "poster boy" for a county campaign seeking to raise $12,000 through mailed contribution of a dime or more by each adult resident.

# Muscular Dystrophy Assn. Asking For Dimes To Help The Disabled

The Marin County chapter of the Muscular Dystrophy Assn. is asking for dimes.

Approximately 55,000 envelopes have been mailed to Marin residents by the chapter, according to H. M. Locke of San Anselmo, president. The enclosure in each envelope says:

"You, and 106,999 other adult Marinites are being asked to send us 10 cents. Your contribution will help all of our muscular dystrophy patients. It will also provide funds for vital research programs."

The "mail a dime" campaign is being used this year instead of the usual "march for muscular dystrophy," said George E. Bloeser of Mill Valley, chapter treasurer. There will be no march this year, he emphasized.

Helping in the campaign as "poster boy" is 4-year-old Geoffrey Cutler, whose father is Capt. Dale Cutler of the 84th Fighter Interceptor Squadron at Hamilton Air Force Base. Although his father flies supersonic planes, Geoffrey is confined to a wheel chair with muscular dystrophy.

So far, the association reports more than 3,300 replies with enclosures totaling more than $5,000 — far over a dime apiece. The chapter is seeking to raise $12,000, of which Locke said 97 per cent "will go directly into the fight against muscular dystrophy."

Contributions are mailed to United California Bank, 803 Third Street, San Rafael, where they are sorted and deposited by Muscular Dystrophy Assn. volunteers.

## Man Faces Charge Of Concealed Gun

Corte Madera police yesterday booked Henry Miller, 52, of 544 D Street, San Rafael, in county jail on charges of carrying a concealed weapon in car and drunkenness.

Officer Charles A. Brobeck said he stopped Miller at Nellen Avenue and Fifer Drive at about 2 a.m. While searching the car for intoxicants, he said, he found a .38 caliber snub-nosed revolver and a baseball bat. Miller told the officer he kept both in his car for protection.

## Bootery Entered, Money Is Taken

Burglars made off with $16 in cash after breaking into McKenzie's Children's Bootery at 1000 Fifth Avenue, San Rafael, owner Kenneth McKenzie reported today.

A rear window was pried open sometime Saturday night, McKenzie said. The burglary was discovered at 4:15 p.m. yesterday.

# Father Killed Just Before Child's Birth

John D. Kuhl, 30, a San Rafael resident for 10 years until he moved to Chico, Butte County, last year, was killed in an automobile accident Friday, three hours before his wife gave birth to a daughter.

Kuhl was a passenger in a car driven by Ronald Kline, 25, of Corning, Tehama County, which hit a road grader parked beside a barrier on an uncompleted portion of Highway 5 near Corning at 5:10 p.m.

The men may have tried to use the uncompleted portion of road so that Kuhl could get home to bring his wife to the hospital, his brother, Robert Kuhl of San Rafael, speculated today.

Kline was hospitalized and was reported in fair condition today.

Kuhl, a bricklayer, is survived by his wife, Bonita; two sons, Christopher and Daniel Kuhl; two daughters, Robin and newly born Joan Kuhl; a stepdaughter, Cindy Hadaway; a stepson, David Hadaway; five sisters, Helen Sweeney of Rio Vista, Solano County; Betty Corbin of Marysville, Yuba County; Dorothy Thayer of Gridley, Butte County; Maxine Miller, Sacramento; and Marion Anderson of Oroville, Butte County; two brothers, Keith and Robert Kuhl of San Rafael, and his mother, Hattie Kuhl of Oroville.

Funeral will be Wednesday at 2 p.m. at Gridley Funeral Chapel, Gridley.

## Desegregation Order Pressed

WASHINGTON (AP) — The Supreme Court struck another blow today at delay in school integration, ordering immediate integration of public schools in Fort Smith, Ark.

The court, in a 5-4 memorandum opinion, took the action without even hearing arguments on the Fort Smith case.

"Petitioners are entitled to an immediate relief," the majority said in an unsigned opinion. "We have emphasized that delays in desegregating public school systems are not longer tolerable."

## Marijuana Suspect Fails To Appear

Richard Nixon Applebee, 21, of Larkspur, charged with two counts of sales in a June 4 roundup of marijuana suspects, failed to appear for his jury trial in Marin Superior Court today.

Judge Harold J. Haley forfeited $2,750 bail, issued a warrant for Applebee's arrest, and reset bail at $5,500. A panel of 65 potential jurors had been summonsed.

# Supervisors Plan Session On Traffic

Marin County supervisors tomorrow will try to ccme to grips with the ever-growing traffic problem.

The board session will open at the Civic Center at 9 a.m. as a meeting of the Marin County Transit District.

First on the agenda is a report on the meeting Wednesday with representatives of the San Francisco Board of Supervisors and Golden Gate Bridge and Highway District Board. Ferry boat restoration was discussed with enthusiasm at that session.

The Marin Transit District is also slated to discuss what its next steps should be in coming up with a solution of traffic problems.

Also on tomorrow's long agenda will be further discussion on the future of the Marin County Personnel Commission. County Administrator Alan Bruce will counter protests from the personnel commission on the commission role as an appeals board that Bruce suggested.

The commission wants a stronger hand in policy decisions. Bruce says that this view is based on "obslete concepts and dead issues."

The last business of the day will be a closed session to discuss the position of assistant county administrator for business development.

Bruce has candidates in mind with various abilities and wants further guidance from supervisors on what is expected from the newly created post before making a recommendation. He does not expect to make a recommendation tomorrow.

## Parents Seek Toys For Young Retarded

The parents of 90 mentally retarded children at Sonoma State Hospital have organized Project Bouncing Ball, a fund-raising effort aimed at buying large balls and other appropriate toys for Christmas for youngsters at the hospital.

The Bemis Parents Group, named after the cottage at the hospital in which their children live, is represented in this area by Mr. and Mrs. Aldo Dell'era of 318 DuBois Street, San Rafael.

## Police Charge Fairfax Man In Morals Offense

James LeRoy Russell, 30, of 287 Bolinas Road, Fairfax, was arrested and booked Friday on a child molesting charge after an off-duty San Anselmo policeman noticed that his car matched the description given by a San Anselmo girl and two Ross girls.

He was held without bail in Marin County Jail because of a possible additional charge of violation of probation.

According to San Anselmo police, Officer Robert White, on his way home from work but still in uniform, spotted the car. On Nov. 30 an 8-year-old San Anselmo girl told her mother a man picked her up near her home in the morning, drove her to Bolinas Road, in Ross, and molested her.

## Council To Consider Church's Street Plea

The December meeting of the Marin Council of Mayors and Councilmen will be held Wednesday at the Dock restaurant, 25 Main Street, Tiburon.

There will be a no-host cocktail hour starting at 6:30 p.m., followed by a roast beef dinner at 7:30 p.m. Ernest Besig, executive director of the American Civil Liberties Union in San Francisco, will speak on "Suburbia and Civil Liberties."

# Teachers, Board Members To Meet Over Merit Pay

A San Rafael Teachers Assn. committee will meet with two members of the San Rafael Board of Education at 8 p.m. today at Davidson School to study the possibility of drawing up a merit pay plan for city schools.

Alan L. Hopkins, chairman of the association's salary committee, said board members Walter J. Doll and Lawrence I. Kramer Jr. are expected to attend.

Hopkins predicted that the committee's first concern will be to define terms and to agree on what they are looking for.

The SRTA study is one of three now underway. Also studying merit pay are the Marin Federation of Teachers (AFL-CIO) and a finance committee which advises schools superintendent Bert C. Corona.

Donald F. Fearis, chairman of the union's salary committee, said his group is compiling information from the state and national union on its previous studies of merit pay plans.

After getting this information, he said, the committee will try to draw some conclusions.

"Generally speaking," said Fearis, "I do not think we will be very much in favor of it. The union has been pretty much against it over the years."

Meanwhile, schools personnel officer Jean Wilcox has put together a report on merit pay plans in other districts throughout California and the nation for the benefit of Corona's committee.

## Passenger In Fatal Crash Still In Critical Condition

William Velasquez, 18, of Santa Rosa, passenger in a car that crashed on Highway 101 a mile north of San Rafael at 2:30 a.m. Saturday causing two deaths, was reported still in critical condition at Marin General Hospital today.

Velasquez suffered back and skull injuries in the crash that killed Ronald R. Lagier, 18, the driver, and Thomas C. White, 18, another passenger, both of Santa Rosa.

Geary Goodson, 18, of Windsor, Sonoma County, a fourth passenger in the car, who suffered a broken nose and facial cuts, was released from Marin General Hospital yesterday.

Lagier's car smashed into a concrete abutment dividing the north and southbound lanes of the highway and then was struck by a car driven by Stephen M. Houle, 21, of 409 Via Del Plano, Novato, the California Highway Patrol reported.

Lagier and Velasquez were thrown to the pavement by impact of the second crash, the CHP reported.

## Planners Change Zone Of Parcel In Black Point

The Marin County Planning Commission today voted to hold a 10-acre parcel at the western extension of Manzanita Avenue in Black Point to single-family development under a planned residential zone.

Before recommending the change from light industrial zoning, the commission heard Leland H. Jordan, attorney for owner Philip Rosenberg, argue that single-family homes will restrict proper planning and not allow the leeway possible under multiple zoning.

Under the single family zone recommended today, the owner could place 25 to 30 units on the property without lot lines. Grouping of the homes could be shifted to fit the terrain.

## Foot Slipped

Robin Vaugnne, 23, of 28 Circle Drive, Tiburon, was backing into a parking space at Caledonia and Bee streets in Sausalito Saturday when her foot slipped off the brake and jammed the gas pedal. The car shot forward and smashed the rear of a parked Sausalito police car. Damage was estimated at $500.

## Diligent Planting Giving The Crimea A Rosy Future

**One of a series of articles on a just-completed trip through Russia and India.**

**By BARBARA HOSMER**

Everything's coming up roses in the Crimea . . . Along the excellent highway winding through passes and across the mountainous coastal country often as not will be another planting of rose bushes, bearing pink or red blooms in season.

Beginning inland at Simferopol, a flat industrial and farming center which boasts the only airport on the Crimean Peninsula, and driving due south toward Yalta along the 60 miles of main road, the traveler passes through villages where factory or farm workers live and their children attend the small school houses. In the families' yards are roses as well as other flowers and some vegetable plants. Along the roadside are carefully spaced rose bushes.

As the pavement begins the climb over rocky and rugged terrain similar to California's familiar mountains, the rose planting areas become farther apart and afford a strange contrast to the now deep red soil that nurtures them.

Far above to the right huge acreages of grapes show red and yellow against deep blue skies, and the afternoon sun picks out the bright red kerchief of a woman working with her companions high up in the vineyards. Below to the left the fields drop away into deep, wooded canyons with trees showing their fall colors.

**THIS is the storied Crimean country of clear skies, warm**

## Annual Greens Sale Set For Week End

On Friday at 10 a.m. the decorations guild will open its 18th annual Christmas Greens Sale at the Marin Art and Garden Center in Ross. It will remain open until 9 p.m. on Friday but the hours on Saturday and Sunday will be from 10 a.m. to 5 p.m.

Its theme of "Christmas Around the World" will add a gay international atmosphere to be seen in the items offered for sale. Unusual creations from the most elegant formal French decor to the old-fashioned Pennsylvania Dutch Christmas tree, will be found to beautify the home.

Fresh greens "in the rough", table decorations, wreaths, kissing balls and other arrangements made of evergreen materials will be placed on the grounds immediately surrounding the workshops as well as the showroom. Orders for these items will be taken prior to the sale.

A new sparkling sugar plum tree with dozens of hand-made "fairy-land" decorations will delight adults as much as children and the ornaments may be purchased for individual trees at home.

The Pixie Parents, under the chairmanship of Mrs. Terry McIntire, will operate its gourmet Christmas Cupboard featuring homemade cakes, cookies and delicacies made from prized family recipes.

Mrs. J. Perke Stone, president of the decorations guild, with the assistance of her vice presidents, Mesdames William A. Millen and Arvi E. Backman, has acted as coordinator of the Greens Sale.

She has appointed the necessary chairmen: Mesdames R. L. Hibbett with co-chairman Mrs. John Corson Smith, workshop; C. R. Yopes, showroom decoration and pricing; Gene Baumgarten, outside decoration; R. M. Hohlt, with co-chairmen Mrs. Harold E. Bickerdike, sugar plum tree; Mrs. Henry E. Picard, corsage tree; Fred Sloat and Mrs. Richard A. Murphy, eucalyptus logs; Richard C. Young, posters; William A. Millen, staffing; and Arvi E. Backman, publicity.

Working with Mrs. Backman in making special items for the "Christmas Around the World" theme were Mesdames Irving Randall, Louis Leonetti, Winston Jones, R. L. Hibbett, Andre Claeys, William A. Millen, R. M. Hohlt, Eugene Lloyd, Fred Sloat, Peter P. Shubert, William A. Bugge, Maurice Jones and Thomas J. McWatters.

Profits from the decorations guild's Green Sale and all their activities during the year go to the Marin Art and Garden Center.

## Miss Weaver Is Married In Home Rite

A home wedding attended by family members and close friends united in marriage Bonnie Carol Weaver and Ronald R. Steffey at 3:30 p.m. Saturday in Belvedere.

A large reception at The Dock in Tiburon followed the simple ceremony at which Judge Herman van der Zee officiated.

Gowned in an ankle-length white lace wedding dress, with taffeta inserts, the bride wore a lace crown headdress, embroidered with seed pearls and a short veil.

Her only attendant was her maid of honor, Marcia Sheehan of Mill Valley. Marcia wore a green brocade frock and matching headdress.

David Hilton of Hayward was best man.

Bonnie's parents are Mr. and Mrs. Julian A. Weaver of Belvedere.

The bridegroom is the son of Mr. and Mrs. Raymond Steffey of San Lorenzo and the grandson of Mrs. Lucy Steffey of Oakland.

Ronald is a graduate of San Jose State College. He is the owner of the Alameda Optical Company.

Bonnie was graduated from Redwood High School. She is employed at a San Francisco savings and loan firm.

After a wedding trip to Lake Tahoe, the couple will make their home in Oakland.

## Catherine Purcell Becomes Bride Of Allen Ralph Howe

Catherine Woods Purcell, who has just returned to Mill Valley from a trip around the world, became the bride of Allen Ralph Howe of San Francisco Saturday afternoon at St. Paul's Church in San Rafael.

The double ring ceremony performed at 4 o'clock by the Rev. John D. Riley was followed by a reception in the parish hall.

Given in marriage by her father, the bride, who is the daughter of Capt. and Mrs. James G. Purcell of Mill Valley, recited her vows wearing a full length gown of white peau de soie with appliques of organdy daisies. It was the same dress worn at their weddings by her two sisters, Mrs. Raymond De Vita of San Anselmo and Mrs. George Bryson of North Highlands, who were bridesmaids.

Maid of honor was Maureen Callon of San Rafael. All wore full length gowns of blue peau de soie fashioned on slim lines with the dress of the maid of honor in a deeper shade of blue.

The bride's 9-year-old niece, Jane Purcell of North Highlands, was the flower girl. She wore a very pale blue peau de soie dress with white satin.

The bridegroom, who is the son of Mr. and Mrs. L. D. Howe of Cincinnati, Ohio, was served as best man by his cousin, Gary Howe of Los Gatos. Showing guests to their seats were John Terrill of San Francisco, Raymond De Vita of San Anselmo and the bride's brother, Laurence Purcell of Mill Valley. She has another brother, F. M. Purcell of North Highlands.

The new Mrs. Howe is a graduate of San Jose State College and is now in the training program to become a buyer at the Emporium in San Francisco.

Her husband was educated in Cincinnati and is employed as a general service manager with a San Francisco firm. The couple will live in San Francisco.

# Supervisors Plan Session On Traffic

Marin County supervisors tomorrow will try to come to grips with the ever-growing traffic problem.

The board session will open at the Civic Center at 9 a.m. as a meeting of the Marin County Transit District.

First on the agenda is a report on the meeting Wednesday with representatives of the San Francisco Board of Supervisors and Golden Gate Bridge and Highway District Board. Ferry boat restoration was discussed with enthusiasm at that session.

The Marin Transit District is also slated to discuss what its next steps should be in coming up with a solution of traffic problems.

Also on tomorrow's long agenda will be further discussion on the future of the Marin County Personnel Commission. County Administrator Alan Bruce will counter protests from the personnel commission on the commission role as an appeals board that Bruce suggested.

The commission wants a stronger hand in policy decisions. Bruce says that this view is based on "obslete concepts and dead issues."

The last business of the day will be a closed session to discuss the position of assistant county administrator for business development.

Bruce has candidates in mind with various abilities and wants further guidance from supervisors on what is expected from the newly created post before making a recommendation. He does not expect to make a recommendation tomorrow.

## Parents Seek Toys For Young Retarded

The parents of 90 mentally retarded children at Sonoma State Hospital have organized Project Bouncing Ball, a fund-raising effort aimed at buying large balls and other appropriate toys for Christmas for youngsters at the hospital.

## Police Charge Fairfax Man In Morals Offense

James LeRoy Russell, 30, of 287 Bolinas Road, Fairfax, was arrested and booked Friday on a child molesting charge after an off-duty San Anselmo policeman noticed that his car matched the description given by a San Anselmo girl and two Ross girls.

He was held without bail in Marin County Jail because of a possible additional charge of violation of probation.

According to San Anselmo police, Officer Robert White, on his way home from work but still in uniform, spotted the car. On Nov. 30 an 8-year-old San Anselmo girl told her mother a man picked her up near her home in the morning, drove her to Bolinas Road, in Ross, and molested her.

**ASSEMBLING DECORATIONS** for the annual Hannukah Ball to be held on Saturday are wives of the Men's Club, from left, Mesdames Norman Cypers, one of the co-chairmen for the event, Gordon Littman and Alvin Siegel.

# Wives Will Assist With Hannukah Ball

**The annual Hannukah Ball will be sponsored by the members of the Men's Club of Congregation Rodef Sholom, assisted by their wives on Saturday at the temple social hall in Santa Venetia for members and their friends.**

**A social hour from 7:30 p.m. will precede a buffet dinner at 8:30 which will feature "latkes," the traditional potato pancake associated with the holiday, as well as prime rib roast. A ten-piece orchestra will play for dancing following the dinner which is the social event of the year for the group.**

**Decorations, under the co-chairmanship of Maj. and Mrs. Robert Miller and Mr. and Mrs. Alvin Siegal, will also be in keeping with the Hannukah theme.**

The holiday is a celebration of the victory of the ancient Hebrews and their leader, Judah Macabee, over the Assyrians who had destroyed the temple in Jerusalem. Judah reclaimed the temple and rededicated it. The story is told that only enough oil for one day was found for the eternal light which was rekindled in the sanctuary of the temple. It took eight days to prepare a new supply, and the lamp continued to burn for the eight days.

Jews since then observe the anniversary of the victory and miracle of the lights by lighting candles for eight consecutive nights in a special holder called a menorah.

General co-chairmen for the event are Mr. and Mrs. Norman Cypers and Mr. and Mrs. Philip Landa, working with Melvin Berman, president of the Men's Club.

Mr. and Mrs. Irving Millstein and Mr. and Mrs. Dennis Sakson are reservations and ticket chairmen. Publicity is being handled by Mel Warrenback with Mr. and Mrs. Herschel Lurie and Mr. and Mrs. Norman Kemp in charge of refreshments.

### Just Add 'Cheer'

Here's how you can add "cheer" to the punch table this holiday season. Circle the small round or square table, covered with red or gold-colored tablecloth, with variegated holly. Place a sprig of holly and a white carnation in four or five of the cups that surround the punchbowl.

# SEEING THE SOVIET

Continued from page 13

**sunshine and bracing air off the Black Sea where Russians flock to breathe in the atmosphere and dip in the salty waters at a string of coastal resorts. Bright red and blue flowers bloom the year around here, one of the few areas in the vast USSR that escape the icy blasts of winter, and thus Black Sea resorts are extolled by the Soviet citizenry as a sort of paradise.**

To a Californian the coastal area could be the edge of the Pacific below San Luis Obispo or Santa Babara, with its semi-tropical foliage and intense color. A high ridge of rock rises above the more-rounded hillsides covered with pine forest and vineyards which make up the state farms producing the notable Crimean wines and champagne popular on the Soviet tables. Some of the rocks have fanciful shapes and are called Bear Mountain and Koshka (the cat), with the tallest, Mount St. Peter, white above the blue-green sea.

Here and there a truck has pulled off the highway and trousered, booted women in kerchiefs wield shovels along with men, making low rock walls and road improvements. An occasional few are seated on the roadside, talking quietly, or perhaps just contemplating the glory of labor . . .

A surprising note is struck in this countified atmosphere by the overhead wire of the trolley bus which runs the entire 60-mile distance from Simferopol into Yalta and is the main transportation for about one and a half million Russian workers and farmers and their families who come to the Crimea each year to improve their health or vacation, hike, sea-bathe and attend the movies or theater. The Young Pioneers have their own camp and modern resort several miles from Yalta and carry on vigorous hiking and recreation programs.

**HEALTH IS THE BIG emphasis, and, set among the dark pines and cypress, the sanitoria show white against the hillsides. Inside people are treated for various illnesses, some stemming from the harsh climate of the northern and eastern republics, and much surgery is done in these Crimean sanitoria. Recuperation is achieved in the palatial resorts, largely built as villas by Russian princes before the 1917 revolution, following the lead of the Czar, who put his summer residence at Livadia in 1860. This is the Italian styled villa where the Yalta conference was held by Churchill, Roosevelt and Stalin in 1945, now a sanitorium surrounded by sub-tropical gardens above the sea. Across the court from the Big Three conference room is the private chapel of the Czar, the bland, glassy screen of a television set positioned where the altar once stood.**

Both the sanitoria and plain resorts are run by trade unions, whose members get most of the vouchers free or at a discount for a Black Sea vacation. Workers and students must pass a medical examination and then receive vouchers for the proper resorts. A visitor is told that as a rule people pay only a third of the cost, the trade union footing the rest.

The first public sanitorium was initiated by dramatist Anton Chekhov and seconded by Maxim Gorky in 1903. Both writers produced some of their greatest works while living nearby for reasons of health. Gorky lived at Nura Villa near Miskhor, just beyond the medieval-styled Swallow's Nest built on a crag high above the sea, and here he wrote his famous play, "The Lower Depths" in 1901-1902.

The two-story house of white stucco with tile roof where Chekhov in failing health spent the latter years of his life, from 1899 to 1904, is preserved with the rooms just as they were in the days when he wrote his famous plays, "The Cherry Orchard" and "The Three Sisters." During these years in the Crimea Chekhov was often visited by the greats of the Russian cultural and art world — Gorky, Rachmaninoff, Chaliapin and Stanislavsky included. The town library and theater are named for the playwright. And some 80 years earlier Pushkin had been inspired by the Crimean scenery in several of his poems.

**TODAY THE YALTA area is a botanical bonanza for the visitor, with some 1,600 rose varieties in the 150-year-old Nikitsky Botanical Garden, and here scientists are evolving new fruits and industrial plants.**

Men, women and some youngsters stroll the walks on the stone embankment just above the Black Sea, while below on the narrow gravel strips of beach the hardy take a dip or stretch on towels to display large expanses of pale flesh to the sun. Large morning glory-shaped plastic sunshades covered park benches where the middle-aged enjoy the passing scene. Off the waterfront of the town a double-stack cruise ship stands white against the blues of sea and sky, and the entire atmosphere is geared to serenity and rest.

## Diligent Planting Giving The Crimea A Rosy Future

**One of a series of articles on a just-completed trip through Russia and India.**

**By BARBARA HOSMER**

Everything's coming up roses in the Crimea . . . Along the excellent highway winding through passes and across the mountainous coastal country often as not will be another planting of rose bushes, bearing pink or red blooms in season.

Beginning inland at Simferopol, a flat industrial and farming center which boasts the only airport on the Crimean Peninsula, and driving due south toward Yalta along the 60 miles of main road, the traveler passes through villages where factory or farm workers live and their children attend the small school houses. In the families' yards are roses as well as other flowers and some vegetable plants. Along the roadside are carefully spaced rose bushes.

As the pavement begins the climb over rocky and rugged terrain similar to California's familiar mountains, the rose planting areas become farther apart and afford a strange contrast to the now deep red soil that nurtures them.

Far above to the right huge acreages of grapes show red and yellow against deep blue skies, and the afternoon sun picks out the bright red kerchief of a woman working with her companions high up in the vineyards. Below to the left the fields drop away into deep, wooded canyons with trees showing their fall colors.

**THIS is the storied Crimean country of clear skies, warm**

## Annual Greens Sale Set For Week End

On Friday at 10 a.m. the decorations guild will open its 18th annual Christmas Greens Sale at the Marin Art and Garden Center in Ross. It will remain open until 9 p.m. on Friday but the hours on Saturday and Sunday will be from 10 a.m. to 5 p.m.

Its theme of "Christmas Around the World" will add a gay international atmosphere to be seen in the items offered for sale. Unusual creations from the most elegant formal French decor to the old-fashioned Pennsylvania Dutch Christmas tree, will be found to beautify the home.

Fresh greens "in the rough", table decorations, wreaths, kissing balls and other arrangements made of evergreen materials will be placed on the grounds immediately surrounding the workshops as well as the showroom. Orders for these items will be taken prior to the sale.

A new sparkling sugar plum tree with dozens of hand-made "fairy-land" decorations will delight adults as much as children and the ornaments may be purchased for individual trees at home.

The Pixie Parents, under the chairmanship of Mrs. Terry McIntire, will operate its gourmet Christmas Cupboard featuring homemade cakes, cookies and delicacies made from prized family recipes.

Mrs. J. Perke Stone, president of the decorations guild, with the assistance of her vice presidents, Mesdames William A. Millen and Arvi E. Backman, has acted as coordinator of the Greens Sale.

She has appointed the necessary chairmen: Mesdames R. L. Hibbett with co-chairman Mrs. John Corson Smith, workshop; C. R. Yopes, showroom decoration and pricing; Gene Baumgarten, outside decoration; R. M. Hohlt, with co-chairmen Mrs. Harold E. Bickerdike, sugar plum tree; Mrs. Henry E. Picard, corsage tree; Fred Sloat and Mrs. Richard A. Murphy, eucalyptus logs; Richard C. Young, posters; William A. Millen, staffing; and Arvi E. Backman, publicity.

Working with Mrs. Backman in making special items for the "Christmas Around the World" theme were Mesdames Irving Randall, Louis Leonetti, Winston Jones, R. L. Hibbett, Andre Claeys, William A. Millen, R. M. Hohlt, Eugene Lloyd, Fred Sloat, Peter P. Shubert, William A. Bugge, Maurice Jones and Thomas J. McWatters.

Profits from the decorations guild's Green Sale and all their activities during the year go to the Marin Art and Garden Center.

## Miss Weaver Is Married In Home Rite

A home wedding attended by family members and close friends united in marriage Bonnie Carol Weaver and Ronald R. Steffey at 3:30 p.m. Saturday in Belvedere.

A large reception at The Dock in Tiburon followed the simple ceremony at which Judge Herman van der Zee officiated.

Gowned in an ankle-length white lace wedding dress, with taffeta inserts, the bride wore a lace crown headdress, embroidered with seed pearls and a short veil.

Her only attendant was her maid of honor, Marcia Sheehan of Mill Valley. Marcia wore a green brocade frock and matching headdress.

David Hilton of Hayward was best man.

Bonnie's parents are Mr. and Mrs. Julian A. Weaver of Belvedere.

The bridegroom is the son of Mr. and Mrs. Raymond Steffey of San Lorenzo and the grandson of Mrs. Lucy Steffey of Oakland.

Ronald is a graduate of San Jose State College. He is the owner of the Alameda Optical Company.

Bonnie was graduated from Redwood High School. She is employed at a San Francisco savings and loan firm.

After a wedding trip to Lake Tahoe, the couple will make their home in Oakland.

## Catherine Purcell Becomes Bride Of Allen Ralph Howe

Catherine Woods Purcell, who has just returned to Mill Valley from a trip around the world, became the bride of Allen Ralph Howe of San Francisco Saturday afternoon at St. Paul's Church in San Rafael.

The double ring ceremony performed at 4 o'clock by the Rev. John D. Riley was followed by a reception in the parish hall.

Given in marriage by her father, the bride, who is the daughter of Capt. and Mrs. James G. Purcell of Mill Valley, recited her vows wearing a full length gown of white peau de soie with appliques of organdy daisies. It was the same dress worn at their weddings by her two sisters, Mrs. Raymond De Vita of San Anselmo and Mrs. George Bryson of North Highlands, who were bridesmaids.

Maid of honor was Maureen Callon of San Rafael. All wore full length gowns of blue peau de soie fashioned on slim lines with the dress of the maid of honor in a deeper shade of blue.

The bride's 9-year-old niece, Jane Purcell of North Highlands, was the flower girl. She wore a very pale blue peau de soie dress with white satin.

The bridegroom, who is the son of Mr. and Mrs. L. D. Howe of Cincinnati, Ohio, was served as best man by his cousin, Gary Howe of Los Gatos. Showing guests to their seats were John Terrill of San Francisco, Raymond De Vita of San Anselmo and the bride's brother, Laurence Purcell of Mill Valley. She has another brother, F. M. Purcell of North Highlands.

The new Mrs. Howe is a graduate of San Jose State College and is now in the training program to become a buyer at the Emporium in San Francisco.

Her husband was educated in Cincinnati and is employed as a general service manager with a San Francisco firm. The couple will live in San Francisco.

# Flowering Plant Most Welcome Gift

Of all Christmas gifts, perhaps one of the most universally welcome is the flowering plant. When the weather is dreary and gloomy, a flowering plant adds brightness and a feeling of gaiety to any household.

One of the most popular Christmas plants is the poinsettia. Always beloved in flaming crimson, its varieties with pink or white blossoms are also gaining in popularity.

Heather, which the Scots believe lucky to both giver and the receiver, is widely available this time of year. Either purple or white flowered, its dainty little blossoms are long lasting.

Azaleas, too, are in profusion at florist shops. Many colors are to be found—a wide range of pinks and reds, delicate butterfly-like whites, pale yellows, and bright oranges. There is an azalea in the right color for any household decor and personal taste.

Cyclamen are another favorite. They bloom profusely and, even after their blossoms have faded, the heart-shaped leaves remain attractive in themselves.

One of the most entrancing of all the plants available for Christmas giving is the miniature orange tree. It is remarkably hardy and, interestingly, bears its sweet-scented, waxy flowers and its green and orange fruit at the same time! While the fruit is edible, the orange tree should be grown for its beauty not for its crop, since the fruit tends to be bitter and dry.

# Wives Will Assist With Hannukah Ball

The annual Hannukah Ball will be sponsored by the members of the Men's Club of Congregation Rodef Sholom, assisted by their wives on Saturday at the temple social hall in Santa Venetia for members and their friends.

A social hour from 7:30 p.m. will precede a buffet dinner at 8:30 which will feature "latkes," the traditional potato pancake associated with the holiday, as well as prime rib roast. A tenpiece orchestra will play for dancing following the dinner which is the social event of the year for the group.

Decorations, under the cochairmanship of Maj. and Mrs. Robert Miller and Mr. and Mrs. Alvin Siegal, will also be in keeping with the Hannukah theme.

The holiday is a celebration of the victory of the ancient Hebrews and their leader, Judah Macabee, over the Assyrians who had destroyed the temple in Jerusalem. Judah reclaimed the temple and rededicated it. The story is told that only enough oil for one day was found for the eternal light which was rekindled in the sanctuary of the temple. It took eight days to prepare a new supply, and the lamp continued to burn for the eight days.

Jews since then observe the anniversary of the victory and miracle of the lights by lighting candles for eight consecutive nights in a special holder called a menorah.

General co-chairmen for the event are Mr. and Mrs. Norman Cypers and Mr. and Mrs. Philip Landa, working with Melvin Berman, president of the Men's Club.

Mr. and Mrs. Irving Millstein and Mr. and Mrs. Dennis Sakson are reservations and ticket chairmen. Publicity is being handled by Mel Warrenback with Mr. and Mrs. Herschel Lurie and Mr. and Mrs. Norman Kemp in charge of refreshments.

## Just Add 'Cheer'

Here's how you can add "cheer" to the punch table this holiday season. Circle the small round or square table, covered with red or gold-colored tablecloth, with variegated holly. Place a sprig of holly and a white carnation in four or five of the cups that surround the punchbowl.

# SEEING THE SOVIET

Continued from page 13

**sunshine and bracing air off the Black Sea where Russians flock to breathe in the atmosphere and dip in the salty waters at a string of coastal resorts. Bright red and blue flowers bloom the year around here, one of the few areas in the vast USSR that escape the icy blasts of winter, and thus Black Sea resorts are extolled by the Soviet citizenry as a sort of paradise.**

To a Californian the coastal area could be the edge of the Pacific below San Luis Obispo or Santa Babara, with its semitropical foliage and intense color. A high ridge of rock rises above the more-rounded hillsides covered with pine forest and vineyards which make up the state farms producing the notable Crimean wines and champagne popular on the Soviet tables. Some of the rocks have fanciful shapes and are called Bear Mountain and Koshka (the cat), with the tallest, Mount St. Peter, white above the bluegreen sea.

Here and there a truck has pulled off the highway and trousered, booted women in kerchiefs wield shovels along with men, making low rock walls and road improvements. An occasional few are seated on the roadside, talking quietly, or perhaps just contemplating the glory of labor . . .

A surprising note is struck in this countified atmosphere by the overhead wire of the trolley bus which runs the entire 60-mile distance from Simferopol into Yalta and is the main transportation for about one and a half million Russian workers and farmers and their families who come to the Crimea each year to improve their health or vacation, hike, sea-bathe and attend the movies or theater. The Young Pioneers have their own camp and modern resort several miles from Yalta and carry on vigorous hiking and recreation programs.

**HEALTH IS THE BIG emphasis, and, set among the dark pines and cypress, the sanitoria show white against the hillsides. Inside people are treated for various illnesses, some stemming from the harsh climate of the northern and eastern republics, and much surgery is done in these Crimean sanitoria. Recuperation is achieved in the palatial resorts, largely built as villas by Russian princes before the 1917 revolution, following the lead of the Czar, who put his summer residence at Livadia in 1860. This is the Italian styled villa where the Yalta conference was held by Churchill, Roosevelt and Stalin in 1945, now a sanitorium surrounded by subtropical gardens above the sea. Across the court from the Big Three conference room is the private chapel of the Czar, the bland, glassy screen of a television set positioned where the altar once stood.**

Both the sanitoria and plain resorts are run by trade unions, whose members get most of the vouchers free or at a discount for a Black Sea vacation. Workers and students must pass a medical examination and then receive vouchers for the proper resorts. A visitor is told that as a rule people pay only a third of the cost, the trade union footing the rest.

The first public sanitorium was initiated by dramatist Anton Chekhov and seconded by Maxim Gorky in 1903. Both writers produced some of their greatest works while living nearby for reasons of health. Gorky lived at Nura Villa near Miskhor, just beyond the medieval-styled Swallow's Nest built on a crag high above the sea, and here he wrote his famous play, "The Lower Depths" in 1901-1902.

The two-story house of white stucco with tile roof where Chekhov in failing health spent the latter years of his life, from 1899 to 1904, is preserved with the rooms just as they were in the days when he wrote his famous plays, "The Cherry Orchard" and "The Three Sisters." During these years in the Crimea Chekhov was often visited by the greats of the Russian cultural and art world — Gorky, Rachmaninoff, Chaliapin and Stanislavsky included. The town library and theater are named for the playwright. And some 80 years earlier Pushkin had been inspired by the Crimean scenery in several of his poems.

**TODAY THE YALTA area is a botanical bonanza for the visitor, with some 1,600 rose varieties in the 150-year-old Nikitsky Botanical Garden, and here scientists are evolving new fruits and industrial plants.**

Men, women and some youngsters stroll the walks on the stone embankment just above the Black Sea, while below on the narrow gravel strips of beach the hardy take a dip or stretch on towels to display large expanses of pale flesh to the sun. Large morning glory-shaped plastic sunshades covered park benches where the middle-aged enjoy the passing scene. Off the waterfront of the town a double-stack cruise ship stands white against the blues of sea and sky, and the entire atmosphere is geared to serenity and rest.

## Teacher Killed As Boys Escape

IONE (AP) — A State Youth Authority agricultural teacher is dead of head wounds inflicted by two escaping youths who wielded a lead pipe.

Police said the youths, captured Saturday in Santa Ana, have admitted the slaying.

James Welden, about 45, a teacher at the Preston School of Industry, died yesterday in a hospital in Stockton.

Officers reported he never regained consciousness after he was attacked Friday by William Dunlap of Modoc County and Robert Stalcup of Shasta County, both 17.

The pair fled an outside far work detail which was under Weiden's supervision, police said.

## Boy Kills Himself Playing With Pistol

RICHMOND (UPI) Police said a 10-year-old Richmond boy shot himself to death instantly yesterday while playing with a pistol at a neighbor's home.

Officers said Nathaniel Clay took a pistol from a bedroom bureau drawer and examined the weapon, which fired and struck him in the chest.

# Christmas Service Set At High School

The meaning of the holiday season to Christians and Jews alike will be expressed in San Rafael High School's Christmas program, "Avodath Hakodesh," or sacred service, at 3 p.m., Dec. 12 in the school gymnasium.

The concert will feature 175 students, members of the a capella choir, directed by Byron Jones, and the concert orchestra, conducted by Hugo Rinaldi.

Jones, a baritone, will deliver a cantor solo with the combined choir and orchestra. Other works scheduled are a Vivaldi concerto featuring senior Eden Vaning as violin soloist, and "Carnival of the Animals" by Saint-Saens with sophomore Paul Kent and and junior Patricia Sempell as piano soloists.

Dr. Dallas L. Wagner, president of the school's Parent-Teacher Assn., will deliver the sacred service's message, while foreign language teacher Adelaide Roberts will read verses by Ogden Nash.

# 'Amahl And Night Visitors' Planned At Peacock Gap

Gian-Carlo Menotti's opera, "Amahl and the Night Visitors," will be presented by the Peacock Gap Music Assn. on Dec. 19 at 4 p.m. at the Peacock Gap Country Club.

The performance will be the third in a series of six under direction of Sandor Salgo. Salgo has arranged to have the Lamplighters of San Francisco, well known light opera group, perform in the one-act opera.

Menotti, an Italian-born American, won the Pulitzer Prize for music in 1950 for "The Consul" and won it again in 1955 for "The Saint of Bleeker Street."

"Amahl and the Night Visitors," composed in 1951, is based on the Christmas story of the three wise men. Its source was his recollection of his own childhood in Italy, where the traditional Christmas gifts are brought by the three kings rather than Santa Claus.

Christmas favors made by Peacock Gap Music Assn. members will be given to children attending the performance.

# Woman Held In Restaurant Stabbing Fray

A San Francisco man was stabbed in the chest and a Richmond man and Marin City woman were arrested in a fight Saturday at the Oak Tree restaurant near Marin City.

Sheriff's officers were on their way to the restaurant, warned of trouble by owner Arthur Lee, but arrived too late to avoid the stabbing.

Treated for the knife wound, which punctured his chest wall, was Danny Milton, 23, who was treated at the University of California Medical Center in San Francisco.

Booked on a charge of assault with a deadly weapon was Dorothy Nell Miller, 23, of 69 Cole Drive, Apt. 21, Marin City. Deputies said she wielded a steak knife when Milton started an argument with her companion, Larry Simonton, 22, of Richmond.

Simonton was also booked, charged with damaging personal property, resisting arrest and disturbing the peace. His bail was set at $550, which he posted, agreeing to appear in Court for arraignment Tuesday.

Deputies said Simonton challenged them to a fight, argued and belittled officers.

Miss Miller remained in jail today in lieu of $1,650 bail.

## Slows For Truck, Then Pickup Hits

Jeannette I. Morris, 41, of Sacramento complained of neck and back pains after the car driven by her son, Russell K., 16, was struck from the rear on Shoreline Highway at 5:40 p.m. yesterday, the California Highway Patrol reported.

Young Morris was northbound three miles south of Olema when he slowed to allow a milk truck to turn right into Giacomini Ranch Road, the patrol said. His car was hit by a pickup truck driven by Joseph Ascierto, 32, of 316 Santa Margarita Drive, San Rafael. Mrs. Morris was to see her own doctor. Young Morris and Ascierto were unhurt.

# Meg Critic To Reject U.S. Check

LONDON (AP)—One of princess Margaret's most severe Pariamentary critics has received a check for $25 from a Californian who says he's happy to help foot the bill for her American tour.

Laborite William Hamilton, who attacked "royal extravagance" on Margaret's U.S. tour, said he would return the check to Paul Markham of Encino, Calif., and "tell him he has failed to see my point."

Markham wrote Hamilton that he felt honored by the visit Princess Margaret and Lord Snowden paid to America.

"Perhaps you are not aware that the main purpose of their trip was to make people here more aware of the many products — from fashion to hardware—that come to us from the British Empire. I doubt that you speak for the British people when you raise the question: "Who is going to pay for the trip?" I, for one, am enclosing a check for $25 and am sure that there are millions of people in the United States who would do the same."

## Meter Collector Plea Continued

Charles R. Herren, 61, San Rafael parking meter collector, charged with embezzling coins from meters, was arraigned in Marin Municipal Court Friday, then further proceedings continued until 1:30 p.m. next Friday for obtaining counsel and entering plea.

Herren, of 3 Bayview Street, San Rafael, was arrested after police found cigar boxes and sacks bulging with coins at his home. The 18-year employee of the city allegedly had been taking about $7 a day for the past year to save for his retirement, city officials said.

He is free on $1,100 bail.

MUSIC REVIEW

# Music Proves College Band Nearing Top

By MAYBELLE SPECKMANN

Last night's winter concert of the College of Marin Community Band proved that it is rapidly becoming a first-rate symphonic ensemble in its class.

Under direction of John H. Myers, the 62-instrument band tackled some of the most difficult music since its inception and brought it off with colors flying at nearly full staff.

Good acoustics of the new gymnasium and many powerful brass players produced some spine-tingling sonorities. Though the woodwinds were skillful and not timid, they were at times overwhelmed by the brilliant brasses. One realized how good they were mainly when the brasses were silent.

In the program of considerable musical substance, there were no banalities, though some selections were of pops level, such as the "Klaxon" march by Fillmore, "Gallaito" march by Lope and Souza's "Sound Off" march.

Of full concert stature were —"First Suite in E Flat" by Holst, "Toccata Marziale" by Vaughan Williams, and "Legend" by Creston.

Testing the mettle of the ensemble to the hilt in the toccata was the almost fugue-like dialogue between sections and even between groups of instruments in the same families—to the occasional detriment of intonation. And the abyrinthine rhythmic difficulties of "Legend" were admirably negotiated.

"Pieces of Eight" march by Jenkins and Neff was a surprise, being based on themes of Beethoven's Eighth Symphony.

The surging melodies of Wagner's "Trauersinfonie" gave the woodwinds the opportunity to be heard to advantage.

The lead trumpet, Paul Skvaril, by the way, was outstanding.

Seating of the players on risers backed partially by shells added much to the visual interest and acoustical focus.

## Belvedere Due Resolution On Viet Support

The Belvedere City Council, meeting at 8 p.m. today at the community center, will consider a resolution from the San Mateo City Council urging support for U.S. military forces fighting in Viet Nam.

The council will open bids on the $47,000 Beach Road project. The city plans to resurface the east side of Beach Road from come road to San Rafael Avenue and to reinforce the Beach Road retaining wall from San Rafael to Bayview Avenue.

Councilmen are expected to name a successor for Evan T. Pugh on the Marin County Mosquito Abatement District board. Pugh's term expires on Dec. 31.

The council will receive a proposed ordinance to require a permit from the city for and filling of the bay on city tidelands.

## Dean's List

Maeanne Jackson, daughter of Mr. and Mrs. R. D. Jackson, 16 Harte Avenue, San Rafael, has been named for honorable mention for the dean's honor roll at St. Mary of the Plains College, Dodge City, Kan., where she is a senior.

# Skies Clear Throughout The Nation

By ASSOCIATED PRESS

Mild weather prevailed across the country today, with temperatures as high as 90 recorded in California.

General temperatures the last few days have been well above normal. Yesterday afternoon, readings were in the 50s to the 70s in many parts of the country and freezing was confined to the northern tier of states.

After hitting 87 in Los Angeles Saturday, the temperature was in the lower 80s yesterday. Phoenix, Ariz., had 82; Miami, Fla., 80 and Fort Worth, Tex., 77.

And the climatology weather station at San Diego State College registered a reading of 90.

With the widespread sunshine came clear skies and dryness although some rain fell in the Pacific Northwest.

Heavy fog shrouded most of the Salt Lake basin and Central Valley of California yesterday. Air travel stopped through much of Northwestern Utah and Central California. Cars pulled off the roads as visibility narrowed toward the zero mark throughout the night and much of the morning.

By midday yesterday, the fog blanket had thinned in several areas, but the weather bureau said visibilities were expected to drop again.

## Colege Students Asked To Register

College of Marin students who have completed 31 or more units of college work and wish to register for the spring semester at the college should make an appointment with their advisors sometime between today and Dec. 17, the college has announced.

Students with fewer units will be seen by their counselors between Jan. 3 and 21. Spring semester classes begin Feb. 7.

DRAMA REVIEW

# College Production Is Quite A Howl

By KARL BARRON

In a program note to "The Servant of Two Masters," director James Dunn writes: "We do not want you to take us seriously tonight, we want you to open your imaginations and push the button that gets your laugh mechanism in gear."

Anyone whose mechanism isn't in gear after the first three minutes of Carlo Goldoni's farce as presented by the College of Marin drama department is badly in need of a new transmission. The uproarious comedia dell' arte piece will play again Thursday, Friday and Saturday at 8:30 p.m. in the college's little theater.

As in "Romeo and Juliet," Dunn has built a pace that never lets down, and has allowed his actors to use their inventiveness to the hilt. The result is hilarious—every second of it.

Roger Lane, as Truffaldino, the servant of the title, carries a tremendous work load and carries it like a veteran. By the end of the show, we are waiting breathlessly for his next fantastic fabrication of untruth, so well has he built the crafty character. Leaping, skipping, dancing, tiny beady eyes peering through his black mask, and expressive tongue at times lolling below the mask, Lane captivates the audience completely.

Four of the characters wear traditional masks, executed beautifully by Ronald Skolman. Costumes designed by Jan Stratton and Edward K. Schoon (who also did the setting) are eyefilling and authentic. The costume crew, headed by William Nelson, deserves credit for its fine construction work.

Also working behind a mask is Kent Kay as Pantalone. Kay is the young man whose Mercutio was so enchanting, and here shows his further talent as a creaky-voiced old man, desperately trying to marry off his daughter.

The daughter is played by Sylvia Scott, a tiny moppet who moves her way through what could be a routine ingenue, but in her hands turns into a whimsical travesty.

Her suitor, Silvio, almost steals the show as portrayed by Lawrie Driscoll. Again the character could be innocuously straight, and Driscoll seems to play him that way. It's just that things get in his way. He stumbles on stairs, again and again. Finally, watching the stair like an enemy, he plants his right foot without mishap, gives the audience a smug leer—and his left foot hooks on the step. When his sword gets hung up — but let's not give away too much.

The main theme is built around Beatrice, who is searching for Florindo, her lover. Beatrice, disguised as her dead brother, plays the entire show in a magnificent male costume, and Valice Harder brings a girlishly gruff voice to the part, swaggers, duels, kicks Truffaldino with delighted abandon, and radiates charm.

Seldom do we see timing in a college-age actor, such as David Dukes brings to Florindo. Whether ad-libbing to an unexpected audience response, delivering a Goldoni gag, or sweeping Miss Harder into a just-exaggerated embrace, Dukes' timing is flawless.

The maidservant, Smeraldina, takes us right back to the 18th Century in the person of Helen McDonald, who is as lusty a wench as any that graced the comedia companies of Goldoni's time.

Rounding out the excellent cast are James Land, Alex Scheremetow, and Paul Abbott.

# Flowering Plant Most Welcome Gift

Of all Christmas gifts, perhaps one of the most universally welcome is the flowering plant. When the weather is dreary and gloomy, a flowering plant adds brightness and a feeling of gaiety to any household.

One of the most popular Christmas plants is the poinsettia. Always beloved in flaming crimson, its varieties with pink or white blossoms are also gaining in popularity.

Heather, which the Scots believe lucky to both giver and the receiver, is widely available this time of year. Either purple or white flowered, its dainty little blossoms are long lasting.

Azaleas, too, are in profusion at florist shops. Many colors are to be found—a wide range of pinks and reds, delicate butterfly-like whites, pale yellows, and bright oranges. There is an azalea in the right color for any household decor and personal taste.

Cyclamen are another favorite. They bloom profusely and, even after their blossoms have faded, the heart-shaped leaves remain attractive in themselves.

One of the most entrancing of all the plants available for Christmas giving is the miniature orange tree. It is remarkably hardy and, interestingly, bears its sweet-scented, waxy flowers and its green and orange fruit at the same time! While the fruit is edible, the orange tree should be grown for its beauty not for its crop, since the fruit tends to be bitter and dry.

# San Rafael Parking Ideas On Agenda

San Rafael city councilmen tonight will receive traffic and parking problems in the city's new system of one-way streets.

The council will meet at 8 p.m. Recommendations, to be made by the council's traffic committee, are:

A parking ban between 4 and 6 p.m. on Irwin Street from Fourth Street to Belle Avenue and on Belle from Irwin to the northbound Highway 101 on-ramp.

Two hour parking on the west side of Brooks Street between Second and Third streets and on the north side of Second from A Street to Lincoln Avenue.

That Brooks be made one-way southbound from Third to Second.

Councilmen will hear a request of the Dominican Convent for the city to build drainage facilities at the intersection of Magnolia and Palm Avenues.

The convent has agreed to share in the expected $18,500 cost, but Dominican officials have not yet said how much they feel their share should be.

Contract for construction of the city's fifth fire station may also be awarded at the meeting. Bids were opened yesterday.

Also scheduled is final passage of an ordinance prohibiting motorists from staying in parking stalls longer than the time specified on the meters unless a car is moved more than 20 feet from the space before returning to it.

## Gas Station On Agenda

San Anselmo Planning Commission, meeting at 8 p.m. today in city hall, will consider an application by Shell Oil Co. to construct a service station on the southern side of Sir Francis Drake Boulevard, between Madrone and Bell Vista avenues.

Commissioners will also continue their discussion of the downtown center plan for San Anselmo, with emphasis on the selection of a route for a street to replace San Anselmo Avenue as major thoroughfare.

They will also hear a request by Charles L. Mohun of 19 Fern Lane that he be allowed to exceed the four-foot limit on front yard fences by two feet.

# Fairfax Area Storm Drain Nearly Ready

A $29,000 culvert-widening project expected to stop flooding in the Marinda Drive area of Fairfax is now two weeks short of completion, City Administrator David J. Sumbardo said today.

The culvert carries storm water from Marinda Oaks to the creek and trouble was occurring where a developer's 30-foot conduit met the city's present 18-foot culvert.

Plans for this widening were intended originally to be part of an over-all study of the city's storm drainage system to be included in the general plan for the area scheduled to start next year.

But the city council dropped the study from the general plan after Sumbardo reported that its cost would take the master plan over the limit qualifying it for a federal grant.

The federal government came through with a grant for the general plan—minus the drainage study—earlier this week.

Work on the Marinda Drive culvert, involving the digging up of one lane of Sir Francis Drake Boulevard west of Fairfax, started about three weeks ago and will be completed, weather permitting, in 12 working days.

## Teacher Killed As Boys Escape

IONE (AP) — A State Youth Authority agricultural teacher is dead of head wounds inflicted by two escaping youths who wielded a lead pipe.

Police said the youths, captured Saturday in Santa Ana, have admitted the slaying.

James Welden, about 45, a teacher at the Preston School of Industry, died yesterday in a hospital in Stockton.

Officers reported he never regained consciousness after he was attacked Friday by William Dunlap of Modoc County and Robert Stalcup of Shasta County, both 17.

The pair fled an outside far work detail which was under Weiden's supervision, police said.

## Boy Kills Himself Playing With Pistol

RICHMOND (UPI)Police said a 10-year-old Richmond boy shot himself to death instantly yesterday while playing with a pistol at a neighbor's home.

Officers said Nathaniel Clay took a pistol from a bedroom bureau drawer and examined the weapon, which fired and struck him in the chest.

# Christmas Service Set At High School

The meaning of the holiday season to Christians and Jews alike will be expressed in San Rafael High School's Christmas program, "Avodath Hakodesh," or sacred service, at 3 p.m., Dec. 12 in the school gymnasium.

The concert will feature 175 students, members of the a capella choir, directed by Byron Jones, and the concert orchestra, conducted by Hugo Rinaldi.

Jones, a baritone, will deliver a cantor solo with the combined choir and orchestra. Other works scheduled are a Vivaldi concerto featuring senior Eden Vaning as violin soloist, and "Carnival of the Animals" by Saint-Saens with sophomore Paul Kent and and junior Patricia Sempell as piano soloists.

Dr. Dallas L. Wagner, president of the school's Parent-Teacher Assn., will deliver the sacred service's message, while foreign language teacher Adelaide Roberts will read verses by Ogden Nash.

# 'Amahl And Night Visitors' Planned At Peacock Gap

Gian-Carlo Menotti's opera, "Amahl and the Night Visitors," will be presented by the Peacock Gap Music Assn. on Dec. 19 at 4 p.m. at the Peacock Gap Country Club.

The performance will be the third in a series of six under direction of Sandor Salgo. Salgo has arranged to have the Lamplighters of San Francisco, well known light opera group, perform in the one-act opera.

Menotti, an Italian-born American, won the Pulitzer Prize for music in 1950 for "The Consul" and won it again in 1955 for "The Saint of Bleeker Street."

"Amahl and the Night Visitors," composed in 1951, is based on the Christmas story of the three wise men. Its source was his recollection of his own childhood in Italy, where the traditional Christmas gifts are brought by the three kings rather than Santa Claus.

Christmas favors made by Peacock Gap Music Assn. members will be given to children attending the performance.

# Woman Held In Restaurant Stabbing Fray

A San Francisco man was stabbed in the chest and a Richmond man and Marin City woman were arrested in a fight Saturday at the Oak Tree restaurant near Marin City.

Sheriff's officers were on their way to the restaurant, warned of trouble by owner Arthur Lee, but arrived too late to avoid the stabbing.

Treated for the knife wound, which punctured his chest wall, was Danny Milton, 23, who was treated at the University of California Medical Center in San Francisco.

Booked on a charge of assault with a deadly weapon was Dorothy Nell Miller, 23, of 69 Cole Drive, Apt. 21, Marin City. Deputies said she wielded a steak knife when Milton started an argument with her companion, Larry Simonton, 22, of Richmond.

Simonton was also booked, charged with damaging personal property, resisting arrest and disturbing the peace. His bail was set at $550, which he posted, agreeing to appear in Court for arraignment Tuesday.

Deputies said Simonton challenged them to a fight, argued and belittled officers.

Miss Miller remained in jail today in lieu of $1,650 bail.

## Slows For Truck, Then Pickup Hits

Jeannette I. Morris, 41, of Sacramento complained of neck and back pains after the car driven by her son, Russell K., 16, was struck from the rear on Shoreline Highway at 5:40 p.m. yesterday, the California Highway Patrol reported.

Young Morris was northbound three miles south of Olema when he slowed to allow a milk truck to turn right into Giacomini Ranch Road, the patrol said. His car was hit by a pickup truck driven by Joseph Ascierto, 32, of 316 Santa Margarita Drive, San Rafael. Mrs. Morris was to see her own doctor. Young Morris and Ascierto were unhurt.

# Meg Critic To Reject U.S. Check

LONDON (AP)—One of princess Margaret's most severe Pariamentary critics has received a check for $25 from a Californian who says he's happy to help foot the bill for her American tour.

Laborite William Hamilton, who attacked "royal extravagance" on Margaret's U.S. tour, said he would return the check to Paul Markham of Encino, Calif., and "tell him he has failed to see my point."

Markham wrote Hamilton that he felt honored by the visit Princess Margaret and Lord Snowden paid to America.

"Perhaps you are not aware that the main purpose of their trip was to make people here more aware of the many products — from fashion to hardware—that come to us from the British Empire. I doubt that you speak for the British people when you raise the question: "Who is going to pay for the trip?" I, for one, am enclosing a check for $25 and am sure that there are millions of people in the United States who would do the same."

## Meter Collector Plea Continued

Charles R. Herren, 61, San Rafael parking meter collector, charged with embezzling coins from meters, was arraigned in Marin Municipal Court Friday, then further proceedings continued until 1:30 p.m. next Friday for obtaining counsel and entering plea.

Herren, of 3 Bayview Street, San Rafael, was arrested after police found cigar boxes and sacks bulging with coins at his home. The 18-year employee of the city allegedly had been taking about $7 a day for the past year to save for his retirement, city officials said.

He is free on $1,100 bail.

MUSIC REVIEW

# Music Proves College Band Nearing Top

By MAYBELLE SPECKMANN

Last night's winter concert of the College of Marin Community Band proved that it is rapidly becoming a first-rate symphonic ensemble in its class.

Under direction of John H. Myers, the 62-instrument band tackled some of the most difficult music since its inception and brought it off with colors flying at nearly full staff.

Good acoustics of the new gymnasium and many powerful brass players produced some spine-tingling sonorities. Though the woodwinds were skillful and not timid, they were at times overwhelmed by the brilliant brasses. One realized how good they were mainly when the brasses were silent.

In the program of considerable musical substance, there were no banalities, though some selections were of pops level, such as the "Klaxon" march by Fillmore, "Gallaito" march by Lope and Souza's "Sound Off" march.

Of full concert stature were —"First Suite in E Flat" by Holst, "Toccata Marziale" by Vaughan Williams, and "Legend" by Creston.

Testing the mettle of the ensemble to the hilt in the toccata was the almost fugue-like dialogue between sections and even between groups of instruments in the same families—to the occasional detriment of intonation. And the abyrinthine rhythmic difficulties of "Legend" were admirably negotiated.

"Pieces of Eight" march by Jenkins and Neff was a surprise, being based on themes of Beethoven's Eighth Symphony.

The surging melodies of Wagner's "Trauersinfonie" gave the woodwinds the opportunity to be heard to advantage.

The lead trumpet, Paul Skvaril, by the way, was outstanding.

Seating of the players on risers backed partially by shells added much to the visual interest and acoustical focus.

## Belvedere Due Resolution On Viet Support

The Belvedere City Council, meeting at 8 p.m. today at the community center, will consider a resolution from the San Mateo City Council urging support for U.S. military forces fighting in Viet Nam.

The council will open bids on the $47,000 Beach Road project. The city plans to resurface the east side of Beach Road from come road to San Rafael Avenue and to reinforce the Beach Road retaining wall from San Rafael to Bayview Avenue.

Councilmen are expected to name a successor for Evan T. Pugh on the Marin County Mosquito Abatement District board. Pugh's term expires on Dec. 31.

The council will receive a proposed ordinance to require a permit from the city for and filling of the bay on city tidelands.

## Dean's List

Maeanne Jackson, daughter of Mr. and Mrs. R. D. Jackson, 16 Harte Avenue, San Rafael, has been named for honorable mention for the dean's honor roll at St. Mary of the Plains College, Dodge City, Kan., where she is a senior.

QUARTET LEADER—Robert D. Johnson, national director of musical activities of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, will meet with the Marin chapter of the SPEBSQSA at 8 p.m. tomorrow at the Carriage House of the San Rafael Elks Club.

# Skies Clear Throughout The Nation

By ASSOCIATED PRESS

Mild weather prevailed across the country today, with temperatures as high as 90 recorded in California.

General temperatures the last few days have been well above normal. Yesterday afternoon, readings were in the 50s to the 70s in many parts of the country and freezing was confined to the northern tier of states.

After hitting 87 in Los Angeles Saturday, the temperature was in the lower 80s yesterday. Phoenix, Ariz., had 82; Miami, Fla., 80 and Fort Worth, Tex., 77.

And the climatology weather station at San Diego State College registered a reading of 90.

With the widespread sunshine came clear skies and dryness although some rain fell in the Pacific Northwest.

Heavy fog shrouded most of the Salt Lake basin and Central Valley of California yesterday. Air travel stopped through much of Northwestern Utah and Central California. Cars pulled off the roads as visibility narrowed toward the zero mark throughout the night and much of the morning.

By midday yesterday, the fog blanket had thinned in several areas, but the weather bureau said visibilities were expected to drop again.

## Colege Students Asked To Register

College of Marin students who have completed 31 or more units of college work and wish to register for the spring semester at the college should make an appointment with their advisors sometime between today and Dec. 17, the college has announced.

Students with fewer units will be seen by their counselors between Jan. 3 and 21. Spring semester classes begin Feb. 7.

DRAMA REVIEW

# College Production Is Quite A Howl

By KARL BARRON

In a program note to "The Servant of Two Masters," director James Dunn writes: "We do not want you to take us seriously tonight, we want you to open your imaginations and push the button that gets your laugh mechanism in gear."

Anyone whose mechanism isn't in gear after the first three minutes of Carlo Goldoni's farce as presented by the College of Marin drama department is badly in need of a new transmission. The uproarious comedia dell' arte piece will play again Thursday, Friday and Saturday at 8:30 p.m. in the college's little theater.

As in "Romeo and Juliet," Dunn has built a pace that never lets down, and has allowed his actors to use their inventiveness to the hilt. The result is hilarious—every second of it.

Roger Lane, as Truffaldino, the servant of the title, carries a tremendous work load and carries it like a veteran. By the end of the show, we are waiting breathlessly for his next fantastic fabrication of untruth, so well has he built the crafty character. Leaping, skipping, dancing, tiny beady eyes peering through his black mask, and expressive tongue at times lolling below the mask, Lane captivates the audience completely.

Four of the characters wear traditional masks, executed beautifully by Ronald Skolman. Costumes designed by Jan Stratton and Edward K. Schoon (who also did the setting) are eye-filling and authentic. The costume crew, headed by William Nelson, deserves credit for its fine construction work.

Also working behind a mask is Kent Kay as Pantalone. Kay is the young man whose Mercutio was so enchanting, and here shows his further talent as a creaky-voiced old man, desperately trying to marry off his daughter.

The daughter is played by Sylvia Scott, a tiny moppet who moves her way through what could be a routine ingenue, but in her hands turns into a whimsical travesty.

Her suitor, Silvio, almost steals the show as portrayed by Lawrie Driscoll. Again the character could be innocuously straight, and Driscoll seems to play him that way. It's just that things get in his way. He stumbles on stairs, again and again. Finally, watching the stair like an enemy, he plants his right foot without mishap, gives the audience a smug leer—and his left foot hooks on the step. When his sword gets hung up — but let's not give away too much.

The main theme is built around Beatrice, who is searching for Florindo, her lover. Beatrice, disguised as her dead brother, plays the entire show in a magnificent male costume, and Valice Harder brings a girlishly gruff voice to the part, swaggers, duels, kicks Truffaldino with delighted abandon, and radiates charm.

Seldom do we see timing in a college-age actor, such as David Dukes brings to Florindo. Whether ad-libbing to an unexpected audience response, delivering a Goldoni gag, or sweeping Miss Harder into a just-exaggerated embrace, Dukes' timing is flawless.

The maidservant, Smeraldina, takes us right back to the 18th Century in the person of Helen McDonald, who is as lusty a wench as any that graced the comedia companies of Goldoni's time.

Rounding out the excellent cast are James Land, Alex Scheremetow, and Paul Abbott.

# Action To Be Asked On Arks, Houseboats

Marin County supervisors will be asked tomorrow to authorize court action, if necessary, to get arks, houseboats, piers, barges, floats and other obstructions removed from the water-covered but public streets of Waldo Point.

The area stretches from Petaluma Avenue to Railroad Avenue and involves about 70 different obstructions, County Counsel Douglas J. Maloney reported.

If the board authorizes action, all owners will be notified. Owners who refuse to comply will be taken to municipal court with the intention of getting an order to vacate, Maloney explained.

In several cases, the house boat or ark needs only to be moved a few feet to get it off the public right-of-way. In other cases, however, a substantial move will be necessary.

Maloney said the action is a prelude to his office's work in bringing all tideland structures up to building code.

"We would not want to make some owner spend a lot of money bringing his home into compliance with the electrical code and then tell him he must move," Maloney said.

# Here Are Tips For Keeping Holiday Free Of Tree Fires

Thinking of decorating the Christmas tree? Go easy on the colored lights and keep the tree away from heat sources if it is not intended to become a burned offering, advises Dr. Carolyn B. Albrecht, Marin County health officer.

She gives these tips to keep the Yuletide season fire-free:

Select a tree which is treated with a fire-resistant coating. If it is a live one, keep water around the base of the tree at all times.

Switch off the tree lights, whenever the house is empty and frequently check the needles of the tree around light bulbs. If they are brown, relocate the lights.

Be sure all toys and gifts given to children are incapable of causing fire, explosion or electric shock. They should not have sharp edges or contain poisonous materials such as lead paint.

# Utility District Plans To Film All Records

Directors of the Bolinas Public Utility District last night agreed to microfilm all records and to buy a reader for the microfilm.

They also voted to ask Asst. County Counsel Richard V. Godino to help write a warning about littering the area to be mailed with water bills. The group also had an informal discussion on possible merits of merging the district with the Bolinas Beach Public Utility District.

# San Rafael Parking Ideas On Agenda

San Rafael city councilmen tonight will receive traffic and parking problems in the city's new system of one-way streets.

The council will meet at 8 p.m. Recommendations, to be made by the council's traffic committee, are:

A parking ban between 4 and 6 p.m. on Irwin Street from Fourth Street to Belle Avenue and on Belle from Irwin to the northbound Highway 101 on-ramp.

Two hour parking on the west side of Brooks Street between Second and Third streets and on the north side of Second from A Street to Lincoln Avenue.

That Brooks be made one-way southbound from Third to Second.

Councilmen will hear a request of the Dominican Convent for the city to build drainage facilities at the intersection of Magnolia and Palm Avenues.

The convent has agreed to share in the expected $18,500 cost, but Dominican officials have not yet said how much they feel their share should be.

Contract for construction of the city's fifth fire station may also be awarded at the meeting. Bids were opened yesterday.

Also scheduled is final passage of an ordinance prohibiting motorists from staying in parking stalls longer than the time specified on the meters unless a car is moved more than 20 feet from the space before returning to it.

## Gas Station On Agenda

San Anselmo Planning Commission, meeting at 8 p.m. today in city hall, will consider an application by Shell Oil Co. to construct a service station on the southern side of Sir Francis Drake Boulevard, between Madrone and Bell Vista avenues.

Commissioners will also continue their discussion of the downtown center plan for San Anselmo, with emphasis on the selection of a route for a street to replace San Anselmo Avenue as major thoroughfare.

They will also hear a request by Charles L. Mohun of 19 Fern Lane that he be allowed to exceed the four-foot limit on front yard fences by two feet.

# Fairfax Area Storm Drain Nearly Ready

A $29,000 culvert-widening project expected to stop flooding in the Marinda Drive area of Fairfax is now two weeks short of completion, City Administrator David J. Sumbardo said today.

The culvert carries storm water from Marinda Oaks to the creek and trouble was occurring where a developer's 30-foot conduit met the city's present 18-foot culvert.

Plans for this widening were intended originally to be part of an over-all study of the city's storm drainage system to be included in the general plan for the area scheduled to start next year.

But the city council dropped the study from the general plan after Sumbardo reported that its cost would take the master plan over the limit qualifying it for a federal grant.

The federal government came through with a grant for the general plan—minus the drainage study—earlier this week.

Work on the Marinda Drive culvert, involving the digging up of one lane of Sir Francis Drake Boulevard west of Fairfax, started about three weeks ago and will be completed, weather permitting, in 12 working days.

MACY'S SAN RAFAEL, FOURTH AND COURT, 456-3333: OPEN MONDAY THROUGH SATURDAY 9:30 TO 9 'TIL CHRISTMAS

# Labor Chief Says He Welcomes Automation

SAN FRANCISCO (AP)—Automation should be welcomed rather than feared, a labor leader declared on the eve of the AFL-CIO's national convention.

"We welcome the new technology and will do everything to encourage all new ways of making human labor obsolete," said Joseph Beirne, president of the Communication Workers of America.

Beirne said in an interview yesterday that enlightened agreements between unions and management in his field have proved that the growth of automation need not mean a shortage of jobs.

Beirne, whose union contains 300,000 members, is in San Francisco for the sixth biennial convention of the AFL-CIO, which begins Thursday.

The maritie, metals and service trades of the federation representing 13 million workers began preliminary departmetal conventions today.

Labor sources here say that the AFL-CIO meeting of some 2,000 delegates produce the first changes in top leadership since the organization's birth 10 years ago.

President George Meany, now 71, is considered certain of reelection for a to-year term. But less likely repeaters are some nine members of the 29 - mna executive council. These include some officials in their 70's and 80's and some ousted by their on union groups.

Automation and union opposition to the right-to-work regulations of the Taft - Hartley Law promise to be the main discussion topics among the delegates.

Beirne said that his own experience in the telephone and telegraph industry, possibly the most automated of all, has inspired confidence in the trend towards increasing technology.

"In our industry, less than 200 people have been laid off in the last 30 years due to advances in technology," Beirne said. He hailed management's cooperation with union leaders.

Beirne also said that projected technological advances may contain the possibility of a society transformed through increased leisure and efficiency.

He said he foresees a time when workers will produce in the relaxing confines of their own homes, with their communications transmitted by wire or through the atmosphere with the aid of satellites.

Thus, workers would only visit their offices or work headquarters "once a week or once a month," Beirne said.

Among notable speakers at the AFL-CIO convention will b Vice President Hubert Humphrey and Secretary of State Dean Rusk, both scheduled to address the gathering Friday.

Secretary of Labor Willard Wirtz will speak Thursday.

Speculation is increasing concerning the possible reorganization of the AFL-CIO's executive council.

Considered among those uncertain of re-election are David J. McDonald, who lost a bid to repeat as United Steelworkers president, and James B. Carey, who resigned as head of the International Union of Electrical Workers.

# Young Offenders Given Probation More Often

SACRAMENTO (UPI) — Atty. Gen. Thomas C. Lynch reported today that juvenile offenders received 15 per cent more probation sentences in 1964 than during the previous year.

He also said that during the same 12-month period juvenile arrests rose 10.3 per cent.

The report also noted that:

Juvenile arrests totaled 269,584.

Narcotics arrests showed the biggest increase with a 41.3 per cent rise. Car theft arrests were next with a 12.3 per cent jump.

Only aggravated assault, in the major offense category showed a decrease. It was 3.6 per cent less than 1963.

Burglary, as usual, logged the greatest number of arrests at 22,272 which was 2,000 or 4.6 per cent more than during 1963.

# Assessor Not Paid Top Elective Salary

Despite the proposed increase in the salary of the Marin County assessor to $20,000 a year next Jan. 1, 1967, it will not be the highest paid elective post in the county government.

Superior Court judges now receive $25,000 a year and municipal court judges $23,000. The Independent - Journal Saturday incorrectly reported that the $20,000 would be tops for an elective post.

# Court To Review Murder Decision

WASHINGTON (AP)—The Supreme Court agreed today to review the murder conviction of a California man who claims his constitutional right to counsel was violated by police in obtaining a confession.

The court, without commenting, thus granted a state appeal from a California Supreme Court ruling that threw out Roy Allen Stewart's conviction and death sentence.

By agreeing to review the case, the Supreme Court gave itself still another opportunity to define its 1964 decision which for the first time extended the right to counsel to police stations.

The California Supreme Court said the Los Angeles man's confession was obtained in violation of his right to counsel.

# Thirty Hikers Honor Kennedy

A group of hikers, about 30 strong, made a "Kennedy Memorial Hike," up Mount Tamalpais Saturday to honor the late President John F. Kennedy and his physical fitness program.

The hike from the Mountain Home Inn to the summit of the mountain was led by William E. Luckey, a 53-year-old marine supplies salesman from San Leandro, who originated the memorial trek.

Luckey had scheduled the hike on the weekend nearest the anniversary of the late president's death, Nov. 22, but it was rained out.

# Action To Be Asked On Arks, Houseboats

Marin County supervisors will be asked tomorrow to authorize court action, if necessary, to get arks, houseboats, piers, barges, floats and other obstructions removed from the water-covered but public streets of Waldo Point.

The area stretches from Petaluma Avenue to Railroad Avenue and involves about 70 different obstructions, County Counsel Douglas J. Maloney reported.

If the board authorizes action, all owners will be notified. Owners who refuse to comply will be taken to municipal court with the intention of getting an order to vacate, Maloney explained.

In several cases, the house boat or ark needs only to be moved a few feet to get it off the public right-of-way. In other cases, however, a substantial move will be necessary.

Maloney said the action is a prelude to his office's work in bringing all tideland structures up to building code.

"We would not want to make some owner spend a lot of money bringing his home into compliance with the electrical code and then tell him he must move," Maloney said.

# Here Are Tips For Keeping Holiday Free Of Tree Fires

Thinking of decorating the Christmas tree? Go easy on the colored lights and keep the tree away from heat sources if it is not intended to become a burned offering, advises Dr. Carolyn B. Albrecht, Marin County health officer.

She gives these tips to keep the Yuletide season fire-free:

Select a tree which is treated with a fire-resistant coating. If it is a live one, keep water around the base of the tree at all times.

Switch off the tree lights, whenever the house is empty and frequently check the needles of the tree around light bulbs. If they are brown, relocate the lights.

Be sure all toys and gifts given to children are incapable of causing fire, explosion or electric shock. They should not have sharp edges or contain poisonous materials such as lead paint.

# Utility District Plans To Film All Records

Directors of the Bolinas Public Utility District last night agreed to microfilm all records and to buy a reader for the microfilm.

They also voted to ask Asst. County Counsel Richard V. Godino to help write a warning about littering the area to be mailed with water bills. The group also had an informal discussion on possible merits of merging the district with the Bolinas Beach Public Utility District.

# Labor Chief Says He Welcomes Automation

SAN FRANCISCO (AP)—Automation should be welcomed rather than feared, a labor leader declared on the eve of the AFL-CIO's national convention.

"We welcome the new technology and will do everything to encourage all new ways of making human labor obsolete," said Joseph Beirne, president of the Communication Workers of America.

Beirne said in an interview yesterday that enlightened agreements between unions and management in his field have proved that the growth of automation need not mean a shortage of jobs.

Beirne, whose union contains 300,000 members, is in San Francisco for the sixth biennial convention of the AFL-CIO, which begins Thursday.

The maritie, metals and service trades of the federation representing 13 million workers began preliminary departmetal conventions today.

Labor sources here say that the AFL-CIO meeting of some 2,000 delegates produce the first changes in top leadership since the organization's birth 10 years ago.

President George Meany, now 71, is considered certain of re-election for a to-year term. But less likely repeaters are some nine members of the 29 - mna executive council. These include some officials in their 70's and 80's and some ousted by their on union groups.

Automation and union opposition to the right-to-work regulations of the Taft - Hartley Law promise to be the main discussion topics among the delegates.

Beirne said that his own experience in the telephone and telegraph industry, possibly the most automated of all, has inspired confidence in the trend towards increasing technology.

"In our industry, less than 200 people have been laid off in the last 30 years due to advances in technology," Beirne said. He hailed management's cooperation with union leaders.

Beirne also said that projected technological advances may contain the possibility of a society transformed through increased leisure and efficiency.

He said he foresees a time when workers will produce in the relaxing confines of their own homes, with their communications transmitted by wire or through the atmosphere with the aid of satellites.

Thus, workers would only visit their offices or work headquarters "once a week or once a month," Beirne said.

Among notable speakers at the AFL-CIO convention will b Vice President Hubert Humphrey and Secretary of State Dean Rusk, both scheduled to address the gathering Friday.

Secretary of Labor Willard Wirtz will speak Thursday.

Speculation is increasing concerning the possible reorganization of the AFL-CIO's executive council.

Considered among those uncertain of re-election are David J. McDonald, who lost a bid to repeat as United Steelworkers president, and James B. Carey, who resigned as head of the International Union of Electrical Workers.

# Young Offenders Given Probation More Often

SACRAMENTO (UPI) — Atty. Gen. Thomas C. Lynch reported today that juvenile offenders received 15 per cent more probation sentences in 1964 than during the previous year.

He also said that during the same 12-month period juvenile arrests rose 10.3 per cent.

The report also noted that:

Juvenile arrests totaled 269,584.

Narcotics arrests showed the biggest increase with a 41.3 per cent rise. Car theft arrests were next with a 12.3 per cent jump.

Only aggravated assault, in the major offense category showed a decrease. It was 3.6 per cent less than 1963.

Burglary, as usual, logged the greatest number of arrests at 22,272 which was 2,000 or 4.6 per cent more than during 1963.

# Assessor Not Paid Top Elective Salary

Despite the proposed increase in the salary of the Marin County assessor to $20,000 a year next Jan. 1, 1967, it will not be the highest paid elective post in the county government.

Superior Court judges now receive $25,000 a year and municipal court judges $23,000. The Independent - Journal Saturday incorrectly reported that the $20,000 would be tops for an elective post.

3:25 p.m., San Rafael—Furnace check at Northgate Convalescent Center, 40 Professional Center Parkway; no fire.

11:21 p.m., Marin City — Fire, believed set, gutted sheriff's substation, causing at least $10,000 damage; Fire Capt. Lorin A. Hall burned on three fingers of left hand while fighting the blaze.

**TODAY:**

# Court To Review Murder Decision

WASHINGTON (AP)—The Supreme Court agreed today to review the murder conviction of a California man who claims his constitutional right to counsel was violated by police in obtaining a confession.

The court, without commenting, thus granted a state appeal from a California Supreme Court ruling that threw out Roy Allen Stewart's conviction and death sentence.

By agreeing to review the case, the Supreme Court gave itself still another opportunity to define its 1964 decision which for the first time extended the right to counsel to police stations.

The California Supreme Court said the Los Angeles man's confession was obtained in violation of his right to counsel.

# Thirty Hikers Honor Kennedy

A group of hikers, about 30 strong, made a "Kennedy Memorial Hike," up Mount Tamalpais Saturday to honor the late President John F. Kennedy and his physical fitness program.

The hike from the Mountain Home Inn to the summit of the mountain was led by William E. Luckey, a 53-year-old marine supplies salesman from San Leandro, who originated the memorial trek.

Luckey had scheduled the hike on the weekend nearest the anniversary of the late president's death, Nov. 22, but it was rained out.

Faro is played with 52 cards.

SERVING ALL OF MARIN COUNTY

**FUN IN THE HOSPITAL**—Richard W. Queirolo, otherwise "Dick the Magician," blows up a bunny balloon in preparation for one of his magic tricks in the pediatrics ward of Marin General Hospital, while young patient Daniel Dunn watches in fascination.

# Magician Uses His Hobby To Please Sick Children

By STEPHEN COOK

Presto!

As any person with a little bit of faith knows, that is a very magic word. For years, prestidigitators have used that word and a slight twitch of a magic wand to pull little white rabbits from seemingly empty hats.

Now, living in Tamalpais Valley, there is a young man who uses the same word, a magic wand and a quick smile to produce some laughter and excitement among children confined to the pediatrics ward of Marin General Hospital.

He is Richard W. Queirolo, 26, of 323 Starling Road. The children know him as "Dick the Magician."

On an average of two or three times a month, Queirolo donates an hour of one of his days off to tote his suitcase full of tricks to the fourth floor children's ward. His magic show is now entering its second year at the hospital.

With the appearance of the magician, the tempo of the ward picks up. Nurses roll in the beds of some children and set up chairs for those well enough to walk.

**"You're not going to use me in that sword trick this time," shouts one of the nurses at Queirolo. He winks at the children already lined up, waiting for the show.**

Some of the youngsters come in rubbing sleep from their eyes, a bit grumpy at having been awakened, and confused at the sudden turmoil. Five minutes later, most of them are giggling with delight.

In his show, Queirolo combines the mystery of the magician who will not disclose the method of his tricks and a wit designed for children.

There is the magic handkerchief, which, at his command, lies on its side like a trained pet. It behaves well, until he looks the other way. Then it straightens up and furiously tickles at his ear.

From that trick, he switches to the feat of escaping from handcuffs. There is one young boy who has been in the hospital long enough to have seen several of the shows.

"I still can't figure how he does this one," he tells the other children while checking the locks on the cuffs.

Nurses on the floor huddle near the entrance of the hallway where Queirolo is performing. They laugh with the children and seem to enjoy the show as much as their patients.

**"The children need something like this every once in a while, especially the ones who are here a week or longer. It breaks up the boredom," says nurse Karyl Maulis.**

"The children who have been here two weeks always seem anxious to come out to see the second show. The little ones just sit and gape. The older ones like to think and guess about how he does the tricks."

Queirolo works full time as assistant manager of the Embee grocery store in Corte Madera. Magic, his hobby of nine years, brings him in some money from birthday party appearances, "but mostly I just play around with it."

He started performing at the hospital in September, 1964, "mainly to get some practice, try out my tricks on a captive audience. I enjoy doing it. I have always gotten along well with kids."

Performing in the hospital ward, he says, is a little more sensitive a job than pulling rabbits from hats at birthday parties.

"I have to be a little more careful about the children I ask to help me with tricks. Once I talked to one little boy for quite a while before I found out he was deaf. But he was real sharp and knew just about everything I had been saying just by reading lips," the magician relates.

For the climax of his show, Queirolo, who has also performed for children at Shriners, St. Mary's and Franklin hospitals in San Francisco, runs a sword through the neck of a volunteer.

**He chooses his volunteers with a menacing attitude which delights both the children and the hospital staff. The victim is usually a nurse. Last week, the nurses volunteered Gary Nelson, hospital personnel manager.**

"What's your blood type?" asked the magician to the giggles of both children and nurses.

Then, deadly serious, he locked Nelson's head into a wooden collar, drew his sword and shoved it in to the hilt. The children gasped as the blade seemingly came out the other side of Nelson's neck.

"How does it feel?" asked the magician. "It tickles," came the response.

Packing up his bag as the children are wheeled back to their rooms, Queirolo smiled and said:

"Well, it sort of keeps the kids occupied for a while. I think they're glad to have me."

# Plan Commission Rejects South Marin Apartments

The Marin County Planning Commission in a 5-1 vote today turned down proposed 12-unit apartment development at 548 Miller Avenue, just outside Mill Valley, that had been before the commission since January.

Applicant Loyal Davis and his attorney, Julius H. Selinger, protested the commission's action vigorously. Selinger charged that the commission was being capricious in waiting until the last minute to deny the architectural supervision being considered today.

Attorney Richard A. Clarke, representing Mrs. Edna M. Schumaker and Mrs. Meda D. Childers, who sold the area parcel to Davis, charged that Davis had earlier made presentations to the commission which were "absolutely not true." He said Davis used all of his clients three and three-quarters acres in seeking high density for his plot. After it was found that Davis did not own the land, the county issued a stop work order.

Davis has repeatedly changed his proposals for the L-shaped parcel.

Only dissenter in today's vote was Commissioner Niels Schultz Jr., who said he thought many of the disputes were legal matters that should be decided in court. Commissioner Harry H. Heifetz was absent.

# Youths Terrorize Neighborhood

By STEPHEN COOK

The normally quiet neighborhood of Brookmead Court, San Anselmo, suffered through a half hour of terror Saturday night.

Police said today that three intoxicated youths raced their car up and down the dead-end street, cutting across lawns and aiming the car at frightened residents, shouting: "Kill them! kill them!"

When police arrived, according to Chief Raymond R. Buchigani, they were met by a band of neighborhood men who shouted: "We've got them trapped in there," pointing to the entrance of Brookside School.

When police drove into the playground, the chief said, they saw a car back away at high speed until it crashed against a volley ball pole.

The youths, one of them carrying a bottle of wine in his hand, got out of the car and started to run. All three were chased down and arrested.

Booked at county jail were: Richard Warren Orlandi, 20, of 2130 Fifth Avenue, San Rafael, driver of the car, on charges of drunken driving, hit and run driving with property damage and resisting arrest; Michael Louis Sauer, 19, of 103 La Brea Way, Santa Venetia, on charges of drunkenness and resisting arrest, and Eric Lewis Bortfeld, 19, of 249 Jewell Street, San Rafael, on the same charges as Sauer.

Frank L. Lawrence of 65 Brookmead Court said he saw the car come over the hill into the court at high speed. He yelled at the driver to slow down, then watched as the car stopped and backed up at him, stopping on his front lawn, police said.

The three then reportedly drove down to the end of the court, driving over the front lawn of the John and Marie Zeiter home at 97 Brookmead Court.

The Zeiters and a neighbor, Robert D. Maddux, ran out of their homes in time to see the car come back for a second run.

Maddux said the youths drove the car at the Zeiter lawn again and he could hear them shouting: "Kill them! kill them!"

The car then raced back to the head of the court and turned into the school playground. Lawrence said that, as it passed his yard, he threw a rock, striking the rear window of the car.

Jack Graves, principal of Brookside School, told police that the youths did extensive damage to the school baseball field, drinking fountains, and a rear gate.

# Sausalito Mother Passes Bar Exam

A Sausalito mother of two is among 20 Marin residents who were announced today as passing the state bar examination.

The State Bar of California reported 1,103 new lawyers will be admitted to practice as result of the latest examinations. Those in this area will take the oath before the State Supreme Court in San Francisco on Jan. 11.

The mother is Mrs. Rosemary Ackerman, who has studied law at night for five years at San Francisco Law School—most of that time also holding down a job while caring for her family.

"It seems like I've been going to school forever," he said.

Mrs. Ackerman hopes to enter practice as soon as possible. She said she is very interested in labor and constitutional law.

Her husband, Glenn, is a longshoreman and was recently elected vice president of Local 10, International Longshoremen's and Warehousemen's Union, San Francisco.

The Ackermans live at 446 Sausalito Boulevard with their two children, a daughter, Leslie, 14, who is a student at Tamalpais High School, and George, 11, who attends Richardson Bay School.

Mrs. Ackerman said she received a $250 scholarship from the Fund of the Queen's Bench.

She worked the first four years as administrative assistant for the law school's welfare fund, quitting about 10 months ago to study for the bar examination. She also worked for the last two years as librarian at the law school.

"My husband and children helped by taking over some duties around the house and making themselves scarce when I had to study," she said.

Passing the bar exam from Marin County, besides Mrs. Ackerman, were:

Harry Torgovitsky of 76 Lagoon Road, Belvedere; Robert Lawrence Dunn of 170 Upper Via Casitas, Greenbrae; Richard Knight Cirtchlow of 49 Holly Avenue and Thomas H. Gonser of 60 Ardmore Road, both Larkspur;

Dwight B. Bishop of 203 Hillside Avenue, David Clyde Hickman of 71 Cascade Drive, George W. Madison of 809 Spring Drive, Lawrence Roy Mansir of 20 Val Vista, and John Perry Oakes of 18 Hazel Avenue, all Mill Valley;

James A. Duckworth of 1155 Cambridge Street, Novato; Ralph Clifford Walker of Ross; J. Thomas Van Winkle of 68 Longview Avenue, San Anselmo; Dan Michael Kinter of 104 Clayton Street, Philip Roy Michael of 44 Dorian Way, and James Stanley Reed of 214 Bayview Street, all San Rafael;

Joseph J. D'Andre of 73 Cushing Avenue, Santa Venetia; William Robert Benz of 4 Marin Avenue and Michael Stepanian of 89 Cazneau Street, both Sausalito; Gary T. Giacomini of 234 Railroad Avenue, Woodacre.

# Woman Found Dead At Home

Marjorie E. Giusser, 51, died today at her home at 60 Corte Ortega, Larkspur, apparently from an overdose of sleeping tablets, reported Coroner Frank J. Keaton.

Mrs. Giusser telephoned a family friend about 7 a.m. today, said Keaton, and told him what she had done.

The friend rushed to the house and found Mrs. Giusser lying in her bed clutching the telephone. A doctor pronounced her dead.

Keaton said Mrs. Giusser had been suffering from a heavy cold for the past three weeks.

She is survived by her husband, Herbert Giusser; her mother, a sister and a brother.

Funeral arrangements are pending an autopsy at the Chapel of the Hills, San Anselmo.

# Raccoon Loose In Museum Area

A raccoon has been loose since Friday in the neighborhood of the Louise A. Boyd Natural Science Museum at Albert Park in San Rafael, warned Mrs. Clara Evans, acting director.

The animal was being held overnight at the museum when it escaped from its box early Saturday, reported Mrs. Evans.

"Children should be particularly careful not to pickup the raccoon or approach it, although it has a collar and looks tame. It has a vicious bite," said Mrs. Evans.

# Stanford To Join Summer Research

WASHINGTON (AP) — Ames Research Center at Mountain View, Calif. and Stanford University are among centers and colleges to be involved next summer in 10-week study programs sponsored by the National Aeronautics and Space Administration.

NASA announced the studies today involving in all 150 young faculty members from 11 Universities.

# Boy, 3, Shot Accidentally In Bedroom

A 3-year-old Fremont boy was in serious condition today at Marin General Hospital from a bullet that passed through his arm and into his stomach.

He is Frank Klosky Jr., son of Mr. and Mrs. Frank Klosky.

Sausalito police said the Kloskys, their son, Frank, and stepson, James Rand, 8, were visiting the home of Mrs. Klosky's son, Robert Rand, at 180 Glen Drive yesterday.

James and Frank were looking for Rand's cat under a bed when James found a .22-caliber sawed-off rifle beneath the bed, police reported.

James allegedly picked up the weapon, pointed it at Frank and pulled the trigger. The bullet crashed through the boy's upper left arm, entering the abdomen along his rib cage.

Police said they seized the 16-inch long rifle, which is illegal to have since it is termed a concealable weapon.

# Indian Burial Cairns Wrecked

Indian skeletons in rock cairns, found in an Indian mound in Novato, have been destroyed by vandals, Novato police were told yesterday.

Burial in the cairns by Indians in this area was previously unknown, according to John Keith McZeath of 1792 Indian Valley Road, Novato, who reported the vandalism.

Marin archeologists and students from Contra Costa Junior College made the surprising find while digging in a mound on property owned by Gus Ravetz of San Francisco.

The cairns were covered with plastic to protect them until they could be moved, McBeath said. But vandals tore off the plastic cover, mixed up the bones and destroyed the cairns.

# Election Position May Be Appointed

John F. Musser Jr., supervisor of elections in the Marin County clerk's office, is in line for appointment to the new post of assistant county clerk for elections.

Musser, one of the central figures in the mixed-up school district elections of last April, would fill the post created by the board of supervisors with the hope that election mixups will not be repeated.

Supervisors are to consider naming Musser to the $829 a month job tomorrow. If they approve the appointment, it will be retroactive to last Tuesday. Musser now gets $790 a month as supervisor of elections.

It was in the April school elections that errors in sample ballots, missent sample ballots and late mailings had voters thoroughly confused. In some cases, notification of polling places carried no street address.

Musser and County Clerk George H. Gnoss blamed these errors on the county schools office. The schools office, however, countered that the blame did not lie there but was the fault of printers and the clerks office.

Supervisors, on the advice of County Administrator Alan Bruce, created the higher post in the county clerk's office and ordered the responsibility for school elections transferred from the county schools office to the clerk.

Search for a man to fill the post began last summer. There were 15 applicants for the job and eight of them appeared before a panel for oral interviews. Six were certified by the review board with priority listing.

The top man almost accepted the job, but turned it down when his current employer offered higher pay to keep him, according to County Administrator Alan Bruce. Others high on the list eventually declined the position.

Bruce said today that Musser has been given full responsibility for elections since the April fiasco and "performance has been superior."

Next recruitment job will be to hire an assistant elections officer to work under Musser. This position was also created by the board in an attempt to beef up the elections department and prevent further problems.

# Diamond Bracelet Stolen From Home

A diamond bracelet valued at $5,000 was reported stolen Saturday from the home of Sanford Masonek, 33 Maywood Way, San Rafael.

Police said other items including a $50 set of earrings and a wallet containing $48 were also taken from the home by thieves who gained tnry through a sliding glass door.

# Five Republicans Are Given Posts

Five Republicans from Marin won statewide posts at the first state convention of the California Republican League in Los Angeles during the weekend.

Mrs. Lee Sherry of Fairfax was elected state vice president in charge of liaison and a director for four years; Tally P. Mastrangelo of Sausalito, director at large for a four-year term; State Sen. John F. McCarthy and Assemblyman William T. Bagley, interim directors for two years, and Peter Gottmeiner of Greenbrae, director of Region 1 (from Marin to the Oregon border.)

Other delegates from Marin who attended the convention were William Exline and John McLennan of San Rafael.

# Town Hall Plans

Corte Madera Town Council, meeting at 7:30 p.m. today at town hall, will review final plans for remodeling of that building and hear a report on the proposed boundary revision between Corte Madera and Larkspur.

# Park In San Marin On Novato Agenda

The Novato Parks and Recreation Commission will discuss plans for a new park in San Marin when it meets at 8 p.m. today in the Novato Community House.

Sunset International Petroleum Corp., developers of San Marin, donated 11.5 acres to the city for a park adjacent to Novato Boulevard.

The board will call for bids for the Hamilton Elementary School to be constructed on the Meadow Park School site on Hamilton Air Force Base.

### *How To Rescue Your Partner If Hand's Void In His Suit*

"It wasn't up to me to bid with just one queen in my hand," North protested after the play of today's hand.

The point that North missed was not that he had one queen but that he had no clubs.

| South | West | North | East |
|---|---|---|---|
| 1 ♣ | Double | All | Pass |

Opening lead — ♣ K

West doubled for a takeout, expecting to bid his spades at the next turn, which would show a hand too strong for an overcall of one spade.

East passed the double, thus converting it into a penalty double.

#### SOUTH IN DARK

South could not tell that his partner was desperately short of clubs or that a better contract could be found.

When South unhappily passed, West opened the king of clubs since a penalty pass of a takeout double requests a trump opening lead.

South refused the first trick but took the club continuation with the ace and led out the ace of hearts and a low heart.

West took the king of hearts and led another heart for his partner to ruff.

#### DRAWS TRUMPS

East drew a round of trumps with the queen and continued with the eight of clubs to South's ten.

East got in at the next trick with the queen of diamonds and drew the last trump.

Now East shifted to the ten of spades, and the defenders easily took the rest of the tricks, collecting a penalty of 1100 points.

#### THE RIGHT WAY

North should bid one diamond over the takeout double of one club.

East would probably bid one notrump, and West would raise to game in notrump, but East would not score anything close to 1100 points for making his non-vulnerable game.

North cannot be sure that he can scramble to safety when he bids one diamond, but it is more dangerous to pass than to bid.

What do you say?

ANSWER: Bid one spade.

Avoid opening 1 NT with a strong major suit of five or more cards. If partner responds 1 NT to one spade, you are strong enough to raise to 2 NT.

SERVING ALL OF MARIN COUNTY

# Youths Terrorize Neighborhood

By STEPHEN COOK

The normally quiet neighborhood of Brookmead Court, San Anselmo, suffered through a half hour of terror Saturday night.

Police said today that three intoxicated youths raced their car up and down the dead-end street, cutting across lawns and aiming the car at frightened residents, shouting: "Kill them! kill them!"

When police arrived, according to Chief Raymond R. Buchigani, they were met by a band of neighborhood men who shouted: "We've got them trapped in there," pointing to the entrance of Brookside School.

When police drove into the playground, the chief said, they saw a car back away at high speed until it crashed against a volley ball pole.

The youths, one of them carrying a bottle of wine in his hand, got out of the car and started to run. All three were chased down and arrested.

Booked at county jail were: Richard Warren Orlandi, 20, of 2130 Fifth Avenue, San Rafael, driver of the car, on charges of drunken driving, hit and run driving with property damage and resisting arrest; Michael Louis Sauer, 19, of 103 La Brea Way, Santa Venetia, on charges of drunkenness and resisting arrest, and Eric Lewis Bortfeld, 19, of 249 Jewell Street, San Rafael, on the same charges as Sauer.

Frank L. Lawrence of 65 Brookmead Court said he saw the car come over the hill into the court at high speed. He yelled at the driver to slow down, then watched as the car stopped and backed up at him, stopping on his front lawn, police said.

The three then reportedly drove down to the end of the court, driving over the front lawn of the John and Marie Zeiter home at 97 Brookmead Court.

The Zeiters and a neighbor, Robert D. Maddux, ran out of their homes in time to see the car come back for a second run.

Maddux said the youths drove the car at the Zeiter lawn again and he could hear them shouting: "Kill them! kill them!"

The car then raced back to the head of the court and turned into the school playground. Lawrence said that, as it passed his yard, he threw a rock, striking the rear window of the car.

Jack Graves, principal of Brookside School, told police that the youths did extensive damage to the school baseball field, drinking fountains, and a rear gate.

**FUN IN THE HOSPITAL**—Richard W. Queirolo, otherwise "Dick the Magician," blows up a bunny balloon in preparation for one of his magic tricks in the pediatrics ward of Marin General Hospital, while young patient Daniel Dunn watches in fascination.

### PRESTO!

# Magician Uses His Hobby To Please Sick Children

By STEPHEN COOK

Presto!

As any person with a little bit of faith knows, that is a very magic word. For years, prestidigitators have used that word and a slight twitch of a magic wand to pull little white rabbits from seemingly empty hats.

Now, living in Tamalpais Valley, there is a young man who uses the same word, a magic wand and a quick smile to produce some laughter and excitement among children confined to the pediatrics ward of Marin General Hospital.

He is Richard W. Queirolo, 26, of 323 Starling Road. The children know him as "Dick the Magician."

On an average of two or three times a month, Queirolo donates an hour of one of his days off to tote his suitcase full of tricks to the fourth floor children's ward. His magic show is now entering its second year at the hospital.

With the appearance of the magician, the tempo of the ward picks up. Nurses roll in the beds of some children and set up chairs for those well enough to walk.

**"You're not going to use me in that sword trick this time," shouts one of the nurses at Queirolo. He winks at the children already lined up, waiting for the show.**

Some of the youngsters come in rubbing sleep from their eyes, a bit grumpy at having been awakened, and confused at the sudden turmoil. Five minutes later, most of them are giggling with delight.

In his show, Queirolo combines the mystery of the magician who will not disclose the method of his tricks and a wit designed for children.

There is the magic handkerchief, which, at his command, lies on its side like a trained pet. It behaves well, until he looks the other way. Then it straightens up and furiously tickles at his ear.

From that trick, he switches to the feat of escaping from handcuffs. There is one young boy who has been in the hospital long enough to have seen several of the shows.

"I still can't figure how he does this one," he tells the other children while checking the locks on the cuffs.

Nurses on the floor huddle near the entrance of the hallway where Queirolo is performing. They laugh with the children and seem to enjoy the show as much as their patients.

**"The children need something like this every once in a while, especially the ones who are here a week or longer. It breaks up the boredom," says nurse Karyl Maulis.**

"The children who have been here two weeks always seem anxious to come out to see the second show. The little ones just sit and gape. The older ones like to think and guess about how he does the tricks."

Queirolo works full time as assistant manager of the Embee grocery store in Corte Madera. Magic, his hobby of nine years, brings him in some money from birthday party appearances, "but mostly I just play around with it."

He started performing at the hospital in September, 1964, "mainly to get some practice, try out my tricks on a captive audience. I enjoy doing it. I have always gotten along well with kids."

Performing in the hospital ward, he says, is a little more sensitive a job than pulling rabbits from hats at birthday parties.

"I have to be a little more careful about the children I ask to help me with tricks. Once I talked to one little boy for quite a while before I found out he was deaf. But he was real sharp and knew just about everything I had been saying just by reading lips," the magician relates.

For the climax of his show, Queirolo, who has also performed for children at Shriners, St. Mary's and Franklin hospitals in San Francisco, runs a sword through the neck of a volunteer.

**He chooses his volunteers with a menacing attitude which delights both the children and the hospital staff. The victim is usually a nurse. Last week, the nurses volunteered Gary Nelson, hospital personnel manager.**

"What's your blood type?" asked the magician to the giggles of both children and nurses.

Then, deadly serious, he locked Nelson's head into a wooden collar, drew his sword and shoved it in to the hilt. The children gasped as the blade seemingly came out the other side of Nelson's neck.

"How does it feel?" asked the magician. "It tickles," came the response.

Packing up his bag as the children are wheeled back to their rooms, Queirolo smiled and said:

"Well, it sort of keeps the kids occupied for a while. I think they're glad to have me."

## Plan Commission Rejects South Marin Apartments

The Marin County Planning Commission in a 5-1 vote today turned down proposed 12-unit apartment development at 548 Miller Avenue, just outside Mill Valley, that had been before the commission since January.

Applicant Loyal Davis and his attorney, Julius H. Selinger, protested the commission's action vigorously. Selinger charged that the commission was being capricious in waiting until the last minute to deny the architectural supervision being considered today.

Attorney Richard A. Clarke, representing Mrs. Edna M. Schumaker and Mrs. Meda D. Childers, who sold the area parcel to Davis, charged that Davis had earlier made presentations to the commission which were "absolutely not true." He said Davis used all of his clients three and three-quarters acres in seeking high density for his plot. After it was found that Davis did not own the land, the county issued a stop work order.

Davis has repeatedly changed his proposals for the L-shaped parcel.

Only dissenter in today's vote was Commissioner Niels Schultz Jr., who said he thought many of the disputes were legal matters that should be decided in court. Commissioner Harry H. Heifetz was absent.

## Park In San Marin On Novato Agenda

The Novato Parks and Recreation Commission will discuss plans for a new park in San Marin when it meets at 8 p.m. today in the Novato Community House.

Sunset International Petroleum Corp., developers of San Marin, donated 11.5 acres to the city for a park adjacent to Novato Boulevard.

# Sausalito Mother Passes Bar Exam

A Sausalito mother of two is among 20 Marin residents who were announced today as passing the state bar examination.

The State Bar of California reported 1,103 new lawyers will be admitted to practice as result of the latest examinations. Those in this area will take the oath before the State Supreme Court in San Francisco on Jan. 11.

The mother is Mrs. Rosemary Ackerman, who has studied law at night for five years at San Francisco Law School—most of that time also holding down a job while caring for her family.

"It seems like I've been going to school forever," he said.

Mrs. Ackerman hopes to enter practice as soon as possible. She said she is very interested in labor and constitutional law.

Her husband, Glenn, is a longshoreman and was recently elected vice president of Local 10, International Longshoremen's and Warehousemen's Union, San Francisco.

The Ackermans live at 446 Sausalito Boulevard with their two children, a daughter, Leslie, 14, who is a student at Tamalpais High School, and George, 11, who attends Richardson Bay School.

Mrs. Ackerman said she received a $250 scholarship from the Fund of the Queen's Bench.

She worked the first four years as administrative assistant for the law school's welfare fund, quitting about 10 months ago to study for the bar examination. She also worked for the last two years as librarian at the law school.

"My husband and children helped by taking over some duties around the house and making themselves scarce when I had to study," she said.

Passing the bar exam from Marin County, besides Mrs. Ackerman, were:

Harry Torgovitsky of 76 Lagoon Road, Belvedere; Robert Lawrence Dunn of 170 Upper Via Casitas, Greenbrae; Richard Knight Cirtchlow of 49 Holly Avenue and Thomas H. Gonser of 60 Ardmore Road, both Larkspur;

Dwight B. Bishop of 203 Hillside Avenue, David Clyde Hickman of 71 Cascade Drive, George W. Madison of 809 Spring Drive, Lawrence Roy Mansir of 20 Val Vista, and John Perry Oakes of 18 Hazel Avenue, all Mill Valley;

## Woman Found Dead At Home

Marjorie E. Giusser, 51, died today at her home at 60 Corte Ortega, Larkspur, apparently from an overdose of sleeping tablets, reported Coroner Frank J. Keaton.

Mrs. Giusser telephoned a family friend about 7 a.m. today, said Keaton, and told him what she had done.

The friend rushed to the house and found Mrs. Giusser lying in her bed clutching the telephone. A doctor pronounced her dead.

Keaton said Mrs. Giusser had been suffering from a heavy cold for the past three weeks.

She is survived by her husband, Herbert Giusser; her mother, a sister and a brother.

Funeral arrangements are pending an autopsy at the Chapel of the Hills, San Anselmo.

## Raccoon Loose In Museum Area

A raccoon has been loose since Friday in the neighborhood of the Louise A. Boyd Natural Science Museum at Albert Park in San Rafael, warned Mrs. Clara Evans, acting director.

The animal was being held overnight at the museum when it escaped from its box early Saturday, reported Mrs. Evans.

"Children should be particularly careful not to pickup the raccoon or approach it, although it has a collar and looks tame. It has a vicious bite," said Mrs. Evans.

## Stanford To Join Summer Research

WASHINGTON (AP) — Ames Research Center at Mountain View, Calif. and Stanford University are among centers and colleges to be involved next summer in 10-week study programs sponsored by the National Aeronautics and Space Administration.

NASA announced the studies today involving in all 150 young faculty members from 11 Universities.

# Boy, 3, Shot Accidentally In Bedroom

A 3-year-old Fremont boy was in serious condition today at Marin General Hospital from a bullet that passed through his arm and into his stomach.

He is Frank Klosky Jr., son of Mr. and Mrs. Frank Klosky.

Sausalito police said the Kloskys, their son, Frank, and stepson, James Rand, 8, were visiting the home of Mrs. Klosky's son, Robert Rand, at 180 Glen Drive yesterday.

James and Frank were looking for Rand's cat under a bed when James found a .22-caliber sawed-off rifle beneath the bed, police reported.

James allegedly picked up the weapon, pointed it at Frank and pulled the trigger. The bullet crashed through the boy's upper left arm, entering the abdomen along his rib cage.

Police said they seized the 16-inch long rifle, which is illegal to have since it is termed a concealable weapon.

## Indian Burial Cairns Wrecked

Indian skeletons in rock cairns, found in an Indian mound in Novato, have been destroyed by vandals, Novato police were told yesterday.

Burial in the cairns by Indians in this area was previously unknown, according to John Keith McZeath of 1792 Indian Valley Road, Novato, who reported the vandalism.

Marin archeologists and students from Contra Costa Junior College made the surprising find while digging in a mound on property owned by Gus Ravetz of San Francisco.

The cairns were covered with plastic to protect them until they could be moved, McBeath said. But vandals tore off the plastic cover, mixed up the bones and destroyed the cairns.

# Election Position May Be Appointed

John F. Musser Jr., supervisor of elections in the Marin County clerk's office, is in line for appointment to the new post of assistant county clerk for elections.

Musser, one of the central figures in the mixed-up school district elections of last April, would fill the post created by the board of supervisors with the hope that election mixups will not be repeated.

Supervisors are to consider naming Musser to the $829 a month job tomorrow. If they approve the appointment, it will be retroactive to last Tuesday. Musser now gets $790 a month as supervisor of elections.

It was in the April school elections that errors in sample ballots, missent sample ballots and late mailings had voters thoroughly confused. In some cases, notification of polling places carried no street address.

Musser and County Clerk George H. Gnoss blamed these errors on the county schools office. The schools office, however, countered that the blame did not lie there but was the fault of printers and the clerks office.

Supervisors, on the advice of County Administrator Alan Bruce, created the higher post in the county clerk's office and ordered the responsibility for school elections transferred from the county schools office to the clerk.

Search for a man to fill the post began last summer. There were 15 applicants for the job and eight of them appeared before a panel for oral interviews. Six were certified by the review board with priority listing.

The top man almost accepted the job, but turned it down when his current employer offered higher pay to keep him, according to County Administrator Alan Bruce. Others high on the list eventually declined the position.

Bruce said today that Musser has been given full responsibility for elections since the April fiasco and "performance has been superior."

Next recruitment job will be to hire an assistant elections officer to work under Musser. This position was also created by the board in an attempt to beef up the elections department and prevent further problems.

## Diamond Bracelet Stolen From Home

A diamond bracelet valued at $5,000 was reported stolen Saturday from the home of Sanford Masonek, 33 Maywood Way, San Rafael.

Police said other items including a $50 set of earrings and a wallet containing $48 were also taken from the home by thieves who gained tnry through a sliding glass door.

## Five Republicans Are Given Posts

Five Republicans from Marin won statewide posts at the first state convention of the California Republican League in Los Angeles during the weekend.

Mrs. Lee Sherry of Fairfax was elected state vice president in charge of liaison and a director for four years; Tally P. Mastrangelo of Sausalito, director at large for a four-year term; State Sen. John F. McCarthy and Assemblyman William T. Bagley, interim directors for two years, and Peter Gottmeiner of Greenbrae, director of Region 1 (from Marin to the Oregon border.)

Other delegates from Marin who attended the convention were William Exline and John McLennan of San Rafael.

## Town Hall Plans

Corte Madera Town Council, meeting at 7:30 p.m. today at town hall, will review final plans for remodeling of that building and hear a report on the proposed boundary revision between Corte Madera and Larkspur.

### How To Rescue Your Partner If Hand's Void In His Suit

"It wasn't up to me to bid with just one queen in my hand," North protested after the play of today's hand.

The point that North missed was not that he had one queen but that he had no clubs.

Opening lead — ♣ K

West doubled for a takeout, expecting to bid his spades at the next turn, which would show a hand too strong for an overcall of one spade.

East passed the double, thus converting it into a penalty double.

#### SOUTH IN DARK

South could not tell that his partner was desperately short of clubs or that a better contract could be found.

When South unhappily passed, West opened the king of clubs since a penalty pass of a takeout double requests a trump opening lead.

South refused the first trick but took the club continuation with the ace and led out the ace of hearts and a low heart.

West took the king of hearts and led another heart for his partner to ruff.

#### DRAWS TRUMPS

East drew a round of trumps with the queen and continued with the eight of clubs to South's ten.

East got in at the next trick with the queen of diamonds and drew the last trump.

Now East shifted to the ten of spades, and the defenders easily took the rest of the tricks, collecting a penalty of 1100 points.

#### THE RIGHT WAY

North should bid one diamond over the takeout double of one club.

East would probably bid one notrump, and West would raise to game in notrump, but East would not score anything close to 1100 points for making his non-vulnerable game.

North cannot be sure that he can scramble to safety when he bids one diamond, but it is more dangerous to pass than to bid.

What do you say?

ANSWER: Bid one spade.

Avoid opening 1 NT with a strong major suit of five or more cards. If partner responds 1 NT to one spade, you are strong enough to raise to 2 NT.

### Accidents Costly

NEW YORK (UPI) —In addition to death and injury, traffic accidents take a heavy economic toll. Insurance Facts, published by the Insurance Information Institute, says the nation's economic loss from traffic mishaps, paid largely by the automobile insurance industry, totaled nearly $10 billion in 1964.

#### TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the district would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; provided, that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared, which it is estimated will be within 30 days from the day of sale.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event, the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County and endorsed "Proposal for School Bonds of NOVATO-SAN JOSE UNIFIED School District of Marin County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $5,000.00 drawn on a bank or trust company transacting business in the State of California, payable to the order of the

In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said district or the title of the officers to their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of delivery of the bonds.

# HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

## *Gamma Globulin Modifies Attack Of Viral Hepatitis*

VAN DELLEN

A promising protective vaccine against viral hepatitis is announced from time to time. This is as far as it goes, possibly because all researchers hit a snag that is unique to this problem. Meanwhile physicians rely on gamma globulin to boost resistance of exposed susceptible individuals. The serum does not prevent but modifies or tempers the disease.

GAMMA GLOBULIN is a by-product of blood serum collected for transfusions. So little is available that it is reserved for people most likely to acquire this liver infection. There are all household contacts, including adults and children who live with the victim. They are more likely to get the condition than remote contacts at school or work.

It is believed that the serum offers significant protection to those traveling abroad, such as missionaries and Peace Corps volunteers to underprivileged countries.

The causative virus remains in the victim's blood for a year or more. Many of these men and women do not develop jaundice; they are not aware of having the infection because the illness was mistaken for a cold. This is why a doctor or nurse needs gamma globulin when pricked by a needle contaminated by a patient's blood.

IN ADDITION, hepatitis usually is transmitted via contaminated food or water. Those exposed to these edibles during an epidemic should be protected. The world supply of gamma globulin would be exhausted if it were given only to this high-risk group. This list does not include those getting blood transfusions, who are in the same position as the nurse and medic.

Pregnant women and persons with a low resistance because of co-existing disease are more susceptible. The chance of getting the liver disorder also is greater among those living in overcrowded homes with inadequate sanitation and poor standards of hygiene.

You must admit — we need a real protective vaccine.

**(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request).**

### HERPES

Mrs. E. writes: What is herpes gestationis?

REPLY

An attack of herpes during pregnancy in which crops of blisters appear on the arms, legs, face, and chest. The condition disappears after the child is born.

### NERVES

Mrs. C. writes: Could moving the bowel a lot and lots of gas be due to nerves?

REPLY

Yes, because an overactive nervous system interferes with digestion, encourages fermentation, and stimulates intestinal contractions.

### SCARRED PLEURA

J. G. writes: What is meant by thickening of the pleura?

REPLY

The pleura is the outer lining of the lung. When this tissue becomes inflamed (pleurisy) it swells and on healing, is left somewhat thicker than usual. The lesion is made up chiefly of scar tissue.

### GLASSES

A. C. writes: Could wearing glasses in childhood cause protruding ears?

REPLY

No. This effect usually is developmental in origin.

### ALL OVER

C. K. writes: What is generalized arteriosclerosis?

REPLY

Hardening of all the arteries.

REGISTRATION: Coupon bonds will be issued by said Board of Supervisors on behalf of said school district. Such bonds are registrable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds were authorized by more than two-thirds of the voters voting at an election held in said district on April 20th, 1965, and will be issued and sold for the purpose of raising money for authorized school purposes.

SECURITY: The bonds are general obligations of said school district and said Board of Supervisors has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said school district, subject to taxation by said school district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and, in such case, the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of the following firm, approving the validity of said bonds, will be furnished to the successful bidder without charge: Orrick, Dahlquist, Herrington & Sutcliffe of San Francisco, California. A copy of the legal opinion, certified by the official in whose office the original is filed, will be printed on each bond at the expense of the successful bidder, if requested in his bid.

**TERMS OF SALE**

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the district would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; provided, that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared, which it is estimated will be within 30 days from the day of sale.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event, the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County and endorsed "Proposal for School Bonds of NOVATO-SAN JOSE UNIFIED School District of Marin County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $5,000.00 drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said school district from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said district or the title of the officers to their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of delivery of the bonds.

# HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

## Gamma Globulin Modifies Attack Of Viral Hepatitis

VAN DELLEN

A promising protective vaccine against viral hepatitis is announced from time to time. This is as far as it goes, possibly because all researchers hit a snag that is unique to this problem. Meanwhile physicians rely on gamma globulin to boost resistance of exposed susceptible individuals. The serum does not prevent but modifies or tempers the disease.

**GAMMA GLOBULIN** is a by-product of blood serum collected for transfusions. So little is available that it is reserved for people most likely to acquire this liver infection. There are all household contacts, including adults and children who live with the victim. They are more likely to get the condition than remote contacts at school or work.

It is believed that the serum offers significant protection to those traveling abroad, such as missionaries and Peace Corps volunteers to underprivileged countries.

The causative virus remains in the victim's blood for a year or more. Many of these men and women do not develop jaundice; they are not aware of having the infection because the illness was mistaken for a cold. This is why a doctor or nurse needs gamma globulin when pricked by a needle contaminated by a patient's blood.

**IN ADDITION,** hepatitis usually is transmitted via contaminated food or water. Those exposed to these edibles during an epidemic should be protected. The world supply of gamma globulin would be exhausted if it were given only to this high-risk group. This list does not include those getting blood transfusions, who are in the same position as the nurse and medic.

Pregnant women and persons with a low resistance because of co-existing disease are more susceptible. The chance of getting the liver disorder also is greater among those living in overcrowded homes with inadequate sanitation and poor standards of hygiene.

You must admit — we need a real protective vaccine.

**(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request).**

### HERPES

Mrs. E. writes: What is herpes gestationis?

REPLY

An attack of herpes during pregnancy in which crops of blisters appear on the arms, legs, face, and chest. The condition disappears after the child is born.

### NERVES

Mrs. C. writes: Could moving the bowel a lot and lots of gas be due to nerves?

REPLY

Yes, because an overactive nervous system interferes with digestion, encourages fermentation, and stimulates intestinal contractions.

### SCARRED PLEURA

J. G. writes: What is meant by thickening of the pleura?

REPLY

The pleura is the outer lining of the lung. When this tissue becomes inflamed (pleurisy) it swells and on healing, is left somewhat thicker than usual. The lesion is made up chiefly of scar tissue.

### GLASSES

A. C. writes: Could wearing glasses in childhood cause protruding ears?

REPLY

No. This effect usually is developmental in origin.

### ALL OVER

C. K. writes: What is generalized arteriosclerosis?

REPLY

Hardening of all the arteries.

# Killer Teale Gets Stay From Chamber

Convicted killer Thomas Leroy Teale will not be executed in the San Quentin gas chamber Dec. 15 after all.

U.S. Supreme Court Judge William O. Douglas today ordered a stay of execution in response to a petition for a review of the case from Teale's attornies.

As a result, the first criminal execution in California for nearly three years has been postponed.

The next step is for the U.S. Supreme Court to look over the petition for review and if it is granted, a court of appeals will be given the job of reviewing the whole case.

If the petition is denied, however, the stay of execution is automatically terminated and a new date will be set by the court which handed down the sentence originally in San Joaquin County.

Teale, 37, was convicted of kidnaping and killing a Lodi bartender in 1962 and robbing him of $266. This was just after he was released from prison for another robbery and shooting 11 years earlier.

Associate Warden James L. Park said today: "Teale is of course a very happy man today. The news came through this morning and he was the first to be told."

## 'EXQUISITE TASTE'

# Burglars Strike Furniture Store

Burglars with "exquisite taste" in household furnishings broke into the Dorothy Kell furniture store at 110 Nellen Drive, Corte Madera, yesterday, hauling off their bulky and expensive loot in the store's own van.

Store owner Mrs. Dorothy Kell discovered the theft at 1 p.m. She said the culprits took six pieces of her most expensive furniture, a safe containing $120, a camera, two oil paintings, and a Japanese silk screen. She estimated the loss at $4,000.

"They had exquisite taste," said Mrs. Kell. "They not only took the most expensive items, they coordinated their colors."

Police said the thieves entered the store sometime between 3 a.m. and 1 p.m. by throwing a large concrete block through an office window.

They systematically chose the pieces they desired, moving them by hand cart to the rear of the building.

They pried open the rear door and loaded their loot into a van truck with the store's name boldly lettered on the side.

Mrs. Kell said the most expensive piece of furniture taken was a leather chair and ottoman, stuffed with down and priced at $679.

"Their home will be furnished in black, with yellow and gold tints," she said.

## Paintings Showing

Sausalito Artist Lynn Wood is showing 24 new oil paintings at Sam's in Tiburon, the show to run through Dec. 18. Mrs. Wood, who won honorable mention in the recent Strawberry Town and Country art show, is also showing art works at Poor Richard's Beauty Salon and at Gatsby's in Sausalito.

## Boy, 12, Injured As Bike, Car Hit

Twelve-year-old Mark B. Twede of 168 Via La Cumbre, Greenbrae, suffered leg bruises when his bicycle ran into a car at the Eliseo Drive intersection with Sir Francis Drake Boulvevard in Greenbrae yesterday, the California Highway Patrol reported.

Mark was northbound, crossing the intersection, at 4:20 p.m. when the stop light turned red, the patrol said. He hit the left front of a westbound car driven by John F. Manning, 26, of 85 Harvard Drive, Larkspur. He was treated at home by his parents, Mr. and Mrs. Herbert Twede.

# SQUAD ROOM NOT SAFE FROM THEFT

The safest place from theft is not the squad room of the Novato Police Station, as two policemen found out Saturday.

Patrolman Ronald Green stopped two boys for a traffic violation at 3:30 a.m. They had no identification with them, so he took them to the squadroom at the police station for questioning. After he learned their identify, he left them alone in the room while he went to see if police had any record on them.

When the two left the police station, the helmet badges off Green's and Patrolman Vernon L. Davies' helmets went with them.

Green later recovered the badges from the youths' home and booked both boys into juvenile hall.

## Driver's Scalp Cut In Two-Car Crash

Richard Worthen, 53, of Benicia suffered scalp cuts when his car collided head-on with one driven by Dennis C. Raffety, 41, of Napa on Sir Francis Drake Boulevard in San Geronimo at 6:15 p.m. yesterday, the California Highway Patrol reported.

The patrol said Worthen was eastbound on Drake at the San Geronimo Valley road intersection when the westbound Raffety car drifted into the eastbound lane. Worthen was treated at Kaiser Hospital in Oakland. Raffety was unhurt.

# Rain Expected In Northwest

SAN FRANCISCO (AP) — A wintry rainstorm is moving into northwestern California, with rain forecast from Eureka northward by tonight and spreading to Ukiah and Red Bluff areas tomorrow.

A weather front on the Oregon coast was expected to bring cloudy weather to some parts of north-central California by tomorrow.

Mostly fair weather was forecast for the Sierra Nevada and Southern California. Fog and clouds will continue in the Central Valley and along the north coast.

President of Marin County Fire Prevention Assn. is Capt. William Stepp.

# Homemade Plane Crash Kills Man

HOLLISTER (AP)—A Pebble Beach realtor is dead in the crash of his homemade experimental aircraft — an accident witnessed by the victim's wife and two children.

The plane piloted by Carlton Gates, about 30, dove upside down into the air strip at Hollister Airport shortly after takeoff from there yesterday.

Airport manager Ollie Bryant said that Gates had climbed to about 500 feet when the plane's cockpit canopy tore loose. Gates lost control in trying to pull the canopy back, Bryant said. The plane flipped over and plunged into the end of the runway.

Robert Becklund is president of the College of Marin Faculty Assn.

# Colts Lose Unitas For Year; Green Bay Closes In

**By JIM HACKLEMAN**
**Associated Press Sports Writer**

Chicago's fierce Bears racked up Johnny Unitas, roughed up the Baltimore Colts, and opened up the Western Division race for a down-to-the-wire finish.

It happened in the National Football League's big one at Baltimore yesterday. After the brawl was over, it was Bears 13, Colts 0. But the crusher for Baltimore came earlier, toward the end of the first half when some 500 pounds of brawn chopped down Unitas.

Bear defensive tackles Stan Jones and Earl Leggett caught Unitas in a pincer movement that knocked the superstar quarterback out of the game, out of the rest of the season, and mostly likely out of the league title playoff — if the Colts make it.

A few hours after the game, Unitas underwent surgery for torn ligament in his right knee. He definitely will be sidelined for Baltimore's two remaining season games, and the chances are very slight he would be ready for a possible match with Cleveland's Eastern champion Browns for the championship Jan. 2.

Despite the loss in the penalty-filled, fist-swinging affair with the Bears, the Colts still lead in the West with a 9-2-1 record. But the Green Bay Packers are right behind at 9-3 after beating the Minnesota Vikings 24-19 and have a showdown coming with the Colts at Baltimore next Sunday, when capable but seldom-tested Gary Cuozzo will fill in for Unitas.

On the final weekend, the Colts play the Rams at Los Angeles and the Packers meet the 49ers at San Francisco.

Meanwhile, the surging Bears still are in it at 8-4. They've lost only once in their last nine games — 26-21 to Baltimore four weeks ago. The Bears take on the 49ers in Chicago next week, then finish at home against the Vikings.

Elsewhere in the NFL — the Browns, with the Eastern title already wrapped up, came back in the final period for a 24-16 victory over the Washington Redskins; rookie Tucker Frederickson scored three touchdowns as the New York Giants took over sole possession of second in the East, whipping the Pittsburgh Steelers 35-10; the Los Angeles Rams buried the St. Louis Cardinals 27-3; the 49ers turned back the Detroit Lions 17-14 with two fourth-quarter touchdowns; and the Dallas Cowboys blocked two field goal tries in edging the Philadelphia Eagles 21-19.

In the American Football League — Oakland beat Denver 24-13 and Buffalo downed Houston 29-18. San Diego clouted New York 33-7 in a Saturday game.

Rookie flash Gale Sayers cashed in on one of the Bears' many chances with a 61-yard touchdown sprint and two field goals by Roger Leclerc rounded out the scoring at Baltimore. The Colts never got as far as the Bears' 20.

It was ragged and rough football. There were 12 fumbles and three interceptions, penalties totaling 202 yards, and several fights.

Zeke Bratkowski and Bill Anderson combined for a 27-yard scoring pass play in the third period that proved decisive for the Packers against the Vikings,

### *My, How Times Have Changed In Pro Football Salaries*

Fabulous Douglas G. Hertz, executive director of the Atherton Club of Novato, is slightly bemused by the whopping bonuses and salaries being showered on professional gridders these days.

When he owned the New York Yankees of the original American Football League from 1936-41, Hertz said he paid the ordinary player "about $200 a week," which is about the amount some of today's bonus babies get per minute.

**THE 80-YEAR-OLD** Hertz said the gentlemen of the press considered him some kind of nut when in 1940 he signed Jarring John Kimbrough of Texas A & M to a contract for $37,500. "The press," Hertz chuckled, "wondered who was stupid enough to pay that kind of money to a football player. I also offered Tommy Harmon $17,500 but he turned me down."

**WHEN THE** New York Jets paid Joe Namath $200,000 last year Hertz must have enjoyed a hearty laugh. There are indications that one or two of our top college graduates this season will even top that figure.

**HERTZ, BY** the way, has a long and impressive list of exploits in sports and charity promotions in his lifetime, including managing two men who were heavyweight champs of the world (Jack Johnson and Jersey Joe Wolcott), starting possibly the first indoor horse racing in the U.S., initiating dog racing in this country, breaking the racial barrier in pro football and helping convince Branch Rickey to do the same in major league baseball with the celebrated Jackie Robinson case, staging interracial football game for charity on behalf of Mrs. Franklin D. Roosevelt, running a premier polo club in New York, building one indoor arena and running several others.

**HONORS CONTINUE** to come in for Mill Valley's Elmer Collett, star gridder for San Francisco State. Collett, who was a redshirt draft choice of the 49ers (15th round), was named first team offensive guard on the 1965 Far Western Conference team yesterday.

**THE 49ERS** presented what I considered their best halftime show yesterday—the annual Pompon Girls Contest. Hundreds of cute dollies from high schools throughout the West participated in a blaze of color. When the winning teams were announced their squeals of joy gave the crowd a good laugh. Novato High was the only Marin pompon representative.

**A CURIOUS** banner saying "ALEX IS BEAUTIFUL" was prominently displayed in the grandstand yesterday at Kezar. Apparently Alex Karras, the Detroit star, has fans in this neighborhood—but beautiful???

**DAVE PARKS**, the 49er end, showed the greatest straight arm yesterday when he scored on a pass from John Brodie. With a jab like that which flattened a Detroit tackler, Parks probably would excel in boxing.

# Raiders Cling To AFL Title Hopes

OAKLAND (AP) — Tom Flores passed for two touchdowns yesterday as the Oakland Raiders kept alive their slim Western Division title chances by beating the Denver Broncos 24-13 in an American Football League game.

The Raiders' victory gave them a record of 7-4-1 compared to first place San Diego's 7-2-3. Each team has two games remaining, including their meeting Dec. 19 at San Diego.

# Net Upset: Graebner Stuns Roy Emerson

MELBOURNE, Australia (AP) — Tall, bespectacled Clark Graebner has projected himself into the center of the United States' tennis future with a second successive upset victory over Australian ace Roy Emerson, the world's No. 1 amateur player.

Graebner, a 22-year-old collegian from Beechwood, Ohio, outlasted Emerson 8-6, 7-5, 2-6, 1-6, 6-1 yesterday for the men's singles title in the Victorian Championships. Margaret Smith of Australia came from behind for a 5-7, 6-3, 6-2 triumph over Nancy Richey of Dallas, Tex., in the women's final.

Graebner, hampered by a pulled chest muscle, captured the first two sets against Emerson, let up in the next two as the Aussie star pulled even and then went all out in the final set. Volleying brilliantly and forcing Emerson into errors, the 6-foot-2 American breezed through the last set and ended the match with two big serves.

# 49ers Overcome Lions; Showdown Next Week

Independent-Journal Sports
FOURTH SECTION Monday, Dec. 6, 1965 35

Two top candidates for the National Football League's rookie-of-the-month show their prowess in the same game next Sunday as the San Francisco 49ers invade the lair of the Chicago Bears.

Chicago touts Gale Sayers, the halfback from Kansas, as the best newcomer in the loop, but the 49ers are equally sure fullback Ken Willard, a 230-pound bruiser from North Carolina, deserves the honor.

In the standings, the Bears rank third in the Western Division with an 8-4 mark but the 49ers go to Chicago just a game behind at 7-5 with a four-game victory string.

Willard has been a starter in all including the 52-24 victory over Chicago in the NFL regular season opener. In that one Sayers saw little action.

As the 49ers beat Detroit yesterday 17-14 at Kezar Stadium, it was a Willard plunge from the one that brought the winning touchdown.

The rookie has carried 177 times this season for 772 yards and an average of 4.3.

He and John David Crow have also teamed up to provide top protection for quarterback John Brodie. Although the Lions have tossed opposing quarterbacks a total of 43 times in 12 games, they've reached Brodie just once in two of those dozen and not at all in this last meeting.

San Francisco jumped into a 3-0 lead on Tommy Davis' 14-yard field goal in the first period, but Detroit surged back for two touchdowns in the second quarter.

Neither could score in the third and then the 49ers started their winning comeback. A Brodie to Dave Parks pass on a 34-yard play brought the first touchdown.

Midway in the final stanza, the 49ers went on the march again from their 46. Brodie hit Parks for 11 yards and Crow smashed for another 11. Gary Lewis took a pitchout and ran for 15 and Brodie hit Casey for five.

From the Lions' 12, Crow ran four but on the next play the Lions were offside and it was first and goal to go at the four.

Brodie called on Willard three straight times. He was stopped on his first carry, gained three the second and then crashed over right tackle for the winning touchdown.

Detroit scored both its touchdowns in the second quarter. Amos Marsh ran 20 for the first one on the third play after Joe Schmidt intercepted a Brodie pass at the San Francisco 30 and returned it eight yards.

The next time they had the ball, the Lions drove 64 yards in nine plays as Milt Plum hit Gail Cogdill with a 32-yard gainer and Marsh with a pass good for 20. Marsh ran 14 to the one and then Plum carried over. That gave Detroit a 14-3 halftime lead.

"We got our running game going in the second half," commented 49er offensive guard John Thomas. "In the first half, they knew we were going to pass—everybody knew it, even the people (38,463) in the stands. But after that, they couldn't keep coming at us like that."

Another reason the 49ers are high on their rookie fullback.

# Air Horn Partially Blamed For College Of Marin Loss

The spirited rooting section at College of Marin got a little too spirited Saturday night in Kentfield and it might have cost the ballgame.

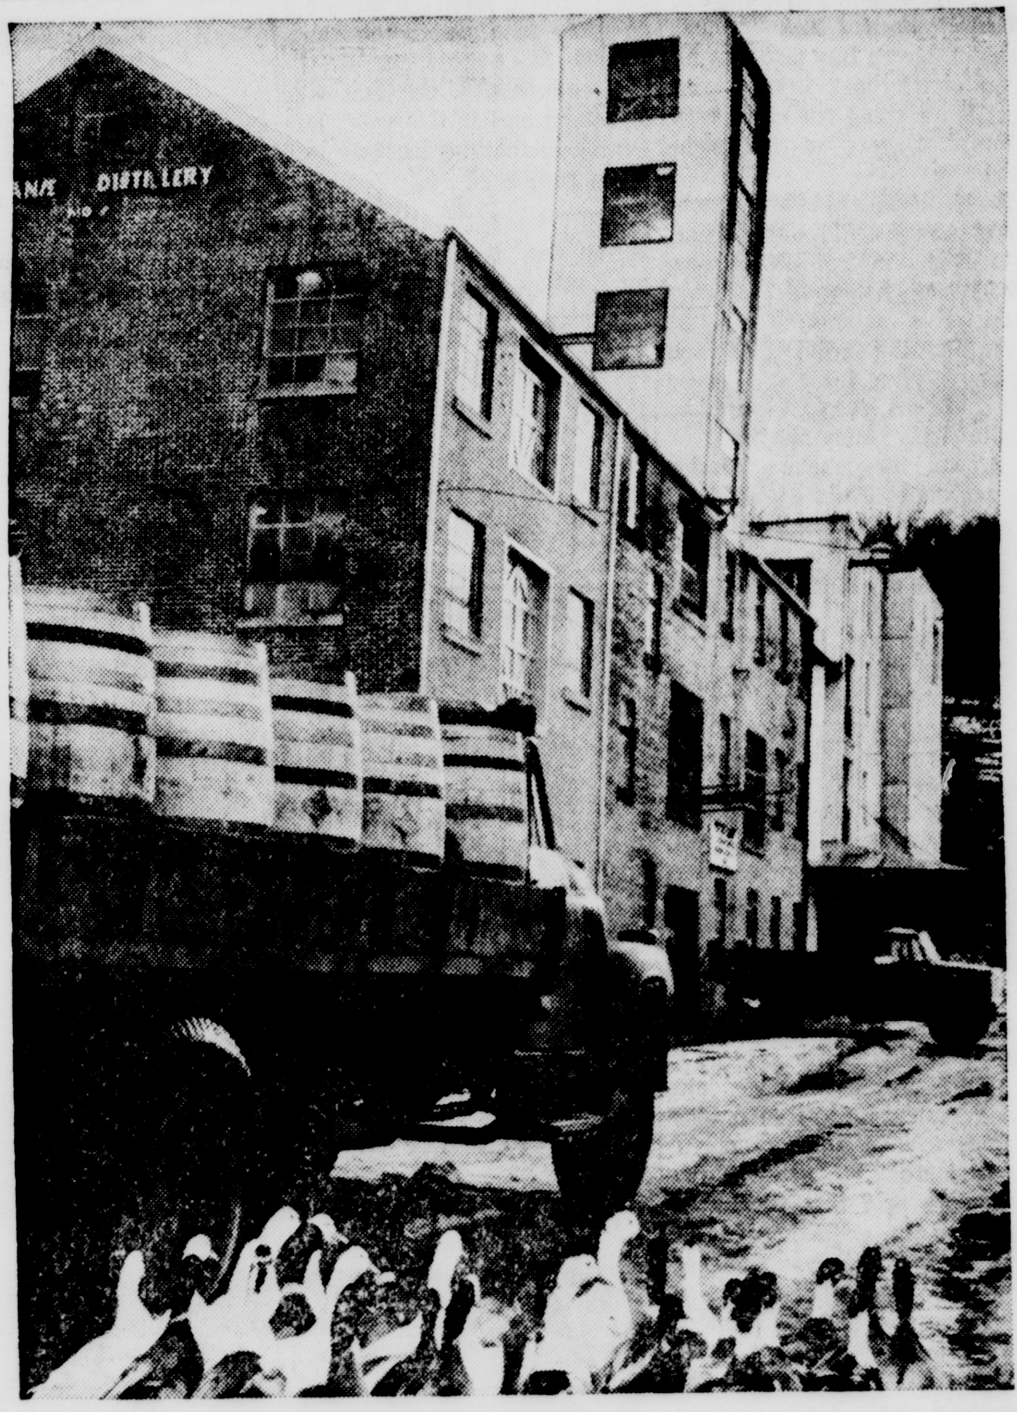
Marin's Tars lost to Foothill College 69-64, their third straight defeat this year without a win. Marin led throughout the first half, had a 31-28 halftime lead, and led through the first part of the second half.

Then shortly after 6-7 center Fred Arnold fouled out, Foothill forged to the lead with eight minutes left in the game. Arnold was the key man on the boards for Marin and had 17 rebounds before fouling out.

Then with only 31 seconds left in the game, strange things happened. Foothill had a one point lead and had a man on the free throw line with a one-and-one situation. As he was getting ready to make his free throw attempt, someone in the Tars' rooting section let go with a blast from an air horn.

After a warning to the stands from one of the officials, the Foothill cager tried his shot, missed, and the Tars had the rebound, with a good chance to set up a winning basket. But the officials called for the ball and gave Foothill's man another chance. He made this shot, and missed the second, but Foothill came down with the rebound and stalled out the clock.

**Marin:** Fred Arnold, 5-2—12; Rod Minti, 5-4—14; Jim Halm, 4-5—13; Bill Brody, 3-1—7; Don Hanson, 5-3—13; Larry Wolfe, 0-3—3; Lorry Galassi, 0-2—2; **Totals:** 22-20—64.



ONE OF THE FEW THINGS that stir up the ducks at Jack Daniel's is a truckload of whiskey on its way to the warehouse.

Probably the biggest reason ducks settle in the Hollow is our unhurried way of life. Making Jack Daniel's whiskey is a slow process. Smoothing it out with Charcoal Mellowing is even slower. And after that it's matured in charred, white oak barrels by the changing seasons. So you see, taking it up to the warehouse is the fastest step of all. After a sip, we believe, you'll be glad it's the only step we do hurry.

## Killer Teale Gets Stay From Chamber

Convicted killer Thomas Leroy Teale will not be executed in the San Quentin gas chamber Dec. 15 after all.

U.S. Supreme Court Judge William O. Douglas today ordered a stay of execution in response to a petition for a review of the case from Teale's attornies.

As a result, the first criminal execution in California for nearly three years has been postponed.

The next step is for the U.S. Supreme Court to look over the petition for review and if it is granted, a court of appeals will be given the job of reviewing the whole case.

If the petition is denied, however, the stay of execution is automatically terminated and a new date will be set by the court which handed down the sentence originally in San Joaquin County.

Teale, 37, was convicted of kidnaping and killing a Lodi bartender in 1962 and robbing him of $266. This was just after he was released from prison for another robbery and shooting 11 years earlier.

Associate Warden James L. Park said today: "Teale is of course a very happy man today. The news came through this morning and he was the first to be told."

### 'EXQUISITE TASTE'

## Burglars Strike Furniture Store

Burglars with "exquisite taste" in household furnishings broke into the Dorothy Kell furniture store at 110 Nellen Drive, Corte Madera, yesterday, hauling off their bulky and expensive loot in the store's own van.

Store owner Mrs. Dorothy Kell discovered the theft at 1 p.m. She said the culprits took six pieces of her most expensive furniture, a safe containing $120, a camera, two oil paintings, and a Japanese silk screen. She estimated the loss at $4,000.

"They had exquisite taste," said Mrs. Kell. "They not only took the most expensive items, they coordinated their colors."

Police said the thieves entered the store sometime between 3 a.m. and 1 p.m. by throwing a large concrete block through an office window.

They systematically chose the pieces they desired, moving them by hand cart to the rear of the building.

They pried open the rear door and loaded their loot into a van truck with the store's name boldly lettered on the side.

Mrs. Kell said the most expensive piece of furniture taken was a leather chair and ottoman, stuffed with down and priced at $679.

"Their home will be furnished in black, with yellow and gold tints," she said.

## Boy, 12, Injured As Bike, Car Hit

Twelve-year-old Mark B. Twede of 168 Via La Cumbre, Greenbrae, suffered leg bruises when his bicycle ran into a car at the Eliseo Drive intersection with Sir Francis Drake Boulvevard in Greenbrae yesterday, the California Highway Patrol reported.

Mark was northbound, crossing the intersection, at 4:20 p.m. when the stop light turned red, the patrol said. He hit the left front of a westbound car driven by John F. Manning, 26, of 85 Harvard Drive, Larkspur. He was treated at home by his parents, Mr. and Mrs. Herbert Twede.

## SQUAD ROOM NOT SAFE FROM THEFT

The safest place from theft is not the squad room of the Novato Police Station, as two policemen found out Saturday.

Patrolman Ronald Green stopped two boys for a traffic violation at 3:30 a.m. They had no identification with them, so he took them to the squadroom at the police station for questioning. After he learned their identify, he left them alone in the room while he went to see if police had any record on them.

When the two left the police station, the helmet badges off Green's and Patrolman Vernon L. Davies' helmets went with them.

Green later recovered the badges from the youths' home and booked both boys into juvenile hall.

## Driver's Scalp Cut In Two-Car Crash

Richard Worthen, 53, of Benicia suffered scalp cuts when his car collided head-on with one driven by Dennis C. Raffety, 41, of Napa on Sir Francis Drake Boulevard in San Geronimo at 6:15 p.m. yesterday, the California Highway Patrol reported.

The patrol said Worthen was eastbound on Drake at the San Geronimo Valley road intersection when the westbound Raffety car drifted into the eastbound lane. Worthen was treated at Kaiser Hospital in Oakland. Raffety was unhurt.

## Rain Expected In Northwest

SAN FRANCISCO (AP) — A wintry rainstorm is moving into northwestern California, with rain forecast from Eureka northward by tonight and spreading to Ukiah and Red Bluff areas tomorrow.

A weather front on the Oregon coast was expected to bring cloudy weather to some parts of north-central California by tomorrow.

Mostly fair weather was forecast for the Sierra Nevada and Southern California. Fog and clouds will continue in the Central Valley and along the north coast.

President of Marin County Fire Prevention Assn. is Capt. William Stepp.

## Homemade Plane Crash Kills Man

HOLLISTER (AP)—A Pebble Beach realtor is dead in the crash of his homemade experimental aircraft — an accident witnessed by the victim's wife and two children.

The plane piloted by Carlton Gates, about 30, dove upside down into the air strip at Hollister Airport shortly after take-off from there yesterday.

Airport manager Ollie Bryant said that Gates had climbed to about 500 feet when the plane's cockpit canopy tore loose. Gates lost control in trying to pull the canopy back, Bryant said. The plane flipped over and plunged into the end of the runway.

Robert Becklund is president of the College of Marin Faculty Assn.

## 49ers Will Have A Lot To Say In Homestretch Of Title Race

RANDOL

For three quarters of yesterday's game with the Detroit Lions, the San Francisco 49ers were about as inspired as an arsonist at a fire prevention convention. Coming to life in the final moments they pulled out their second squeaker of the season over the punchless Lions, 17 to 14.

As the quarterback goes so goes the team for the greater part of the game John Brodie was running hot and cold like a boardinghouse shower. When he was good he was very, very good, and when he was bad he was throwing the ball anywhere but to his intended receivers.

**DURING THE** first half, Detroit was not much better. A great defense the Lions do have but their offense is a man named Amos Marsh. And had it not been for flanker Bernie Casey's four receptions the half might have ended with the ball somewhere in midfield with neither team in possession.

**FOR A WHILE** it seemed that Coach Jack Christiansen was going to play percentages until the 49ers ran out of time and space. On two occasions, with the 49ers trailing, Christiansen sent in the field goal team for abortive tries when the situation seemed to cry for a little daring and a go at first down yardage.

**AS THINGS** turned out, all is forgiven. Once again it was the defense that took charge and inspired the 49er offense to get going in the last quarter. When the big boys, with Clark Miller as cheerleader in the huddle, finally bowed their necks and stopped the Lions cold three times in a row the offense got the hint and scored the winning points.

**A DELIGHTFUL** showing could be made by splicing together the film clips of Dave Parks making touchdowns this year on sheer desire. His pass reception and run for score Sunday was a thing of beauty. When Dave took off for the goal line he knew he would be caught so he did the thing he does best—deliver a stiff straight arm to the tackler and then drag him over the final stripe.

**KERMIT ALEXANDER** sparked the winning TD with an interception, but it was the blocks laid by John Thomas and Walter Rock in the final drive that made the offense effective. Previously, John David Crow and Ken Willard had been running naked end runs that ended inevitable crunches.

Obviously, the 49ers were not "up" for this one. Actually, I don't believe they realize how good they really are. Certainly the potential is there for a great effort next year.

**BUT NEXT** year is not next week, and there is a real sticky engagement with the driving Chicago Bears in the windy city next Sunday. The Bears' win over the Baltimore Colts with the injury to Colt general Johnny Unitas, plus the position of the Green Bay Packers just a half game off the league lead makes for a thrilling finish for the Western Division of the NFL race.

**THE 49ERS** can's win the title but they can have a lot to say about who does. The final two games with the Bears and Packers may tell the story.

# UCLA Still Fuming At Grid Officials

LOS ANGELES (AP)—UCLA's coach Tommy Prothro, who ended the regular football season with the loss of a game and his temper, settled down today to prepare for the game of the year.

He now starts bearing down on the team for their meeting with Michigan State in the Rose Bowl.

The Bruins lost their first game of the year 13-3 to Michigan, a team which went on to become national champion.

"I don't know how we'll beat Michigan State but I think we'll give them a good game and I think we'll score," Prothro said.

He thought his team gave their last opponents — Tennessee's Vols — a good game, despite the 37-34 loss.

And after the loss he tore into officiating, terming it "the worst officiated game I have ever seen."

"The Pro All Stars couldn't have won out there today," Prothro said. That was Saturday, and by yesterday—after the flight back from Memphis—he was still fuming.

"I probably wish I hadn't said what I did, but I still feel the same way," he said. "I felt that way then and I feel that way now."

UCLA drew eight penalties for a total of 84 yards. Tennessee was penalized four times for 15 yards.

"The officials gave Tennessee three extra timeouts in their final drive," Prothro said after the game. "They threw a lateral and it was called an incomplete pass."

The game was a quarterbacks' duel, with Tennessee's Dewey Warren running for two touchdowns and UCLA's Gary Beban running for three.

First blood belonged to the Bruins, who recovered a fumble on the opening kickoff, but Tennessee rebounded and had a 13-7 lead going into the second period and had upped it to 20-7 by halftime. In the third quarter UCLA came through with three touchdowns, but the Vols countered with a touchdown and a field goal. The score then: 29-28.

Beban then ran around right end four yards for a touchdown that made it 34-29. With less than four minutes to play, Warren started a drive that covered 65 yards and was capped off by Warren's one-yard run for the end zone and a two-point pass.

## Seals Bow Again To L.A., Protest

SAN FRANCISCO (AP) —The San Francisco Seals are back home with a new partner in Western Hockey League point standings.

The Los Angeles Blades, formerly in the league cellar, have tied the Seals in points after two weekend victories. Both teams now have 16 points.

San Francisco rests until Wednesday, when the Seals will be hosts to Hershey, Pa., of the American Hockey League.

The Blades shut out San Francisco 3-0 Saturday at Los Angeles on goals by Bill Orban, Warran Hynes and Cliff Pennington. Los Angeles downed San Francisco 2-1 Friday at the Cow Palace.

San Francisco general manager Bud Poile protested Saturday's game after Seals goalie Jack McCarten was given a 10-minute misconduct penalty which carries a $25 fine. Poile claimed referee Bill Balance misinterpreted the rules.

Poile objected to Balance's choice of Gerry Brisson to serve McCarten's penalty at the start of the third period. Poile said Brisson was not on the ice at the time of the goalie's penalty.

## Skidding Warriors Beaten By St Louis

DETROIT (AP) — The San Francisco Warriors, who started a long road trip with ideas of taking over first place, are now in danger of dropping to third.

The Warriors, 1-1 on the road, lost last night's contest with the St. Louis Hawks on Omaha, Neb. Their next game is Wednesday against the Detroit Pistons.

When San Francisco started the nine-game road trip, they had their eyes on the Los Angeles Lakers who are in first place in the western division of the National Basketball Assn.

After the loss to St. Louis, the Warriors are trying to stave off an advance by the Hawks. The Hawks' 113-99 victory narrowed the Warriors' second place margin over St. Louis to just one-half game.

The teams played a nearly even match until the final quarter when the Hawks scored 40 points while the Warriors could dunk in only 25.

The Warriors started the quarter with a one-point advantage, 74-73.

Richie Guerin poured in 30 points, his season high as player-coach of the Hawks. Rick Barry led the San Francisco attack with 30 points.

The Warriors have seven games left on their trip which ends Dec. 17.

## Garrett Is Crowned As NCAA King

NEW YORK (AP) — All-Americas Mike Garrett of Southern California and Jim Grabowski of Illinois, two hard-hitting workhorses, finished 1-2 in the 1965 major college football rushing race.

Garrett, Heisman Trophy winner as the nation's top player, won the title with 1,440 yards, according to figures released today by the NCAA. The sturdy 5-foot-9 Trojan halfback carried 267 times in 10 games, only three less carries than the single-season record set in 1951 by Hardin-Simmons' Frank Goode, who played 12 games that year.

Garrett ended his varsity career with the three-season rushing record of 3,221 yards — 55 yards more than the previous high, set by Ollie Matson of San Francisco.

## Mays Is Official Homer Champion

CINCINNATI (AP) — Roberto Clemente, 31-year-old Pittsburgh outfielder, has been officially crowned the National League batting champion for the second straight year and for the third time in his 11-year big league career.

The official averages released yesterday confirmed that Clemente, a native of Carolina, Puerto Rico, batted .329 in 1965. He finished 11 points ahead of runner-up Hank Aaron of Milwaukee. Willie Mays of San Francisco, the circuit's most valuable player, was third with .317.

Mays paced the N.L. in home runs with 52 and in total bases with 360. He was only the second National Leaguer to hit 50 or more home runs in two seasons. He had 51 in 1955. Ralph Kiner of Pittsburgh slammed 51 in 1947 and 54 in 1949.

Clemente also was the league's top batsman with a .351 average in 1961 and with .339 in 1964. Last season, he started slowly after suffering an attack of malaria. He was hitting only .257 after the first four weeks of the campaign, but rallied in mid-May, connecting safely in 33 of 34 games and lifting his average to .340.

Billy Williams of the Chicago Cubs was fourth in batting with .315. Then came Pete Rose, Cincinnati, .312; Curt Flood, St. Louis, .310; Vada Pinson, Cincinnati, .305, and Cookie Rojas, Philadelphia, .302.

Deron Johnson of Cincinnati was the pacesetter in runs batted in with 130 while Maury Wills of Los Angeles was the stolen base leader with 94, the sixth straight year he has led in that category.

Other leaders: Rose, Cincinnati, in hits with 209; Tommy Harper, Cincinnati, in runs scored with 126; Aaron, Milwaukee in doubles with 40 and John Callison, Philadelphia, in triples with 16.

Cincinnati had the highest club batting average, .273.

who dropped their fourth straight. Green Bay also was hit by a quarterback injury, with Bart Starr going out early with jammed fingers of his right hand.

Frank Ryan's 14-yard touchdown pass put Cleveland ahead of Washington, and Jim Brown iced it with a four-yard scoring burst. It was the 20th TD this year for the great Cleveland fullback, tying the single-season NFL record set last year by Baltimore's Lenny Moore.

Brown, the league's scoring and rushing leader, gained 141 yards for a 12-game total of 1,450.

The Giants, now 6-6, climbed ahead of St. Louis and Washington in the race for the East's runner-up spot with their rout of the fumbling Steelers. Frederickson scored on runs of 13 and three yards, and on a pass from Earl Morrall.

Roman Gabriel threw for three touchdowns and Ed Meador ran over from 11 yards out on a fake field goal as the Rams clipped St. Louis. The Cardinals, co-favored in the East with Cleveland earlier this year, lost for the sixth time in their last seven games.

Sam Baker of the Eagles kicked four field goals against the Cowboys, but two other tries were blocked — giving Dallas the victory. Jethro Pugh blocked one in the third quarter, setting up the clinching touchdown — a 21-yard pass from Don Meredith the Frank Clarke. And Cornell Green stopped another in the final period, nailing it down for Dallas.

## Jockey Given 50-50 Chance

SAN MATEO (AP) — Jockey Phillip Grohs, injured in a spill Friday at Bay Meadows Race Track, was given a 50-50 chance to live after an operation yesterday.

Doctors said that Grohs, 30, remained in critical condition after a blood clot was removed from his brain. The operation was performed at Mills Memorial Hospital.

Grohs was thrown when the 4-year-old colt Bright Section fell in the second race. Films showed that the horse moved in too close to another horse's heels at the five-lengths pole.

# Colts Lose Unitas For Year; Green Bay Closes In

**By JIM HACKLEMAN**
**Associated Press Sports Writer**

Chicago's fierce Bears racked up Johnny Unitas, roughed up the Baltimore Colts, and opened up the Western Division race for a down-to-the-wire finish.

It happened in the National Football League's big one at Baltimore yesterday. After the brawl was over, it was Bears 13, Colts 0. But the crusher for Baltimore came earlier, toward the end of the first half when some 500 pounds of brawn chopped down Unitas.

Bear defensive tackles Stan Jones and Earl Leggett caught Unitas in a pincer movement that knocked the superstar quarterback out of the game, out of the rest of the season, and mostly likely out of the league title playoff — if the Colts make it.

A few hours after the game, Unitas underwent surgery for torn ligament in his right knee. He definitely will be sidelined for Baltimore's two remaining season games, and the chances are very slight he would be ready for a possible match with Cleveland's Eastern champion Browns for the championship Jan. 2.

Despite the loss in the penalty-filled, fist-swinging affair with the Bears, the Colts still lead in the West with a 9-2-1 record. But the Green Bay Packers are right behind at 9-3 after beating the Minnesota Vikings 24-19 and have a showdown coming with the Colts at Baltimore next Sunday, when capable but seldom-tested Gary Cuozzo will fill in for Unitas.

On the final weekend, the Colts play the Rams at Los Angeles and the Packers meet the 49ers at San Francisco.

Meanwhile, the surging Bears still are in it at 8-4. They've lost only once in their last nine games — 26-21 to Baltimore four weeks ago. The Bears take on the 49ers in Chicago next week, then finish at home against the Vikings.

Elsewhere in the NFL — the Browns, with the Eastern title already wrapped up, came back in the final period for a 24-16 victory over the Washington Redskins; rookie Tucker Frederickson scored three touchdowns as the New York Giants took over sole possession of second in the East, whipping the Pittsburgh Steelers 35-10; the Los Angeles Rams buried the St. Louis Cardinals 27-3; the 49ers turned back the Detroit Lions 17-14 with two fourth-quarter touchdowns; and the Dallas Cowboys blocked two field goal tries in edging the Philadelphia Eagles 21-19.

In the American Football League — Oakland beat Denver 24-13 and Buffalo downed Houston 29-18. San Diego clouted New York 38-7 in a Saturday game.

Rookie flash Gale Sayers cashed in on one of the Bears' many chances with a 61-yard touchdown sprint and two field goals by Roger Leclerc rounded out the scoring at Baltimore. The Colts never got as far as the Bears' 20.

It was ragged and rough football. There were 12 fumbles and three interceptions, penalties totaling 202 yards, and several fights.

Zeke Bratkowski and Bill Anderson combined for a 27-yard scoring pass play in the third period that proved decisive for the Packers against the Vikings,

# 49ers Overcome Lions; Showdown Next Week

Independent Journal
Sports

FOURTH SECTION Monday, Dec. 6, 1965 35

Two top candidates for the National Football League's rookie-of-the-month show their prowess in the same game next Sunday as the San Francisco 49ers invade the lair of the Chicago Bears.

Chicago touts Gale Sayers, the halfback from Kansas, as the best newcomer in the loop, but the 49ers are equally sure fullback Ken Willard, a 230-pound bruiser from North Carolina, deserves the honor.

In the standings, the Bears rank third in the Western Division with an 8-4 mark but the 49ers go to Chicago just a game behind at 7-5 with a four-game victory string.

Willard has been a starter in all including the 52-24 victory over Chicago in the NFL regular season opener. In that one Sayers saw little action.

As the 49ers beat Detroit yesterday 17-14 at Kezar Stadium, it was a Willard plunge from the one that brought the winning touchdown.

The rookie has carried 177 times this season for 772 yards and an average of 4.3.

He and John David Crow have also teamed up to provide top protection for quarterback John Brodie. Although the Lions have tossed opposing quarterbacks a total of 43 times in 12 games, they've reached Brodie just once in two of those dozen and not at all in this last meeting.

San Francisco jumped into a 3-0 lead on Tommy Davis' 14-yard field goal in the first period, but Detroit surged back for two touchdowns in the second quarter.

Neither could score in the third and then the 49ers started their winning comeback. A Brodie to Dave Parks pass on a 34-yard play brought the first touchdown.

Midway in the final stanza, the 49ers went on the march again from their 46. Brodie hit Parks for 11 yards and Crow smashed for another 11. Gary Lewis took a pitchout and ran for 15 and Brodie hit Casey for five.

From the Lions' 12, Crow ran four but on the next play the Lions were offside and it was first and goal to go at the four.

Brodie called on Willard three straight times. He was stopped on his first carry, gained three the second and then crashed over right tackle for the winning touchdown.

Detroit scored both its touchdowns in the second quarter. Amos Marsh ran 20 for the first one on the third play after Joe Schmidt intercepted a Brodie pass at the San Francisco 30 and returned it eight yards.

The next time they had the ball, the Lions drove 64 yards in nine plays as Milt Plum hit Gail Cogdill with a 32-yard gainer and Marsh with a pass good for 20. Marsh ran 14 to the one and then Plum carried over. That gave Detroit a 14-3 halftime lead.

"We got our running game going in the second half," commented 49er offensive guard John Thomas. "In the first half, they knew we were going to pass—everybody knew it, even the people (38,463) in the stands. But after that, they couldn't keep coming at us like that."

Another reason the 49ers are high on their rookie fullback.

## *My, How Times Have Changed In Pro Football Salaries*

Fabulous Douglas G. Hertz, executive director of the Atherton Club of Novato, is slightly bemused by the whopping bonuses and salaries being showered on professional gridders these days.

When he owned the New York Yankees of the original American Football League from 1936-41, Hertz said he paid the ordinary player "about $200 a week," which is about the amount some of today's bonus babies get per minute.

**THE 80-YEAR-OLD** Hertz said the gentlemen of the press considered him some kind of nut when in 1940 he signed Jarring John Kimbrough of Texas A & M to a contract for $37,500. "The press," Hertz chuckled, "wondered who was stupid enough to pay that kind of money to a football player. I also offered Tommy Harmon $17,500 but he turned me down."

**WHEN THE** New York Jets paid Joe Namath $200,000 last year Hertz must have enjoyed a hearty laugh. There are indications that one or two of our top college graduates this season will even top that figure.

**HERTZ, BY** the way, has a long and impressive list of exploits in sports and charity promotions in his lifetime, including managing two men who were heavyweight champs of the world (Jack Johnson and Jersey Joe Wolcott), starting possibly the first indoor horse racing in the U.S., initiating dog racing in this country, breaking the racial barrier in pro football and helping convince Branch Rickey to do the same in major league baseball with the celebrated Jackie Robinson case, staging interracial football game for charity on behalf of Mrs. Franklin D. Roosevelt, running a premier polo club in New York, building one indoor arena and running several others.

**HONORS CONTINUE** to come in for Mill Valley's Elmer Collett, star gridder for San Francisco State. Collett, who was a redshirt draft choice of the 49ers (15th round), was named first team offensive guard on the 1965 Far Western Conference team yesterday.

**THE 49ERS** presented what I considered their best halftime show yesterday—the annual Pompon Girls Contest. Hundreds of cute dollies from high schools throughout the West participated in a blaze of color. When the winning teams were announced their squeals of joy gave the crowd a good laugh. Novato High was the only Marin pompon representative.

**A CURIOUS** banner saying "ALEX IS BEAUTIFUL" was prominently displayed in the grandstand yesterday at Kezar. Apparently Alex Karras, the Detroit star, has fans in this neighborhood—but beautiful???

**DAVE PARKS**, the 49er end, showed the greatest straight arm yesterday when he scored on a pass from John Brodie. With a jab like that which flattened a Detroit tackler, Parks probably would excel in boxing.

# Raiders Cling To AFL Title Hopes

OAKLAND (AP) — Tom Flores passed for two touchdowns yesterday as the Oakland Raiders kept alive their slim Western Division title chances by beating the Denver Broncos 24-13 in an American Football League game.

The Raiders' victory gave them a record of 7-4-1 compared to first place San Diego's 7-2-3. Each team has two games remaining, including their meeting Dec. 19 at San Diego.

# Net Upset: Graebner Stuns Roy Emerson

MELBOURNE, Australia (AP) — Tall, bespectacled Clark Graebner has projected himself into the center of the United States' tennis future with a second successive upset victory over Australian ace Roy Emerson, the world's No. 1 amateur player.

Graebner, a 22-year-old collegian from Beechwood, Ohio, outlasted Emerson 8-6, 7-5, 2-6, 1-6, 6-1 yesterday for the men's singles title in the Victorian Championships. Margaret Smith of Australia came from behind for a 5-7, 6-3, 6-2 triumph over Nancy Richey of Dallas, Tex., in the women's final.

Graebner, hampered by a pulled chest muscle, captured the first two sets against Emerson, let up in the next two as the Aussie star pulled even and then went all out in the final set. Volleying brilliantly and forcing Emerson into errors, the 6-foot-2 American breezed through the last set and ended the match with two big serves.

# Air Horn Partially Blamed For College Of Marin Loss

The spirited rooting section at College of Marin got a little too spirited Saturday night in Kentfield and it might have cost the ballgame.

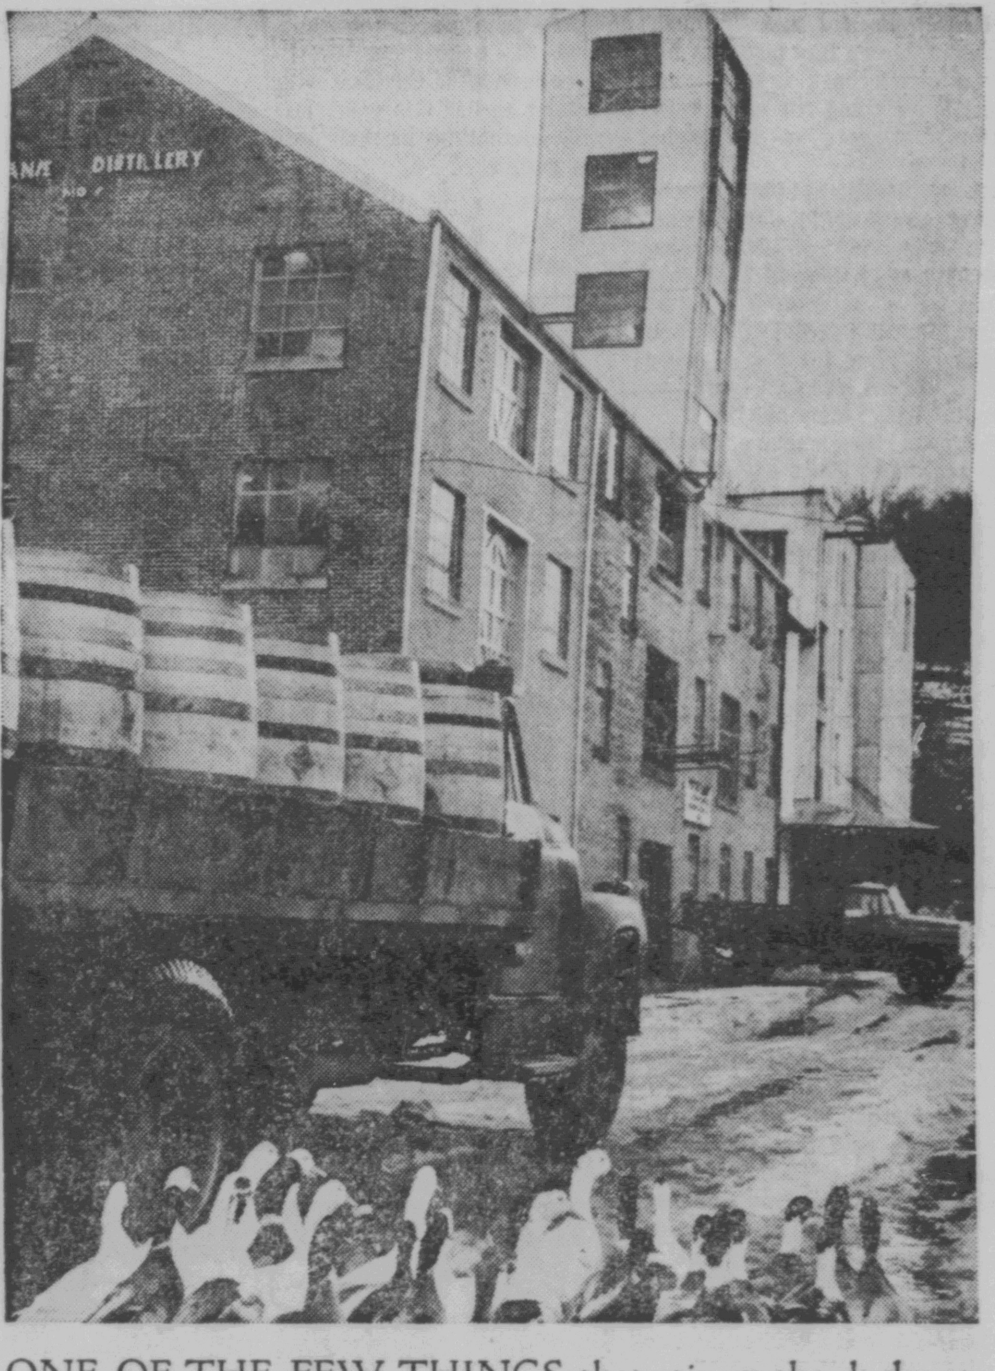
Marin's Tars lost to Foothill College 69-64, their third straight defeat this year without a win. Marin led throughout the first half, had a 31-28 halftime lead, and led through the first part of the second half.

Then shortly after 6-7 center Fred Arnold fouled out, Foothill forged to the lead with eight minutes left in the game. Arnold was the key man on the boards for Marin and had 17 rebounds before fouling out.

Then with only 31 seconds left in the game, strange things happened. Foothill had a one point lead and had a man on the free throw line with a one-and-one situation. As he was getting ready to make his free throw attempt, someone in the Tars' rooting section let go with a blast from an air horn.

After a warning to the stands from one of the officials, the Foothill cager tried his shot, missed, and the Tars had the rebound, with a good chance to set up a winning basket. But the officials called for the ball and gave Foothill's man another chance. He made this shot, and missed the second, but Foothill came down with the rebound and stalled out the clock.

**Marin:** Fred Arnold, 5-2—12; Rod Minti, 5-4—14; Jim Halm, 4-5—13; Bill Brody, 3-1—7; Don Hanson, 5-3—13; Larry Wolfe, 0-3—3; Lorry Galassi, 0-2—2; **Totals:** 22-20—64.



ONE OF THE FEW THINGS that stir up the ducks at Jack Daniel's is a truckload of whiskey on its way to the warehouse.

Probably the biggest reason ducks settle in the Hollow is our unhurried way of life. Making Jack Daniel's whiskey is a slow process. Smoothing it out with Charcoal Mellowing is even slower. And after that it's matured in charred, white oak barrels by the changing seasons. So you see, taking it up to the warehouse is the fastest step of all. After a sip, we believe, you'll be glad it's the only step we do hurry.

UNITAS THROUGH FOR SEASON

Quarterback John Unitas of the Baltimore Colts holds an ice pack to his injured knee during yesterday's game against the Chicago Bears. The Bears beat the Colts 13-0, but worse, Unitas had to undergo an operation for torn ligaments. # Two Big Cage Tourneys In Marin

Most Marin County babsketball teams will be busy with tournament play this week, five Marin teams involved in two tourneys on local courts and two other teams traveling out of the county for tourney action.

College of Marin will host the other teams in its conference in the Golden Valley Conference tournament Friday and Saturday in Kentfield, and Drake High School will put on its first invitational tournament, a four-day thing, starting Wednesday in San Anselmo. Other Marin teams included in the Drake tournament are Redwood, Novato and Terra Linda.

Tamalpais will be in the Healdsburg Invitational Friday, Saturday and Monday, and Marin Catholic gets in stiff company at the Riordan Christmas Tournament Thursday through Saturday in San Francisco.

San Rafael High, not scheduling any tournament action, hosts Santa Rosa High tomorrow at 4 p.m. and then travels to Armijo Friday for a night game. In the only other action tomorrow, Tam hosts Vallejo High starting at 4 p.m. in the Tam gym. The Indians of Tam will be trying to bounce back after a 47-40 loss to Polytechnic of San Francisco last Friday.

### TAM LOSES

Led by forward Steve Johnson and guard Steve Woodward, the Indians were up by one point at the end of the first period, 12-11.

Poly came right back, outscoring Tam, 15-9, in the second stanza and forged ahead by five points at intermission, 26-21, but the blue and red clad Indians were not yet finished.

With Honor Jackson crashing the boards hard, the Tam boys fought back again in the third period and surged to a three point lead, 36-33.

They outscored Poly, 15-7, in that period, and each Indian field goal caused Tam fans to scream louder.

But Poly was not to be outdone.

Unfortunately, Tam went cold in the final stanza scoring only two field goals, as an aggressive Poly defense forced the Indians to take poor percentage shots.

"I was real happy with the team despite the loss," Coach Ed Chavez said, "it was a great team effort. It was a good test for the boys, too."

**Tam:** Steve Woodward, 3-2—8; Steve Johnson, 3-2—8; Honors Jackson, 2-1—5; Mike Biber, 2-0—4; Mike Beaver, 1-1—3; Russ Williams, 3-0—6; Ron Gilliam, 3-0—6. **Totals:** 17-6—40.

### REDWOOD WINS

Redwood High School's cagers won their third straight game without a setback Saturday night in Santa Rosa, whipping Gridley 76-64 in the first game of a twin bill. Gilroy dumped Santa Rosa 56-49 in the nightcap.

The Giants had a balanced attack, Russ Smith scoring 18 points, Andre Horn 16, Bruce McGee 15 and Jack Fitzhenry 13. Redwood led from the start to the end, hitting 44 per cent of its shots from the floor.

Redwood committed 26 fouls to only 3 against Gridley, a team that played the entire second half without being called for a foul. So only two of Redwood's points came from the free throw line compared to 22 for Gridley.

Chuck Meyer topped the team in rebounds with 13, and Horn, the former all-league "B" player, had 9 assists in addition to his 8 buckets.

| | | | | |
|---|---|---|---|---|
| Gridley | 6 | 18 | 17 | 23—64 |
| Redwood | 19 | 17 | 18 | 22—76 |

### MARIN CATHOLIC

Marin Catholic was walloped 51-37 last Friday by Serra High School in the Wildcats' gym in Kentfield.

Mike Lasater kept the team in the game in the first period with nifty outside shooting and hustling defensive play. He ended up as Marin's high scorer with 16 points. Bob Lombardi was the big man on the boards for the Wildcats, pulling down 13 rebounds.

Serra's 6-6 center, Jack Keekan, was the game's top scorer with 22 points.

## CHAPARRAL TEAM

# Hap Sharp Wins Nassau Thriller

NASSAU, Bahamas (AP) — Hap Sharp of Houston, Tex., tooled a Chevy-powered Chaparral to a Nassau International Trophy win at record average speed of 103.273 miles per hour yesterday.

Sharp finished the 252-mile race more than two laps ahead of John Cannon of Montreal, driving a Genie Olds owned by television actor Dan Blocker.

The 33-year-old winner functioned like a missile booster shot for his Chaparral team. The other member, Jim Hall of Midland, Tex., held the lead for 25 laps, lost it to Sharp and then spun out on lap 43 with a broken wheel.

Sharp led the final 26 laps of the 56-lap race. His average speed far eclipsed A.J. Foyt's old mark of 95.383 m.p.h. on the 4.5-mile Oakes Field course.

Sharp collected $5,000 from the purse of this final event on the 1965 world road racing calendar.

Peter Revson of Sulbiton, England, took third place in a Brabham Climax. Fourth was Charlie Kolb of Miami, Fla., in a Porsche Spyder prototype that won hill climbs earlier this year in Austria and Switzerland. Bob Gross finished fifth in a Ford Cobra and took grand touring honors.

# The Citadel Fires Coach

CHARLESTON, S.C., (AP) — The Citadel is looking for someone to succeed Eddie Teague as head football coach.

The board of visitors of the state military college announced yesterday it is relieving Teague as coach and naming him to head a three-man committee to look for a new coach. Teague continues as athletic director.

The former assistant coach at the University of North Carolina said a successor will be sought in time to take over before the start of spring football practice.

Teague had a 2-8 record this season, his ninth season as head coach. He led The Citadel to the only Southern Conference football championship it won in 1961 after the team visited the Tangerine Bowl in 1960.

# Bruin Charged With Slugging Vol Player

KNOXVILLE, Tenn. (AP) — Tennessee safetyman Bobby Petrella suffered a mild concussion and cuts on the forehead when he was slugged on the last play of the game in the Vols' 37-34 football victory over UCLA at Memphis Saturday.

Tom Siler, Knoxville News-Sentinel sports editor, wrote his column today that "movies clearly show No. 39 (Paul Horgan) coming off the bench and hitting Petrella in the face with a powerful forearm. Petrella was knocked to the ground in front of the UCLA bench.

"In the wild confusion that followed, Petrella came out woozy, cut badly about the face and head and bleeding badly."

Petrella, after viewing the movies said: "Now I know where that fellow, who turned out the lights, came from. He came off the bench. I still remember how nice and clear that sideline looked...and then wham!"

Trainer Mickey O'Brien said Tennessee's team physician, Dr. Robert Brashear, took 12 stitches to close the cut.

"Bobby was bleeding and walking around like a drunk man after he was slugged," O'Brien said. "He had a mild concussion and his conversation didn't return to normal until we were about halfway home on the return flight to Memphis."

Bob DeRosa pitched a three-hit shutout and knocked in the first two runs for Litchfield's of San Rafael as the Marin men dumped Cecil Whitebone baseballers 11-0 yesterday in San Francisco.

It was Litchfield's fifth straight victory in the San Francisco Triple A Winter League and kept them tied for first place.

With the game scoreless in the fifth inning, DeRosa, the nifty southpaw, smacked a bases-loaded double to bang across two runs to start the Litchfield assault. The winners totaled 14 hits, led by Joe Panella with three singles, Walt Williams and Don Lauters with two safeties apiece and DeRosa with a single to go with his double.

Aiding DeRosa in his second league triumph were Jess Jacinto, Paul Giambra and Williams who made fine defensive plays.

Cut the college problem down to size

It's too big, too important to let slide.

The problem: Colleges are facing greatly increased enrollments every year.

But they may not be able to afford the facilities, equipment and qualified teachers to train these potential leaders.

That makes it *our* problem.

We urgently need leaders to plan wise use of our national resources, manpower and human skills.

A loss in leadership would be a threat to our economy. It would affect jobs, opportunities, living standards.

Keep our leaders coming, by helping colleges meet the cost of educating them. Give to the college of your choice.

## 49ers Will Have A Lot To Say In Homestretch Of Title Race

RANDOL

For three quarters of yesterday's game with the Detroit Lions, the San Francisco 49ers were about as inspired as an arsonist at a fire prevention convention. Coming to life in the final moments they pulled out their second squeaker of the season over the punchless Lions, 17 to 14.

As the quarterback goes so goes the team for the greater part of the game John Brodie was running hot and cold like a boardinghouse shower. When he was good he was very, very good, and when he was bad he was throwing the ball anywhere but to his intended receivers.

**DURING THE** first half, Detroit was not much better. A great defense the Lions do have but their offense is a man named Amos Marsh. And had it not been for flanker Bernie Casey's four receptions the half might have ended with the ball somewhere in midfield with neither team in possession.

**FOR A WHILE** it seemed that Coach Jack Christiansen was going to play percentages until the 49ers ran out of time and space. On two occasions, with the 49ers trailing, Christiansen sent in the field goal team for abortive tries when the situation seemed to cry for a little daring and a go at first down yardage.

**AS THINGS** turned out, all is forgiven. Once again it was the defense that took charge and inspired the 49er offense to get going in the last quarter. When the big boys, with Clark Miller as cheerleader in the huddle, finally bowed their necks and stopped the Lions cold three times in a row the offense got the hint and scored the winning points.

**A DELIGHTFUL** showing could be made by splicing together the film clips of Dave Parks making touchdowns this year on sheer desire. His pass reception and run for score Sunday was a thing of beauty. When Dave took off for the goal line he knew he would be caught so he did the thing he does best —deliver a stiff straight arm to the tackler and then drag him over the final stripe.

**KERMIT ALEXANDER** sparked the winning TD with an interception, but it was the blocks laid by John Thomas and Walter Rock in the final drive that made the offense effective. Previously, John David Crow and Ken Willard had been running naked end runs that ended inevitable crunches.

Obviously, the 49ers were not "up" for this one. Actually, I don't believe they realize how good they really are. Certainly the potential is there for a great effort next year.

**BUT NEXT** year is not next week, and there is a real sticky engagement with the driving Chicago Bears in the windy city next Sunday. The Bears' win over the Baltimore Colts with the injury to Colt general Johnny Unitas, plus the position of the Green Bay Packers just a half game off the league lead makes for a thrilling finish for the Western Division of the NFL race.

**THE 49ERS** can's win the title but they can have a lot to say about who does. The final two games with the Bears and Packers may tell the story.

who dropped their fourth straight. Green Bay also was hit by a quarterback injury, with Bart Starr going out early with jammed fingers of his right hand.

Frank Ryan's 14-yard touchdown pass put Cleveland ahead of Washington, and Jim Brown iced it with a four-yard scoring burst. It was the 20th TD this year for the great Cleveland fullback, tying the single-season NFL record set last year by Baltimore's Lenny Moore.

Brown, the league's scoring and rushing leader, gained 141 yards for a 12-game total of 1,450.

The Giants, now 6-6, climbed ahead of St. Louis and Washington in the race for the East's runner-up spot with their rout of the fumbling Steelers. Frederickson scored on runs of 13 and three yards, and on a pass from Earl Morrall.

Roman Gabriel threw for three touchdowns and Ed Meador ran over from 11 yards out on a fake field goal as the Rams clipped St. Louis. The Cardinals, co-favored in the East with Cleveland earlier this year, lost for the sixth time in their last seven games.

Sam Baker of the Eagles kicked four field goals against the Cowboys, but two other tries were blocked — giving Dallas the victory. Jethro Pugh blocked one in the third quarter, setting up the clinching touchdown — a 21-yard pass from Don Meredith the Frank Clarke. And Cornell Green stopped another in the final period, nailing it down for Dallas.

## Jockey Given 50-50 Chance

SAN MATEO (AP) — Jockey Phillip Grohs, injured in a spill Friday at Bay Meadows Race Track, was given a 50-50 chance to live after an operation yesterday.

Doctors said that Grohs, 30, remained in critical condition after a blood clot was removed from his brain. The operation was performed at Mills Memorial Hospital.

Grohs was thrown when the 4-year-old colt Bright Section fell in the second race. Films showed that the horse moved in too close to another horse's heels at the five-lengths pole.

# UCLA Still Fuming At Grid Officials

LOS ANGELES (AP)—UCLA's coach Tommy Prothro, who ended the regular football season with the loss of a game and his temper, settled down today to prepare for the game of the year.

He now starts bearing down on the team for their meeting with Michigan State in the Rose Bowl.

The Bruins lost their first game of the year 13-3 to Michigan, a team which went on to become national champion.

"I don't know how we'll beat Michigan State but I think we'll give them a good game and I think we'll score," Prothro said.

He thought his team gave their last opponents — Tennessee's Vols — a good game, despite the 37-34 loss.

And after the loss he tore into officiating, terming it "the worst officiated game I have ever seen."

"The Pro All Stars couldn't have won out there today," Prothro said. That was Saturday, and by yesterday—after the flight back from Memphis—he was still fuming.

"I probably wish I hadn't said what I did, but I still feel the same way," he said. "I felt that way then and I feel that way now."

UCLA drew eight penalties for a total of 84 yards. Tennessee was penalized four times for 15 yards.

"The officials gave Tennessee three extra timeouts in their final drive," Prothro said after the game. "They threw a lateral and it was called an incomplete pass."

The game was a quarterbacks' duel, with Tennessee's Dewey Warren running for two touchdowns and UCLA's Gary Beban running for three.

First blood belonged to the Bruins, who recovered a fumble on the opening kickoff, but Tennessee rebounded and had a 13-7 lead going into the second period and had upped it to 20-7 by halftime. In the third quarter UCLA came through with three touchdowns, but the Vols countered with a touchdown and a field goal. The score then: 29-28.

Beban then ran around right end four yards for a touchdown that made it 34-29. With less than four minutes to play, Warren started a drive that covered 65 yards and was capped off by Warren's one-yard run for the end zone and a two-point pass.

## Seals Bow Again To L.A., Protest

SAN FRANCISCO (AP) —The San Francisco Seals are back home with a new partner in Western Hockey League point standings.

The Los Angeles Blades, formerly in the league cellar, have tied the Seals in points after two weekend victories. Both teams now have 16 points.

San Francisco rests until Wednesday, when the Seals will be hosts to Hershey, Pa., of the American Hockey League.

The Blades shut out San Francisco 3-0 Saturday at Los Angeles on goals by Bill Orban, Warran Hynes and Cliff Pennington. Los Angeles downed San Francisco 2-1 Friday at the Cow Palace.

San Francisco general manager Bud Poile protested Saturday's game after Seals goalie Jack McCarten was given a 10-minute misconduct penalty which carries a $25 fine. Poile claimed referee Bill Balance misinterpreted the rules.

Poile objected to Balance's choice of Gerry Brisson to serve McCarten's penalty at the start of the third period. Poile said Brisson was not on the ice at the time of the goalie's penalty.

## Skidding Warriors Beaten By St Louis

DETROIT (AP) — The San Francisco Warriors, who started a long road trip with ideas of taking over first place, are now in danger of dropping to third.

The Warriors, 1-1 on the road, lost last night's contest with the St. Louis Hawks on Omaha, Neb. Their next game is Wednesday against the Detroit Pistons.

When San Francisco started the nine-game road trip, they had their eyes on the Los Angeles Lakers who are in first place in the western division of the National Basketball Assn.

After the loss to St. Louis, the Warriors are trying to stave off an advance by the Hawks. The Hawks' 113-99 victory narrowed the Warriors' second place margin over St. Louis to just one-half game.

The teams played a nearly even match until the final quarter when the Hawks scored 40 points while the Warriors could dunk in only 25.

The Warriors started the quarter with a one-point advantage, 74-73.

Richie Guerin poured in 30 points, his season high as player-coach of the Hawks. Rick Barry led the San Francisco attack with 30 points.

The Warriors have seven games left on their trip which ends Dec. 17.

## Garrett Is Crowned As NCAA King

NEW YORK (AP) — All-Americas Mike Garrett of Southern California and Jim Grabowski of Illinois, two hard-hitting workhorses, finished 1-2 in the 1965 major college football rushing race.

Garrett, Heisman Trophy winner as the nation's top player, won the title with 1,440 yards, according to figures released today by the NCAA. The sturdy 5-foot-9 Trojan halfback carried 267 times in 10 games, only three less carries than the single-season record set in 1951 by Hardin-Simmons' Frank Goode, who played 12 games that year.

Garrett ended his varsity career with the three-season rushing record of 3,221 yards — 55 yards more than the previous high, set by Ollie Matson of San Francisco.

## Mays Is Official Homer Champion

CINCINNATI (AP) — Roberto Clemente, 31-year-old Pittsburgh outfielder, has been officially crowned the National League batting champion for the second straight year and for the third time in his 11-year big league career.

The official averages released yesterday confirmed that Clemente, a native of Carolina, Puerto Rico, batted .329 in 1965. He finished 11 points ahead of runner-up Hank Aaron of Milwaukee. Willie Mays of San Francisco, the circuit's most valuable player, was third with .317.

Mays paced the N.L. in home runs with 52 and in total bases with 360. He was only the second National Leaguer to hit 50 or more home runs in two seasons. He had 51 in 1955. Ralph Kiner of Pittsburgh slammed 51 in 1947 and 54 in 1949.

Clemente also was the league's top batsman with a .351 average in 1961 and with .339 in 1964. Last season, he started slowly after suffering an attack of malaria. He was hitting only .257 after the first four weeks of the campaign, but rallied in mid-May, connecting safely in 33 of 34 games and lifting his average to .340.

Billy Williams of the Chicago Cubs was fourth in batting with .315. Then came Pete Rose, Cincinnati, .312; Curt Flood, St. Louis, .310; Vada Pinson, Cincinnati, .305, and Cookie Rojas, Philadelphia, .302.

Deron Johnson of Cincinnati was the pacesetter in runs batted in with 130 while Maury Wills of Los Angeles was the stolen base leader with 94, the sixth straight year he has led in that category.

Other leaders: Rose, Cincinnati, in hits with 209; Tommy Harper, Cincinnati, in runs scored with 126; Aaron, Milwaukee in doubles with 40 and John Callison, Philadelphia, in triples with 16.

Cincinnati had the highest club batting average, .273.

## Another Emergency Road Station Announced For Southern Marin

Another emergency road station appointment in central Marin has been announced by the **AAA California State Automobile Assn. in** addition to Locke Bros. **Garage**, San Rafael. This is **Brendel's Enco Service at 930** Del Presidio Boulevard, which will serve the Northgate and Terra **Linda area.**

There is good reason, it appears, for splitting up the service in the San Rafael district. When Rossi Garage took on the AAA contract 40 years ago there was about one service call a day. Recently, Rossi, which has given up its contract voluntarily, was handling 20 calls a day.

Along with this changeover, the AAA has announced the establishment of a central receiving and dispatching service for the entire county. Two special emergency road service telephone numbers, not yet announced, will cover Marin from Novato to Sausalito. Service requests will be relayed by operators in radio contact with trucks of eight Marin emergency road stations.

**HAROLD L. IVERSON** of Sleepy Hollow has been made vice president in charge of **Bank of America's** officer placements division and will coordinate all promotions and transfers of officers within the state. Iverson began his banking career in 1939 in Salinas and has held Bank of America positions in the Seaside and San Francisco areas. Last year he was promoted to assistant vice president in charge of salary administration.

Loberg

**ROBERT LOBERG** and **Frank Netti** of San Rafael were installed Saturday as president and vice president of the San Francisco Security Traders Assn. Loberg is manager of the trading department of **Francis I. Du Pont and Co.** Notti is trading department manager of **Schwabacher and Co.**

**THE DECORATORS GUILD** at the Marin Art and Garden Center in Ross is holding its "Christmas Greens Sale" again this year. Days open are next Friday from 10 a.m. to 9 p.m. and on Saturday and Sunday from 10 a.m. to 5 p.m. This annual affair usually features something different from the usual run of decorations and this year is no exception. Materials include English yule logs to copies of ancient Italion ceppo trees and Swedish centerpieces.

# Market Closes Lower, Erases Early Losses

NEW YORK (AP)—The stock market closed sharply lower today but it greatly reduced its early losses triggered by tightening credit.

Stocks plunged on news that the Federal Reserve Board had upped the discount rate to 4½ per cent. The first hour was the most active in New York Stock Exchange history.

Emotional selling began to peter out and the losses—which were the greatest since the Kennedy assassination in 1963 — were cut back considerably.

Stocks were affected all across the board. A scattering of plus signs began to show in the afternoon.

Just before the close there was another sinking spell but it was moderate compared with the original slide.

Volume for the day was estimated at 12 million shares compared with 8.16 million on Friday.

Here was the picture near the close:

Key stocks were down from fractions to around 2 points while higher - priced issues showed some losses of several points.

Wall Street reacted sharply to news that the Federal Reserve Board had tightened credit by boosting the discount rate to 4½ per cent from 4 per cent in spite of President Johnson's opposition to stiffer interest rates.

The 900-character-a - minute ticker tape fell as much as 13 minutes behind transactions as stocks were dumped on a broad front. But bargain hunters surged back into the market to pick up stock at cheap prices.

In the steepest drop since the Kennedy assassination on Nov. 22, 1963, the Dow Jones industrial average was down 17.60 at the end of the first hour.

By 2 p.m. the loss was cut to 5.74.

Down about 4 points were such stocks as Fairchild Camera, Xerox and Texas Instruments. IBM dropped 5.

Polaroid and Zenith were off 3.

Down about 2 were General Motors, U.S. Rubber, Boeing, American Cyanamid, Air Reduction, U.S. Smelting, Eastern Air Lines, TWA, Chicago Great Western and Household Finance.

Many stocks were down about a point.

Gold mining stocks rallied against the trend. American South African Investment rose rose nearly 2, Dome Mines more than a point.

Prices on the American Stock lower.

Corporate and U.S. Treasury bonds slid sharply.

**REPLACES TIMES TOWER**

Huge spotlights illuminate the new Allied Chemical Tower on the site of the old New York Times Tower at Times Square, New York City. The 23-story building was dedicated last Thursday. By using special lighting there is a reflected version of a Christmas scene, the Three Wise Men under the Star of Bethlehem. (UPI Telephoto)

# War, Great Society, Expansion Bring Optimistic Business Talk

By PETER S. NAGAN
Advance News Service

WASHINGTON—Forecasts of business activity next year are growing brighter, day by day.

As 1966 draws near, government economists keep raising their projections for the total output of goods and services in the coming year. The predictions of some analysts in industry even exceed those heard in Washington.

The new reckoning is partly based on the Viet Nam buildup, but on other factors too.

**Customary caution is being thrown to the winds. The page of growth and expansion is expected to quicken, lifting sales and jobs in 1966. This outlook is being reflected in a number of forecasts.**

Only about three months ago, most economic experts were hard put to detect new sources of thrust that would keep the economy growing at its recent merry clip. Even some of the top experts at the White House could foresee little more than a 4.5 per cent increase in total output of goods and services—to perhaps $705 billion, a gain of $35 billion over 1965.

Then, at a meeting of statisticians in September, the President's chief economic adviser, Gardner Ackley, forecast a gain of $40 billion, or close to 6 per cent. Some questioned his prudence in laying his prestige on the line with so rich a projection.

Now 6 per cent is the minimum increase to which most analysts subscribe. More and more, forecasts are tending to exceed this. It is no longer daring to talk of gains of 6.5 per cent.

Indeed, that's what one highly regarded forecaster predicted last week. The chief economist of the giant Prudential Insurance Co. forecast that total output — the so-called Gross National Product—will rise to $715 bililon in 1966, a gain of about $45 billion.

Government spending for Viet Nam and the Great Society is on a sharply rising trend—that's one important reason for the upward revisions. Industry's continually expanding plans for investment in new plant and equipment is another reason. And current demand for autos and TV sets is exceeding expectations.

**But the optimism is also partly psychological. It tends to be contagious. Confidence spreads out to others and then comes back to reinforce an expert's original view.**

What's more, the forecasters face great temptation to err on the high side these days. In 1964 and again this year, they have found that even their optimistic goals have been exceeded.

This could happen again. Spending for Viet Nam and investment by business could outrun present estimates.

**But a portion of the gain would represent over-heating—that is, inflationary price rises. After allowing for price changes, actual gains could turn out to be a little larger than those of 1965.**

UNITAS THROUGH FOR SEASON

Quarterback John Unitas of the Baltimore Colts holds an ice pack to his injured knee during yesterday's game against the Chicago Bears. The Bears beat the Colts 13-0, but worse, Unitas had to undergo an operation for torn ligaments. Unitas, key to the Colts offense, will be out for the rest of the season, a big blow to Baltimore's hopes of a second straight division championship. (AP Wirephoto)

# Bruin Charged With Slugging Vol Player

KNOXVILLE, Tenn. (AP) — Tennessee safetyman Bobby Petrella suffered a mild concussion and cuts on the forehead when he was slugged on the last play of the game in the Vols' 37-34 football victory over UCLA at Memphis Saturday.

Tom Siler, Knoxville News-Sentinel sports editor, wrote his column today that "movies clearly show No. 39 (Paul Horgan) coming off the bench and hitting Petrella in the face with a powerful forearm. Petrella was knocked to the ground in front of the UCLA bench.

"In the wild confusion that followed, Petrella came out woozy, cut badly about the face and head and bleeding badly."

Petrella, after viewing the movies said: "Now I know where that fellow, who turned out the lights, came from. He came off the bench. I still remember how nice and clear that sideline looked...and then wham!"

Trainer Mickey O'Brien said Tennessee's team physician, Dr. Robert Brashear, took 12 stitches to close the cut.

"Bobby was bleeding and walking around like a drunk man after he was slugged," O'Brien said. "He had a mild concussion and his conversation didn't return to normal until we were about halfway home on the return flight to Memphis."

# STANFORD UPSETS USF DONS

By THE ASSOCIATED PRESS

UCLA's 1964-65 NCAA championship basketball team and the nationally-ranked San Francisco Dons are finding bumps and splinters on the new season's freshly - waxed college courts.

So far the UCLA Bruins have kept their gloss as they prepare to go to North Carolina for games against Duke this weekend. UCLA came from behind for a 97-79 victory over Illinois Saturday after downing powerful Ohio State, 92-66, Friday.

# DeRosa Pitches Litchfield '9' To 11-0 Win

Bob DeRosa pitched a three-hit shutout and knocked in the first two runs for Litchfield's of San Rafael as the Marin men dumped Cecil Whitebone baseballers 11-0 yesterday in San Francisco.

It was Litchfield's fifth straight victory in the San Francisco Triple A Winter League and kept them tied for first place.

With the game scoreless in the fifth inning, DeRosa, the nifty southpaw, smacked a bases-loaded double to bang across two runs to start the Litchfield assault. The winners totaled 14 hits, led by Joe Panella with three singles, Walt Williams and Don Lauters with two safeties apiece and DeRosa with a single to go with his double.

Aiding DeRosa in his second league triumph were Jess Jacinto, Paul Giambra and Williams who made fine defensive plays.

# Two Big Cage Tourneys In Marin

Most Marin County babsketball teams will be busy with tournament play this week, five Marin teams involved in two tourneys on local courts and two other teams traveling out of the county for tourney action.

College of Marin will host the other teams in its conference in the Golden Valley Conference tournament Friday and Saturday in Kentfield, and Drake High School will put on its first invitational tournament, a four-day thing, starting Wednesday in San Anselmo. Other Marin teams included in the Drake tournament are Redwood, Novato and Terra Linda.

Tamalpais will be in the Healdsburg Invitational Friday, Saturday and Monday, and Marin Catholic gets in stiff company at the Riordan Christmas Tournament Thursday through Saturday in San Francisco.

San Rafael High, not scheduling any tournament action, hosts Santa Rosa High tomorrow at 4 p.m. and then travels to Armijo Friday for a night game. In the only other action tomorrow, Tam hosts Vallejo High starting at 4 p.m. in the Tam gym. The Indians of Tam will be trying to bounce back after a 47-40 loss to Polytechnic of San Francisco last Friday.

### TAM LOSES

Led by forward Steve Johnson and guard Steve Woodward, the Indians were up by one point at the end of the first period, 12-11.

Poly came right back, outscoring Tam, 15-9, in the second stanza and forged ahead by five points at intermission, 26-21, but the blue and red clad Indians were not yet finished.

With Honor Jackson crashing the boards hard, the Tam boys fought back again in the third period and surged to a three point lead, 36-33.

They outscored Poly, 15-7, in that period, and each Indian field goal caused Tam fans to scream louder.

But Poly was not to be outdone.

Unfortunately, Tam went cold in the final stanza scoring only two field goals, as an aggressive Poly defense forced the Indians to take poor percentage shots.

"I was real happy with the team despite the loss," Coach Ed Chavez said, "it was a great team effort. It was a good test for the boys, too."

**Tam:** Steve Woodward, 3-2—8; Steve Johnson, 3-2—8; Honors Jackson, 2-1—5; Mike Biber, 2-0—4; Mike Beaver, 1-1—3; Russ Williams, 3-0—6; Ron Gilliam, 3-0—6. **Totals:** 17-6—40.

### REDWOOD WINS

Redwood High School's cagers won their third straight game without a setback Saturday night in Santa Rosa, whipping Gridley 76-64 in the first game of a twin bill. Gilroy dumped Santa Rosa 56-49 in the nightcap.

The Giants had a balanced attack, Russ Smith scoring 18 points, Andre Horn 16, Bruce McGee 15 and Jack Fitzhenry 13. Redwood led from the start to the end, hitting 44 per cent of its shots from the floor.

Redwood committed 26 fouls to only 3 against Gridley, a team that played the entire second half without being called for a foul. So only two of Redwood's points came from the free throw line compared to 22 for Gridley.

Chuck Meyer topped the team in rebounds with 13, and Horn, the former all-league "B" player, had 9 assists in addition to his 8 buckets.

Serra's 6-6 center, Jack Keekan, was the game's top scorer with 22 points.

CHAPARRAL TEAM

# Hap Sharp Wins Nassau Thriller

NASSAU, Bahamas (AP) — Hap Sharp of Houston, Tex., tooled a Chevy-powered Chaparral to a Nassau International Trophy win at record average speed of 103.273 miles per hour yesterday.

Sharp finished the 252-mile race more than two laps ahead of John Cannon of Montreal, driving a Genie Olds owned by television actor Dan Blocker.

The 33-year-old winner functioned like a missile booster shot for his Chaparral team. The other member, Jim Hall of Midland, Tex., held the lead for 25 laps, lost it to Sharp and then spun out on lap 43 with a broken wheel.

Sharp led the final 26 laps of the 56-lap race. His average speed far eclipsed A.J. Foyt's old mark of 95.383 m.p.h. on the 4.5-mile Oakes Field course.

Sharp collected $5,000 from the purse of this final event on the 1965 world road racing calendar.

Peter Revson of Sulbiton, England, took third place in a Brabham Climax. Fourth was Charlie Kolb of Miami, Fla., in a Porsche Spyder prototype that won hill climbs earlier this year in Austria and Switzerland. Bob Gross finished fifth in a Ford Cobra and took grand touring honors.

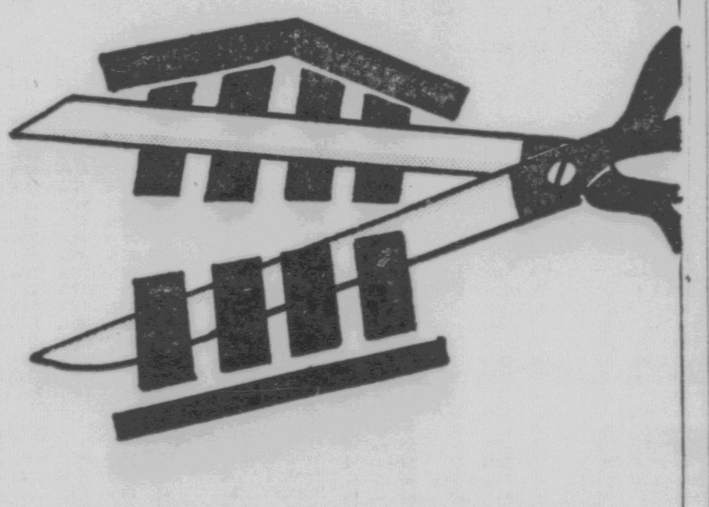
# The Citadel Fires Coach

CHARLESTON, S.C., (AP) — The Citadel is looking for someone to succeed Eddie Teague as head football coach.

The board of visitors of the state military college announced yesterday it is relieving Teague as coach and naming him to head a three-man committee to look for a new coach. Teague continues as athletic director.

The former assistant coach at the University of North Carolina said a successor will be sought in time to take over before the start of spring football practice.

Teague had a 2-8 record this season, his ninth season as head coach. He led The Citadel to the only Southern Conference football championship it won in 1961 after the team visited the Tangerine Bowl in 1960.



Cut the college problem down to size

It's too big, too important to let slide.

The problem: Colleges are facing greatly increased enrollments every year.

But they may not be able to afford the facilities, equipment and qualified teachers to train these potential leaders.

That makes it *our* problem.

We urgently need leaders to plan wise use of our national resources, manpower and human skills.

A loss in leadership would be a threat to our economy. It would affect jobs, opportunities, living standards.

Keep our leaders coming, by helping colleges meet the cost of educating them. Give to the college of your choice.

College is America's best friend

## Post Office On Agenda Of Planners At Tiburon

**The Tiburon** Planning Com**mission, meeting** at 8 p.m. to**day at Del Mar** School, will con**sider a use** permit application **from Belvedere** Land Co. to con**struct a** 1,200-square-foot addi**tion to the** post office building.

The addition had been proposed to be used by the city as temporary city offices, but the city council voted on Nov. 22 to terminate negotiations with the firm on rental of the space until a use permit is obtained. The council, however, granted architectural approval for the addition.

Commissioners will also consider issuing a use permit to allow a nursery school for 3 and 4-year-old children at Shepherd of the Hills Lutheran Church, 9 Shepherd Way.

## School's Naming To Be Decided By Trustees

Fairfax School District will decide tomorrow on a name for the new school scheduled for construction west of Oak Manor Drive and north of Sir Francis Drake Boulevard.

They will look over the names submitted by adults and pupils when they meet in Manor School at 7:45 p.m.

Trustees extended the deadline for a "name-the-school" contest to enable more suggestions to be submitted. Closing time is noon tomorrow.

Also on the agenda for the meeting is a report of a survey of the new school site and a progress report on new building plans.

## New Hearing Set On Beer License

A hearing on an application by Beth Taylor for a beer and wine license for her Civic Center Coffee Shop at 48 San Pedro Road, Santa Venetia, was ordered this week by the state alcoholic beverage control appeals board.

Morton R. Colvin of 137 Holmes Avenue, San Rafael, protested the application May 7. The alcoholic beverage control department dismissed the protest without a hearing on the grounds that it was "vexatious and without reasonable or proper cause."

The appeals board counteracted the department's dismissal, ordering a hearing to be held.

## Another Emergency Road Station Announced For Southern Marin

Another emergency road station appointment in central Marin has been announced by the **AAA California State Automobile Assn.** in addition to Locke Bros. Garage, San Rafael. This is **Brendel's Enco Service** at 930 Del Presidio Boulevard, which will serve the Northgate and Terra Linda area.

There is good reason, it appears, for splitting up the service in the San Rafael district. When Rossi Garage took on the AAA contract 40 years ago there was about one service call a day. Recently, Rossi, which has given up its contract voluntarily, was handling 20 calls a day.

Along with this changeover, the AAA has announced the establishment of a central receiving and dispatching service for the entire county. Two special emergency road service telephone numbers, not yet announced, will cover Marin from Novato to Sausalito. Service requests will be relayed by operators in radio contact with trucks of eight Marin emergency road stations.

**HAROLD L. IVERSON** of Sleepy Hollow has been made vice president in charge of **Bank of America's** officer placements division and will coordinate all promotions and transfers of officers within the state. Iverson began his banking career in 1939 in Salinas and has held Bank of America positions in the Seaside and San Francisco areas. Last year he was promoted to assistant vice president in charge of salary administration.

Iverson

Loberg

**ROBERT LOBERG** and **Frank Notti** of San Rafael were installed Saturday as president and vice president of the San Francisco Security Traders Assn. Loberg is manager of the trading department of **Francis I. Du Pont and Co.** Notti is trading department manager of **Schwabacher and Co.**

**THE DECORATORS GUILD** at the Marin Art and Garden Center in Ross is holding its "Christmas Greens Sale" again this year. Days open are next Friday from 10 a.m. to 9 p.m. and on Saturday and Sunday from 10 a.m. to 5 p.m. This annual affair usually features something different from the usual run of decorations and this year is no exception. Materials include English yule logs to copies of ancient Italion ceppo trees and Swedish centerpieces.

**NEW ASSISTANT MANAGER** for Marin County operations of **Title Insurance and Trust Co.** is **Robert W. Dolan**, who has been manager of the branch escrow office in Concord. He is a native of Chico and joined the Oakland office during his college years at University of California. He has progressed through escrow officer, manager of the Fremont escrow office and supervisor of instructional programming at the Los Angeles home office.

**TWO MARIN MEN** have teamed to open a new advertising and public relations office in San Francisco—**Nob Hill Agency** at 311 California Street. They are **Donald R. Feigel** of Marinwood, formerly 10 years with the San Francisco Examiner, and **Earl Heckscher** of Peacock Gap, who for several years has been public relations manager for his father, Ernie Heckscher, orchestra leader in the Fairmont Hotel's Venetian Room.

**DANIEL K. BESWICK JR.** of Mill Valley has joined the **Carlisle and Co.** division of Litton Industries as sales representative for its printing and lithographing service. He was five years with Bonestell Paper Co.

**WOODACRE GENERAL STORE** which was bought by **Ced and Jan Tarr** about five years ago has a new addition that will interest West Marin equestrians. The Tars have installed a complete tack room. It's located next to the Woodacre Market on San Geronimo Valley Drive.

# Market Closes Lower, Erases Early Losses

NEW YORK (AP)—The stock market closed sharply lower today but it greatly reduced its early losses triggered by tightening credit.

Stocks plunged on news that the Federal Reserve Board had upped the discount rate to 4½ per cent. The first hour was the most active in New York Stock Exchange history.

Emotional selling began to peter out and the losses—which were the greatest since the Kennedy assassination in 1963 — were cut back considerably.

Stocks were affected all across the board. A scattering of plus signs began to show in the afternoon.

Just before the close there was another sinking spell but it was moderate compared with the original slide.

Volume for the day was estimated at 12 million shares compared with 8.16 million on Friday.

Here was the picture near the close:

Key stocks were down from fractions to around 2 points while higher - priced issues showed some losses of several points.

Wall Street reacted sharply to news that the Federal Reserve Board had tightened credit by boosting the discount rate to 4½ per cent from 4 per cent in spite of President Johnson's opposition to stiffer interest rates.

The 900-character-a - minute ticker tape fell as much as 13 minutes behind transactions as stocks were dumped on a broad front. But bargain hunters surged back into the market to pick up stock at cheap prices.

In the steepest drop since the Kennedy assassination on Nov. 22, 1963, the Dow Jones industrial average was down 17.60 at the end of the first hour.

By 2 p.m. the loss was cut to 5.74.

Down about 4 points were such stocks as Fairchild Camera, Xerox and Texas Instruments. IBM dropped 5.

Polaroid and Zenith were off 3.

Down about 2 were General Motors, U.S. Rubber, Boeing, American Cyanamid, Air Reduction, U.S. Smelting, Eastern Air Lines, TWA, Chicago Great Western and Household Finance.

Many stocks were down about a point.

Gold mining stocks rallied against the trend. American South African Investment rose rose nearly 2, Dome Mines more than a point.

Prices on the American Stock lower.

Corporate and U.S. Treasury bonds slid sharply.

By using special lighting there is a reflected version of a Christmas scene, the Three Wise Men under the Star of Bethlehem. (UPI Telephoto)

# TODAY'S CLOSING NEW YORK STOCK PRICES

NEW YORK (UPI)—Selected stocks on the New York Stock Exchange today.

## DOW-JONES AVERAGES

NEW YORK (UPI)—Dow Jones final stock averages: 30 industrials 939.53, off 6.57; 20 railroads 240.89, off 2.81; 15 utilties 152.36, off 1.15, and 65 stocks 332.37, off 2.84.

# War, Great Society, Expansion Bring Optimistic Business Talk

By PETER S. NAGAN
Advance News Service

WASHINGTON—Forecasts of business activity next year are growing brighter, day by day.

As 1966 draws near, government economists keep raising their projections for the total output of goods and services in the coming year. The predictions of some analysts in industry even exceed those heard in Washington.

The new reckoning is partly based on the Viet Nam buildup, but on other factors too.

**Customary caution is being thrown to the winds. The page of growth and expansion is expected to quicken, lifting sales and jobs in 1966. This outlook is being reflected in a number of forecasts.**

Only about three months ago, most economic experts were hard put to detect new sources of thrust that would keep the economy growing at its recent merry clip. Even some of the top experts at the White House could foresee little more than a 4.5 per cent increase in total output of goods and services—to perhaps $705 billion, a gain of $35 billion over 1965.

Then, at a meeting of statisticians in September, the President's chief economic adviser, Gardner Ackley, forecast a gain of $40 billion, or close to 6 per cent. Some questioned his prudence in laying his prestige on the line with so rich a projection.

Now 6 per cent is the minimum increase to which most analysts subscribe. More and more, forecasts are tending to exceed this. It is no longer daring to talk of gains of 6.5 per cent.

Indeed, that's what one highly regarded forecaster predicted last week. The chief economist of the giant Prudential Insurance Co. forecast that total output — the so-called Gross National Product—will rise to $715 bililon in 1966, a gain of about $45 billion.

Government spending for Viet Nam and the Great Society is on a sharply rising trend—that's one important reason for the upward revisions. Industry's continually expanding plans for investment in new plant and equipment is another reason. And current demand for autos and TV sets is exceeding expectations.

**But the optimism is also partly psychological. It tends to be contagious. Confidence spreads out to others and then comes back to reinforce an expert's original view.**

What's more, the forecasters face great temptation to err on the high side these days. In 1964 and again this year, they have found that even their optimistic goals have been exceeded.

This could happen again. Spending for Viet Nam and investment by business could outrun present estimates.

**But a portion of the gain would represent over-heating —that is, inflationary price rises. After allowing for price changes, actual gains could turn out to be a little larger than those of 1965.**

## Post Office On Agenda Of Planners At Tiburon

**The Tiburon Planning Commission, meeting at 8 p.m. today at Del Mar School, will consider a use permit application from Belvedere Land Co. to construct a 1,200-square-foot addition to the post office building.**

The addition had been proposed to be used by the city as temporary city offices, but the city council voted on Nov. 22 to terminate negotiations with the firm on rental of the space until a use permit is obtained. The council, however, granted architectural approval for the addition.

Commissioners will also consider issuing a use permit to allow a nursery school for 3 and 4-year-old children at Shepherd of the Hills Lutheran Church, 9 Shepherd Way.

Robert L. Nissen is chairman of the Sausalito Planning Commission.

## School's Naming To Be Decided By Trustees

Fairfax School District will decide tomorrow on a name for the new school scheduled for construction west of Oak Manor Drive and north of Sir Francis Drake Boulevard.

They will look over the names submitted by adults and pupils when they meet in Manor School at 7:45 p.m.

Trustees extended the deadline for a "name-the-school" contest to enable more suggestions to be submitted. Closing time is noon tomorrow.

Also on the agenda for the meeting is a report of a survey of the new school site and a progress report on new building plans.

## New Hearing Set On Beer License

A hearing on an application by Beth Taylor for a beer and wine license for her Civic Center Coffee Shop at 48 San Pedro Road, Santa Venetia, was ordered this week by the state alcoholic beverage control appeals board.

Morton R. Colvin of 137 Holmes Avenue, San Rafael, protested the application May 7. The alcoholic beverage control department dismissed the protest without a hearing on the grounds that it was "vexatious and without reasonable or proper cause."

The appeals board counteracted the department's dismissal, ordering a hearing to be held.

## TODAY'S EDITORIAL

# Odds Are Against Anyone Who Gambles With Drugs

Those who would minimize the dangers of marijuana and argue that it is no more harmful than drinking would probably take the same tolerant stand on the glue sniffing fad.

But the evidence against both is substantial. Enough so that authorities throughout the country are sounding the alarm.

A prominent Marin doctor last summer warned against underestimating the potential hazards of marijuana. He pointed out that legalizing the use of this narcotic would not remove it from its sordid surroundings.

Last month, Donald E. Miller, assistant chief counsel of the U.S. Bureau of Narcotics, issued a written statement at a San Francisco meeting.

The tendency to minimize the dangers of marijuana is the result of a "perverted" notion of freedom of expression, Miller warned.

Although marijuana does not develop a physical dependency, it creates a psychological dependency with the user graduating onto heroin, he added.

Well-meaning apologists, who would tolerate marijuana as just a "mild" form of narcotic and not habit forming, only reinforce the addict's attitude of blaming everyone but himself.

Glue sniffing, in a sense, is even more of a problem because the substance is so easily obtained.

Getting "high" from sniffing seems such an innocent pastime that the public reaction to such incidents is more of amusement than of alarm.

Look at some of the evidence, and you realize that it is no more amusing than Russian roulette.

In Imperial Beach, Calif., a 16-year-old tried to beat his parents and younger brother to death with a bludgeon.

In Virginia, a 14-year-old started flapping his arms around, crying that he was a bird, then shot himself.

In Los Angeles, a 16-year-old assaulted his 9-year-old brother and held a lighted match over the mouth of a 2-month-old brother.

Each of the youngsters had been sniffing glue.

The Federal Bureau of Investigation bulletin warns that death can result from glue sniffing. The toxic chemicals involved can cause anemia, damage to kidneys, hemorrhages and death.

Treatment and rehabilitation are the modern, enlightened tools to combat addiction.

But even more important is the need to constantly remind youngsters that they are gambling with their lives when they deal in drugs of any kind—depressants or stimulants; and the odds are completely against the gambler.

## The Birds In Winter

What happens to the birds in wintertime Marin? Where do they go? Bird song seems to cease with the onset of the cold, except for the Golden Crowns. We don't see as many birds around. But we know that most birds, like the towhees, jays and finches, stay in Marin all year.

We don't know all the answers. Winter's rain and constant dampness are harder on the birds than Marin's modest cold. Birds have a high body temperature and can take quite a bit of cold as long as there is plenty of food. Marin is particularly blessed with abundant weed seeds.

But the birds are less active, less exhuberant and more restrained. Winter puts a damper on their passions. It is a time of rest before the frenzy of nest building and courtship which lies ahead in the early spring.

## AFFAIRS OF STATE

# College Fees Should Be Levied To Pay Student Scholarships

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — California's tuition-free program at the University of California and the state colleges fails to meet the only justification for its continuation, namely that of providing higher education for deserving students regardless of their income level.

This is the belief of Assemblyman Don Mulford, R-Berkeley, who presented his views to the assembly subcommittee on higher education. The committee is studying the views of several legislators on the tuition question.

Mulford said that despite the possibility of increasing federal funds for scholarships and loans, the California system of public higher education will continue to foster discrimination on the basis of income, unless the state initiates an expanded program of scholarships distributed according to financial need.

**HE DECLARED** that through the adoption of a tuition fee, the scholarship program could be expanded, and also, other programs and needs could be furnished.

Citing statistics from a study of the co-ordinating council for higher education, the assemblyman pointed out less than 25 per cent of the California 18-year-olds attending college come from families who make less than $10,000 annually, while nearly 75 per cent come from families which have incomes over $14,000. Student bodies, he said, are drawn disproportionately from higher income bracket families in a pattern similar to private universities.

**ESTABLISHMENT** of a tuition system at the university would not deprive those in financial need of a higher education, he said. On the other hand, the system would raise money for a greatly expanded scholarship program, which in the light of increasing taxes, the state cannot afford at the present time.

Mulford said he will continue to offer bills to the legislature to effectuate a tuition system, in view of the fact he believes it is only fair to the taxpayers of the state to have a small contribution from those who benefit most from the university and the state colleges.

For some years, Assemblyman John Collier, R-Los Angeles, has been working on a program which amounts to a fee system. Collier's program, however, contemplates revolving fund loans to students, which would be paid back over a period of years when the student has graduated and entered society as an earner.

**IT IS BECOMING** reasonably obvious to legislators that large institutions like the university and the state colleges, which are multiplying, cannot be supported in the style to which they are accustomed by the taxpayers of the state. Therefore, it becomes necessary that additional sources of income be developed, and the tuition fee appears at the present time to be the most ready source.

Legislators are hesitant to face the hue and cry that would result from a tuition charge, which some feel would deprive the worthy, low income bracket student of an opportunity for higher education. But if statistics reveal little advantage exists, then students may in the future be required to pay for what they get.

# WHAT OUR READERS SAY

### 'Damn Yankees' Was That Good!

Editor, Independent-Journal:

Will you please find out if the H.A.F.B. production of "Damn Yankees" will be shown again this year—or what. I heard about the show from a friend of mine that lives in Terra Linda. I went to see it and it was so good, I decided to see it again and bring a few friends. When I called about it, I was told it had ended. To my knowledge it had a two-week run. Why do little theater groups have such small runs and why do they close a show when its success is assured? Are they (the group) in rehearsal for another show or have they disbanded? I wish someone would let me know.

It was as good if not better than any of the Hyatt Theater or Circle Star shows, believe me!

### Also Amazed At Americans

Editor, Independent-Journal:

Like Mr. Whiteaker, writing to the editor on American support for Britain's current objection to the Rhodesian Declaration of Independence, "I am continually amazed at the American public"—but for different reasons.

Mr. Whiteaker's analogy of the action of the Smith government, with that of the U.S. Congress of 1776 is correct, in that, after including in the original Declaration, that all power should be vested in the people from whom it is derived, it was voted in Congress, that the "blacks" made no part of the people.

Mr. Smith in using much of the text of the American Declaration, was careful to ensure that when referring to "people" one assumed that the "white people" were gaining their independence.

In 1776, Lord Chatham, the leader of the then "left" party, the Whigs, supported the American cause in Parliament, and was a frequent critic of the high handed treatment of his American kinsmen by the "right"—Lord North's Tory Party.

Since then the Tories have slowly learned, so that Mr. Heath, the party's present leader, supports Mr. Wilson's stand. . .With certain limitations. These limitations revolve around the British business interests in Southern Rhodesia, from tobacco to copper.

If we are looking for business reasons for the American support of Mr. Wilson, it could be that the export of copper from Zambia (the ex British colony of Northern Rhodesia, led by the "black" Dr. Kuanda) is threatened by their joint ownership with Southern Rhodesia, of the railway by which this copper is shipped to Beira. The copper industry in Zambia is mainly American owned.

### Tam Railway Commercializing

Editor, Independent-Journal:

We are now offered an opportunity to turn Mount Tamalpais into Coney Island by the proposed railroad from Mountain House to the summit.

The railway that carried tourists from Mill Valley to the summit from 1896 to 1930 served a purpose in an era of few automobiles. Now, tourists can drive to within a block of the summit. Also, there is another way to get there - hike.

The mountain appears to present an irresistible challenge to those who would like to commercialize nature.

### Final Explanation On View Of War

Editor, Independent-Journal:

I recently received a letter in response to a letter of mine which appeared in the Nov. 17 I-J. The author remained anonymous. He accused Franklin Roosevelt of supporting Stalin's communists, quoted letters from other I-J readers, and made it obvious that he misunderstood my ideas. William Roscoe's letter of Nov. 24 also showed misinterpretation on his part.

I would like the opportunity to make one final explanation, and then leave the matter to the politicians and the historians. First, I am not against what the war in Viet Nam represents basically. For a people to be willing to fight for their ideals is good. It is the basis upon which history is built. But to send others to fight for your own ideals cannot be right. If a government can't wage a war with the number of people it can make loyal enough to a cause to be willing to die for it, then it must be a poor cause — not worth killing for; not worth dying for. . .

Also, are we being fair to the Vietnamese? We were asked over there several years ago by a government long since replaced in U.S.-influenced elections. It's their nation we're blowing off the face of this planet, not ours. Food for thought?

### Marincello Hearing Needed

Editor, Independent-Journal:

One of your news items in the Nov. 29 edition indicated that "Marincello Can't Be Reconsidered." WHY? County Counsel Maloney says "there is no provision in the government code for reconsideration of the adoption—etc." Why not ask Mr. Maloney if there is any provision in the code which prevents reconsideration.

Mr. Charles Whiteaker's item in the Nov. 29 issue concerned our participation in sanctions against Rhodesia. This item presented a very logical and reasonable opinion and I was much pleased to see it. To Mr. Charles Whiteaker—bouquets, three cheers and Amen!

**WALL STREETER** John Straley reports on two hillbillies who lived up a West Virginia valley so narrow their dogs had to wag their tails up and down. One day the banker of the community actually persuaded them to open a joint savings account, offering as a lure a fat four and a half per cent interest on their money. Neither had the faintest idea what the word interest meant, so a few days later one got worried, sneaked into town, and withdrew all the savings. Not three hours later, the other got the same notion, but was flabbergasted to hear there was no longer a cent in the account. "I knowed it," he glowered. "That doggun interest has et up every cent of my savings!"

## Goldwater's Free Society Assn. Report Draws Wrong Conclusion

WASHINGTON—Barry Goldwater's Free Society Assn. has written a lucid and engrossing analysis of last month's elections.

Its only weaknesses are that it is short on facts, wrong in its conclusions and unduly pessimistic about the future of the Republican party.

Short on facts? The study sees absolutely nothing to justify the view that moderate Republicanism can be a source of strength to the party.

But what about the following fact?

Former Republican Sen. Kenneth Keating, running state-wide for a seat on the highest court of New York State, the court of appeals, won over his two opponents by the unprecedented plurality which, according to unofficial figures, could run as high as 1,500,000.

**HE CARRIED** the state by the largest plurality of any state candidate, Republican or Democrat, including Al Smith, FDR, Herbert Lehman, Rockefeller and Javits, in New York history.

He is the only upstate Republican ever to carry New York City, which he took by 85,000 votes. He carried every county in the state except Albany.

His voting pull enabled the Republicans to win back control of the state senate and increase their seats in the assembly. It helped elect 10 mayors and five boards of supervisors.

Denison Kitchel, president of the Free Society Assn., disdains the election of John Lindsay in New York and Arlen Specter in Philadelphia as having no value to the Republican party because, in his view, "they only emphasize the continued ascendancy of the Liberal party-ADA philosophy in vital sectors of American public life."

**THAT IS ARGUABLE** but the tremendous vote for moderate Republican Keating is not arguable and it makes one wonder why the Free Society should choose to ignore it. Keating's victory did not partake of any "Liberal party-ADA philosophy." Keating did not have any Liberal party endorsement, any ADA backing.

His victory is the most impressive proof that a traditional Republican running as a Republican can carry both New York City and New York State as long as he is at the political center of his party.

Kitchel warns Republicans not to turn to the Lindsay and Specter elections for guidance as to the kind of candidates the GOP should turn to, on the ground that their success rested only "on local issues" and has no relevance elsewhere.

What do you think the Free Society Assn. would be saying in its analysis if William F. Buckley, the Conservative party candidate, had received twice the size of the vote he got and had succeeded in derailing Lindsay? Would it be dismissing such a Buckley vote as only "local" and, therefore, meaningless? Wouldn't it be saying, if it had happened, that the GOP better get more candidates like Buckley?

**ANOTHER** Free Society conclusion is that the "victory of 'Republicans' without Republicanism is no victory for a genuine two-party system."

Was the two-party system strengthened in 1964 when so many Republican Congressional candidates went down to defeat as a result of the Goldwater campaign?

Could it be that the Free Society dismisses the Lindsay victory and omits the Keating victory not because they have no meaning but because it doesn't like the meaning?

## INSIDE WASHINGTON

# LBJ Is Urging Troop Build-Up In Viet Nam

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — President Johnson is summoning the top bi-partisan leaders of Congress to lay before them proposals for a further massive expansion of U.S. combat forces in South Viet Nam.

As submitted by Defense Secy. Robert McNamara, following his latest trip to fighting front, the new far-reaching buildup calls for the following:

U.S. ground forces to be increased to 250,000 by next May, with an immediate enlargement to 200,000 by the middle of January. Current ground force strength is 170,000.

Naval air and sea forces to be increased to 60,000 by May, with an immediate goal of 50,000 by Jan. 15. Present strength is 40,000.

Selected reserve units to be called into active service to meet these heavy personnel needs. The Joint Chiefs of Staff have strongly recommended that several times. Also likely are considerable increases in the monthly draft quotas.

**CONGRESSIONAL** leaders also will be told of a major decision by the President to intensify the air war against North Viet Nam.

The President has finally authorized the bombing of a dozen or so airfields in the central Hanoi-Haiphong area—where more than 200 Russian jet fighters and short-range bombers have been photographed by U.S. reconnaissance planes in the past three weeks.

Upwards of 100 of the jet fighters were latest-model MIG-21s; some 70 were older versions of this plane; there were around 20 bombers.

**GENERAL WILLIAM C.** Westmoreland informed McNamara that regular North Viet Nam troops are being infiltrated into South Viet Nam at the rate of 3,000 a month through Laos and Cambodia.

From prisoners of war and other sources it has been learned that General Nguyen Giap, chief North Viet Nam strategist who defeated the French in 1951, plans to build up an army of six or more regular divisions in South Viet Nam by May for a "final overwhelming offensive." Meanwhile, he aims to inflict 20,000 to 30,000 casualties on U.S. troops.

It is Giap's belief that such heavy losses will "shock the American people" and they will "force an end to the war." That's what North Viet Nam Prime Minister Pham Van Dong told a French diplomat in Hanoi several weeks ago. Van Dong indicated North Viet Nam is prepared to take five-to-one casualties to impose such large losses on the U.S.

Prince Souvanna Phouma, neutralist prime minister of Laos, confirmed the greatly increased infiltration of North Vietnamese regulars through his country.

**IN CONFERENCE** last week with the U.S. ambassador, Souvanna Phouma stated that around 9,000 North Viet Nam troops have entered his country and are largely concentrated near Thakkhet, a strategic communications center in the "waist" of Laos. Control of Thakkhet would be essential for extensive infiltration into Thailand.

Souvanna Phouma expressed gravest concern regarding these menacing North Vietnamese operations. So have Thai officials. They are convinced North Viet Nam is sending large number of guerrillas into Thailand through Cambodia and Laos.

General Westmoreland wants permission to bomb Vietnamese infiltration routes and concentrations in Cambodia and the Ho Chi Minh trail in Laos.

This proposal is strongly supported by Prince Souvanna Phouma and Thailand.

## Coast Is Clear, All Resources Exhausted: Who, What Are You?

**PERSONALS**—Charlie says the coast is clear. Please tell who you were. Civic Center, 7:30 to 9:30 p.m. last Wednesday. Dial pressroom.

All right, so it's admitting defeat. But the guessing game has gone on long enough. I have exhausted every possible lead. You folks win.

The clues were only these. A group calling itself the Marin Coordinating Council met in the school curriculum laboratory at the above time and place.

The membership in this council is a mystery to me and most everyone else at the Civic Center.

"Never heard of them," County Administrator Alan Bruce said. "What are they coordinating?"

**I EXPLAINED** the only information available was on the weekly schedule of meetings at the Civic Center put out by his office.

Brief grilling of his staff showed, however, that it was the county schools office which had asked that the group be scheduled.

Unfortunately the girl in the county schools office who answered the phone when the Marin Coordinating Council called to reserve the room did not get the name of the party on the other end of the line. Just "Marin Coordinating Council."

**COUNTY DIRECTOR** of Community Relations Walter Bremond said it was none of his groups.

Mrs. Vera L. Schultz, president of the Marin Senior Coordinating Council, reported that it was not her group.

Rev. Karel Botermans reported that he had the flu. He also said that it probably was not the Marin Coordinating Council for Racial Equality which has not met for some time.

Florence T. Scott, director of the Marin Council of Community Services, said the name did not ring a bell. "Try the county schools office," she suggested. Really, she was trying to be helpful.

**IT WAS NOT** the Local Government Coordinating Committee. As a matter of fact, that was one of the committees supervisors dissolved last Tuesday. But you never can tell.

A reassuring thing about the Marin Coordinating Council emerged from all this. It is not receiving any county money. At least, Auditor-Controller Michael Mitchell could not find the group mentioned in this year's budget.

But the humiliating thing was that I finally had to call the city desk and confess that I had lost a meeting.

And I suspect there will be further humiliation when it is discovered who, or rather what, the Marin Coordinating Council is. But at least, I'll be in good company this time.

## Holiday Time Means The Danger From Torpor Driving Is Rising

WASHINGTON — It has just been discovered that automobile accidents can be caused as much by overeating as overdrinking. The torpor produced by consuming too much food makes a driver sleepy and careless.

For the moment there are no traffic laws against overeating, but I predict this state of affairs will change very soon, and you may have a scene something like this.

Siren sounds. Motorcycle cop pulls up alongside car, waves driver over to the side.

Cop approaches driver. "Okay, Mac. You were weaving all over the road."

Driver: "Burp. I was doing no such thing."

Cop leans in window. "Hey, what's that I smell on your breath—onions?"

"Scallions, officer. I just had one for the road. Burp."

"Is that all you had, mister?"

"I swear that's all, officer."

**"WOULD YOU BE** willing to take a gluttony test?"

"Sure, officer. What do I have to do?"

"We just want to measure the turkey content in your blood."

Cop takes blood from motorist and holds test tube up. "You have two cc's of white meat and five cc's of stuffing and six cc's of cranberry sauce in your blood stream."

"Is that bad?"

"The maximum allowed is five cc's. I'm afraid I have to run you in for torpor driving."

**AT THE STATION** house the sergeant says to the cop, "What did he do?"

"Overstuffed while driving," the cop replies.

"See here, officer. I was just coming from a Thanksgiving dinner, and I took a couple nibbles here and there. I may be satisfied but I'm not stuffed."

"Take him down to the cafeteria and see if he can walk a straight line," the sergeant orders.

The cop takes him down to the cafeteria. When the motorist sees all the food, he starts reeling and turning green.

The cop takes him up to the sergeant again. "He flunked it."

**"THROW HIM** into the torpor tank."

"I know my rights," the motorist shouts. "I'm allowed to have a bicarbonate of soda."

The sergeant says, "Okay, give him one, and then throw him in the tank."

The torpor tank is filled with groaning drivers holding their stomachs and others sleeping off their Thanksgiving Day dinners.

"Where did they catch you?" the motorist asks a cell mate.

"I was just driving out of a Howard Johnson's. I stopped in for a cup of coffee, but then I had one piece of pumpkin pie and it led to another piece and then to another and that's all I remember."

"I want to see my doctor!" a man shouts.

A few hours later the cop comes by and says, "Your wife is here to pay your fine."

The wife is waiting by the sergeant's desk.

**SHE SHOUTS** at the motorist, "I told you to leave the car at home if you were going to eat."

"I lost my head," the motorist says.

The sergeant says, "Okay, lady, just pay the fine. It's $50 for the turkey dinner and $25 for burping at a police officer. And the next time you get the urge to stuff yourself, stay off the roads."

# Odds Are Against Anyone Who Gambles With Drugs

Those who would minimize the dangers of marijuana and argue that it is no more harmful than drinking would probably take the same tolerant stand on the glue sniffing fad.

But the evidence against both is substantial. Enough so that authorities throughout the country are sounding the alarm.

A prominent Marin doctor last summer warned against underestimating the potential hazards of marijuana. He pointed out that legalizing the use of this narcotic would not remove it from its sordid surroundings.

Last month, Donald E. Miller, assistant chief counsel of the U.S. Bureau of Narcotics, issued a written statement at a San Francisco meeting.

The tendency to minimize the dangers of marijuana is the result of a "perverted" notion of freedom of expression, Miller warned.

Although marijuana does not develop a physical dependency, it creates a psychological dependency with the user graduating onto heroin, he added.

Well-meaning apologists, who would tolerate marijuana as just a "mild" form of narcotic and not habit forming, only reinforce the addict's attitude of blaming everyone but himself.

Glue sniffing, in a sense, is even more of a problem because the substance is so easily obtained.

Getting "high" from sniffing seems such an innocent pastime that the public reaction to such incidents is more of amusement than of alarm.

Look at some of the evidence, and you realize that it is no more amusing than Russian roulette.

In Imperial Beach, Calif., a 16-year-old tried to beat his parents and younger brother to death with a bludgeon.

In Virginia, a 14-year-old started flapping his arms around, crying that he was a bird, then shot himself.

In Los Angeles, a 16-year-old assaulted his 9-year-old brother and held a lighted match over the mouth of a 2-month-old brother.

Each of the youngsters had been sniffing glue.

The Federal Bureau of Investigation bulletin warns that death can result from glue sniffing. The toxic chemicals involved can cause anemia, damage to kidneys, hemorrhages and death.

Treatment and rehabilitation are the modern, enlightened tools to combat addiction.

But even more important is the need to constantly remind youngsters that they are gambling with their lives when they deal in drugs of any kind—depressants or stimulants; and the odds are completely against the gambler.

## The Birds In Winter

What happens to the birds in wintertime Marin? Where do they go? Bird song seems to cease with the onset of the cold, except for the Golden Crowns. We don't see as many birds around. But we know that most birds, like the towhees, jays and finches, stay in Marin all year.

We don't know all the answers. Winter's rain and constant dampness are harder on the birds than Marin's modest cold. Birds have a high body temperature and can take quite a bit of cold as long as there is plenty of food. Marin is particularly blessed with abundant weed seeds.

But the birds are less active, less exhuberant and more restrained. Winter puts a damper on their passions. It is a time of rest before the frenzy of nest building and courtship which lies ahead in the early spring.

# College Fees Should Be Levied To Pay Student Scholarships

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — California's tuition-free program at the University of California and the state colleges fails to meet the only justification for its continuation, namely that of providing higher education for deserving students regardless of their income level.

This is the belief of Assemblyman Don Mulford, R-Berkeley, who presented his views to the assembly subcommittee on higher education. The committee is studying the views of several legislators on the tuition question.

Mulford said that despite the possibility of increasing federal funds for scholarships and loans, the California system of public higher education will continue to foster discrimination on the basis of income, unless the state initiates an expanded program of scholarships distributed according to financial need.

**HE DECLARED** that through the adoption of a tuition fee, the scholarship program could be expanded, and also, other programs and needs could be furnished.

Citing statistics from a study of the co-ordinating council for higher education, the assemblyman pointed out less than 25 per cent of the California 18-year-olds attending college come from families who make less than $10,000 annually, while nearly 75 per cent come from families which have incomes over $14,000. Student bodies, he said, are drawn disproportionately from higher income bracket families in a pattern similar to private universities.

**ESTABLISHMENT** of a tuition system at the university would not deprive those in financial need of a higher education, he said. On the other hand, the system would raise money for a greatly expanded scholarship program, which in the light of increasing taxes, the state cannot afford at the present time.

Mulford said he will continue to offer bills to the legislature to effectuate a tuition system, in view of the fact he believes it is only fair to the taxpayers of the state to have a small contribution from those who benefit most from the university and the state colleges.

For some years, Assemblyman John Collier, R-Los Angeles, has been working on a program which amounts to a fee system. Collier's program, however, contemplates revolving fund loans to students, which would be paid back over a period of years when the student has graduated and entered society as an earner.

**IT IS BECOMING** reasonably obvious to legislators that large institutions like the university and the state colleges, which are multiplying, cannot be supported in the style to which they are accustomed by the taxpayers of the state. Therefore, it becomes necessary that additional sources of income be developed, and the tuition fee appears at the present time to be the most ready source.

Legislators are hesitant to face the hue and cry that would result from a tuition charge, which some feel would deprive the worthy, low income bracket student of an opportunity for higher education. But if statistics reveal little advantage exists, then students may in the future be required to pay for what they get.

### 'Damn Yankees' Was That Good!

Editor, Independent-Journal:

Will you please find out if the H.A.F.B. production of "Damn Yankees" will be shown again this year—or what. I heard about the show from a friend of mine that lives in Terra Linda. I went to see it and it was so good, I decided to see it again and bring a few friends. When I called about it, I was told it had ended. To my knowledge it had a two-week run. Why do little theater groups have such small runs and why do they close a show when its success is assured? Are they (the group) in rehearsal for another show or have they disbanded? I wish someone would let me know.

It was as good if not better than any of the Hyatt Theater or Circle Star shows, believe me!

### Also Amazed At Americans

Editor, Independent-Journal:

Like Mr. Whiteaker, writing to the editor on American support for Britain's current objection to the Rhodesian Declaration of Independence, "I am continually amazed at the American public"—but for different reasons.

Mr. Whiteaker's analogy of the action of the Smith government, with that of the U.S. Congress of 1776 is correct, in that, after including in the original Declaration, that all power should be vested in the people from whom it is derived, it was voted in Congress, that the "blacks" made no part of the people.

Mr. Smith in using much of the text of the American Declaration, was careful to ensure that when referring to "people" one assumed that the "white people" were gaining their independence.

In 1776, Lord Chatham, the leader of the then "left" party, the Whigs, supported the American cause in Parliament, and was a frequent critic of the high handed treatment of his American kinsmen by the "right"—Lord North's Tory Party.

Since then the Tories have slowly learned, so that Mr. Heath, the party's present leader, supports Mr. Wilson's stand. . .With certain limitations. These limitations revolve around the British business interests in Southern Rhodesia, from tobacco to copper.

If we are looking for business reasons for the American support of Mr. Wilson, it could be that the export of copper from Zambia (the ex British colony of Northern Rhodesia, led by the "black" Dr. Kuanda) is threatened by their joint ownership with Southern Rhodesia, of the railway by which this copper is shipped to Beira. The copper industry in Zambia is mainly American owned.

### Tam Railway Commercializing

Editor, Independent-Journal:

We are now offered an opportunity to turn Mount Tamalpais into Coney Island by the proposed railroad from Mountain House to the summit.

The railway that carried tourists from Mill Valley to the summit from 1896 to 1930 served a purpose in an era of few automobiles. Now, tourists can drive to within a block of the summit. Also, there is another way to get there - hike.

The mountain appears to present an irresistible challenge to those who would like to commercialize nature.

### Final Explanation On View Of War

Editor, Independent-Journal:

I recently received a letter in response to a letter of mine which appeared in the Nov. 17 I-J. The author remained anonymous. He accused Franklin Roosevelt of supporting Stalin's communists, quoted letters from other I-J readers, and made it obvious that he misunderstood my ideas. William Roscoe's letter of Nov. 24 also showed misinterpretation on his part.

I would like the opportunity to make one final explanation, and then leave the matter to the politicians and the historians. First, I am not against what the war in Viet Nam represents basically. For a people to be willing to fight for their ideals is good. It is the basis upon which history is built. But to send others to fight for your own ideals cannot be right. If a government can't wage a war with the number of people it can make loyal enough to a cause to be willing to die for it, then it must be a poor cause — not worth killing for; not worth dying for. . .

Also, are we being fair to the Vietnamese? We were asked over there several years ago by a government long since replaced in U.S.-influenced elections. It's their nation we're blowing off the face of this planet, not ours. Food for thought?

### Marincello Hearing Needed

Editor, Independent-Journal:

One of your news items in the Nov. 29 edition indicated that "Marincello Can't Be Reconsidered." WHY? County Counsel Maloney says "there is no provision in the government code for reconsideration of the adoption—etc." Why not ask Mr. Maloney if there is any provision in the code which prevents reconsideration.

Mr. Charles Whiteaker's item in the Nov. 29 issue concerned our participation in sanctions against Rhodesia. This item presented a very logical and reasonable opinion and I was much pleased to see it. To Mr. Charles Whiteaker—bouquets, three cheers and Amen!

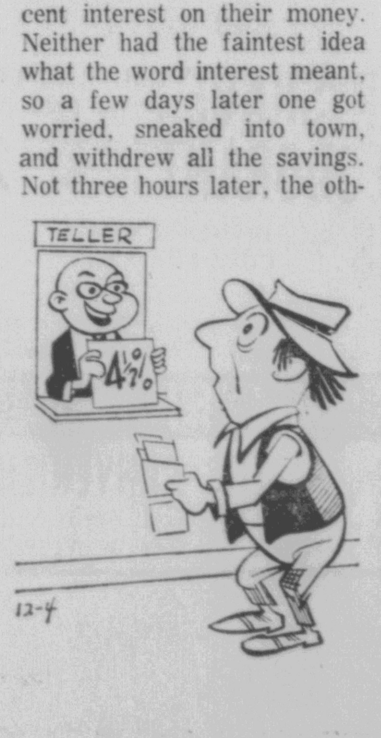
**WALL STREETER** John Straley reports on two hillbillies who lived up a West Virginia valley so narrow their dogs had to wag their tails up and down. One day the banker of the community actually persuaded them to open a joint savings account, offering as a lure a fat four and a half per cent interest on their money. Neither had the faintest idea what the word interest meant, so a few days later one got worried, sneaked into town, and withdrew all the savings. Not three hours later, the other got the same notion, but was flabbergasted to hear there was no longer a cent in the account. "I knowed it," he glowered. "That doggun interest has et up every cent of my savings!"



**ROTUND, AMIABLE** nightclub comedian Jack E. Leonard spotted an elephant at a county fair, fed it a peanut, and remarked with a sudden light in his eyes, "So this is what you do between elections!"

**SIGNS OF THE TIMES:**

Outside an independent Florida cafeteria: "Breakfast — just like you get it at home." The promise is fulfilled, too. The waitresses have their hair in curlers, their faces glisten with cold cream, and they're attired in sloppy flannel robes and oversized men's house slippers.

## Goldwater's Free Society Assn. Report Draws Wrong Conclusion

WASHINGTON—Barry Goldwater's Free Society Assn. has written a lucid and engrossing analysis of last month's elections.

Its only weaknesses are that it is short on facts, wrong in its conclusions and unduly pessimistic about the future of the Republican party.

Short on facts? The study sees absolutely nothing to justify the view that moderate Republicanism can be a source of strength to the party.

But what about the following fact?

Former Republican Sen. Kenneth Keating, running state-wide for a seat on the highest court of New York State, the court of appeals, won over his two opponents by the unprecedented plurality which, according to unofficial figures, could run as high as 1,500,000.

**HE CARRIED** the state by the largest plurality of any state candidate, Republican or Democrat, including Al Smith, FDR, Herbert Lehman, Rockefeller and Javits, in New York history.

He is the only upstate Republican ever to carry New York City, which he took by 85,000 votes. He carried every county in the state except Albany.

His voting pull enabled the Republicans to win back control of the state senate and increase their seats in the assembly. It helped elect 10 mayors and five boards of supervisors.

Denison Kitchel, president of the Free Society Assn., disdains the election of John Lindsay in New York and Arlen Specter in Philadelphia as having no value to the Republican party because, in his view, "they only emphasize the continued ascendancy of the Liberal party-ADA philosophy in vital sectors of American public life."

**THAT IS ARGUABLE** but the tremendous vote for moderate Republican Keating is not arguable and it makes one wonder why the Free Society should choose to ignore it. Keating's victory did not partake of any "Liberal party-ADA philosophy." Keating did not have any Liberal party endorsement, any ADA backing.

His victory is the most impressive proof that a traditional Republican running as a Republican can carry both New York City and New York State as long as he is at the political center of his party.

Kitchel warns Republicans not to turn to the Lindsay and Specter elections for guidance as to the kind of candidates the GOP should turn to, on the ground that their success rested only "on local issues" and has no relevance elsewhere.

What do you think the Free Society Assn. would be saying in its analysis if William F. Buckley, the Conservative party candidate, had received twice the size of the vote he got and had succeeded in derailing Lindsay? Would it be dismissing such a Buckley vote as only "local" and, therefore, meaningless? Wouldn't it be saying, if it had happened, that the GOP better get more candidates like Buckley?

**ANOTHER** Free Society conclusion is that the "victory of 'Republicans' without Republicanism is no victory for a genuine two-party system."

Was the two-party system strengthened in 1964 when so many Republican Congressional candidates went down to defeat as a result of the Goldwater campaign?

Could it be that the Free Society dismisses the Lindsay victory and omits the Keating victory not because they have no meaning but because it doesn't like the meaning?

# LBJ Is Urging Troop Build-Up In Viet Nam

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — President Johnson is summoning the top bi-partisan leaders of Congress to lay before them proposals for a further massive expansion of U.S. combat forces in South Viet Nam.

As submitted by Defense Secy. Robert McNamara, following his latest trip to fighting front, the new far-reaching buildup calls for the following:

U.S. ground forces to be increased to 250,000 by next May, with an immediate enlargement to 200,000 by the middle of January. Current ground force strength is 170,000.

Naval air and sea forces to be increased to 60,000 by May, with an immediate goal of 50,000 by Jan. 15. Present strength is 40,000.

Selected reserve units to be called into active service to meet these heavy personnel needs. The Joint Chiefs of Staff have strongly recommended that several times. Also likely are considerable increases in the monthly draft quotas.

**CONGRESSIONAL** leaders also will be told of a major decision by the President to intensify the air war against North Viet Nam.

The President has finally authorized the bombing of a dozen or so airfields in the central Hanoi-Haiphong area—where more than 200 Russian jet fighters and short-range bombers have been photographed by U.S. reconnaissance planes in the past three weeks.

Upwards of 100 of the jet fighters were latest-model MIG-21s; some 70 were older versions of this plane; there were around 20 bombers.

**GENERAL WILLIAM C.** Westmoreland informed McNamara that regular North Viet Nam troops are being infiltrated into South Viet Nam at the rate of 3,000 a month through Laos and Cambodia.

From prisoners of war and other sources it has been learned that General Nguyen Giap, chief North Viet Nam strategist who defeated the French in 1951, plans to build up an army of six or more regular divisions in South Viet Nam by May for a "final overwhelming offensive." Meanwhile, he aims to inflict 20,000 to 30,000 casualties on U.S. troops.

It is Giap's belief that such heavy losses will "shock the American people" and they will "force an end to the war." That's what North Viet Nam Prime Minister Pham Van Dong told a French diplomat in Hanoi several weeks ago. Van Dong indicated North Viet Nam is prepared to take five-to-one casualties to impose such large losses on the U.S.

Prince Souvanna Phouma, neutralist prime minister of Laos, confirmed the greatly increased infiltration of North Vietnamese regulars through his country.

**IN CONFERENCE** last week with the U.S. ambassador, Souvanna Phouma stated that around 9,000 North Viet Nam troops have entered his country and are largely concentrated near Thakkhet, a strategic communications center in the "waist" of Laos. Control of Thakkhet would be essential for extensive infiltration into Thailand.

Souvanna Phouma expressed gravest concern regarding these menacing North Vietnamese operations. So have Thai officials. They are convinced North Viet Nam is sending large number of guerrillas into Thailand through Cambodia and Laos.

General Westmoreland wants permission to bomb Vietnamese infiltration routes and concentrations in Cambodia and the Ho Chi Minh trail in Laos.

This proposal is strongly supported by Prince Souvanna Phouma and Thailand.

Steven Hoover, a cadet in the Civil Air Patrol and son of Mr. and Mrs. Cecil Hoover, 70 Eames Court, Novato, has been named to receive the Billy Mitchell Award for completing aerospace program in Marin Squadron 4 of the patrol.

## Four Marinites Hurt In Traffic Accidents

Four Marin residents were injured in four separate traffic accidents Saturday, two of them rollovers and one a motorcycle spill.

A small foreign car driven by Franklin L. Hansen, 31, of 1707 Center Road, Novato, veered off the Highway 101 southbound ramp to Marinwood and overturned at 11:40 a.m., the California Highway Patrol reported.

Officers reported that Hansen's attention was diverted when his two-year-old son started to climb from the back to the front seat. Hansen complained of head injuries and told officers he would be treated by his own doctor.

A car driven by Bobby Joe Lile, 33, of 338 Bolinas Street, Fairfax, overturned off Sir Francis Drake Boulevard, about a mile west of Fairfax, at 1:40 p.m., the highway patrol reported.

Officers said his car left the roadway and struck a county speed sign on the east slope of White's Hill. Lile complained of mouth and head injuries and was treated by his own doctor.

Wilfred S. Corda, 32, of 247 Laurel Place, San Rafael, suffered facial cuts when his car struck a highway light pole at the Highway 101 Lucas Valley off ramp at 10:30 p.m.

The patrol reported that Corda was taken to San Rafael General Hospital, but the hospital had no record of his case.

Daniel W. Goss, 20, of Bolinas, suffered an injured left arm and facial cuts when his motorcycle struck the curb and spilled on Wharf Road, just east of Brighton Avenue, Bolinas, at 3:50 p.m.

Goss was taken to Point Reyes Station by his father for treatment by his own doctor.

## Marinite Enurolled In Master's Program

Antonia L. Banducci, daughter of Mr. and Mrs. Fred A. Banducci of 345 Elm Avenue, Larkspur, is enrolled in a master's degree program while in undergraduate school at the University of Colorado in Boulder, Colo.

The program is designed so that some graduate studies are incorporated into the last two years of undergraduate school, making it possible for a student to obtain a master's degree in only one year after completing the bachelor's degree.

## Seven Marinites Enlist In Navy

Seven Marin County men enlisted in the Navy last week but four of them will have up to 120 days at home before donning their first uniform at the U.S. Naval Training Center at San Diego.

Starting training immediately are Leslie D. Stubblefield, 20, of 1017 Second Street, San Rafael; Woodrow W. Duncan Jr., 18, of 10 Shasta Lane, Novato, and Larry R. Wheeler, 20, of 183 Tamal Vista Drive, San Rafael.

Those enlisting under the Navy's "Join Now, Go Later" plan are Theodore K. Lowry, 19, of 815 Rosal Way; San Rafael; Peter D. Rosse, 19, of 301 Reed Boulevard, Mill Valley; Timothy J. Meenan, 19, of 92 East Crescent Drive, San Rafael and Leland M. Donnan, 20, whose parents live at 29 Buena Vista, Mill Valley.

## Marines Training Completed By Four

Four Marin County men graduated last Monday from Marine recruit training at San Diego.

They were Richard W. Daniels of 130 Lovell Avenue, Mill Valley; David M. Luce of 96 Hawthorne Avenue, and Ross P. Whitney of 35 Angelo Avenue, both of San Anselmo, and Norman K. Reinhard of 95 Twin Oaks Avenue, San Rafael.

## Two Injured In Wrong-Way Car Crash On Highway 101

A car south bound in the northbound lanes of Highway 101 at Waldo Point caused a four-car collision that resulted in injury to two persons at 11:10 p.m. Saturday, the California Highway Patrol reported.

Frank Manzano, 34, of San Francisco, drove along the Sausalito northbound on-ramp to the highway and then made a left turn and headed south in the northbound lanes of Highway 101, the highway patrol reported.

His car collided was a car driven by James W. Pearson, 54, of Napa.

Valeria Pearson, 45, a passenger in Pearson's car, suffered a possible cheekbone fracture. She was taken to Marin General Hospital where she was reported in good condition today.

Carmelo Sabraso, 29, of San Francisco, passenger in Manzan's car, who suffered multiple bruises and scrapes, also was treated at Marin General Hospital.

As a result of the first collision, two other northbound cars collided, but there were no injuries.

## Corporation Papers Set For Marin Unit

The Safety Council of the Marin County Builders Exchange has been incorporated, Secretary of State Frank M. Jordan has announced. The organization will be headquartered in the Builders Exchange office, 110 Belvedere Street, San Rafael.

## Coast Is Clear, All Resources Exhausted: Who, What Are You?

**PERSONALS**—Charlie says the coast is clear. Please tell who you were. Civic Center, 7:30 to 9:30 p.m. last Wednesday. Dial pressroom.

All right, so it's admitting defeat. But the guessing game has gone on long enough. I have exhausted every possible lead. You folks win.

The clues were only these. A group calling itself the Marin Coordinating Council met in the school curriculum laboratory at the above time and place.

The membership in this council is a mystery to me and most everyone else at the Civic Center.

"Never heard of them," County Administrator Alan Bruce said. "What are they coordinating?"

**I EXPLAINED** the only information available was on the weekly schedule of meetings at the Civic Center put out by his office.

Brief grilling of his staff showed, however, that it was the county schools office which had asked that the group be scheduled.

Unfortunately the girl in the county schools office who answered the phone when the Marin Coordinating Council called to reserve the room did not get the name of the party on the other end of the line. Just "Marin Coordinating Council."

**COUNTY DIRECTOR** of Community Relations Walter Bremond said it was none of his groups.

Mrs. Vera L. Schultz, president of the Marin Senior Coordinating Council, reported that it was not her group.

Rev. Karel Botermans reported that he had the flu. He also said that it probably was not the Marin Coordinating Council for Racial Equality which has not met for some time.

Florence T. Scott, director of the Marin Council of Community Services, said the name did not ring a bell. "Try the county schools office," she suggested. Really, she was trying to be helpful.

**IT WAS NOT** the Local Government Coordinating Committee. As a matter of fact, that was one of the committees supervisors dissolved last Tuesday. But you never can tell.

A reassuring thing about the Marin Coordinating Council emerged from all this. It is not receiving any county money. At least, Auditor-Controller Michael Mitchell could not find the group mentioned in this year's budget.

But the humiliating thing was that I finally had to call the city desk and confess that I had lost a meeting.

And I suspect there will be further humiliation when it is discovered who, or rather what, the Marin Coordinating Council is. But at least, I'll be in good company this time.

## Holiday Time Means The Danger From Torpor Driving Is Rising

WASHINGTON — It has just been discovered that automobile accidents can be caused as much by overeating as overdrinking. The torpor produced by consuming too much food makes a driver sleepy and careless.

For the moment there are no traffic laws against overeating, but I predict this state of affairs will change very soon, and you may have a scene something like this.

Siren sounds. Motorcycle cop pulls up alongside car, waves driver over to the side.

Cop approaches driver. "Okay, Mac. You were weaving all over the road."

Driver: "Burp. I was doing no such thing."

Cop leans in window. "Hey, what's that I smell on your breath—onions?"

"Scallions, officer. I just had one for the road. Burp."

"Is that all you had, mister?"

"I swear that's all, officer."

**"WOULD YOU BE** willing to take a gluttony test?"

"Sure, officer. What do I have to do?"

"We just want to measure the turkey content in your blood."

Cop takes blood from motorist and holds test tube up. "You have two cc's of white meat and five cc's of stuffing and six cc's of cranberry sauce in your blood stream."

"Is that bad?"

"The maximum allowed is five cc's. I'm afraid I have to run you in for torpor driving."

**AT THE STATION** house the sergeant says to the cop, "What did he do?"

"Overstuffed while driving," the cop replies.

"See here, officer. I was just coming from a Thanksgiving dinner, and I took a couple nibbles here and there. I may be satisfied but I'm not stuffed."

"Take him down to the cafeteria and see if he can walk a straight line," the sergeant orders.

The cop takes him down to the cafeteria. When the motorist sees all the food, he starts reeling and turning green.

The cop takes him up to the sergeant again. "He flunked it."

**"THROW HIM** into the torpor tank."

"I know my rights," the motorist shouts. "I'm allowed to have a bicarbonate of soda."

The sergeant says, "Okay, give him one, and then throw him in the tank."

The torpor tank is filled with groaning drivers holding their stomachs and others sleeping off their Thanksgiving Day dinners.

"Where did they catch you?" the motorist asks a cell mate.

"I was just driving out of a Howard Johnson's. I stopped in for a cup of coffee, but then I had one piece of pumpkin pie and it led to another piece and then to another and that's all I remember."

"I want to see my doctor!" a man shouts.

A few hours later the cop comes by and says, "Your wife is here to pay your fine."

The wife is waiting by the sergeant's desk.

**SHE SHOUTS** at the motorist, "I told you to leave the car at home if you were going to eat."

"I lost my head," the motorist says.

The sergeant says, "Okay, lady, just pay the fine. It's $50 for the turkey dinner and $25 for burping at a police officer. And the next time you get the urge to stuff yourself, stay off the roads."

# Sheriff Believes Marin City Substation Fire Deliberate

**DEBRIS OF BLAZE**—Sheriff's Deputy William Bradford looks for evidence of what started $10,000 blaze in Marin City sheriff's substation among charred desks and litter in area where deputies' brief cases were stored. Sheriff Louis P. Mountanos and County Fire Chief Louis J. Bloom both claimed the fire last night was set.

## Hurled Rock Breaks Another Window

Fire did $10,000 damage to the Marin City sheriff's substation late last night, and both Sheriff Louis P. Mountanos and County Fire Chief Louis J. Bloom today said they believed the blaze had been set, possibly by a fire bomb.

During the two hours before the fire was discovered, numerous rocks had been thrown at sheriff's patrol cars driving through the area, and deputy sheriffs said they believed someone had been firing a B-B or pellet gun at the cars. One rock broke a patrol car window.

The windshield of the personal car of Deputy Sheriff Charles T. Prandi was smashed by a rock while it was parked in front of the substation. The broken window was discovered while the fire was being fought, and the rock was found on the front seat.

Prandi had been threatened twice last week.

**OTHER OFFICES**

Thanks to the fact that insulating board had been placed on the walls and ceiling of the substation when the sheriff's office took it over, the building itself was little damaged. It houses also offices of the county's War on Poverty program and a lounge and gymnasium.

Damage to the office and equipment was estimated by Chief Bloom at $10,000 or more.

Bloom said the fire started at the northeast corner of the substation wing, near a coffee pot. The heat from the blaze melted a hole near the top of the aluminum pot, but the chief said the fire was not started by the appliance.

**POT UNPLUGGED**

Deputies said they had unplugged the pot before going out on patrol about 8 p.m.

The blaze was discovered about 11:20 p.m. by Deputies William Bradford and Richard Keaton, returning from patrol. Bradford said he noticed a hole, about six inches in diameter, in one pane of a window in the front of the building.

By the time firemen arrived from their station across the street, glass had been blown from all the windows by the heat.

The fire chief said two of the windows to the office had been left ajar at the top, and that a Molotov cocktail could have been dropped inside without breaking a window.

He said investigators from the National Board of Fire Underwriters had been called in to check the debris. It is sometimes possible to tell if an inflammable liquid has been used by the pattern of charring near where a fire starts, he explained.

He said no remnant of a bottle or can which might have been used for a bomb had been found, but that the debris was thick and was not disturbed because of the expected investigation.

Bloom said the total damage of $10,000 included radio equipment and personal belongings of deputies. Sheriff Mountanos said no ammunition was stored in the office, although a loaded revolver or shotgun might have been inside. No bullets were reported exploded by the heat.

Mountanos today called a meeting with Donald O. Stutsman, executive director of the

## Reserve Board Raises Bank Interest Rates

### Stock Market Takes Plunge; Johnson Unhappy

WASHINGTON (AP) — Overriding the President's economic policy, the Federal Reserve Board increased rates to their highest level in 35 years today and the stock market reacted by plunging.

A total of 3.94-million shares changed hands during the first hour the New York Stock Exchange was open, the largest total for an opening hour since the exchange began listing hourly transaction figures in 1933.

Some blue chip stocks fell 2 or more points. At the end of the first half hour, the Dow Jones industrial average was down 14.98 to 931.12.

**LBJ REBUKE**

Boosting of the interest rates brought an immediate rebuke from the President.

The board announced its decision last night, haying higher rates will help prevent inflation and aid in overcoming the persistent U.S. balance-of-payments deficit.

It ordered:

An increase in the discount rate from 4 to 4.5 per cent, its highest level since 1930. This is the interest the 12 regional Federal Reserve banks charge on loans made to member commercial banks Any upward movement generally spreads throughout the entire credit structure — applying to consumers who buy houses, cars and other goods on the installment plan.

**ATTRACT MONEY**

An increase in the maximum interest banks may pay on specified time deposits of more than 30 days from 4.5 to 5.5 per cent, its highest level ever. This might tend to attract money from other areas — the stock market, savings and loan associations, for example — into the banks.

The board left unchanged the 4 per cent interest ceiling on regular savings accounts.

The administration is powerless to alter the actions. Although board members are appointed by the President, they compose an independent agency, subordinate to no one.

In Johnson City, Tex., President Johnson said: "I regret, as do most Americans, any action that raises the cost of credit, particularly for homes, schools, hospitals and factories."

The first reaction in banking circles generally was favorable, although some expressed surprise over the time savings deposit interest raise.

## U.S. Troops Kill 200 Reds In Six Hours

SAIGON (UPI) —American infantrymen killed more than 200 Communists yesterday in a bloody six-hour battle in the jungles 35 miles northwest of Saigon, a U.S. military spokesman reported today. Some Americans were killed after fighting down to their last bullet and using their rifles as clubs.

The close quarter battle in the jungles bordering the huge Michelin rubber plantation involved troops of the U.S. 1st Infantry Division and a much larger force of Communists, perhaps a regiment.

U.S. losses were officially described as "moderate."

Lt. Col. George Schuffer of Fort Lewis, Wash., commander of the division's 2nd Battalion, praised his men for gallantry under fire. Knives and bayonets were used in hand-to-hand fighting.

The Communist kills were confirmed by body count today as 1st Division infantrymen pressed through the jungle challenging the Viet Cong to another battle.

There was only sporadic contact today and it appeared that most of the Communist troops had faded back into the jungles and fled from the battleground six miles northeast of the rubber plantation. The area is on the northwest corner of the Communist sanctuary known as the "Iron Triangle."

In a second battle zone, U. S. Marines stormed a notorious Viet Cong hideout at the village of Phu Thu 30 miles north of the coastal port of Qui Nhon in an amphibious operation dubbed "dagger thrust."

At least 18 Viet Cong were confirmed killed by body count yesterday as the Marines hit the beaches from the landing ship Monticello in the South China Sea.

## Marin Citian Faces Felony Assault Charge

Dist. Atty. Bruce B. Bales today filed a felony charge of assault with a deadly weapon against Dave Townsel Jr., 19, in the latest of three gunshot assaults on sheriff's deputies in Marin City.

Townsel, of 211 Drake Avenue, Marin City, is free on $2,750 bail. He allegedly fired the shot which struck the left front door of a patrol car driven by Sheriff's Sgt. Wade Powell last Thursday. No one was injured.

Townsel was scheduled for arraignment in Marin Municipal Court this afternoon.

The attack, apparently with a gun of higher caliber than .22, was the third in 25 days on sheriff's units in Marin City. The first, which broke an overhead dome light, was on Nov. 7. The second was last Wednesday.

## Tuition-Free Colleges Ending?

LONG BEACH (UPI) — Tuition free college education may be nearing an end in California, according to an Assembly subcommittee.

Assemblyman Charles B. Garrigus, D-Reedley, said two things were definitely brought out during a two-day hearing which ended here Saturday.

"First, the legislature must re-evaluate how higher education in California can be adequately financed, and second, that any student who can afford to pay must do so," said Garrigus, who headed the subcommittee.

## Gemini's Lovell Removes His Suit

SPACE CENTER, Houston (UPI) —Doffing his space suit, astronaut James Lovell soared through space in his "longjohn" underwear today in a "spacial strip tease." Command pilot Frank Borman remained suited up as they guided Gemini 7 toward the million-mile mark.

Lovell squirmed out of the bulky space suit during their 29th orbit.

Paul Haney, voice of Gemini control at Houston, called it a "spacial strip tease act."

Chipper and cheerful after a solid seven hours sleep—the first time two American astronauts have slept simultaneously in space—the 37-year-old space twins decided Lovell could doff his 16 pound pressurized suit while Borman kept his on.

The astronauts had covered a distance of about 920,000 miles at 11 a.m. EST.

Their heart beats rose abruptly shortly after midnight, Gemini control said. The beats rose from 60 to 80, while both were asleep.

It was one of those minor space mysteries. Neither Borman nor Lovell knew anything about it and said nothing had disturbed them as they slept.

At Cape Kennedy, technicians raced the clock and appeared to be beating it in efforts to set up Gemini 6 for a lift-off and rendezvous with Gemini 7 by Dec. 13.

The Gemini 6 program progressed so fast it was possible astronauts Walter Schirra and Thomas Stafford would be able to blast off a day early — next Sunday — in the first attempt to rendezvous two space craft.

The Gemini 6 capsule was electrically "mated" to its Titan 2 rocket at 8:45 a.m. EST —a task originally scheduled for completion around midnight tonight.

Borman and Lovell were told to get 10 hours sleep last night. Voice communication was cut off.

It took ground control stations several tries before they got through to the astronauts this morning. Then, their voices came down from orbit bright and crisp.

"Is Chris Kraft up so early?" Lovell asked. Kraft is the Gemini Flight director.

"I've been here for an hour and a half, young man," Kraft replied from mission control at Houston.

Among the experiments in store for Borman and Lovell, today were an attempt to speak to the ground by means of a laser light beam.

## Commission To Report On Rioting

LOS ANGELES (UPI) —The McCone Commission's postmortem on last summer's Negro riot in Watts—the worst in America this century— was to be released today with a forewarning "not to expect a miracle."

John A. McCone, former head of the Central Intelligence Agency (CIA), was appointed by Gov. Edmund G. Brown to preside over the eight-member blue-ribbon commission, which included a Negro judge, a Negro pastor and a woman.

Brown ordered the commission to investigate the cause of the riot and suggest ways of preventing a recurrence.

Last weekend, McCone, who once ran the Atomic Energy Commission (AEC), cautioned the public "not to expect a miracle" from the report.

## Court Refuses Review Of Suit Over Picketing

WASHINGTON (AP) — The Supreme Court refused today to review an $85,793 damage award made to the white operator of a grocery store in Savannah, Ga., as a result of pricketing of his place by Negroes.

The picketing developed from a complaint by a 14-year-old Negro boy employee that the grocer, Haldred Overstreet, had beaten him after accusing him of stealing merchandise. Overstreet denied beating the boy and testified he fired him for stealing food.

A jury in Chatham County Superior Court awarded the damages to Overstreet on his complaint of conspiracy to destroy his business by picketing. The award was against the National Association for the Advancement of Colored People, Savannah branch of NAACP, and two members of the branch.

## Officials Propose Recreation Area

SACRAMENTO (AP) — State officials today proposed development of a $2.7 million aquatic recreation area five miles south of Kettleman City, Kings County.

Fred L. Jones, state director of parks and recreation, said a 408-acre site could be used which is adjacent to both the planned California aqueduct — part of the State Water Project — and the Westside Freeway.

## Lawyer Asks Of Hospital Standards

What standards does a doctor have to prove he meets before he is given medical staff privileges at Marin General Hospital?

This question dominated the morning session of a hearing, begun today, on the appeal of Dr. Stanford W. Ascherman of San Francisco for staff privileges at the hospital.

Harry Gonick, attorney for Ascherman, asked hospital district attorney Harold F. Riede to detail just what standards Dr. Ascherman must prove he meets.

Riede responded that Dr. Ascherman has to prove his competency, based on the current standard of practice in Marin County. He said this standard would be illustrated with a series of incidents to be disclosed during the hearing, presided over by San Rafael attorney Thomas C. Nelson.

The hearing will be held daily in the Coral Room at the hospital until its conclusion. Dr. Ascherman has been seeking staff privileges at the hospital since January, 1964.

## Court Photography Hearing Opens

LOS ANGELES (AP)— An assembly subcommittee opened hearings today into the State Judicial Council's ruling banning photographers from courtrooms and courthouse corridors.

Asemblyman George A. Willson, D-Huntington Park, said that if the hearings "indicate that the news industry is officially interested in the rule's repeal," he will probably ask Gov. Brown to place the matter before the Legislature.

# Four Marinites Hurt In Traffic Accidents

Four Marin residents were injured in four separate traffic accidents Saturday, two of them rollovers and one a motorcycle spill.

A small foreign car driven by Franklin L. Hansen, 31, of 1707 Center Road, Novato, veered off the Highway 101 southbound ramp to Marinwood and overturned at 11:40 a.m., the California Highway Patrol reported.

Officers reported that Hansen's attention was diverted when his two-year-old son started to climb from the back to the front seat. Hansen complained of head injuries and told officers he would be treated by his own doctor.

A car driven by Bobby Joe Lile, 33, of 338 Bolinas Street, Fairfax, overturned off Sir Francis Drake Boulevard, about a mile west of Fairfax, at 1:40 p.m., the highway patrol reported.

Officers said his car left the roadway and struck a county speed sign on the east slope of White's Hill. Lile complained of mouth and head injuries and was treated by his own doctor.

Wilfred S. Corda, 32, of 247 Laurel Place, San Rafael, suffered facial cuts when his car struck a highway light pole at the Highway 101 Lucas Valley off ramp at 10:30 p.m.

The patrol reported that Corda was taken to San Rafael General Hospital, but the hospital had no record of his case.

Daniel W. Goss, 20, of Bolinas, suffered an injured left arm and facial cuts when his motorcycle struck the curb and spilled on Wharf Road, just east of Brighton Avenue, Bolinas, at 3:50 p.m.

Goss was taken to Point Reyes Station by his father for treatment by his own doctor.

# Pilot Said Killed Aiding Passengers Of Crashed Plane

NORTH SALEM, N.Y. (AP) — Eastern Airlines pilot Charles J. White apparently sacrificed his life while helping to evacuate passengers after crash-landing his propeller-driven plane following a collision Saturday with a Trans World Airlines jet.

Three other persons lost their lives and 50 were injured. The two planes carried 112 persons.

Survivors and investigators alike praised the flying skill of White and of the TWA pilot, Capt. Thomas H. Carroll, who guided his craft — minus a 30-foot section of wing — to a safe landing at Kennedy International Airport.

Federal investigators are probing the cause of the crash.

The body of Capt. White, 42, a World War II bomber pilot, was found yesterday midway down the smashed and charred cabin of his four-engine Constellation.

Standing beside the wreckage, Oscar Bakke, regional director of the Federal Aviation Agency, said: "All I can say is it is fantastic that people walked away. The pilot must have done a wonderful job."

The planes collided about two miles above northeastern Westchester County, flying at a combined speed of perhaps 1,000 miles an hour. White was piloting his ship on a shuttle run from Boston to Newark, N.J. The TWA jet was en route nonstop to New York from San Francisco.

Arthur D. Lewis, Eastern's senior vice president and general manager, issued a statement in New York last night praising the "superb airmanship" of White.

After the collision, Lewis said, White "found he could no longer control his aircraft through normal systems" and made the emergency landing.

Lewis added: "That he was able to bring his aircraft into the small field under twilight visibility conditions is little short of miraculous. After the impact, Capt. White went aft to insure the safe evacuation of his passengers and this performance of duty apparently cost him his life."

George Rhoads, 38, of Cranford, N.J., a passenger aboard the Eastern plane, said: "He flew us right into that hill. He pancaked it right into the hill. He was fighting it all the way down."

Rhoads suffered only singed eyebrows and lashes.

With the tail section of the plane gone, another Eastern official said, White "could use only engine power" and made a "very accurate approach" to the field by manipulating the throttle.

Fred Trenner of Danbury, Conn., was flying his small private plane and saw the crash. Trailing the Eastern plane down, Trenner said, he saw "a terrific burst of flame. It didn't appear as if anyone could get out alive."

Charles Wirth, 61, of Short Hills, N.J., a Constellation passenger, said: "My only thought was — this is much worse than I thought it would be — the flames."

Danny Williamson, 15, was behind a wall with his brother and a friend and watched the Eastern plane bounce in flames for about 1,000 feet up the 10-degree slope and then spin around to face downhill.

"It slid along and came to within about 100 feet of me before it broken open like," the boy said. "I just stood there watching as it started to burn up and people started to run out where it was broken and out the front end and the back."

John J. Carroll, Civil Aeronautics Board investigator, noted that the plane's left wing just clipped a tall sugar maple tree as it came into the clearing. Part of the wing ripped off, and the two left engines tore loose.

"If he hadn't hit that tree," Carroll said, "We might have had no deaths at all. The pilot did a remarkable job."

The investigation of the collision centered on establishing the altitude of the two planes.

The Eastern plane, carrying 54 persons, was assigned to a flight course of 10,000 feet, and the TWA jet to 11,000 feet.

Thirty-two persons remained hospitalized today, four of them in critical condition.

The only person injured aboard the TWA plane, carrying 58 persons, was a stewardess who suffered a bloodied nose when she was slammed to the floor.

The dead are listed as Capt. White, of Rye, N.H., Dr. Joseph M. Wilkinson Jr. of Summit, N.J., a passenger, dead on arrival at Northern Westchester Hospital; Mrs. Donald Thibodeau, of Gloucester, Mass., died yesterday in Danbury Hospital; and Pvt. Dennis Flucker of Hoboken, N.J., whose body was found in the wreckage of the plane.

"This represents an increase of $3.9 billion, or 6.9 per cent, over the 1964 level and $1.3 billion, or 2.2 per cent, over the revised 1965 second quarter estimate," Brown said.

## LBJ Told Blackout Could Happen Again

JOHNSON CITY, Tex. (AP) — President Johnson was told today the massive Northeast power blackout didn't have to happen — yet could happen again. Experts urged new precautions and perhaps new legislation.

Johnson got a 95-page printed report on preliminary findings by the Federal Power Commission in a Johnson-ordered investigation of the Nov. 9 power failure that affected 30 million people in the United States and Canada.

To discuss the report, the President summoned retiring FPC Chairman Joseph C. Swidler to the LBJ Ranch near here.

According to the report, the chain reaction that plunged 80,000 square miles into darkness could have been avoided had employees at Canada's Sir Adam Beck hydroelectric plant on the Niagara River reset an electric relay to handle power loads that had increased significantly since the device was last set in 1963.

Allegations of man-failure were not limited, however, to the Beck plant. The report also said:

Employees of the Consolidated Edison Co. perhaps could have prevented the blackout from enveloping all of New York City had they acted quickly to shut down parts of their system at the first warning of trouble.

The complete collapse of the interconnected power system in the Northeast might have been avoided had employees of many individual utility firms taken similar action.

The chief operating engineer of Consolidated Edison told the FPC that, with benefit of hindsight, power might have been restored in New York City twice or even four times faster. The blackout there lasted from 8 to 13 hours, depending on the section of the city.

"There is no evidence whatever that sabotage was involved in any stage of the power failure," the FPC concluded. It said the impact of the blackout on military and civil defense installations "appears to have been negligible" because most had emerged power supplies.

## North State Crashes Kill Eight Persons

By ASSOCIATED PRESS

Tragic auto accidents killed eight persons in Northern California yesterday in two separate collisions. Five died on a foggy road near Sebastopol and three died near Martinez.

Two cars hit headon two miles east of Sebastopol on California 12, the Luther Burbank Memorial Highway. Two young men from Santa Rosa, Theodore Morehead, the driver, 19, and James M. Long, his passenger, 18, perished in one car.

Three elderly Sebastopol residents, John Schaeffer, 72, the driver; his wife, Sophie, 62; and Ida Seemann, 57, their passenger, died in the other.

There were no witnesses.

A 13-year-old boy, Jerry Gorman, survived the other accident. His mother and father, Mr. and Mrs. Lee A. Gorman of Richmond, were killed. The driver of the other car, Vida Marie Wilson, 48, of Brentwood, was also killed.

Gorman had not yet told officers what happened, but the highway patrol said the two cars collided on State Route 4, 10 miles west of Martinez.

In other accidents:

Mrs. Lee Pesola, 29, the wife of a Fresno policeman, was killed in an accident at a rural intersection east of Fresno. Her husband said two cars overtook their car at a high rate of speed. The speeding cars hit first one side and then the other of Pesola's car, splitting it in half. Pesola was unharmed.

The drivers of the other cars were cited.

Mrs. Nadine Popp, 32, of San Lorenzo, was killed and six persons were injured when four cars collided on the Nimitz Freeway near a San Leandro off ramp. Mrs. Popp's husband, Russell, 35, and their two children received minor injuries. Three persons in other cars were treated for minor injuries.

### When Does Next Astro-Mail Go?

SPACE CENTER, Houston (UPI) —When Gemini astronauts Frank Borman and James Lovell reported today they were still having trouble with a star-measurement instrument, the control center at Houston had a unique suggestion:

"Send it down, we'll fix it and send it back up to you."

It brought a chuckle from Gemini 7: "If we could figure out a way to get it down to you, we would."

## Social Problems Decree Approved

VATICAN CITY (UPI) —The Ecumenical Council held its final working meeting today and approved a 26,000-word decree charting the course of the Catholic Church in the space age.

It was the last of 16 decrees to be approved during the historic four-year session.

The vote was 2,111 to 251.

In a previous ballot on the controversial nuclear weapon question, 483 prelates voted against a statement condemning modern warfare, nuclear stockpiling and the armaments race.

Cardinals Francis Spellman of New York and Lawrence Joseph Shehan of Baltimore had headed a lobby to reject the section. Some U.S. prelates felt the section was critical of American policy.

The key points in the modern world decree:

A declaration of marriage which leaves the door open to liberalization of the traditional ban on artificial contraception in the light of a new affirmation of the dignity of conjugal love, but Catholics are bound to strictly observe the ban until the Pope announces a further decision.

A denunciation of the nuclear arms race coupled to an appeal for multi-lateral disarmament. Recourse to atomic weapons is termed an unreasonable step even in defense of violated national rights.

A condemnation of atheism which does not mention Communism by name.

A statement against discrimination under any guise, whether based on race, sex, color, social status or religion.

An appeal for common distribution of goods and wealth in the interests of greater social justice, although the rights of private property are affirmed within limtis.

Encouragement for free inquiry outside and within the church, coupled with a reconciliation between faith and science which urges Catholics welcome the technological advances of the space age.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain – without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all – this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) – the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

# School Bond Failure Due For Discussion

Tamalpais High School District trustees, meeting at 8 p.m. today in the district office in Larkspur, are expected to discuss the failure of the district's $5,750,000 bond issue in the Nov. 16 election.

The board will hear a report by trustee Gloria Melbostad, prepared by the citizens committee that worked for passage of the bonds, suggesting the earliest date for a new election should be April. If not April, the committee felt the board should wait and call another vote for the general election next November.

Donald O. Stutsman, executive director of the Marin County Redevelopment Agency, will present a proposal that the district's 30-acre Marin City high school site be included in the community center plan for Marin City. The area, part of which is now being used for Little League, would be used for recreational purposes.

The board will receive preliminary plans for enclosing the covered eating area at Redwood High School from architects Gromme and Priestley. The project had come under the bond issue, but the trustees will now consider financing it from tax revenue.

## Prison Inmate Guilty In Stabbing Death

An all-woman jury Friday returned a guilty verdict in the slaying trial in Marin Superior Court of Armando G. Sanchez, San Quentin inmate. Penalty is mandatory death.

A second phase of the trial, on the defendant's alternate plea of not guilty by reason of insanity, was cancelled today when the plea was withdrawn by defense attorney, Jerome Durham, public defender.

However, Durham requested and gained a continuance until 9 a.m. Dec. 20 for pronouncement of the sentence by Judge Thomas F. Keating. He said he plans a study of the transcript for possible filing of a motion for a new trial.

Grounds for such a possible motion, Durham added, have not been determined.

Sanchez, actually charged with assault by a lifer, stabbed to death Ralph Canning, 54, a prison factory foreman from Oakland, last April 23. Trial started Nov. 18, with Leonard Shaw, assistant district attorney, prosecuting.

The verdict was reached Friday after six hours of deliberation and a misunderstanding that Durham had withdrawn the second plea, innocent because of insanity, caused Judge Keating to dismiss the panel.

Durham later indicated he would make the withdrawal today, however. Otherwise, an entirely new panel would have to be chosen for the insanity phase.

Sanchez is serving a five years to life term on a Los Angeles narcotics conviction.

### New Design For Keys Developed By Firm

NEW HAVEN, Conn. (UPI) —What is called the first major change in key design in a century has been produced here. Instead of the familiar notches, the key has flat edges. And the lock that goes with it has three different rows of pins instead of the conventional single row.

The system uses milled "hollows" in the flat edges; and these are different on each key. The key is made by Sargent and Co.

Housing Authority of Marin County, which owns the building, to arrange for new office space. The sheriff said the substation would be back in operation by tonight.

Although all records and reports filed in the office were charred, Mountanos said there were duplicates of all of them at the main office in San Rafael.

The rock throwing started about 10 p.m., according to Bradford. He said he and Keaton had stopped a motorist to give a citation about 9:30 p.m. and a crowd of juveniles had gathered to shout abuse.

Shortly after that, rocks started flying, especially in the flat area near the grocery store, he said. Several times he and Keaton left their car when they saw groups of juveniles, but the youths ran away and no one was caught, they reported.

About 10:30 p.m., a rock broke a window of the right rear door of Bradford's patrol car while it was moving slowly near the shopping area.

Prandi had parked his car facing the substation, in the parking lot. He had been threatened twice in the past week, according to reports in the sheriff's office.

On Thursday Prandi helped in the arrest of David Barrows, 21, of 25 Burgess Court, Marin City, on charges of traffic violations and interfering with an officer. Barrows was reported to have said, "I'm going to get you, Prandi."

He was later released for lack of sufficient evidence to prosecute.

The next day Prandi, with inspector Harold Sleezer, arrested Dave Townsel Jr., 19, of 211 Drake Avenue, Marin City, on anonymous tips claiming he was the person responsible for rifle shots fired recently at patrol cars. He, too, made threats.

Hours after his arrest, Townsel was released on $2,750 bail.

sa, partner in Brown Brothers, Harriman & Co. and former undersecretary of the Treasury for monetary affairs under Presidents John F. Kennedy and Johnson, said: "They were right to do it, the time is right."

In Los Angeles, Louis B. Lundborg, chairman of the Bank of America, said the discount increase "will have a wholesome effect on the stability of our economy."

The Johnson criticism was echoed by such groups as the U.S. Savings and Loan League, the National Council for a Sound Monetary Policy and Rep. Wright Patman, D-Tex., chairman of the House Banking Committee.

Norman Strunk, vice president of the Chicago-based league, declared: "The Federal Reserve has decided to bail out the big banks from a liquidity squeeze under the guise of aiding the fight against inflation."

Patman said the action was arrogant, terming it "a critical situation where a handful of bankers, led by the Federal Reserve chairman (William McChesney Martin Jr.), are in a position to wreck the economy.

## British Bridge League Hopes To Solve Scandal

By ROBERT MUSEL

LONDON (UPI)—The British Bridge League hopes to resolve before the end of the year the greatest scandal ever to shock the game.

A special tribunal, which has been meeting in private since September will hand down a flat verdict of guilty or innocent this month against two of Britain's top players who are accused by American opponents of cheating during the bridge world championships in Buenos Aires last May.

**A source close to the inquiry said its decision to issue an unequivocal judgment was essential because of the importance of the case to the integrity of bridge competition in the future.**

In the Buenos Aires championships several American players claimed they saw Terance Reese, rated by some the world's foremost individual bridge player, and his longtime partner, Boris Schapiro, use secret finger signals.

Jay Becker of the American squad was the first to have his suspicions aroused. On May 17 he noticed, he said, that the Britons seemed to change the way they held the cards depending on the number of hearts in the hand. He took his concern to other Americans and on May 21 they watched Reese and Schapiro closely.

They charged that in 17 different deals the number of hearts held by the Britons coincided with the number of fingers showing on the fan of their cards.

**The American non-playing captain, John Gerber, informed the British captain, Ralph Swimer, of the possibility that signals were being used. After more surveillance Swimer forfeited all his team's points.**

"I deny it." Schapiro said. "I won't play bridge again."

Reese, one of the most widely read authorities on bridge, snapped that it was "only coincidence" and added: "It always seems to be the Americans who complain about cheating."

Sixty-one billion gallons of gas were consumed by motorists during 1964.

Bradley said the boy was at the home of Edith Smith of Elm Street, Woodacre, a licensed babysitter, who called county firemen when she realized that the baby was pale. Death was from natural causes, said Bradley.

Both parents were working at the time. They have another child, 4-year-old Maria Lisa.

# Bianchi New President Of Property Unit

Alfred J. Bianchi, Point Reyes Station dairy rancher, has been elected president of Marin Property Owners, Inc., and will be installed with other officers at the organization's annual dinner meeting to be held Wednesday at 6:30 p.m. at Dominic's Harbor Restaurant in San Rafael.

Bianchi succeeds C. A. Stevens, San Rafael businessman who headed the organization since it was formed early this year. Charles Parmelee of San Rafael was elected vice president succeeding Joseph Sheeks of Mill Valley, Larry Marks Jr. of Novato was elected secretary, taking Bianchi's old position, and ex-president Stevens will take over as treasurer, succeeding Charles I. Daniels of San Rafael.

Assemblyman William T. Bagley (R-San Rafael) will address the association. His remarks will be entitled "A Voice in Our Government — Or a Vocalist?"

# Marin Gets Road Money

Marin County has received $84,335 as its share of the November distribution of state highway users taxes.

The money was part of more than $9.6 million which went to California counties. Cities received nearly $4.3 million, while more than $25 million went for state highways.

The rest of the November fund, which State Controller Alan Cranston said was up 10.5 per cent from last November, went to maintain the "select system" of city streets and county roads or to repair storm and flood damage.

**WE SEW SEATS**

Car seats. With split seams.

For example . . . the little VW is a mighty fine car. It's put together by strong mechanics. They have contests to see who can tighten the bolts best. They never come apart.

Except at the seams. We sew them up. With dacron thread. And they never come apart!

(Sam, incidentally, pioneered the use of dacron thread in the automotive field in Marin. Just one of our many firsts.)

We sew seams for Fords, Chevs, and Plymouths, TRs, MGAs, and Alfas. And many more, too.

We also install seat covers, auto glass and convertible tops, carpets, headrests and armrests. And many more.

Stop in today and show us your seam problem. Or seat cover problem. Or glass breakage.

We'll be happy to see you!

# Marin Officials Get Hovercraft Invitation

SFO Helicopter Airlines, noting Marin County's Board of Supervisors' interest in ferry boat service for commuters, has offered to give board members a demonstration ride on the company's prototype surface-effect vehicle.

The company has two such "hovercraft" operating between Oakland and San Francisco International airports.

In a letter to Supervisor Thomas T. Storer, company vice president John J. Cunningham praised Storer for asking for a study of high speed water transportation for commuters.

Cunningham said craft now under construction could handle 600 passengers. A trip from San Rafael to the Ferry Building at San Francisco could be offered for less than $1. Cunningham added.

## Coeds Initiated

Six Marin County women are among 58 students of the University of California, Davis campus, who have been initiated into Agathon, a campus women's service organization. They are Pamela Berry of Mill Valley, Pamela Saffores of Novato, Nancy McGee of San Anselmo and Anne Bosch, Patricia Lyons and Donna Worley of San Rafael.

# Ex-Private Ends Military Days As Lieutenant Colonel

A former Mill Valley man who joined the Army as a private, has retired at the age of 46 with the rank of lieutenant colonel.

He is Franklin J. Levens, whose mother, Mrs. Anne B. Levens lives at 5 Mesa Avenue, Mill Valley. He has a sister, Mrs. Cecil Sellers in San Rafael.

Lt. Col. Levens joined the Army in 1941 after attending Tamalpais High School and as a platoon sergeant, he was among the first wave of 25th Infantry Division troops to hit the beaches at Guadalcanal during World War II. Before his retirement, he was chief of the Procurement Support Branch at Fort Huachuca, Ariz., since August 1964.

During the retirement ceremonies Tuesday, Lt. Col. Levens received an oak leaf cluster to his Army Commendation Medal for "exceptional initiative, devotion to duty and high personal standards . . ."

He and his wife, Shirley and their children, Martin and Ellen, are living at present in Arizona

## Across The Bridge

A total of 395,944 vehicles crossed the San Rafael - Richmond Bridge in October compared with 367,000 in the same month last year, the State Division of Bay Toll Crossings announced.

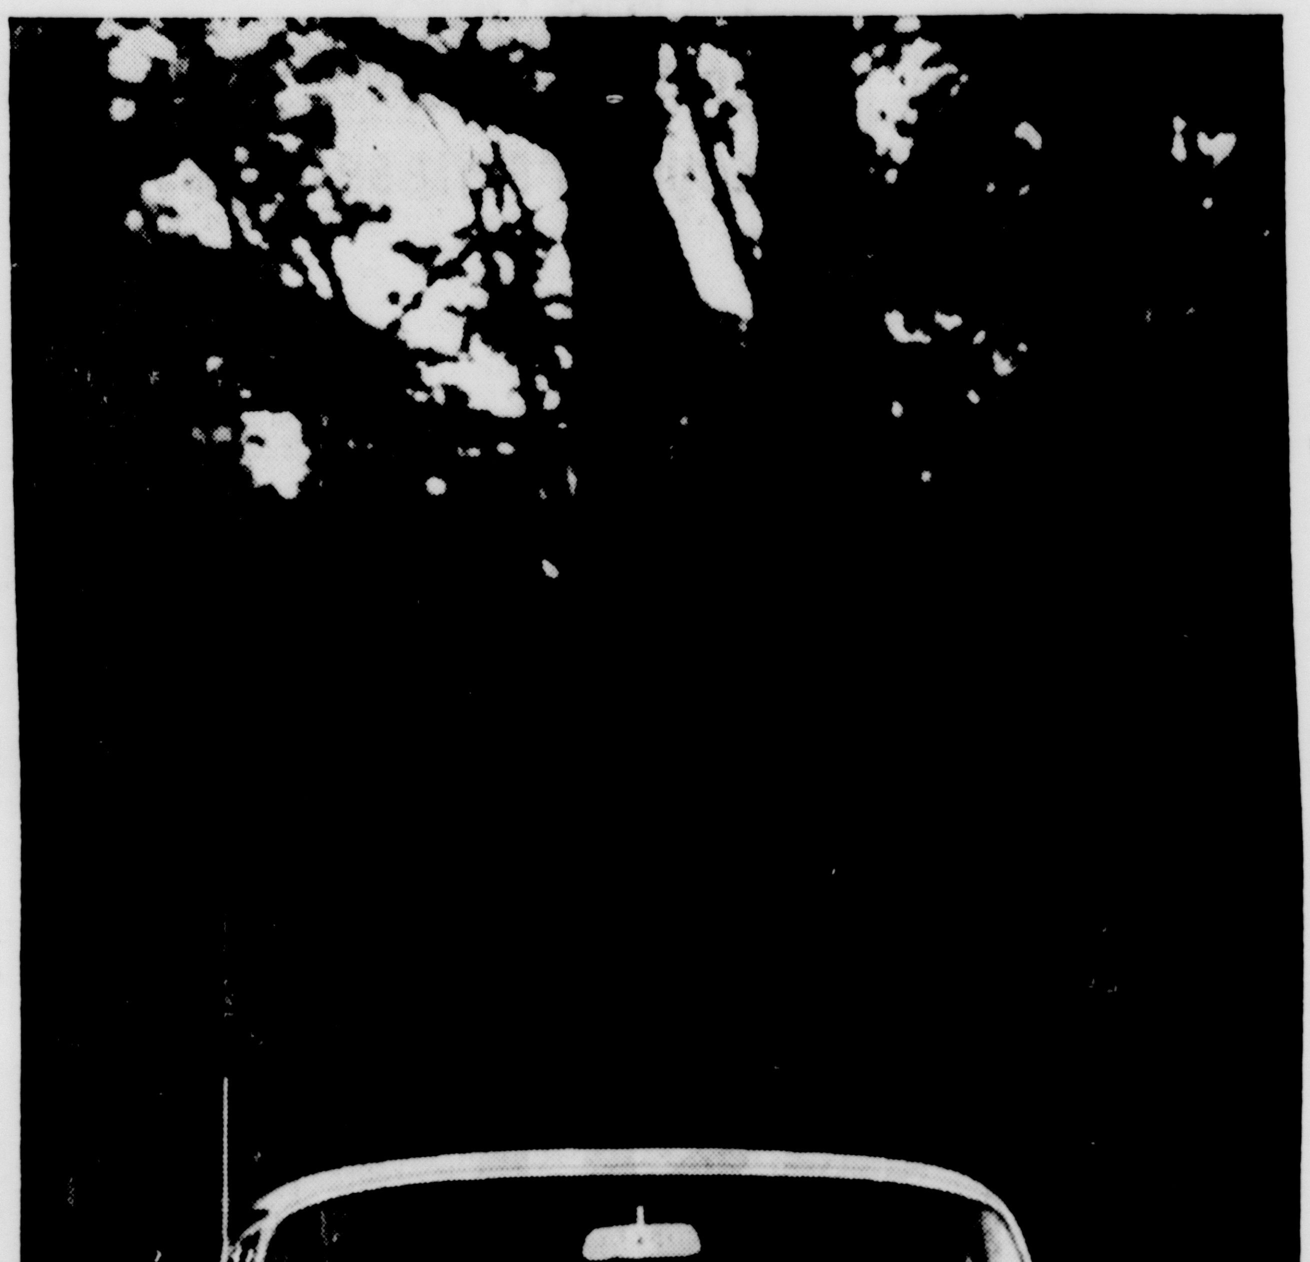
# January Draft Call Down Only 2,000

WASHINGTON (AP) — Next month's draft quota is about 2,000 below the December call but remains at a high level.

The Pentagon Friday asked the Selective Service System to induct 38,280 men next month. This compares with 40,200 in the December call.

The Navy and the Air Force do not plan to draw on Selective Service next month.

"At 50,000 miles you may begin to wonder if your Mercedes-Benz 230S will ever rattle. A most unflappable car."



*Even at dusk, visibility in Mercedes-Benz 230S is superb. Clip coupon for full story on this staunch car.*

**The body is welded 10,000 times. Its design is a patented safety feature. A lovingly assembled engine can cruise all day at 90 mph. Take 3 minutes to read about the Mercedes-Benz 230S, built to be the best–not the best seller.**

GIVEN humane care, the Mercedes-Benz 230S will easily outlive your golf clubs and the family cat. The secret of its longevity: careful construction, costlier materials, and an engineering staff whose creations are watched like hawks by other car designers.

*Flattering note*: competitive engineers have admitted they would like to copy some Mercedes-Benz features, but—alas—*they can't afford to* without shooting up their cars' prices.

**World's oldest car maker**

Mercedes-Benz has had 80 years to store up its expertise. It's a good feeling to know that the Mercedes-Benz 230S comes from the world's oldest automobile maker—from the *inventors* of the automobile.

*Historical sidelight*: the inventors were two German engineers, Gottlieb Daimler and Karl Benz. The year was 1886. Elsewhere, Mr. Rolls had yet to meet Mr. Royce. And Henry Ford's amazing Model T was still 22 years off.

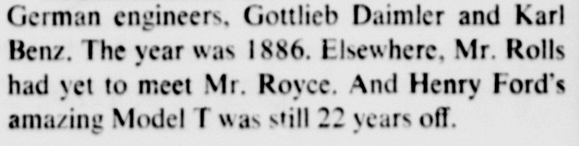
**No squeak, clank or groan**

A car's backbone is its body. The 230S body is a taut shell, *welded* 10,000 times. It is stronger, more twist-resistant than separate body-and-frame types that must be bolted together. The 230S will not age to the tune of squeaks, groans or rattles.

*Nitpickers*: you'll search for telltale seams in vain. All outside body seams are hand-ground, filled with pewter, ground again and polished.

Sturdy as it is, the 230S is no mere iron horse. You can hurtle this 2,976-pound sedan about like a sports car. No wonder—you ride on a fully-independent suspension system first *proved* on a sports-racing car—the all-conquering Mercedes-Benz 300SLR.

Professional racing drivers respect Mercedes-Benz cars (some even *sell* them. Juan Manuel Fangio, 5-time World Champion driver, is a Mercedes-Benz dealer in Buenos Aires).



*Suspension proved on 300SLR sports-racing car.*

**Steering without guesswork**

You control the 230S—it doesn't control you. If you've been driving a car with spongy steering, you'll be astonished at the accuracy of Mercedes-Benz steering. You *aim* this car. You don't have to cajole it.

*Note*: A shock absorber *in the steering linkage* blots up road jolts before they can reach your hands on the wheel. No buzzing, tickly vibrations.

**Stops without panic**

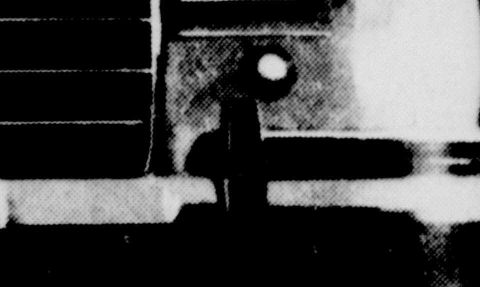
The 230S uses disc brakes in front—and *separate* brake systems, front and rear. A trustworthy combination. And remarkably smooth: "When you put the brakes on in a Mercedes-Benz, it still feels like you're putting the brakes on in an *automobile*—not turning a switch that's going to throw you out the windshield."—David E. Davis Jr., Editor and Publisher, *Car & Driver* Magazine.

**An unburstable engine**

When you lift the hood of the 230S, you may be startled. Its 6-cylinder, single overhead camshaft engine is *one-third* the size of many American V8's. Your gas costs will be about half. And its performance stuns those who always thought an engine had to be *big* to be potent. *Consider this*: manufacturing tolerances are so close, and design is so careful, that you can blaze along for hours on end at over 90 mph. You hear only a pleasant hum. There is no unnerving mechanical strain to set your back-teeth on edge.

**Not a rolling hotel**

Coming as it does from a factory where one of every 11 workers is an inspector, the 230S displays superb workmanship. But superfluous gewgaws are utterly absent. No fold-down writing tables. No walnut wainscotting. A blow to status-seekers—but a *boon* in cutting needless weight and cost.



*Fatigue-proof seats have reclining backrests.*

Orthopedic physicians helped make the 230S' seats fatigue-proof by making them *firm*. They are also *tuned* to the car's suspension motions—eliminating millions of tiny jarring and pitching movements that bring on discomfort.

*Suggestion*—try these seats immediately after sitting in a large domestic car. They're ample and snug. You don't feel like you're sitting in a box of marshmallows. And the individual front seat backrests recline to 4 positions.

The 230S measures decidedly shorter bumper-to-bumper than full-sized American cars. But inside, it actually gives you *more* room than many. The result of designing a car *around its occupants* instead of to a stylist's orders.

**Mercedes-Benz motor cars: from $23,245 to $4,065**

You may be able to afford a Mercedes-Benz without knowing it. Below are suggested retail prices* for 6 of the 15 Mercedes-Benz models.

| | |
|---|---|
| 600 Grand Mercedes | $23,245 |
| 300SE Coupe | 11,737 |
| 230SL Roadster | 6,262 |
| 230S Sedan | 4,900 |
| 200 Diesel Sedan | 4,280 |
| 200 Sedan | 4,065 |

**West Coast port of entry, exclusive of state and local taxes if any.*

**A word on safety**

To Mercedes-Benz, safety is more than token gestures. It is *bred into* the car's basic design. Example: the *body* of the 230S is a patented safety feature. Front and rear sections are designed to *collapse* on hard impact, absorbing shock before it can reach the passenger area.

Inside, door handles are recessed. Twelve danger spots—including the *window cranks*—are safety padded. Small wonder that safety experts term Mercedes-Benz cars "the safest in the world."

# Sausalito Nets $1,129 At Auction

Sausalito netted $1,129 in a three-hour public auction Saturday when a vast variety of lost and found property and used city equipment was sold at the old Purity Store, 660 Bridgeway.

City Mgr. Charles A. Brown and Police Chief Kenneth H. Huck wielded the auctioneer's gavel so successfully that about 200 of the 220 items on hand were sold.

The item that brought the highest price was a white muskrat (simulated beaver) coat with a mink collar that sold for $205.

Brown said that a former city car, a 1964 Dodge "with an engine that was shot," sold for $125.

Another item that brought a high price, $155, was a four-track stereo tape recorder, Brown reported. Prices for many other items ranged down to small change.

One family claimed a bicycle that was up for auction when they came loaded with evidence. They arrived with the rear fender of a bicycle that had been stolen. When it matched with one that was ready to go on the block, they got their bicycle back, Brown said.

A $10 gold piece sold for about $37, but there was no taker for a bathtub.

The auction was the first held by the city in three years, but Brown said there may be another next year.

# Wife Booked On Charge Of Assault With Knife

Mrs. Patricia Mangini, 45, of 724 North San Pedro Road, Santa Venetia, was booked at the Marin County jail on a charge of assault with a deadly weapon after she allegedly stabbed her husband with an eight-inch carving knife Saturday night.

The husband, John P. Manfini, 50, a wholesale meat merchant, was in fair condition at San Rafael General Hospital today from the stab wound that penerated more than six inches into his stomach.

Mrs. Mangini was released yesterday under $1,100 bail and is scheduled to be arraigned in Marin Municipal Court at 1:30 p.m. Wednesday.

Despite his wound, Mangini drove from his home to the hospital, arriving at 10:44 p.m.

Sheriff's deputies were notified and they immediately sped to the Mangini home.

At first Mrs. Mangini said the pair had a family argument, but later when questioned by district attorney deputies she would make no statement, deputies reported.

During a search of the home, sheriff's deputies found a bone-handled carving knife with an eight inch blade and a kitchen paring knife with a three-and-a-half inch blade under a mattress in the bedroom. There was blood on both knives, but "extreme signs of blood" on the larger knife, deputies reported.

Questioned at the hospital, Mangini said he bumped against the knife which was resting on a table and it flipped up and struck him in the stomach, and then he fell to the floor forcing the knife into his body.

Mangini's wound was so serious that he was in surgery for about three hours, with a priest standing by to administer last rites, deputies reported.

Aside from the stomach wound, he had a cut above his right cheek bone. His bloody underclothing was found in his bedroom and dressing room.

## Parents Beaten With Pickaxe

SAN JOSE (AP)—A youth — bothered by poor grades, a shoplifting incident and parental discipline — smashed his parents' heads with a pickaxe yesterday, police say.

Mr. and Mrs. Joseph Koegl, the parents, are listed as being in very critical condition at Santa Clara County Hospital.

Their son, Wendell, 16, is in the county's juvenile home, held for an assault investigation.

Tom Palmer, juvebile probation supervisor, quoted the youth as telling about his poor grades, of being turned over to his parents by store employees after a shoplifting incident and of being threatened by his parents with restraint of his spare time activities.

Police said the parents were attacked while asleep and that the youth had telephoned them afterwards.

# Demos Hear Storer Make Announcement

Marin County Supervisor Thomas T. Storer of Inverness Park was the lone Democrat to definitely announce his candidacy as Democratic leaders of the First Congressional District met in caucus at Flamingo Hotel in Santa Rosa yesterday.

Storer followed up his Saturday announcement in the Independent-Journal with a statement that he will seek the Democratic nomination for Congress to oppose incumbent Don H. Clausen.

George E. McCabe, administrator at Sonoma State College, said he had not yet made up his mind but would announce his decision by the first of next year.

State Sen. Frank S. Petersen of Ukiah, also mentioned as possible candidate for Congress, said he had "no comment" as yet.

Other possible candidates, called upon to make speeches, all declined to commit themselves. They included Thomas A. Skornia of Ross, mentioned in the state Assembly race, and Robert D. Carrow of Novato and John Dunlap of Napa, mentioned in the race of state Senate.

In the morning, California Democratic Council clubs of the First Congressional District met, with S. Robert Politzer of Sausalito as chairman. The clubs passed a resolution acknowledging that the CDC is in trouble because of the recent controversy over CDC president Simon Sasady and asking for support from all Democratic organizations.

More than 200 Democrats, including about 30 from Marin, gathered for the caucus.

# Republican Group Backs Civil Rights Movement

LOS ANGELES (AP) — The California Republican League, a year-old volunteer organization, is backing the civil rights movement and U.S. efforts in Viet Nam while condemning the John Birch Society.

Those stands were taken without dissent yesterday by delegates representing 4,000 CRL volunteers.

Delegates also witnessed an angry face-to-face clash between two men hoping for the party's gubernatorial nomination — Actor Ronald Reagan and Laughlin E. Waters, a former assemblyman.

The unfriendly confrontation came Saturday, during what had been a peaceful roundtable discussion involving the main GOP gubernatorial possibilities.

"I thought the dispute was unfortunate and out of place in the context in which the meeting was held," said William Gray, ho was re-elected president of the league.

Senate Minority Leader John F. McCarthy, R - San Rafael, called it refreshing.

Waters accused Reagan of political dishonesty because Reagan has not yet announced his candidacy for governor. Waters challenged Reagan to make the announcement immediately.

Reagan replied, "Unity didn't hold up very long, did it?" Then he indicated he is working on the assumption that he is a candidate, but "you keep one foot back in case the sky starts to fall."

Waters told a reporter he will continue to press Reagan to announce his candidacy and express his views on state issues.

## Passenger Injured As Autos Collide

A passenger in a car driven by Herman Vermillion, 39, of Oakland suffered bruises when the car crashed into one driven by John McK. Lane, 57, of 1 Rebecca Way, Novato, on Highway 101 yesterday, the California Highway Patrol reported.

The patrol said Lane was southbound at Olive Street, Novato, at 2:20 p.m. when he pulled into the fast lane to make a left turn and his car was hit from behind by Vermillion. Lance R. Triplett, 57, of Berkeley, a passenger with Vermillion, was to see his own physician. Lane and Vermillion were unhurt.

## NEW SEARCH BY DAWSON

Donald Dawson, still weak from malaria contracted while he was a prisoner of the Viet Cong, tells of his plans for seeking a new life in Oregon for himself and his family. He will leave Costa Mesa, Orange County, with his wife Jeanne, (background) and his four children, among them, George, 4, at his side. Dawson will live on a farm where he hopes to recover his health and "find" himself. He became known for his long search for his brother in Viet Nam; the brother has been reported dead. # Stinson Assistant Chief Puts In Innocent Plea

The assistant fire chief of Stinson Beach Volunteer Fire Department, Douglas Carson Smith, 25, has pleaded innocent in Marin Municipal Court to a drunken driving charge in an alleged wild ride in a fire truck late last month. Jury trial is to be scheduled Wednesday.

Also scheduled is a meeting of the Stinson Beach Fire District commissioners at 8 p.m. Wednesday to consider Smith's status with the department.

Smith, of Surfside Apartments in Stinson Beach, was arrested about 11:50 p.m. Nov. 27 by Sheriff's Deputy George Miller, who reported seeing the truck run a stop sign on Highway 1 in Stinson Beach, then roar on down the highway without its siren on and without the usual red lights used on fire runs.

The deputy said he followed to give aid on any fire call, but halted the vehicle after observing its erratic route. He said Smith, accompanied in the truck by two passengers, was belligerent, used foul language, and had to be forcibly removed from the truck. He quoted Smith as saying "I was going to a false alarm."

The trio had attended the annual fireman's ball at Stinson Beach Community Center before the ride, Miller reported.

Second college to be established in Pennsylvania was Dickinson College.

## Copter Combat Less Hazardous To Pilot

HUNTSVILLE, Ala. (AP) — The commander of America's training program for Viet Nam helicopter pilots, Maj. Gen. John J. Tolson III, commander of the Army aviation center at Ft. Rucker, told the Tennessee Valley chapter of the Association of the U. S. Army that combat helicopter flying is not as dangerous as it might appear.

He said that from December 1961 through August 1965, helicopters were hit by ground fire only once in every 347 combat flights; they were shot down only once in every 8,129 flights, and were lost and not recovered at the rate of one in every 15,341 flights. He did not list the casualty rate of the crews.

# Court Declines Review Of Tracy Sims Case

WASHINGTON (UPI) — The Supreme Court today denied a hearing to Tracy Sims, a Negro girl convicted of disturbing the peace during a demonstration protesting alleged job discrimination by San Francisco hotels.

The court acted in a brief order, with no opinion.

Miss Sims, 19 at the time of arrest in 1964, drew 90 days in jail with 45 days suspended and a $200 fine. The San Francisco Municipal Court conviction was affirmed by the Superior Court Sept. 23, 1965.

Thirteen co-defendants tried at the same time were acquitted.

Miss Sims' petition for Supreme Court review recalled that in the winter and spring of 1964, a series of civil rights voked 500 arrests and trials on charges of disturbing the peace and unlawful assembly.

Hers was the first case to clear California appellate courts. About 20 others, involving about 350 persons, are pending, her petition said.

Miss Sims was chairman of an Ad Hoc Committee to End Racial Discrimination. At the time of her arrest at the Sheraton-Palace Hotel, she and others had been negotiating with the Hotel Employers Assn. of San Francisco and with the Sheraton management to try to solve hiring problems connected with race.

About 1,000 persons met at the hotel March 6, 1964, to protest hiring practices. Arrests were made on the ground that hotel entrances were being blocked.

The petition asserted that California law was interpreted to deny Miss Sims "fair warning" that she was committing an offense. It also argued there was no evidence of guilt and, further that the Civil Rights Act of 1964 nullified the conviction.

## Court Upholds Endorsement Law

WASHINGTON (AP) — The Supreme Court let stand today a decision upholding a California statute known as the "Truth in Endorsements Law."

The law, enacted in 1963, directs that, if a candidate in a political primary is endorsed by an organization using as part of its name the name of a political party, notice must be given that the organization is an unofficial political group.

California law forbids political parties to endorse candidates in the primary.

## Railroad Tells Parking View

SAN FRANCISCO (UPI)— Southern Pacific opened its case today in a California Public Utilities Commission hearing on efforts to compel the railroad to provide free commuter parking at its Mountain View, San Carlos and Sunnyvale stations.

The first witness, A. J. Glass, a rate expert, testified that the railroad has not considered costs of its parking lots in setting its rail prices for at least 25 years.

This was to support a contention that the railroad does not count its parking properties as part of assets upon which the commission computes a fair rate of return.

The railroad argues that the commission has no jurisdiction over the parking lots.

Southern Pacific began presenting evidence after a to-week recess in hearings before Examiner Donald Jarvis.

## 4-H Club Striping Bridge Railings Red

STANBERRY, Mo. (UPI) — The Lucky Clover 4-H Club has initiated a project calling for the striping of banisters of 30 Gentry County bridges with a fluorescent red paint.

The stripes are intended to reflect light from approaching autos at night.

# More Bases Ordered Shut By McNamara

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara today ordered 149 more bases closed, consolidated or substantially reduced.

McNamara told a news conference the actions, calculated to save $410 million a year, "will be completed without decreasing military effectiveness or limiting our current and future activities in Southeast Asia."

Coupled with 703 previous base closing and cutdowns ordered since March 1961, the new moves will bring total savings to $1.5 billion a year, McNamara said.

The affected bases are located in 39 states, the District of Columbia and 10 foreign countries.

McNamara told reporters congressmen are being informed how their districts are affected but that formal announcement of the 149 bases in the new list will not be made until Wednesday.

The 23 foreign bases, accounting for $93 million in savings, will not be disclosed until after discussions with the countries involved.

## Oil Supplies To Hold 1965 Level Next Year

DALLAS (UPI) —Petroleum stocks in the United States will remain about the same in the next year, the Independent Petroleum Association of America (IPAA) predicts.

"Total petroleum stocks at the end of 1966 have been assumed to be 840 million barrels, about on a par with the end of 1965," the organization said in a report by its supply and demand committee at its annual convention.

# Jack Theft Charged To Novato Youth

David Philip Peoples, 18, of 7 Renate Court, Novato, was booked by Corte Madera police into county jail yesterday on a charge of grand theft for allegedly stealing a hydraulic jack.

Michael Dorsey, attendant at the Standard service station at the Corte Madera Shopping Center, said Peoples and four other youths drove into the station and ordered $2 worth of gasoline.

Peoples stayed in the car, Dorsey said, while the others went into the restroom. When he had paid for the gasoline, Peoples drove to the rear of the station near the restrooms.

Dorsey said a man and woman ran up to him a little later and said they saw a boy loading something into the trunk of his car. A $200 hydraulic jack was missing, he said.

Larkspur police later found the car, with the jack in the trunk.

# De Gaulle Loses His Bid For A Majority Election

PARIS (AP) — President Charles de Gaulle maintained silence today after French voters handed a stinging rebuff to his bid for first-round victory in the presidential election.

With a record turnout of 84.9 per cent of the voters, De Gaulle polled only 43.96 per cent of the vote in the first round of voting yesterday. This forced him into a run-off Dec. 19 with left-winger Francois Mitterrand, the No. 2 man in the six-man race.

Some Gaullist officials had predicted before the election that if De Gaulle did not get the massive endorsement he wanted, he would refuse to run in the second round. Other officials differed.

"The general is a fighter," said one supporter, "and he will not abandon the combat now."

A second-round victory was considered in the bag for De Gaulle if he runs. Although his image was bruised by the outcome yesterday, it is not likely that he will change his attitudes and ways.

In department after department where he had shown strength in other electoral tests, De Gaulle polled less than 50 per cent of the votes.

PRESIDENT DE GAULLE
Casts ballot

FRANCOIS MITTERAND
Second place

His pride must have suffered additionally from the knowledge that election of the president by direct vote was the result of a constitutional change he had inaugurated.

Only once before, in 1848, did French voters have a direct say about who would be elected president.

These were the results from nearly 24 million valid ballots in metropolitan France:

Charles de Gaulle 10,504,007 for 43.96 per cent.

Francois Mitterrand 7,655,042 for 32.04 per cent.

Jean Lecanuet 3,770,771 for 15.78 per cent.

Jean-Louis Tixier-Viganancour 1,269,095 for 5.31 per cent.

Pierre Marcilhacy 414,056 for 1.73 per cent.

Marcel Barbu 278,420 for 1.16 per cent.

Still to be recorded were returns from about 446,000 voters in overseas territories.

The record vote was probably caused by two important factors: it was the first time in more than a century that Frenchmen took part directly in choosing a president. And it was the first presidential campaign where the candidates entered millions of homes via television. Interest was kept high at the unusual sight and sound of men castigating De Gaulle and his policies.

Mitterrand, 49, got his support from the Communists, the Socialists and some radicals, and his total was not surprising.

However, the man who kept De Gaulle from winning a majority was a new face on the national scene: Jean Lecanuet, a 45-year-old Catholic centrist senator. He hit the European unity theme hard, and his good looks didn't hurt him with women voters.

The charm of one candidate, however, did not tell the whole story of the startling rebuke handed De Gaulle.

Many resent his opposition to political unification of Europe. There are those who chafe at his high-handed handling of the Common Market. Others feel his anti-American atitude is ill-placed and that he is spending astronomical sums on an atomic force which is a midget in a select field of giants. Some don't agree with his scathing attacks on the North Atlantic Treaty Organization.

There also are voters who feel that at 75 De Gaulle is too old to carry the burden of office for another seven years.

## Guilty Plea In Dope Case

Don Edward Fleischer, 20, of Sausalito, pleaded guilty to three counts of marijuana dealings today in Marin Superior Court.

His case was then referred by Judge Joseph G. Wilson to the California Youth Authority for study and a report back to the court on Dec. 20.

Fleischer originally had pleaded innocent to the three counts, two of sales of marijuana and a third of possession.

## No Warfare In Rhodesia, Wilson Says

LONDON (AP) — British Prime Minister Harold Wilson today repeated his determination to end the Rhodesian rebellion without bloodshed and rebuffed the Organization of African Unity.

"The responsibility is ours," Wilson said in an interview with the London Daily Mirror, "and whatever the cost we shall not be pressured into starting a war which we believe to be wrong.

"We have made it clear time and time again that we shall not invade Rhodesia or get into a military clash on or over Rhodesia with forces controlled by the illegal regime" of Prime Minister Ian Smith.

The OAU warned on Friday that its 36 members would break off diplomatic relations with London if Britain did not crush Smith's white minority government by Dec. 15.

Meeting in Addis Ababa, Ethiopia, the OAU also agreed in principle to declare war on Rhodesia if Britain failed to meet the OAU deadline.

Britain's Rhodesia policy has avoided direct military threats and emphasized economic and diplomatic sanctions instead.

British officials say the OAU threat, while serious, is weakened by the fact that nine of the Commonwealth members stand to lose their trading preferences if they break diplomatic relations with London. Britain also has leverage by controlling large amounts of economic aid to the African nations.

**DAD FLIES**—But Geoffrey Cutler, 4-year-old son of Capt. Dale Cutler, a Hamilton Air Force Base fighter pilot, cannot walk. A muscular dystrophy patient, he is "poster boy" for a county campaign seeking to raise $12,000 through mailed contribution of a dime or more by each adult resident.

# Muscular Dystrophy Assn. Asking For Dimes To Help The Disabled

The Marin County chapter of the Muscular Dystrophy Assn. is asking for dimes.

Approximately 55,000 envelopes have been mailed to Marin residents by the chapter, according to H. M. Locke of San Anselmo, president. The enclosure in each envelope says:

"You, and 106,999 other adult Marinites are being asked to send us 10 cents. Your contribution will help all of our muscular dystrophy patients. It will also provide funds for vital research programs."

The "mail a dime" campaign is being used this year instead of the usual "march for muscular dystrophy," said George E. Bloeser of Mill Valley, chapter treasurer. There will be no march this year, he emphasized.

Helping in the campaign as "poster boy" is 4-year-old Geoffrey Cutler, whose father is Capt. Dale Cutler of the 84th Fighter Interceptor Squadron at Hamilton Air Force Base. Although his father flies supersonic planes, Geoffrey is confined to a wheel chair with muscular dystrophy.

So far, the association reports more than 3,300 replies with enclosures totaling more than $5,000 — far over a dime apiece. The chapter is seeking to raise $12,000, of which Locke said 97 per cent "will go directly into the fight against muscular dystrophy."

Contributions are mailed to United California Bank, 803 Third Street, San Rafael, where they are sorted and deposited by Muscular Dystrophy Assn. volunteers.

## Man Faces Charge Of Concealed Gun

Corte Madera police yesterday booked Henry Miller, 52, of 544 D Street, San Rafael, in county jail on charges of carrying a concealed weapon in car and drunkenness.

Officer Charles A. Brobeck said he stopped Miller at Nellen Avenue and Fifer Drive at about 2 a.m. While searching the car for intoxicants, he said, he found a .38 caliber snub-nosed revolver and a baseball bat. Miller told the officer he kept both in his car for protection.

## Bootery Entered, Money Is Taken

Burglars made off with $16 in cash after breaking into McKenzie's Children's Bootery at 1000 Fifth Avenue, San Rafael, owner Kenneth McKenzie reported today.

A rear window was pried open sometime Saturday night, McKenzie said. The burglary was discovered at 4:15 p.m. yesterday.

# Father Killed Just Before Child's Birth

John D. Kuhl, 30, a San Rafael resident for 10 years until he moved to Chico, Butte County, last year, was killed in an automobile accident Friday, three hours before his wife gave birth to a daughter.

Kuhl was a passenger in a car driven by Ronald Kline, 25, of Corning, Tehama County, which hit a road grader parked beside a barrier on an uncompleted portion of Highway 5 near Corning at 5:10 p.m.

The men may have tried to use the uncompleted portion of road so that Kuhl could get home to bring his wife to the hospital, his brother, Robert Kuhl of San Rafael, speculated today.

Kline was hospitalized and was reported in fair condition today.

Kuhl, a bricklayer, is survived by his wife, Bonita; two sons, Christopher and Daniel Kuhl; two daughters, Robin and newly born Joan Kuhl; a stepdaughter, Cindy Hadaway; a stepson, David Hadaway; five sisters, Helen Sweeney of Rio Vista, Solano County; Betty Corbin of Marysville, Yuba County; Dorothy Thayer of Gridley, Butte County; Maxine Miller, Sacramento; and Marion Anderson of Oroville, Butte County; two brothers, Keith and Robert Kuhl of San Rafael, and his mother, Hattie Kuhl of Oroville.

Funeral will be Wednesday at 2 p.m. at Gridley Funeral Chapel, Gridley.

# Desegregation Order Pressed

WASHINGTON (AP) — The Supreme Court struck another blow today at delay in school integration, ordering immediate integration of public schools in Fort Smith, Ark.

The court, in a 5-4 memorandum opinion, took the action without even hearing arguments on the Fort Smith case.

"Petitioners are entitled to an immediate relief," the majority said in an unsigned opinion. "We have emphasized that delays in desegregating public school systems are not longer tolerable."

## Passenger In Fatal Crash Still In Critical Condition

William Velasquez, 18, of Santa Rosa, passenger in a car that crashed on Highway 101 a mile north of San Rafael at 2:30 a.m. Saturday causing two deaths, was reported still in critical condition at Marin General Hospital today.

Velasquez suffered back and skull injuries in the crash that killed Ronald R. Lagier, 18, the driver, and Thomas C. White, 18, another passenger, both of Santa Rosa.

Geary Goodson, 18, of Windsor, Sonoma County, a fourth passenger in the car, who suffered a broken nose and facial cuts, was released from Marin General Hospital yesterday.

Lagier's car smashed into a concrete abutment dividing the north and southbound lanes of the highway and then was struck by a car driven by Stephen M. Houle, 21, of 409 Via Del Plano, Novato, the California Highway Patrol reported.

Lagier and Velasquez were thrown to the pavement by impact of the second crash, the CHP reported.

## Planners Change Zone Of Parcel In Black Point

The Marin County Planning Commission today voted to hold a 10-acre parcel at the western extension of Manzanita Avenue in Black Point to single-family development under a planned residential zone.

Before recommending the change from light industrial zoning, the commission heard Leland H. Jordan, attorney for owner Philip Rosenberg, argue that single-family homes will restrict proper planning and not allow the leeway possible under multiple zoning.

Under the single family zone recommended today, the owner could place 25 to 30 units on the property without lot lines. Grouping of the homes could be shifted to fit the terrain.

## Foot Slipped

Robin Vaugnne, 23, of 28 Circle Drive, Tiburon, was backing into a parking space at Caledonia and Bee streets in Sausalito Saturday when her foot slipped off the brake and jammed the gas pedal. The car shot forward and smashed the rear of a parked Sausalito police car. Damage was estimated at $500.

# Supervisors Plan Session On Traffic

Marin County supervisors tomorrow will try to come to grips with the ever-growing traffic problem.

The board session will open at the Civic Center at 9 a.m. as a meeting of the Marin County Transit District.

First on the agenda is a report on the meeting Wednesday with representatives of the San Francisco Board of Supervisors and Golden Gate Bridge and Highway District Board. Ferry boat restoration was discussed with enthusiasm at that session.

The Marin Transit District is also slated to discuss what its next steps should be in coming up with a solution of traffic problems.

Also on tomorrow's long agenda will be further discussion on the future of the Marin County Personnel Commission. County Administrator Alan Bruce will counter protests from the personnel commission on the commission role as an appeals board that Bruce suggested.

The commission wants a stronger hand in policy decisions. Bruce says that this view is based on "obslete concepts and dead issues."

The last business of the day will be a closed session to discuss the position of assistant county administrator for business development.

Bruce has candidates in mind with various abilities and wants further guidance from supervisors on what is expected from the newly created post before making a recommendation. He does not expect to make a recommendation tomorrow.

## Parents Seek Toys For Young Retarded

The parents of 90 mentally retarded children at Sonoma State Hospital have organized Project Bouncing Ball, a fund-raising effort aimed at buying large balls and other appropriate toys for Christmas for youngsters at the hospital.

The Bemis Parents Group, named after the cottage at the hospital in which their children live, is represented in this area by Mr. and Mrs. Aldo Dell'era of 318 DuBois Street, San Rafael.

## Police Charge Fairfax Man In Morals Offense

James LeRoy Russell, 30, of 287 Bolinas Road, Fairfax, was arrested and booked Friday on a child molesting charge after an off-duty San Anselmo policeman noticed that his car matched the description given by a San Anselmo girl and two Ross girls.

He was held without bail in Marin County Jail because of a possible additional charge of violation of probation.

According to San Anselmo police, Officer Robert White, on his way home from work but still in uniform, spotted the car. On Nov. 30 an 8-year-old San Anselmo girl told her mother a man picked her up near her home in the morning, drove her to Bolinas Road, in Ross, and molested her.

## Council To Consider Church's Street Plea

The December meeting of the Marin Council of Mayors and Councilmen will be held Wednesday at the Dock restaurant, 25 Main Street, Tiburon.

There will be a no-host cocktail hour starting at 6:30 p.m., followed by a roast beef dinner at 7:30 p.m. Ernest Besig, executive director of the American Civil Liberties Union in San Francisco, will speak on "Suburbia and Civil Liberties."

# Teachers, Board Members To Meet Over Merit Pay

A San Rafael Teachers Assn. committee will meet with two members of the San Rafael Board of Education at 8 p.m. today at Davidson School to study the possibility of drawing up a merit pay plan for city schools.

Alan L. Hopkins, chairman of the association's salary committee, said board members Walter J. Doll and Lawrence I. Kramer Jr. are expected to attend.

Hopkins predicted that the committee's first concern will be to define terms and to agree on what they are looking for.

The SRTA study is one of three now underway. Also studying merit pay are the Marin Federation of Teachers (AFL-CIO) and a finance committee which advises schools superintendent Bert C. Corona.

Donald F. Fearis, chairman of the union's salary committee, said his group is compiling information from the state and national union on its previous studies of merit pay plans.

After getting this information, he said, the committee will try to draw some conclusions.

"Generally speaking," said Fearis, "I do not think we will be very much in favor of it. The union has been pretty much against it over the years."

Meanwhile, schools personnel officer Jean Wilcox has put together a report on merit pay plans in other districts throughout California and the nation for the benefit of Corona's committee.

Wayne Hathaway is chairman of the Novato Planning Commission.

## Fire Board Meets

# Diligent Planting Giving The Crimea A Rosy Future

**One of a series of articles on a just-completed trip through Russia and India.**

**By BARBARA HOSMER**

Everything's coming up roses in the Crimea . . . Along the excellent highway winding through passes and across the mountainous coastal country often as not will be another planting of rose bushes, bearing pink or red blooms in season.

Beginning inland at Simferopol, a flat industrial and farming center which boasts the only airport on the Crimean Peninsula, and driving due south toward Yalta along the 60 miles of main road, the traveler passes through villages where factory or farm workers live and their children attend the small school houses. In the families' yards are roses as well as other flowers and some vegetable plants. Along the roadside are carefully spaced rose bushes.

As the pavement begins the climb over rocky and rugged terrain similar to California's familiar mountains, the rose planting areas become farther apart and afford a strange contrast to the now deep red soil that nurtures them.

Far above to the right huge acreages of grapes show red and yellow against deep blue skies, and the afternoon sun picks out the bright red kerchief of a woman working with her companions high up in the vineyards. Below to the left the fields drop away into deep, wooded canyons with trees showing their fall colors.

**THIS is the storied Crimean country of clear skies, warm**

# Annual Greens Sale Set For Week End

On Friday at 10 a.m. the decorations guild will open its 18th annual Christmas Greens Sale at the Marin Art and Garden Center in Ross. It will remain open until 9 p.m. on Friday but the hours on Saturday and Sunday will be from 10 a.m. to 5 p.m.

Its theme of "Christmas Around the World" will add a gay international atmosphere to be seen in the items offered for sale. Unusual creations from the most elegant formal French decor to the old-fashioned Pennsylvania Dutch Christmas tree, will be found to beautify the home.

Fresh greens "in the rough", table decorations, wreaths, kissing balls and other arrangements made of evergreen materials will be placed on the grounds immediately surrounding the workshops as well as the showroom. Orders for these items will be taken prior to the sale.

A new sparkling sugar plum tree with dozens of hand-made "fairy-land" decorations will delight adults as much as children and the ornaments may be purchased for individual trees at home.

The Pixie Parents, under the chairmanship of Mrs. Terry McIntire, will operate its gourmet Christmas Cupboard featuring homemade cakes, cookies and delicacies made from prized family recipes.

Mrs. J. Perke Stone, president of the decorations guild, with the assistance of her vice presidents, Mesdames William A. Millen and Arvi E. Backman, has acted as coordinator of the Greens Sale.

She has appointed the necessary chairmen: Mesdames R. L. Hibbett with co-chairman Mrs. John Corson Smith, workshop; C. R. Yopes, showroom decoration and pricing; Gene Baumgarten, outside decoration; R. M. Hohlt, with co-chairmen Mrs. Harold E. Bickerdike, sugar plum tree; Mrs. Henry E. Picard, corsage tree; Fred Sloat and Mrs. Richard A. Murphy, eucalyptus logs; Richard C. Young, posters; William A. Millen, staffing; and Arvi E. Backman, publicity.

Working with Mrs. Backman in making special items for the "Christmas Around the World" theme were Mesdames Irving Randall, Louis Leonetti, Winston Jones, R. L. Hibbett, Andre Claeys, William A. Millen, R. M. Hohlt, Eugene Lloyd, Fred Sloat, Peter P. Shubert, William A. Bugge, Maurice Jones and Thomas J. McWatters.

Profits from the decorations guild's Green Sale and all their activities during the year go to the Marin Art and Garden Center.

# Miss Weaver Is Married In Home Rite

A home wedding attended by family members and close friends united in marriage Bonnie Carol Weaver and Ronald R. Steffey at 3:30 p.m. Saturday in Belvedere.

A large reception at The Dock in Tiburon followed the simple ceremony at which Judge Herman van der Zee officiated.

Gowned in an ankle-length white lace wedding dress, with taffeta inserts, the bride wore a lace crown headdress, embroidered with seed pearls and a short veil.

Her only attendant was her maid of honor, Marcia Sheehan of Mill Valley. Marcia wore a green brocade frock and matching headdress.

David Hilton of Hayward was best man.

Bonnie's parents are Mr. and Mrs. Julian A. Weaver of Belvedere.

The bridegroom is the son of Mr. and Mrs. Raymond Steffey of San Lorenzo and the grandson of Mrs. Lucy Steffey of Oakland.

Ronald is a graduate of San Jose State College. He is the owner of the Alameda Optical Company.

Bonnie was graduated from Redwood High School. She is employed at a San Francisco savings and loan firm.

After a wedding trip to Lake Tahoe, the couple will make their home in Oakland.

# Catherine Purcell Becomes Bride Of Allen Ralph Howe

Catherine Woods Purcell, who has just returned to Mill Valley from a trip around the world, became the bride of Allen Ralph Howe of San Francisco Saturday afternoon at St. Paul's Church in San Rafael.

The double ring ceremony performed at 4 o'clock by the Rev. John D. Riley was followed by a reception in the parish hall.

Given in marriage by her father, the bride, who is the daughter of Capt. and Mrs. James G. Purcell of Mill Valley, recited her vows wearing a full length gown of white peau de soie with appliques of organdy daisies. It was the same dress worn at their weddings by her two sisters, Mrs. Raymond De Vita of San Anselmo and Mrs. George Bryson of North Highlands, who were bridesmaids.

Maid of honor was Maureen Callon of San Rafael. All wore full length gowns of blue peau de soie fashioned on slim lines with the dress of the maid of honor in a deeper shade of blue.

The bride's 9-year-old niece, Jane Purcell of North Highlands, was the flower girl. She wore a very pale blue peau de soie dress with white satin.

The bridegroom, who is the son of Mr. and Mrs. L. D. Howe of Cincinnati, Ohio, was served as best man by his cousin, Gary Howe of Los Gatos. Showing guests to their seats were John Terrill of San Francisco, Raymond De Vita of San Anselmo and the bride's brother, Laurence Purcell of Mill Valley. She has another brother, F. M. Purcell of North Highlands.

The new Mrs. Howe is a graduate of San Jose State College and is now in the training program to become a buyer at the Emporium in San Francisco.

Her husband was educated in Cincinnati and is employed as a general service manager with a San Francisco firm. The couple will live in San Francisco.

# Wives Will Assist With Hannukah Ball

The annual Hannukah Ball will be sponsored by the members of the Men's Club of Congregation Rodef Sholom, assisted by their wives on Saturday at the temple social hall in Santa Venetia for members and their friends.

A social hour from 7:30 p.m. will precede a buffet dinner at 8:30 which will feature "latkes," the traditional potato pancake associated with the holiday, as well as prime rib roast. A ten-piece orchestra will play for dancing following the dinner which is the social event of the year for the group.

Decorations, under the co-chairmanship of Maj. and Mrs. Robert Miller and Mr. and Mrs. Alvin Siegal, will also be in keeping with the Hannukah theme.

The holiday is a celebration of the victory of the ancient Hebrews and their leader, Judah Macabee, over the Assyrians who had destroyed the temple in Jerusalem. Judah reclaimed the temple and rededicated it. The story is told that only enough oil for one day was found for the eternal light which was rekindled in the sanctuary of the temple. It took eight days to prepare a new supply, and the lamp continued to burn for the eight days.

Jews since then observe the anniversary of the victory and miracle of the lights by lighting candles for eight consecutive nights in a special holder called a menorah.

General co-chairmen for the event are Mr. and Mrs. Norman Cypers and Mr. and Mrs. Philip Landa, working with Melvin Berman, president of the Men's Club.

Mr. and Mrs. Irving Millstein and Mr. and Mrs. Dennis Sakson are reservations and ticket chairmen. Publicity is being handled by Mel Warrenback with Mr. and Mrs. Herschel Lurie and Mr. and Mrs. Norman Kemp in charge of refreshments.

### Just Add 'Cheer'

Here's how you can add "cheer" to the punch table this holiday season. Circle the small round or square table, covered with red or gold-colored tablecloth, with variegated holly. Place a sprig of holly and a white carnation in four or five of the cups that surround the punchbowl.

## SEEING THE SOVIET

Continued from page 13

**sunshine and bracing air off the Black Sea where Russians flock to breathe in the atmosphere and dip in the salty waters at a string of coastal resorts. Bright red and blue flowers bloom the year around here, one of the few areas in the vast USSR that escape the icy blasts of winter, and thus Black Sea resorts are extolled by the Soviet citizenry as a sort of paradise.**

To a Californian the coastal area could be the edge of the Pacific below San Luis Obispo or Santa Babara, with its semi-tropical foliage and intense color. A high ridge of rock rises above the more-rounded hillsides covered with pine forest and vineyards which make up the state farms producing the notable Crimean wines and champagne popular on the Soviet tables. Some of the rocks have fanciful shapes and are called Bear Mountain and Koshka (the cat), with the tallest, Mount St. Peter, white above the blue-green sea.

Here and there a truck has pulled off the highway and trousered, booted women in kerchiefs wield shovels along with men, making low rock walls and road improvements. An occasional few are seated on the roadside, talking quietly, or perhaps just contemplating the glory of labor . . .

A surprising note is struck in this countified atmosphere by the overhead wire of the trolley bus which runs the entire 60-mile distance from Simferopol into Yalta and is the main transportation for about one and a half million Russian workers and farmers and their families who come to the Crimea each year to improve their health or vacation, hike, sea-bathe and attend the movies or theater. The Young Pioneers have their own camp and modern resort several miles from Yalta and carry on vigorous hiking and recreation programs.

**HEALTH IS THE BIG emphasis, and, set among the dark pines and cypress, the sanitoria show white against the hillsides. Inside people are treated for various illnesses, some stemming from the harsh climate of the northern and eastern republics, and much surgery is done in these Crimean sanitoria. Recuperation is achieved in the palatial resorts, largely built as villas by Russian princes before the 1917 revolution, following the lead of the Czar, who put his summer residence at Livadia in 1860. This is the Italian styled villa where the Yalta conference was held by Churchill, Roosevelt and Stalin in 1945, now a sanitorium surrounded by subtropical gardens above the sea. Across the court from the Big Three conference room is the private chapel of the Czar, the bland, glassy screen of a television set positioned where the altar once stood.**

Both the sanitoria and plain resorts are run by trade unions, whose members get most of the vouchers free or at a discount for a Black Sea vacation. Workers and students must pass a medical examination and then receive vouchers for the proper resorts. A visitor is told that as a rule people pay only a third of the cost, the trade union footing the rest.

The first public sanitorium was initiated by dramatist Anton Chekhov and seconded by Maxim Gorky in 1903. Both writers produced some of their greatest works while living nearby for reasons of health. Gorky lived at Nura Villa near Miskhor, just beyond the medieval-styled Swallow's Nest built on a crag high above the sea, and here he wrote his famous play, "The Lower Depths" in 1901-1902.

The two-story house of white stucco with tile roof where Chekhov in failing health spent the latter years of his life, from 1899 to 1904, is preserved with the rooms just as they were in the days when he wrote his famous plays, "The Cherry Orchard" and "The Three Sisters." During these years in the Crimea Chekhov was often visited by the greats of the Russian cultural and art world — Gorky, Rachmaninoff, Chaliapin and Stanislavsky included. The town library and theater are named for the playwright. And some 80 years earlier Pushkin had been inspired by the Crimean scenery in several of his poems.

**TODAY THE YALTA area is a botanical bonanza for the visitor, with some 1,600 rose varieties in the 150-year-old Nikitsky Botanical Garden, and here scientists are evolving new fruits and industrial plants.**

Men, women and some youngsters stroll the walks on the stone embankment just above the Black Sea, while below on the narrow gravel strips of beach the hardy take a dip or stretch on towels to display large expanses of pale flesh to the sun. Large morning glory-shaped plastic sunshades covered park benches where the middle-aged enjoy the passing scene. Off the waterfront of the town a double-stack cruise ship stands white against the blues of sea and sky, and the entire atmosphere is geared to serenity and rest.

# Flowering Plant Most Welcome Gift

Of all Christmas gifts, perhaps one of the most universally welcome is the flowering plant. When the weather is dreary and gloomy, a flowering plant adds brightness and a feeling of gaiety to any household.

One of the most popular Christmas plants is the poinsettia. Always beloved in flaming crimson, its varieties with pink or white blossoms are also gaining in popularity.

Heather, which the Scots believe lucky to both giver and the receiver, is widely available this time of year. Either purple or white flowered, its dainty little blossoms are long lasting.

Azaleas, too, are in profusion at florist shops. Many colors are to be found—a wide range of pinks and reds, delicate butterfly-like whites, pale yellows, and bright oranges. There is an azalea in the right color for any household decor and personal taste.

Cyclamen are another favorite. They bloom profusely and, even after their blossoms have faded, the heart-shaped leaves remain attractive in themselves.

One of the most entrancing of all the plants available for Christmas giving is the miniature orange tree. It is remarkably hardy and, interestingly, bears its sweet-scented, waxy flowers and its green and orange fruit at the same time! While the fruit is edible, the orange tree should be grown for its beauty not for its crop, since the fruit tends to be bitter and dry.

## Teacher Killed As Boys Escape

IONE (AP) — A State Youth Authority agricultural teacher is dead of head wounds inflicted by two escaping youths who wielded a lead pipe.

Police said the youths, captured Saturday in Santa Ana, have admitted the slaying.

James Welden, about 45, a teacher at the Preston School of Industry, died yesterday in a hospital in Stockton.

Officers reported he never regained consciousness after he was attacked Friday by William Dunlap of Modoc County and Robert Stalcup of Shasta County, both 17.

The pair fled an outside far work detail which was under Weiden's supervision, police said.

## Boy Kills Himself Playing With Pistol

RICHMOND (UPI) Police said a 10-year-old Richmond boy shot himself to death instantly yesterday while playing with a pistol at a neighbor's home.

Officers said Nathaniel Clay took a pistol from a bedroom bureau drawer and examined the weapon, which fired and struck him in the chest.

# Christmas Service Set At High School

The meaning of the holiday season to Christians and Jews alike will be expressed in San Rafael High School's Christmas program, "Avodath Hakodesh," or sacred service, at 3 p.m., Dec. 12 in the school gymnasium.

The concert will feature 175 students, members of the a capella choir, directed by Byron Jones, and the concert orchestra, conducted by Hugo Rinaldi.

Jones, a baritone, will deliver a cantor solo with the combined choir and orchestra. Other works scheduled are a Vivaldi concerto featuring senior Eden Vaning as violin soloist, and "Carnival of the Animals" by Saint-Saens with sophomore Paul Kent and and junior Patricia Sempell as piano soloists.

Dr. Dallas L. Wagner, president of the school's Parent-Teacher Assn., will deliver the sacred service's message, while foreign language teacher Adelaide Roberts will read verses by Ogden Nash.

# 'Amahl And Night Visitors' Planned At Peacock Gap

Gian-Carlo Menotti's opera, "Amahl and the Night Visitors," will be presented by the Peacock Gap Music Assn. on Dec. 19 at 4 p.m. at the Peacock Gap Country Club.

The performance will be the third in a series of six under direction of Sandor Salgo. Salgo has arranged to have the Lamplighters of San Francisco, well known light opera group, perform in the one-act opera.

Menotti, an Italian-born American, won the Pulitzer Prize for music in 1950 for "The Consul" and won it again in 1955 for "The Saint of Bleeker Street."

"Amahl and the Night Visitors," composed in 1951, is based on the Christmas story of the three wise men. Its source was his recollection of his own childhood in Italy, where the traditional Christmas gifts are brought by the three kings rather than Santa Claus.

Christmas favors made by Peacock Gap Music Assn. members will be given to children attending the performance.

# Woman Held In Restaurant Stabbing Fray

A San Francisco man was stabbed in the chest and a Richmond man and Marin City woman were arrested in a fight Saturday at the Oak Tree restaurant near Marin City.

Sheriff's officers were on their way to the restaurant, warned of trouble by owner Arthur Lee, but arrived too late to avoid the stabbing.

Treated for the knife wound, which punctured his chest wall, was Danny Milton, 23, who was treated at the University of California Medical Center in San Francisco.

Booked on a charge of assault with a deadly weapon was Dorothy Nell Miller, 23, of 69 Cole Drive, Apt. 21, Marin City. Deputies said she wielded a steak knife when Milton started an argument with her companion, Larry Simonton, 22, of Richmond.

Simonton was also booked, charged with damaging personal property, resisting arrest and disturbing the peace. His bail was set at $550, which he posted, agreeing to appear in Court for arraignment Tuesday.

Deputies said Simonton challenged them to a fight, argued and belittled officers.

Miss Miller remained in jail today in lieu of $1,650 bail.

## Slows For Truck, Then Pickup Hits

Jeannette I. Morris, 41, of Sacramento complained of neck and back pains after the car driven by her son, Russell K., 16, was struck from the rear on Shoreline Highway at 5:40 p.m. yesterday, the California Highway Patrol reported.

Young Morris was northbound three miles south of Olema when he slowed to allow a milk truck to turn right into Giacomini Ranch Road, the patrol said. His car was hit by a pickup truck driven by Joseph Ascierto, 32, of 316 Santa Margarita Drive, San Rafael. Mrs. Morris was to see her own doctor. Young Morris and Ascierto were unhurt.

# Meg Critic To Reject U.S. Check

LONDON (AP)—One of princess Margaret's most severe Pariamentary critics has received a check for $25 from a Californian who says he's happy to help foot the bill for her American tour.

Laborite William Hamilton, who attacked "royal extravagance" on Margaret's U.S. tour, said he would return the check to Paul Markham of Encino, Calif., and "tell him he has failed to see my point."

Markham wrote Hamilton that he felt honored by the visit Princess Margaret and Lord Snowden paid to America.

"Perhaps you are not aware that the main purpose of their trip was to make people here more aware of the many products — from fashion to hardware—that come to us from the British Empire. I doubt that you speak for the British people when you raise the question: "Who is going to pay for the trip?" I, for one, am enclosing a check for $25 and am sure that there are millions of people in the United States who would do the same."

## Meter Collector Plea Continued

Charles R. Herren, 61, San Rafael parking meter collector, charged with embezzling coins from meters, was arraigned in Marin Municipal Court Friday, then further proceedings continued until 1:30 p.m. next Friday for obtaining counsel and entering plea.

Herren, of 3 Bayview Street, San Rafael, was arrested after police found cigar boxes and sacks bulging with coins at his home. The 18-year employee of the city allegedly had been taking about $7 a day for the past year to save for his retirement, city officials said.

He is free on $1,100 bail.

*MUSIC REVIEW*

# Music Proves College Band Nearing Top

By MAYBELLE SPECKMANN

Last night's winter concert of the College of Marin Community Band proved that it is rapidly becoming a first-rate symphonic ensemble in its class.

Under direction of John H. Myers, the 62-instrument band tackled some of the most difficult music since its inception and brought it off with colors flying at nearly full staff.

Good acoustics of the new gymnasium and many powerful brass players produced some spine-tingling sonorities. Though the woodwinds were skillful and not timid, they were at times overwhelmed by the brilliant brasses. One realized how good they were mainly when the brasses were silent.

In the program of considerable musical substance, there were no banalities, though some selections were of pops level, such as the "Klaxon" march by Fillmore, "Gallaito" march by Lope and Souza's "Sound Off" march.

Of full concert stature were —"First Suite in E Flat" by Holst, "Toccata Marziale" by Vaughan Williams, and "Legend" by Creston.

Testing the mettle of the ensemble to the hilt in the toccata was the almost fugue-like dialogue between sections and even between groups of instruments in the same families—to the occasional detriment of intonation. And the abyrinthine rhythmic difficulties of "Legend" were admirably negotiated.

"Pieces of Eight" march by Jenkins and Neff was a surprise, being based on themes of Beethoven's Eighth Symphony.

The surging melodies of Wagner's "Trauersinfonie" gave the woodwinds the opportunity to be heard to advantage.

The lead trumpet, Paul Skvaril, by the way, was outstanding.

Seating of the players on risers backed partially by shells added much to the visual interest and acoustical focus.

## Belvedere Due Resolution On Viet Support

The Belvedere City Council, meeting at 8 p.m. today at the community center, will consider a resolution from the San Mateo City Council urging support for U.S. military forces fighting in Viet Nam.

The council will open bids on the $47,000 Beach Road project. The city plans to resurface the east side of Beach Road from come road to San Rafael Avenue and to reinforce the Beach Road retaining wall from San Rafael to Bayview Avenue.

Councilmen are expected to name a successor for Evan T. Pugh on the Marin County Mosquito Abatement District board. Pugh's term expires on Dec. 31.

The council will receive a proposed ordinance to require a permit from the city for and filling of the bay on city tidelands.

# Skies Clear Throughout The Nation

By ASSOCIATED PRESS

Mild weather prevailed across the country today, with temperatures as high as 90 recorded in California.

General temperatures the last few days have been well above normal. Yesterday afternoon, readings were in the 50s to the 70s in many parts of the country and freezing was confined to the northern tier of states.

After hitting 87 in Los Angeles Saturday, the temperature was in the lower 80s yesterday. Phoenix, Ariz., had 82; Miami, Fla., 80 and Fort Worth, Tex., 77.

And the climatology weather station at San Diego State College registered a reading of 90.

With the widespread sunshine came clear skies and dryness although some rain fell in the Pacific Northwest.

Heavy fog shrouded most of the Salt Lake basin and Central Valley of California yesterday. Air travel stopped through much of Northwestern Utah and Central California. Cars pulled off the roads as visibility narrowed toward the zero mark throughout the night and much of the morning.

By midday yesterday, the fog blanket had thinned in several areas, but the weather bureau said visibilities were expected to drop again.

## Colege Students Asked To Register

College of Marin students who have completed 31 or more units of college work and wish to register for the spring semester at the college should make an appointment with their advisors sometime between today and Dec. 17, the college has announced.

Students with fewer units will be seen by their counselors between Jan. 3 and 21. Spring semester classes begin Feb. 7.

# College Production Is Quite A Howl

By KARL BARRON

In a program note to "The Servant of Two Masters," director James Dunn writes: "We do not want you to take us seriously tonight, we want you to open your imaginations and push the button that gets your laugh mechanism in gear."

Anyone whose mechanism isn't in gear after the first three minutes of Carlo Goldoni's farce as presented by the College of Marin drama department is badly in need of a new transmission. The uproarious comedia dell' arte piece will play again Thursday, Friday and Saturday at 8:30 p.m. in the college's little theater.

As in "Romeo and Juliet," Dunn has built a pace that never lets down, and has allowed his actors to use their inventiveness to the hilt. The result is hilarious—every second of it.

Roger Lane, as Truffaldino, the servant of the title, carries a tremendous work load and carries it like a veteran. By the end of the show, we are waiting breathlessly for his next fantastic fabrication of untruth, so well has he built the crafty character. Leaping, skipping, dancing, tiny beady eyes peering through his black mask, and expressive tongue at times lolling below the mask, Lane captivates the audience completely.

Four of the characters wear traditional masks, executed beautifully by Ronald Skolman. Costumes designed by Jan Stratton and Edward K. Schoon (who also did the setting) are eye-filling and authentic. The costume crew, headed by William Nelson, deserves credit for its fine construction work.

Also working behind a mask is Kent Kay as Pantalone. Kay is the young man whose Mercutio was so enchanting, and here shows his further talent as a creaky-voiced old man, desperately trying to marry off his daughter.

The daughter is played by Sylvia Scott, a tiny moppet who moves her way through what could be a routine ingenue, but in her hands turns into a whimsical travesty.

Her suitor, Silvio, almost steals the show as portrayed by Lawrie Driscoll. Again the character could be innocuously straight, and Driscoll seems to play him that way. It's just that things get in his way. He stumbles on stairs, again and again. Finally, watching the stair like an enemy, he plants his right foot without mishap, gives the audience a smug leer—and his left foot hooks on the step. When his sword gets hung up — but let's not give away too much.

The main theme is built around Beatrice, who is searching for Florindo, her lover. Beatrice, disguised as her dead brother, plays the entire show in a magnificent male costume, and Valice Harder brings a girlishly gruff voice to the part, swaggers, duels, kicks Truffaldino with delighted abandon, and radiates charm.

Seldom do we see timing in a college-age actor, such as David Dukes brings to Florindo. Whether ad-libbing to an unexpected audience response, delivering a Goldoni gag, or sweeping Miss Harder into a just-exaggerated embrace, Dukes' timing is flawless.

The maidservant, Smeraldina, takes us right back to the 18th Century in the person of Helen McDonald, who is as lusty a wench as any that graced the comedia companies of Goldoni's time.

Rounding out the excellent cast are James Land, Alex Scheremetow, and Paul Abbott.

# San Rafael Parking Ideas On Agenda

San Rafael city councilmen tonight will receive traffic and parking problems in the city's new system of one-way streets.

The council will meet at 8 p.m. Recommendations, to be made by the council's traffic committee, are:

A parking ban between 4 and 6 p.m. on Irwin Street from Fourth Street to Belle Avenue and on Belle from Irwin to the northbound Highway 101 on-ramp.

Two hour parking on the west side of Brooks Street between Second and Third streets and on the north side of Second from A Street to Lincoln Avenue.

That Brooks be made one-way southbound from Third to Second.

Councilmen will hear a request of the Dominican Convent for the city to build drainage facilities at the intersection of Magnolia and Palm Avenues.

The convent has agreed to share in the expected $18.500 cost, but Dominican officials have not yet said how much they feel their share should be.

Contract for construction of the city's fifth fire station may also be awarded at the meeting. Bids were opened yesterday.

Also scheduled is final passage of an ordinance prohibiting motorists from staying in parking stalls longer than the time specified on the meters unless a car is moved more than 20 feet from the space before returning to it.

## Gas Station On Agenda

San Anselmo Planning Commission, meeting at 8 p.m. today in city hall, will consider an application by Shell Oil Co. to construct a service station on the southern side of Sir Francis Drake Boulevard, between Madrone and Bell Vista avenues.

Commissioners will also continue their discussion of the downtown center plan for San Anselmo, with emphasis on the selection of a route for a street to replace San Anselmo Avenue as major thoroughfare.

They will also hear a request by Charles L. Mohun of 19 Fern Lane that he be allowed to exceed the four-foot limit on front yard fences by two feet.

# Fairfax Area Storm Drain Nearly Ready

A $29,000 culvert - widening project expected to stop flooding in the Marinda Drive area of Fairfax is now two weeks short of completion, City Administrator David J. Sumbardo said today.

The culvert carries storm water from Marinda Oaks to the creek and trouble was occurring where a developer's 30-foot conduit met the city's present 18-foot culvert.

Plans for this widening were intended originally to be part of an over-all study of the city's storm drainage system to be included in the general plan for the area scheduled to start next year.

But the city council dropped the study from the general plan after Sumbardo reported that its cost would take the master plan over the limit qualifying it for a federal grant.

The federal government came through with a grant for the general plan—minus the drainage study—earlier this week.

Work on the Marinda Drive culvert, involving the digging up of one lane of Sir Francis Drake Boulevard west of Fairfax, started about three weeks ago and will be completed, weather permitting, in 12 working days.

MACY'S SAN RAFAEL, FOURTH AND COURT, 456-3333: OPEN MONDAY THROUGH SATURDAY 9:30 TO 9 'TIL CHRISTMAS

# Action To Be Asked On Arks, Houseboats

Marin County supervisors will be asked tomorrow to authorize court action, if necessary, to get arks, houseboats, piers, barges, floats and other obstructions removed from the water-covered but public streets of Waldo Point.

The area stretches from Petaluma Avenue to Railroad Avenue and involves about 70 different obstructions, County Counsel Douglas J. Maloney reported.

If the board authorizes action, all owners will be notified. Owners who refuse to comply will be taken to municipal court with the intention of getting an order to vacate, Maloney explained.

In several cases, the house boat or ark needs only to be moved a few feet to get it off the public right-of-way. In other cases, however, a substantial move will be necessary.

Maloney said the action is a prelude to his office's work in bringing all tideland structures up to building code.

"We would not want to make some owner spend a lot of money bringing his home into compliance with the electrical code and then tell him he must move," Maloney said.

# Here Are Tips For Keeping Holiday Free Of Tree Fires

Thinking of decorating the Christmas tree? Go easy on the colored lights and keep the tree away from heat sources if it is not intended to become a burned offering, advises Dr. Carolyn B. Albrecht, Marin County health officer.

She gives these tips to keep the Yuletide season fire-free:

Select a tree which is treated with a fire-resistant coating. If it is a live one, keep water around the base of the tree at all times.

Switch off the tree lights, whenever the house is empty and frequently check the needles of the tree around light bulbs. If they are brown, relocate the lights.

Be sure all toys and gifts given to children are incapable of causing fire, explosion or electric shock. They should not have sharp edges or contain poisonous materials such as lead paint.

# Utility District Plans To Film All Records

Directors of the Bolinas Public Utility District last night agreed to microfilm all records and to buy a reader for the microfilm.

They also voted to ask Asst. County Counsel Richard V. Godino to help write a warning about littering the area to be mailed with water bills. The group also had an informal discussion on possible merits of merging the district with the Bolinas Beach Public Utility District.

# Labor Chief Says He Welcomes Automation

SAN FRANCISCO (AP)—Automation should be welcomed rather than feared, a labor leader declared on the eve of the AFL-CIO's national convention.

"We welcome the new technology and will do everything to encourage all new ways of making human labor obsolete," said Joseph Beirne, president of the Communication Workers of America.

Beirne said in an interview yesterday that enlightened agreements between unions and management in his field have proved that the growth of automation need not mean a shortage of jobs.

Beirne, whose union contains 300,000 members, is in San Francisco for the sixth biennial convention of the AFL-CIO, which begins Thursday.

The maritie, metals and service trades of the federation representing 13 million workers began preliminary departmetal conventions today.

Labor sources here say that the AFL-CIO meeting of some 2,000 delegates produce the first changes in top leadership since the organization's birth 10 years ago.

President George Meany, now 71, is considered certain of reelection for a to-year term. But less likely repeaters are some nine members of the 29 - mna executive council. These include some officials in their 70's and 80's and some ousted by their on union groups.

Automation and union opposition to the right-to-work regulations of the Taft - Hartley Law promise to be the main discussion topics among the delegates.

Beirne said that his own experience in the telephone and telegraph industry, possibly the most automated of all, has inspired confidence in the trend towards increasing technology.

"In our industry, less than 200 people have been laid off in the last 30 years due to advances in technology," Beirne said. He hailed management's cooperation with union leaders.

Beirne also said that projected technological advances may contain the possibility of a society transformed through increased leisure and efficiency.

He said he foresees a time when workers will produce in the relaxing confines of their own homes, with their communications transmitted by wire or through the atmosphere with the aid of satellites.

Thus, workers would only visit their offices or work headquarters "once a week or once a month," Beirne said.

Among notable speakers at the AFL-CIO convention will b Vice President Hubert Humphrey and Secretary of State Dean Rusk, both scheduled to address the gathering Friday.

Secretary of Labor Willard Wirtz will speak Thursday.

Speculation is increasing concerning the possible reorganization of the AFL-CIO's executive council.

Considered among those uncertain of re-election are David J. McDonald, who lost a bid to repeat as United Steelworkers president, and James B. Carey, who resigned as head of the International Union of Electrical Workers.

# Young Offenders Given Probation More Often

SACRAMENTO (UPI) — Atty. Gen. Thomas C. Lynch reported today that juvenile offenders received 15 per cent more probation sentences in 1964 than during the previous year.

He also said that during the same 12-month period juvenile arrests rose 10.3 per cent.

The report also noted that:

Juvenile arrests totaled 269,584.

Narcotics arrests showed the biggest increase with a 41.3 per cent rise. Car theft arrests were next with a 12.3 per cent jump.

Only aggravated assault, in the major offense category showed a decrease. It was 3.6 per cent less than 1963.

Burglary, as usual, logged the greatest number of arrests at 22,272 which was 2,000 or 4.6 per cent more than during 1963.

# Assessor Not Paid Top Elective Salary

Despite the proposed increase in the salary of the Marin County assessor to $20,000 a year next Jan. 1, 1967, it will not be the highest paid elective post in the county government.

Superior Court judges now receive $25,000 a year and municipal court judges $23,000. The Independent - Journal Saturday incorrectly reported that the $20,000 would be tops for an elective post.

# Court To Review Murder Decision

WASHINGTON (AP)—The Supreme Court agreed today to review the murder conviction of a California man who claims his constitutional right to counsel was violated by police in obtaining a confession.

The court, without commenting, thus granted a state appeal from a California Supreme Court ruling that threw out Roy Allen Stewart's conviction and death sentence.

By agreeing to review the case, the Supreme Court gave itself still another opportunity to define its 1964 decision which for the first time extended the right to counsel to police stations.

The California Supreme Court said the Los Angeles man's confession was obtained in violation of his right to counsel.

# Thirty Hikers Honor Kennedy

A group of hikers, about 30 strong, made a "Kennedy Memorial Hike," up Mount Tamalpais Saturday to honor the late President John F. Kennedy and his physical fitness program.

The hike from the Mountain Home Inn to the summit of the mountain was led by William E. Luckey, a 53-year-old marine supplies salesman from San Leandro, who originated the memorial trek.

Luckey had scheduled the hike on the weekend nearest the anniversary of the late president's death, Nov. 22, but it was rained out.

# Youths Terrorize Neighborhood

By STEPHEN COOK

The normally quiet neighborhood of Brookmead Court, San Anselmo, suffered through a half hour of terror Saturday night.

Police said today that three intoxicated youths raced their car up and down the dead-end street, cutting across lawns and aiming the car at frightened residents, shouting: "Kill them! kill them!"

When police arrived, according to Chief Raymond R. Buchigani, they were met by a band of neighborhood men who shouted: "We've got them trapped in there," pointing to the entrance of Brookside School.

When police drove into the playground, the chief said, they saw a car back away at high speed until it crashed against a volley ball pole.

The youths, one of them carrying a bottle of wine in his hand, got out of the car and started to run. All three were chased down and arrested.

Booked at county jail were: Richard Warren Orlandi, 20, of 2130 Fifth Avenue, San Rafael, driver of the car, on charges of drunken driving, hit and run driving with property damage and resisting arrest; Michael Louis Sauer, 19, of 103 La Brea Way, Santa Venetia, on charges of drunkenness and resisting arrest, and Eric Lewis Bortfeld, 19, of 249 Jewell Street, San Rafael, on the same charges as Sauer.

Frank L. Lawrence of 65 Brookmead Court said he saw the car come over the hill into the court at high speed. He yelled at the driver to slow down, then watched as the car stopped and backed up at him, stopping on his front lawn, police said.

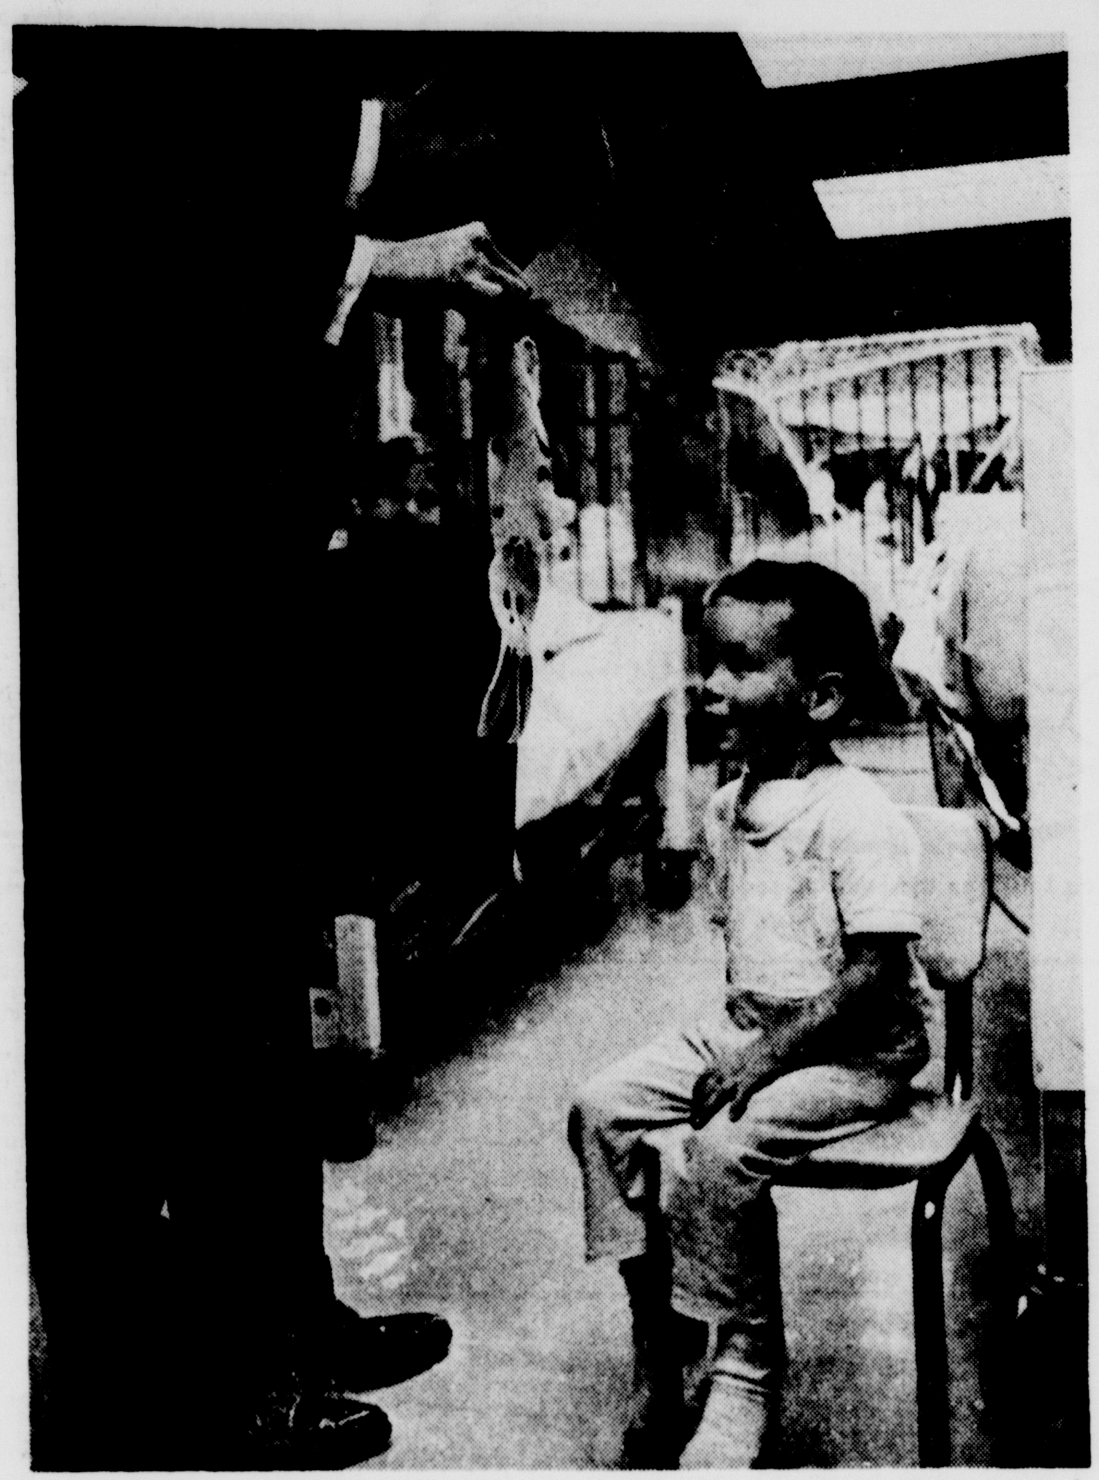
The three then reportedly drove down to the end of the court, driving over the front lawn of the John and Marie Zeiter home at 97 Brookmead Court.

The Zeiters and a neighbor, Robert D. Maddux, ran out of their homes in time to see the car come back for a second run.

Maddux said the youths drove the car at the Zeiter lawn again and he could hear them shouting: "Kill them! kill them!"

The car then raced back to the head of the court and turned into the school playground. Lawrence said that, as it passed his yard, he threw a rock, striking the rear window of the car.

Jack Graves, principal of Brookside School, told police that the youths did extensive damage to the school baseball field, drinking fountains, and a rear gate.



**FUN IN THE HOSPITAL**—Richard W. Queirolo, otherwise "Dick the Magician," blows up a bunny balloon in preparation for one of his magic tricks in the pediatrics ward of Marin General Hospital, while young patient Daniel Dunn watches in fascination.

# Magician Uses His Hobby To Please Sick Children

By STEPHEN COOK

Presto!

As any person with a little bit of faith knows, that is a very magic word. For years, prestidigitators have used that word and a slight twitch of a magic wand to pull little white rabbits from seemingly empty hats.

Now, living in Tamalpais Valley, there is a young man who uses the same word, a magic wand and a quick smile to produce some laughter and excitement among children confined to the pediatrics ward of Marin General Hospital.

He is Richard W. Queirolo, 26, of 323 Starling Road. The children know him as "Dick the Magician."

On an average of two or three times a month, Queirolo donates an hour of one of his days off to tote his suitcase full of tricks to the fourth floor children's ward. His magic show is now entering its second year at the hospital.

With the appearance of the magician, the tempo of the ward picks up. Nurses roll in the beds of some children and set up chairs for those well enough to walk.

**"You're not going to use me in that sword trick this time," shouts one of the nurses at Queirolo. He winks at the children already lined up, waiting for the show.**

Some of the youngsters come in rubbing sleep from their eyes, a bit grumpy at having been awakened, and confused at the sudden turmoil. Five minutes later, most of them are giggling with delight.

In his show, Queirolo combines the mystery of the magician who will not disclose the method of his tricks and a wit designed for children.

There is the magic handkerchief, which, at his command, lies on its side like a trained pet. It behaves well, until he looks the other way. Then it straightens up and furiously tickles at his ear.

From that trick, he switches to the feat of escaping from handcuffs. There is one young boy who has been in the hospital long enough to have seen several of the shows.

"I still can't figure how he does this one," he tells the other children while checking the locks on the cuffs.

Nurses on the floor huddle near the entrance of the hallway where Queirolo is performing. They laugh with the children and seem to enjoy the show as much as their patients.

**"The children need something like this every once in a while, especially the ones who are here a week or longer. It breaks up the boredom," says nurse Karyl Maulis.**

"The children who have been here two weeks always seem anxious to come out to see the second show. The little ones just sit and gape. The older ones like to think and guess about how he does the tricks."

Queirolo works full time as assistant manager of the Embee grocery store in Corte Madera. Magic, his hobby of nine years, brings him in some money from birthday party appearances, "but mostly I just play around with it."

He started performing at the hospital in September, 1964, "mainly to get some practice, try out my tricks on a captive audience. I enjoy doing it. I have always gotten along well with kids."

Performing in the hospital ward, he says, is a little more sensitive a job than pulling rabbits from hats at birthday parties.

"I have to be a little more careful about the children I ask to help me with tricks. Once I talked to one little boy for quite a while before I found out he was deaf. But he was real sharp and knew just about everything I had been saying just by reading lips," the magician relates.

For the climax of his show, Queirolo, who has also performed for children at Shriners, St. Mary's and Franklin hospitals in San Francisco, runs a sword through the neck of a volunteer.

**He chooses his volunteers with a menacing attitude which delights both the children and the hospital staff. The victim is usually a nurse. Last week, the nurses volunteered Gary Nelson, hospital personnel manager.**

"What's your blood type?" asked the magician to the giggles of both children and nurses.

Then, deadly serious, he locked Nelson's head into a wooden collar, drew his sword and shoved it in to the hilt. The children gasped as the blade seemingly came out the other side of Nelson's neck.

"How does it feel?" asked the magician. "It tickles," came the response.

Packing up his bag as the children are wheeled back to their rooms, Queirolo smiled and said:

"Well, it sort of keeps the kids occupied for a while. I think they're glad to have me."

# Plan Commission Rejects South Marin Apartments

The Marin County Planning Commission in a 5-1 vote today turned down proposed 12-unit apartment development at 548 Miller Avenue, just outside Mill Valley, that had been before the commission since January.

Applicant Loyal Davis and his attorney, Julius H. Selinger, protested the commission's action vigorously. Selinger charged that the commission was being capricious in waiting until the last minute to deny the architectural supervision being considered today.

Attorney Richard A. Clarke, representing Mrs. Edna M. Schumaker and Mrs. Meda D. Childers, who sold the area parcel to Davis, charged that Davis had earlier made presentations to the commission which were "absolutely not true." He said Davis used all of his clients three and three-quarters acres in seeking high density for his plot. After it was found that Davis did not own the land, the county issued a stop work order.

Davis has repeatedly changed his proposals for the L-shaped parcel.

Only dissenter in today's vote was Commissioner Niels Schultz Jr., who said he thought many of the disputes were legal matters that should be decided in court. Commissioner Harry H. Heifetz was absent.

## Park In San Marin On Novato Agenda

The Novato Parks and Recreation Commission will discuss plans for a new park in San Marin when it meets at 8 p.m. today in the Novato Community House.

Sunset International Petroleum Corp., developers of San Marin, donated 11.5 acres to the city for a park adjacent to Novato Boulevard.

# Sausalito Mother Passes Bar Exam

A Sausalito mother of two is among 20 Marin residents who were announced today as passing the state bar examination.

The State Bar of California reported 1,103 new lawyers will be admitted to practice as result of the latest examinations. Those in this area will take the oath before the State Supreme Court in San Francisco on Jan. 11.

The mother is Mrs. Rosemary Ackerman, who has studied law at night for five years at San Francisco Law School—most of that time also holding down a job while caring for her family.

"It seems like I've been going to school forever," he said.

Mrs. Ackerman hopes to enter practice as soon as possible. She said she is very interested in labor and constitutional law.

Her husband, Glenn, is a longshoreman and was recently elected vice president of Local 10, International Longshoremen's and Warehousemen's Union, San Francisco.

The Ackermans live at 446 Sausalito Boulevard with their two children, a daughter, Leslie, 14, who is a student at Tamalpais High School, and George, 11, who attends Richardson Bay School.

Mrs. Ackerman said she received a $250 scholarship from the Fund of the Queen's Bench.

She worked the first four years as administrative assistant for the law school's welfare fund, quitting about 10 months ago to study for the bar examination. She also worked for the last two years as librarian at the law school.

"My husband and children helped by taking over some duties around the house and making themselves scarce when I had to study," she said.

Passing the bar exam from Marin County, besides Mrs. Ackerman, were:

## Woman Found Dead At Home

Marjorie E. Giusser, 51, died today at her home at 60 Corte Ortega, Larkspur, apparently from an overdose of sleeping tablets, reported Coroner Frank J. Keaton.

Mrs. Giusser telephoned a family friend about 7 a.m. today, said Keaton, and told him what she had done.

The friend rushed to the house and found Mrs. Giusser lying in her bed clutching the telephone. A doctor pronounced her dead.

Keaton said Mrs. Giusser had been suffering from a heavy cold for the past three weeks.

She is survived by her husband, Herbert Giusser; her mother, a sister and a brother.

Funeral arrangements are pending an autopsy at the Chapel of the Hills, San Anselmo.

## Raccoon Loose In Museum Area

A raccoon has been loose since Friday in the neighborhood of the Louise A. Boyd Natural Science Museum at Albert Park in San Rafael, warned Mrs. Clara Evans, acting director.

The animal was being held overnight at the museum when it escaped from its box early Saturday, reported Mrs. Evans.

"Children should be particularly careful not to pickup the raccoon or approach it, although it has a collar and looks tame. It has a vicious bite," said Mrs. Evans.

## Stanford To Join Summer Research

WASHINGTON (AP) — Ames Research Center at Mountain View, Calif. and Stanford University are among centers and colleges to be involved next summer in 10-week study programs sponsored by the National Aeronautics and Space Administration.

NASA announced the studies today involving in all 150 young faculty members from 11 Universities.

# Boy, 3, Shot Accidentally In Bedroom

A 3-year-old Fremont boy was in serious condition today at Marin General Hospital from a bullet that passed through his arm and into his stomach.

He is Frank Klosky Jr., son of Mr. and Mrs. Frank Klosky.

Sausalito police said the Kloskys, their son, Frank, and stepson, James Rand, 8, were visiting the home of Mrs. Klosky's son, Robert Rand, at 180 Glen Drive yesterday.

James and Frank were looking for Rand's cat under a bed when James found a .22-caliber sawed-off rifle beneath the bed, police reported.

James allegedly picked up the weapon, pointed it at Frank and pulled the trigger. The bullet crashed through the boy's upper left arm, entering the abdomen along his rib cage.

Police said they seized the 16-inch long rifle, which is illegal to have since it is termed a concealable weapon.

## Indian Burial Cairns Wrecked

Indian skeletons in rock cairns, found in an Indian mound in Novato, have been destroyed by vandals, Novato police were told yesterday.

Burial in the cairns by Indians in this area was previously unknown, according to John Keith McZeath of 1792 Indian Valley Road, Novato, who reported the vandalism.

Marin archeologists and students from Contra Costa Junior College made the surprising find while digging in a mound on property owned by Gus Ravetz of San Francisco.

The cairns were covered with plastic to protect them until they could be moved, McBeath said. But vandals tore off the plastic cover, mixed up the bones and destroyed the cairns.

# Election Position May Be Appointed

John F. Musser Jr., supervisor of elections in the Marin County clerk's office, is in line for appointment to the new post of assistant county clerk for elections.

Musser, one of the central figures in the mixed-up school district elections of last April, would fill the post created by the board of supervisors with the hope that election mixups will not be repeated.

Supervisors are to consider naming Musser to the $829 a month job tomorrow. If they approve the appointment, it will be retroactive to last Tuesday. Musser now gets $790 a month as supervisor of elections.

It was in the April school elections that errors in sample ballots, missent sample ballots and late mailings had voters thoroughly confused. In some cases, notification of polling places carried no street address.

Musser and County Clerk George H. Gnoss blamed these errors on the county schools office. The schools office, however, countered that the blame did not lie there but was the fault of printers and the clerks office.

Supervisors, on the advice of County Administrator Alan Bruce, created the higher post in the county clerk's office and ordered the responsibility for school elections transferred from the county schools office to the clerk.

Search for a man to fill the post began last summer. There were 15 applicants for the job and eight of them appeared before a panel for oral interviews. Six were certified by the review board with priority listing.

The top man almost accepted the job, but turned it down when his current employer offered higher pay to keep him, according to County Administrator Alan Bruce. Others high on the list eventually declined the position.

Bruce said today that Musser has been given full responsibility for elections since the April fiasco and "performance has been superior."

Next recruitment job will be to hire an assistant elections officer to work under Musser. This position was also created by the board in an attempt to beef up the elections department and prevent further problems.

## Five Republicans Are Given Posts

Five Republicans from Marin won statewide posts at the first state convention of the California Republican League in Los Angeles during the weekend.

Mrs. Lee Sherry of Fairfax was elected state vice president in charge of liaison and a director for four years; Tally P. Mastrangelo of Sausalito, director at large for a four-year term; State Sen. John F. McCarthy and Assemblyman William T. Bagley, interim directors for two years, and Peter Gottmeiner of Greenbrae, director of Region 1 (from Marin to the Oregon border.)

Other delegates from Marin who attended the convention were William Exline and John McLennan of San Rafael.

## Diamond Bracelet Stolen From Home

A diamond bracelet valued at $5,000 was reported stolen Saturday from the home of Sanford Masonek, 33 Maywood Way, San Rafael.

Police said other items including a $50 set of earrings and a wallet containing $48 were also taken from the home by thieves who gained tnry through a sliding glass door.

## Town Hall Plans

Corte Madera Town Council, meeting at 7:30 p.m. today at town hall, will review final plans for remodeling of that building and hear a report on the proposed boundary revision between Corte Madera and Larkspur.

## *How To Rescue Your Partner If Hand's Void In His Suit*

"It wasn't up to me to bid with just one queen in my hand," North protested after the play of today's hand.

The point that North missed was not that he had one queen but that he had no clubs.

| South | West | North | East |

Opening lead — ♣ K

West doubled for a takeout, expecting to bid his spades at the next turn, which would show a hand too strong for an overcall of one spade.

East passed the double, thus converting it into a penalty double.

### SOUTH IN DARK

South could not tell that his partner was desperately short of clubs or that a better contract could be found.

When South unhappily passed, West opened the king of clubs since a penalty pass of a takeout double requests a trump opening lead.

South refused the first trick but took the club continuation with the ace and led out the ace of hearts and a low heart.

West took the king of hearts and led another heart for his partner to ruff.

### DRAWS TRUMPS

East drew a round of trumps with the queen and continued with the eight of clubs to South's ten.

East got in at the next trick with the queen of diamonds and drew the last trump.

Now East shifted to the ten of spades, and the defenders easily took the rest of the tricks, collecting a penalty of 1100 points.

### THE RIGHT WAY

North should bid one diamond over the takeout double of one club.

East would probably bid one notrump, and West would raise to game in notrump, but East would not score anything close to 1100 points for making his non-vulnerable game.

North cannot be sure that he can scramble to safety when he bids one diamond, but it is more dangerous to pass than to bid.

What do you say?

ANSWER: Bid one spade.

Avoid opening 1 NT with a strong major suit of five or more cards. If partner responds 1 NT to one spade, you are strong enough to raise to 2 NT.

## Accidents Costly

NEW YORK (UPI) —In addition to death and injury, traffic accidents take a heavy economic toll. Insurance Facts, published by the Insurance Information Institute, says the nation's economic loss from traffic mishaps, paid largely by the automobile insurance industry, totaled nearly $10 billion in 1964.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and, in such case, the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of the following firm, approving the validity of said bonds, will be furnished to the successful bidder without charge: Orrick, Dahlquist, Herrington & Sutcliffe of San Francisco, California. A copy of the legal opinion, certified by the official in whose office the original is filed, will be printed on each bond at the expense of the successful bidder, if requested in his bid.

**TERMS OF SALE**

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the district would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; provided, that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared, which it is estimated will be within 30 days from the day of sale.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event, the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County and endorsed "Proposal for School Bonds of NOVATO-SAN JOSE UNIFIED School District of Marin County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $5,000.00 drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said school district from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said district or the title of the officers to their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of delivery of the bonds.

## Gamma Globulin Modifies Attack Of Viral Hepatitis

VAN DELLEN

A promising protective vaccine against viral hepatitis is announced from time to time. This is as far as it goes, possibly because all researchers hit a snag that is unique to this problem. Meanwhile physicians rely on gamma globulin to boost resistance of exposed susceptible individuals. The serum does not prevent but modifies or tempers the disease.

**GAMMA GLOBULIN** is a by-product of blood serum collected for transfusions. So little is available that it is reserved for people most likely to acquire this liver infection. There are all household contacts, including adults and children who live with the victim. They are more likely to get the condition than remote contacts at school or work.

It is believed that the serum offers significant protection to those traveling abroad, such as missionaries and Peace Corps volunteers to underprivileged countries.

The causative virus remains in the victim's blood for a year or more. Many of these men and women do not develop jaundice; they are not aware of having the infection because the illness was mistaken for a cold. This is why a doctor or nurse needs gamma globulin when pricked by a needle contaminated by a patient's blood.

**IN ADDITION,** hepatitis usually is transmitted via contaminated food or water. Those exposed to these edibles during an epidemic should be protected. The world supply of gamma globulin would be exhausted if it were given only to this high-risk group. This list does not include those getting blood transfusions, who are in the same position as the nurse and medic.

Pregnant women and persons with a low resistance because of co-existing disease are more susceptible. The chance of getting the liver disorder also is greater among those living in overcrowded homes with inadequate sanitation and poor standards of hygiene.

You must admit — we need a real protective vaccine.

**(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request).**

### HERPES

Mrs. E. writes: What is herpes gestationis?

REPLY

An attack of herpes during pregnancy in which crops of blisters appear on the arms, legs, face, and chest. The condition disappears after the child is born.

### NERVES

Mrs. C. writes: Could moving the bowel a lot and lots of gas be due to nerves?

REPLY

Yes, because an overactive nervous system interferes with digestion, encourages fermentation, and stimulates intestinal contractions.

### SCARRED PLEURA

J. G. writes: What is meant by thickening of the pleura?

REPLY

The pleura is the outer lining of the lung. When this tissue becomes inflamed (pleurisy) it swells and on healing, is left somewhat thicker than usual. The lesion is made up chiefly of scar tissue.

### GLASSES

A. C. writes: Could wearing glasses in childhood cause protruding ears?

REPLY

No. This effect usually is developmental in origin.

### ALL OVER

C. K. writes: What is generalized arteriosclerosis?

REPLY

Hardening of all the arteries.

## Killer Teale Gets Stay From Chamber

Convicted killer Thomas Leroy Teale will not be executed in the San Quentin gas chamber Dec. 15 after all.

U.S. Supreme Court Judge William O. Douglas today ordered a stay of execution in response to a petition for a review of the case from Teale's attornies.

As a result, the first criminal execution in California for nearly three years has been postponed.

The next step is for the U.S. Supreme Court to look over the petition for review and if it is granted, a court of appeals will be given the job of reviewing the whole case.

If the petition is denied, however, the stay of execution is automatically terminated and a new date will be set by the court which handed down the sentence originally in San Joaquin County.

Teale, 37, was convicted of kidnaping and killing a Lodi bartender in 1962 and robbing him of $266. This was just after he was released from prison for another robbery and shooting 11 years earlier.

Associate Warden James L. Park said today: "Teale is of course a very happy man today. The news came through this morning and he was the first to be told."

'EXQUISITE TASTE'

## Burglars Strike Furniture Store

Burglars with "exquisite taste" in household furnishings broke into the Dorothy Kell furniture store at 110 Nellen Drive, Corte Madera, yesterday, hauling off their bulky and expensive loot in the store's own van.

Store owner Mrs. Dorothy Kell discovered the theft at 1 p.m. She said the culprits took six pieces of her most expensive furniture, a safe containing $120, a camera, two oil paintings, and a Japanese silk screen. She estimated the loss at $4,000.

"They had exquisite taste," said Mrs. Kell. "They not only took the most expensive items, they coordinated their colors."

Police said the thieves entered the store sometime between 3 a.m. and 1 p.m. by throwing a large concrete block through an office window.

They systematically chose the pieces they desired, moving them by hand cart to the rear of the building.

They pried open the rear door and loaded their loot into a van truck with the store's name boldly lettered on the side.

Mrs. Kell said the most expensive piece of furniture taken was a leather chair and ottoman, stuffed with down and priced at $679.

"Their home will be furnished in black, with yellow and gold tints," she said.

## Paintings Showing

Sausalito Artist Lynn Wood is showing 24 new oil paintings at Sam's in Tiburon, the show to run through Dec. 18. Mrs. Wood, who won honorable mention in the recent Strawberry Town and Country art show, is also showing art works at Poor Richard's Beauty Salon and at Gatsby's in Sausalito.

## Boy, 12, Injured As Bike, Car Hit

Twelve-year-old Mark B. Twede of 168 Via La Cumbre, Greenbrae, suffered leg bruises when his bicycle ran into a car at the Eliseo Drive intersection with Sir Francis Drake Boulvevard in Greenbrae yesterday, the California Highway Patrol reported.

Mark was northbound, crossing the intersection, at 4:20 p.m. when the stop light turned red, the patrol said. He hit the left front of a westbound car driven by John F. Manning, 26, of 85 Harvard Drive, Larkspur. He was treated at home by his parents, Mr. and Mrs. Herbert Twede.

## SQUAD ROOM NOT SAFE FROM THEFT

The safest place from theft is not the squad room of the Novato Police Station, as two policemen found out Saturday.

Patrolman Ronald Green stopped two boys for a traffic violation at 3:30 a.m. They had no identification with them, so he took them to the squadroom at the police station for questioning. After he learned their identify, he left them alone in the room while he went to see if police had any record on them.

When the two left the police station, the helmet badges off Green's and Patrolman Vernon L. Davies' helmets went with them.

Green later recovered the badges from the youths' home and booked both boys into juvenile hall.

## Driver's Scalp Cut In Two-Car Crash

Richard Worthen, 53, of Benicia suffered scalp cuts when his car collided head-on with one driven by Dennis C. Raffety, 41, of Napa on Sir Francis Drake Boulevard in San Geronimo at 6:15 p.m. yesterday, the California Highway Patrol reported.

The patrol said Worthen was eastbound on Drake at the San Geronimo Valley road intersection when the westbound Raffety car drifted into the eastbound lane. Worthen was treated at Kaiser Hospital in Oakland. Raffety was unhurt.

## Rain Expected In Northwest

SAN FRANCISCO (AP) — A wintry rainstorm is moving into northwestern California, with rain forecast from Eureka northward by tonight and spreading to Ukiah and Red Bluff areas tomorrow.

A weather front on the Oregon coast was expected to bring cloudy weather to some parts of north-central California by tomorrow.

Mostly fair weather was forecast for the Sierra Nevada and Southern California. Fog and clouds will continue in the Central Valley and along the north coast.

President of Marin County Fire Prevention Assn. is Capt. William Stepp.

## Homemade Plane Crash Kills Man

HOLLISTER (AP)—A Pebble Beach realtor is dead in the crash of his homemade experimental aircraft — an accident witnessed by the victim's wife and two children.

The plane piloted by Carlton Gates, about 30, dove upside down into the air strip at Hollister Airport shortly after takeoff from there yesterday.

Airport manager Ollie Bryant said that Gates had climbed to about 500 feet when the plane's cockpit canopy tore loose. Gates lost control in trying to pull the canopy back, Bryant said. The plane flipped over and plunged into the end of the runway.

Robert Becklund is president of the College of Marin Faculty Assn.

# Colts Lose Unitas For Year; Green Bay Closes In

**By JIM HACKLEMAN**
**Associated Press Sports Writer**

Chicago's fierce Bears racked up Johnny Unitas, roughed up the Baltimore Colts, and opened up the Western Division race for a down-to-the-wire finish.

It happened in the National Football League's big one at Baltimore yesterday. After the brawl was over, it was Bears 13, Colts 0. But the crusher for Baltimore came earlier, toward the end of the first half when some 500 pounds of brawn chopped down Unitas.

Bear defensive tackles Stan Jones and Earl Leggett caught Unitas in a pincer movement that knocked the superstar quarterback out of the game, out of the rest of the season, and mostly likely out of the league title playoff — if the Colts make it.

A few hours after the game, Unitas underwent surgery for torn ligament in his right knee. He definitely will be sidelined for Baltimore's two remaining season games, and the chances are very slight he would be ready for a possible match with Cleveland's Eastern champion Browns for the championship Jan. 2.

Despite the loss in the penalty-filled, fist-swinging affair with the Bears, the Colts still lead in the West with a 9-2-1 record. But the Green Bay Packers are right behind at 9-3 after beating the Minnesota Vikings 24-19 and have a showdown coming with the Colts at Baltimore next Sunday, when capable but seldom-tested Gary Cuozzo will fill in for Unitas.

On the final weekend, the Colts play the Rams at Los Angeles and the Packers meet the 49ers at San Francisco.

Meanwhile, the surging Bears still are in it at 8-4. They've lost only once in their last nine games — 26-21 to Baltimore four weeks ago. The Bears take on the 49ers in Chicago next week, then finish at home against the Vikings.

Elsewhere in the NFL — the Browns, with the Eastern title already wrapped up, came back in the final period for a 24-16 victory over the Washington Redskins; rookie Tucker Frederickson scored three touchdowns as the New York Giants took over sole possession of second in the East, whipping the Pittsburgh Steelers 35-10; the Los Angeles Rams buried the St. Louis Cardinals 27-3; the 49ers turned back the Detroit Lions 17-14 with two fourth-quarter touchdowns; and the Dallas Cowboys blocked two field goal tries in edging the Philadelphia Eagles 21-19.

In the American Football League — Oakland beat Denver 24-13 and Buffalo downed Houston 29-18. San Diego clouted New York 38-7 in a Saturday game.

Rookie flash Gale Sayers cashed in on one of the Bears' many chances with a 61-yard touchdown sprint and two field goals by Roger Leclerc rounded out the scoring at Baltimore. The Colts never got as far as the Bears' 20.

It was ragged and rough football. There were 12 fumbles and three interceptions, penalties totaling 202 yards, and several fights.

Zeke Bratkowski and Bill Anderson combined for a 27-yard scoring pass play in the third period that proved decisive for the Packers against the Vikings,

# 49ers Overcome Lions; Showdown Next Week

Independent-Journal
Sports

FOURTH SECTION Monday, Dec. 6, 1965 35

Two top candidates for the National Football League's rookie-of-the-month show their prowess in the same game next Sunday as the San Francisco 49ers invade the lair of the Chicago Bears.

Chicago touts Gale Sayers, the halfback from Kansas, as the best newcomer in the loop, but the 49ers are equally sure fullback Ken Willard, a 230-pound bruiser from North Carolina, deserves the honor.

In the standings, the Bears rank third in the Western Division with an 8-4 mark but the 49ers go to Chicago just a game behind at 7-5 with a four-game victory string.

Willard has been a starter in all including the 52-24 victory over Chicago in the NFL regular season opener. In that one Sayers saw little action.

As the 49ers beat Detroit yesterday 17-14 at Kezar Stadium, it was a Willard plunge from the one that brought the winning touchdown.

The rookie has carried 177 times this season for 772 yards and an average of 4.3.

He and John David Crow have also teamed up to provide top protection for quarterback John Brodie. Although the Lions have tossed opposing quarterbacks a total of 43 times in 12 games, they've reached Brodie just once in two of those dozen and not at all in this last meeting.

San Francisco jumped into a 3-0 lead on Tommy Davis' 14-yard field goal in the first period, but Detroit surged back for two touchdowns in the second quarter.

Neither could score in the third and then the 49ers started their winning comeback. A Brodie to Dave Parks pass on a 34-yard play brought the first touchdown.

Midway in the final stanza, the 49ers went on the march again from their 46. Brodie hit Parks for 11 yards and Crow smashed for another 11. Gary Lewis took a pitchout and ran for 15 and Brodie hit Casey for five.

From the Lions' 12, Crow ran four but on the next play the Lions were offside and it was first and goal to go at the four.

Brodie called on Willard three straight times. He was stopped on his first carry, gained three the second and then crashed over right tackle for the winning touchdown.

Detroit scored both its touchdowns in the second quarter. Amos Marsh ran 20 for the first one on the third play after Joe Schmidt intercepted a Brodie pass at the San Francisco 30 and returned it eight yards.

The next time they had the ball, the Lions drove 64 yards in nine plays as Milt Plum hit Gail Cogdill with a 32-yard gainer and Marsh with a pass good for 20. Marsh ran 14 to the one and then Plum carried over. That gave Detroit a 14-3 halftime lead.

"We got our running game going in the second half," commented 49er offensive guard John Thomas. "In the first half, they knew we were going to pass—everybody knew it, even the people (38,463) in the stands. But after that, they couldn't keep coming at us like that."

Another reason the 49ers are high on their rookie fullback.

## *My, How Times Have Changed In Pro Football Salaries*

Fabulous Douglas G. Hertz, executive director of the Atherton Club of Novato, is slightly bemused by the whopping bonuses and salaries being showered on professional gridders these days.

When he owned the New York Yankees of the original American Football League from 1936-41, Hertz said he paid the ordinary player "about $200 a week," which is about the amount some of today's bonus babies get per minute.

**THE 80-YEAR-OLD** Hertz said the gentlemen of the press considered him some kind of nut when in 1940 he signed Jarring John Kimbrough of Texas A & M to a contract for $37,500. "The press," Hertz chuckled, "wondered who was stupid enough to pay that kind of money to a football player. I also offered Tommy Harmon $17,500 but he turned me down."

**WHEN THE** New York Jets paid Joe Namath $200,000 last year Hertz must have enjoyed a hearty laugh. There are indications that one or two of our top college graduates this season will even top that figure.

**HERTZ, BY** the way, has a long and impressive list of exploits in sports and charity promotions in his lifetime, including managing two men who were heavyweight champs of the world (Jack Johnson and Jersey Joe Wolcott), starting possibly the first indoor horse racing in the U.S., initiating dog racing in this country, breaking the racial barrier in pro football and helping convince Branch Rickey to do the same in major league baseball with the celebrated Jackie Robinson case, staging interracial football game for charity on behalf of Mrs. Franklin D. Roosevelt, running a premier polo club in New York, building one indoor arena and running several others.

**HONORS CONTINUE** to come in for Mill Valley's Elmer Collett, star gridder for San Francisco State. Collett, who was a redshirt draft choice of the 49ers (15th round), was named first team offensive guard on the 1965 Far Western Conference team yesterday.

**THE 49ERS** presented what I considered their best halftime show yesterday—the annual Pompon Girls Contest. Hundreds of cute dollies from high schools throughout the West participated in a blaze of color. When the winning teams were announced their squeals of joy gave the crowd a good laugh. Novato High was the only Marin pompon representative.

**A CURIOUS** banner saying "ALEX IS BEAUTIFUL" was prominently displayed in the grandstand yesterday at Kezar. Apparently Alex Karras, the Detroit star, has fans in this neighborhood—but beautiful???

**DAVE PARKS**, the 49er end, showed the greatest straight arm yesterday when he scored on a pass from John Brodie. With a jab like that which flattened a Detroit tackler, Parks probably would excel in boxing.

# Net Upset: Graebner Stuns Roy Emerson

MELBOURNE, Australia (AP) — Tall, bespectacled Clark Graebner has projected himself into the center of the United States' tennis future with a second successive upset victory over Australian ace Roy Emerson, the world's No. 1 amateur player.

Graebner, a 22-year-old collegian from Beechwood, Ohio, outlasted Emerson 8-6, 7-5, 2-6, 1-6, 6-1 yesterday for the men's singles title in the Victorian Championships. Margaret Smith of Australia came from behind for a 5-7, 6-3, 6-2 triumph over Nancy Richey of Dallas, Tex., in the women's final.

Graebner, hampered by a pulled chest muscle, captured the first two sets against Emerson, let up in the next two as the Aussie star pulled even and then went all out in the final set. Volleying brilliantly and forcing Emerson into errors, the 6-foot-2 American breezed through the last set and ended the match with two big serves.

# Air Horn Partially Blamed For College Of Marin Loss

The spirited rooting section at College of Marin got a little too spirited Saturday night in Kentfield and it might have cost the ballgame.

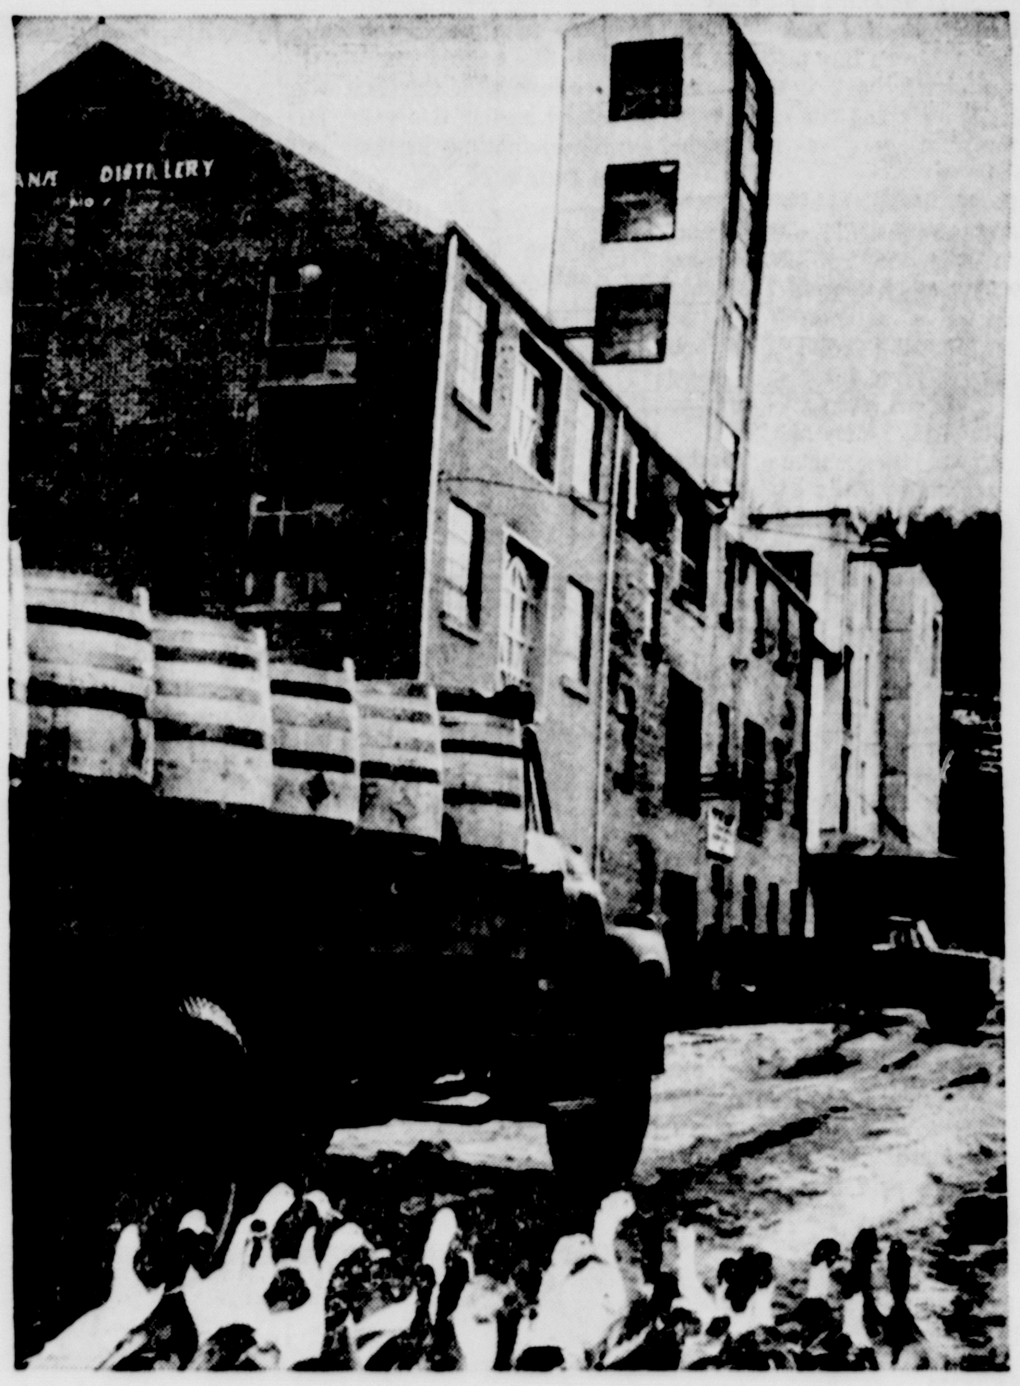
Marin's Tars lost to Foothill College 69-64, their third straight defeat this year without a win. Marin led throughout the first half, had a 31-28 halftime lead, and led through the first part of the second half.

Then shortly after 6-7 center Fred Arnold fouled out, Foothill forged to the lead with eight minutes left in the game. Arnold was the key man on the boards for Marin and had 17 rebounds before fouling out.

Then with only 31 seconds left in the game, strange things happened. Foothill had a one point lead and had a man on the free throw line with a one-and-one situation. As he was getting ready to make his free throw attempt, someone in the Tars' rooting section let go with a blast from an air horn.

After a warning to the stands from one of the officials, the Foothill cager tried his shot, missed, and the Tars had the rebound, with a good chance to set up a winning basket. But the officials called for the ball and gave Foothill's man another chance. He made this shot, and missed the second, but Foothill came down with the rebound and stalled out the clock.

**Marin:** Fred Arnold, 5-2—12; Rod Minti, 5-4—14; Jim Halm, 4-5—13; Bill Brody, 3-1—7; Don Hanson, 5-3—13; Larry Wolfe, 0-3—3; Lorry Galassi, 0-2—2; **Totals:** 22-20—64.



ONE OF THE FEW THINGS that stir up the ducks at Jack Daniel's is a truckload of whiskey on its way to the warehouse.

Probably the biggest reason ducks settle in the Hollow is our unhurried way of life. Making Jack Daniel's whiskey is a slow process. Smoothing it out with Charcoal Mellowing is even slower. And after that it's matured in charred, white oak barrels by the changing seasons. So you see, taking it up to the warehouse is the fastest step of all. After a sip, we believe, you'll be glad it's the only step we do hurry.

# UCLA Still Fuming At Grid Officials

LOS ANGELES (AP)—UCLA's coach Tommy Prothro, who ended the regular football season with the loss of a game and his temper, settled down today to prepare for the game of the year.

He now starts bearing down on the team for their meeting with Michigan State in the Rose Bowl.

The Bruins lost their first game of the year 13-3 to Michigan, a team which went on to become national champion.

"I don't know how we'll beat Michigan State but I think we'll give them a good game and I think we'll score," Prothro said.

He thought his team gave their last opponents — Tennessee's Vols — a good game, despite the 37-34 loss.

And after the loss he tore into officiating, terming it "the worst officiated game I have ever seen."

"The Pro All Stars couldn't have won out there today," Prothro said. That was Saturday, and by yesterday—after the flight back from Memphis—he was still fuming.

"I probably wish I hadn't said what I did, but I still feel the same way," he said. "I felt that way then and I feel that way now."

UCLA drew eight penalties for a total of 84 yards. Tennessee was penalized four times for 15 yards.

"The officials gave Tennessee three extra timeouts in their final drive," Prothro said after the game. "They threw a lateral and it was called an incomplete pass."

The game was a quarterbacks' duel, with Tennessee's Dewey Warren running for two touchdowns and UCLA's Gary Beban running for three.

First blood belonged to the Bruins, who recovered a fumble on the opening kickoff, but Tennessee rebounded and had a 13-7 lead going into the second period and had upped it to 20-7 by halftime. In the third quarter UCLA came through with three touchdowns, but the Vols countered with a touchdown and a field goal. The score then: 29-28.

Beban then ran around right end four yards for a touchdown that made it 34-29. With less than four minutes to play, Warren started a drive that covered 65 yards and was capped off by Warren's one-yard run for the end zone and a two-point pass.

## 49ers Will Have A Lot To Say In Homestretch Of Title Race

RANDOL

For three quarters of yesterday's game with the Detroit Lions, the San Francisco 49ers were about as inspired as an arsonist at a fire prevention convention. Coming to life in the final moments they pulled out their second squeaker of the season over the punchless Lions, 17 to 14.

As the quarterback goes so goes the team for the greater part of the game John Brodie was running hot and cold like a boardinghouse shower. When he was good he was very, very good, and when he was bad he was throwing the ball anywhere but to his intended receivers.

**DURING THE** first half, Detroit was not much better. A great defense the Lions do have but their offense is a man named Amos Marsh. And had it not been for flanker Bernie Casey's four receptions the half might have ended with the ball somewhere in midfield with neither team in possession.

**FOR A WHILE** it seemed that Coach Jack Christiansen was going to play percentages until the 49ers ran out of time and space. On two occasions, with the 49ers trailing, Christiansen sent in the field goal team for abortive tries when the situation seemed to cry for a little daring and a go at first down yardage.

**AS THINGS** turned out, all is forgiven. Once again it was the defense that took charge and inspired the 49er offense to get going in the last quarter. When the big boys, with Clark Miller as cheerleader in the huddle, finally bowed their necks and stopped the Lions cold three times in a row the offense got the hint and scored the winning points.

**A DELIGHTFUL** showing could be made by splicing together the film clips of Dave Parks making touchdowns this year on sheer desire. His pass reception and run for score Sunday was a thing of beauty. When Dave took off for the goal line he knew he would be caught so he did the thing he does best—deliver a stiff straight arm to the tackler and then drag him over the final stripe.

**KERMIT ALEXANDER** sparked the winning TD with an interception, but it was the blocks laid by John Thomas and Walter Rock in the final drive that made the offense effective. Previously, John David Crow and Ken Willard had been running naked end runs that ended inevitable crunches.

Obviously, the 49ers were not "up" for this one. Actually, I don't believe they realize how good they really are. Certainly the potential is there for a great effort next year.

**BUT NEXT** year is not next week, and there is a real sticky engagement with the driving Chicago Bears in the windy city next Sunday. The Bears' win over the Baltimore Colts with the injury to Colt general Johnny Unitas, plus the position of the Green Bay Packers just a half game off the league lead makes for a thrilling finish for the Western Division of the NFL race.

**THE 49ERS** can's win the title but they can have a lot to say about who does. The final two games with the Bears and Packers may tell the story.

who dropped their fourth straight. Green Bay also was hit by a quarterback injury, with Bart Starr going out early with jammed fingers of his right hand.

Frank Ryan's 14-yard touchdown pass put Cleveland ahead of Washington, and Jim Brown iced it with a four-yard scoring burst. It was the 20th TD this year for the great Cleveland fullback, tying the single-season NFL record set last year by Baltimore's Lenny Moore.

Brown, the league's scoring and rushing leader, gained 141 yards for a 12-game total of 1,450.

The Giants, now 6-6, climbed ahead of St. Louis and Washington in the race for the East's runner-up spot with their rout of the fumbling Steelers. Frederickson scored on runs of 13 and three yards, and on a pass from Earl Morrall.

Roman Gabriel threw for three touchdowns and Ed Meador ran over from 11 yards out on a fake field goal as the Rams clipped St. Louis. The Cardinals, co-favored in the East with Cleveland earlier this year, lost for the sixth time in their last seven games.

Sam Baker of the Eagles kicked four field goals against the Cowboys, but two other tries were blocked — giving Dallas the victory. Jethro Pugh blocked one in the third quarter, setting up the clinching touchdown — a 21-yard pass from Don Meredith the Frank Clarke. And Cornell Green stopped another in the final period, nailing it down for Dallas.

## Jockey Given 50-50 Chance

SAN MATEO (AP) — Jockey Phillip Grohs, injured in a spill Friday at Bay Meadows Race Track, was given a 50-50 chance to live after an operation yesterday.

Doctors said that Grohs, 30, remained in critical condition after a blood clot was removed from his brain. The operation was performed at Mills Memorial Hospital.

Grohs was thrown when the 4-year-old colt Bright Section fell in the second race. Films showed that the horse moved in too close to another horse's heels at the five-lengths pole.

# Seals Bow Again To L.A., Protest

SAN FRANCISCO (AP) —The San Francisco Seals are back home with a new partner in Western Hockey League point standings.

The Los Angeles Blades, formerly in the league cellar, have tied the Seals in points after two weekend victories. Both teams now have 16 points.

San Francisco rests until Wednesday, when the Seals will be hosts to Hershey, Pa., of the American Hockey League.

The Blades shut out San Francisco 3-0 Saturday at Los Angeles on goals by Bill Orban, Warran Hynes and Cliff Pennington. Los Angeles downed San Francisco 2-1 Friday at the Cow Palace.

San Francisco general manager Bud Poile protested Saturday's game after Seals goalie Jack McCarten was given a 10-minute misconduct penalty which carries a $25 fine. Poile claimed referee Bill Balance misinterpreted the rules.

Poile objected to Balance's choice of Gerry Brisson to serve McCarten's penalty at the start of the third period. Poile said Brisson was not on the ice at the time of the goalie's penalty.

# Skidding Warriors Beaten By St Louis

DETROIT (AP) — The San Francisco Warriors, who started a long road trip with ideas of taking over first place, are now in danger of dropping to third.

The Warriors, 1-1 on the road, lost last night's contest with the St. Louis Hawks on Omaha, Neb. Their next game is Wednesday against the Detroit Pistons.

When San Francisco started the nine-game road trip, they had their eyes on the Los Angeles Lakers who are in first place in the western division of the National Basketball Assn.

After the loss to St. Louis, the Warriors are trying to stave off an advance by the Hawks. The Hawks' 113-99 victory narrowed the Warriors' second place margin over St. Louis to just one-half game.

The teams played a nearly even match until the final quarter when the Hawks scored 40 points while the Warriors could dunk in only 25.

The Warriors started the quarter with a one-point advantage, 74-73.

Richie Guerin poured in 30 points, his season high as player-coach of the Hawks. Rick Barry led the San Francisco attack with 30 points.

The Warriors have seven games left on their trip which ends Dec. 17.

# Garrett Is Crowned As NCAA King

NEW YORK (AP) — All-Americas Mike Garrett of Southern California and Jim Grabowski of Illinois, two hard-hitting workhorses, finished 1-2 in the 1965 major college football rushing race.

Garrett, Heisman Trophy winner as the nation's top player, won the title with 1,440 yards, according to figures released today by the NCAA. The sturdy 5-foot-9 Trojan halfback carried 267 times in 10 games, only three less carries than the single-season record set in 1951 by Hardin-Simmons' Frank Goode, who played 12 games that year.

Garrett ended his varsity career with the three-season rushing record of 3,221 yards — 55 yards more than the previous high, set by Ollie Matson of San Francisco.

# Mays Is Official Homer Champion

CINCINNATI (AP) — Roberto Clemente, 31-year-old Pittsburgh outfielder, has been officially crowned the National League batting champion for the second straight year and for the third time in his 11-year big league career.

The official averages released yesterday confirmed that Clemente, a native of Carolina, Puerto Rico, batted .329 in 1965. He finished 11 points ahead of runner-up Hank Aaron of Milwaukee. Willie Mays of San Francisco, the circuit's most valuable player, was third with .317.

Mays paced the N.L. in home runs with 52 and in total bases with 360. He was only the second National Leaguer to hit 50 or more home runs in two seasons. He had 51 in 1955. Ralph Kiner of Pittsburgh slammed 51 in 1947 and 54 in 1949.

Clemente also was the league's top batsman with a .351 average in 1961 and with .339 in 1964. Last season, he started slowly after suffering an attack of malaria. He was hitting only .257 after the first four weeks of the campaign, but rallied in mid-May, connecting safely in 33 of 34 games and lifting his average to .340.

Billy Williams of the Chicago Cubs was fourth in batting with .315. Then came Pete Rose, Cincinnati, .312; Curt Flood, St. Louis, .310; Vada Pinson, Cincinnati, .305, and Cookie Rojas, Philadelphia, .302.

Deron Johnson of Cincinnati was the pacesetter in runs batted in with 130 while Maury Wills of Los Angeles was the stolen base leader with 94, the sixth straight year he has led in that category.

Other leaders: Rose, Cincinnati, in hits with 209; Tommy Harper, Cincinnati, in runs scored with 126; Aaron, Milwaukee in doubles with 40 and John Callison, Philadelphia, in triples with 16.

Cincinnati had the highest club batting average, .273.

## UNITAS THROUGH FOR SEASON

Quarterback John Unitas of the Baltimore Colts holds an ice pack to his injured knee during yesterday's game against the Chicago Bears. The Bears beat the Colts 13-0, but worse, Unitas had to undergo an operation for torn ligaments. Unitas, key to the Colts offense, will be out for the rest of the season, a big blow to Baltimore's hopes of a second straight division championship. (AP Wirephoto)

# STANFORD UPSETS USF DONS

**By THE ASSOCIATED PRESS**

UCLA's 1964-65 NCAA championship basketball team and the nationally-ranked San Francisco Dons are finding bumps and splinters on the new season's freshly - waxed college courts.

So far the UCLA Bruins have kept their gloss as they prepare to go to North Carolina for games against Duke this weekend. UCLA came from behind for a 97-79 victory over Illinois Saturday after downing powerful Ohio State, 92-66, Friday.

Stanford whipped the favored University of San Francisco, 81-78, Saturday and meets San Jose State tonight. Other West Coast teams playing tonight are Loyal of Los Angeles at Utah State, the University of the Pacific at Arizona State and Pepperdine at Memphis State.

Tuesday Oregon State will be at Nebraska, St. Mary's will play at Sacramento State and Santa Clara will host the University of Miami.

Wednesday the Southern California Trojans will go to Hawaii after losing their first two games in the Midwest. St. Louis University downed USC, 77-72, Saturday and Butler of Indianapolis defeated the Trojans, 77-75, Friday.

On the weekend Nebraska will be at California, which slipped past St. Mary's, 55-52, Saturday. California trailed, 52-46, with only 4½ minutes left.

Mike Warren, a 5-foot-11 guard and UCLA's only starting sophomore, spearheaded his team's victories, scoring 23 points Friday and 28 Saturday. Illinois once led, 43-31, and was four points ahead at halftime.

The Bruins gave their fans a blow when they lost 75-60 on Nov. 27 to an amazing Bruin freshman team led by 7-foot-1½ Lew Alcindor.

In other West Coast games Saturday, Oregon downed Washington, 63-61, in a non-Pacific Athletic Conference game and Washington State whipped Montana State, 89-64. Montana State plays Oregon Thursday and Seattle University next Saturday. Washington State will be at Montana Saturday.

Utah's Redskins smashed Loyola of Los Angeles, 113-81, Saturday at Salt Lake City and Loyola of New Orleans downed Pepperdine, 85-70 The University of California at Santa Barbara will host Baylor next Saturday after defeating San Fernando State, 82-76, last weekend. Santa Clara downed Hayward State, 84-65, Saturday.

# Two Big Cage Tourneys In Marin

Most Marin County babsketball teams will be busy with tournament play this week, five Marin teams involved in two tourneys on local courts and two other teams traveling out of the county for tourney action.

College of Marin will host the other teams in its conference in the Golden Valley Conference tournament Friday and Saturday in Kentfield, and Drake High School will put on its first invitational tournament, a four-day thing, starting Wednesday in San Anselmo. Other Marin teams included in the Drake tournament are Redwood, Novato and Terra Linda.

Tamalpais will be in the Healdsburg Invitational Friday, Saturday and Monday, and Marin Catholic gets in stiff company at the Riordan Christmas Tournament Thursday through Saturday in San Francisco.

San Rafael High, not scheduling any tournament action, hosts Santa Rosa High tomorrow at 4 p.m. and then travels to Armijo Friday for a night game. In the only other action tomorrow, Tam hosts Vallejo High starting at 4 p.m. in the Tam gym. The Indians of Tam will be trying to bounce back after a 47-40 loss to Polytechnic of San Francisco last Friday.

### TAM LOSES

Led by forward Steve Johnson and guard Steve Woodward, the Indians were up by one point at the end of the first period, 12-11.

Poly came right back, outscoring Tam, 15-9, in the second stanza and forged ahead by five points at intermission, 26-21, but the blue and red clad Indians were not yet finished.

With Honor Jackson crashing the boards hard, the Tam boys fought back again in the third period and surged to a three point lead, 36-33.

They outscored Poly, 15-7, in that period, and each Indian field goal caused Tam fans to scream louder.

But Poly was not to be outdone.

Unfortunately, Tam went cold in the final stanza scoring only two field goals, as an aggressive Poly defense forced the Indians to take poor percentage shots.

"I was real happy with the team despite the loss," Coach Ed Chavez said, "it was a great team effort. It was a good test for the boys, too."

**Tam:** Steve Woodward, 3-2—8; Steve Johnson, 3-2—8; Honors Jackson, 2-1—5; Mike Biber, 2-0—4; Mike Beaver, 1-1—3; Russ Williams, 3-0—6; Ron Gilliam, 3-0—6. **Totals:** 17-6—40.

### REDWOOD WINS

Redwood High School's cagers won their third straight game without a setback Saturday night in Santa Rosa, whipping Gridley 76-64 in the first game of a twin bill. Gilroy dumped Santa Rosa 56-49 in the nightcap.

The Giants had a balanced attack, Russ Smith scoring 18 points, Andre Horn 16, Bruce McGee 15 and Jack Fitzhenry 13. Redwood led from the start to the end, hitting 44 per cent of its shots from the floor.

Redwood committed 26 fouls to only 3 against Gridley, a team that played the entire second half without being called for a foul. So only two of Redwood's points came from the free throw line compared to 22 for Gridley.

Chuck Meyer topped the team in rebounds with 13, and Horn, the former all-league "B" player, had 9 assists in addition to his 8 buckets.

| | | | | |
|---|---|---|---|---|
| Gridley | 6 | 18 | 17 | 23—64 |
| Redwood | 19 | 17 | 18 | 22—76 |

**Redwood scorers:** Russ Smith, 9-10-18; Andre Horn, 8-0-16; Bruce McGee, 7-1-15; Jack Fitzhenry, 6-1-13; Bruce Stockwell, 2-0-4; Chuck Meyer, 2-0-4; Tom Seidenberg, 1-0-2; Dave Strathairn, 1-0-2; Lee Murphy, 1-0-2. **Total:** 37-2-76.

### MARIN CATHOLIC

Marin Catholic was walloped 51-37 last Friday by Serra High School in the Wildcats' gym in Kentfield.

Mike Lasater kept the team in the game in the first period with nifty outside shooting and hustling defensive play. He ended up as Marin's high scorer with 16 points. Bob Lombardi was the big man on the boards for the Wildcats, pulling down 13 rebounds.

Serra's 6-6 center, Jack Keekan, was the game's top scorer with 22 points.

# Hap Sharp Wins Nassau Thriller

NASSAU, Bahamas (AP) — Hap Sharp of Houston, Tex., tooled a Chevy-powered Chaparral to a Nassau International Trophy win at record average speed of 103.273 miles per hour yesterday.

Sharp finished the 252-mile race more than two laps ahead of John Cannon of Montreal, driving a Genie Olds owned by television actor Dan Blocker.

The 33-year-old winner functioned like a missile booster shot for his Chaparral team. The other member, Jim Hall of Midland, Tex., held the lead for 25 laps, lost it to Sharp and then spun out on lap 43 with a broken wheel.

Sharp led the final 26 laps of the 56-lap race. His average speed far eclipsed A.J. Foyt's old mark of 95.383 m.p.h. on the 4.5-mile Oakes Field course.

Sharp collected $5,000 from the purse of this final event on the 1965 world road racing calendar.

Peter Revson of Sulbiton, England, took third place in a Brabham Climax. Fourth was Charlie Kolb of Miami, Fla., in a Porsche Spyder prototype that won hill climbs earlier this year in Austria and Switzerland. Bob Gross finished fifth in a Ford Cobra and took grand touring honors.

# The Citadel Fires Coach

CHARLESTON, S.C., (AP) — The Citadel is looking for someone to succeed Eddie Teague as head football coach.

The board of visitors of the state military college announced yesterday it is relieving Teague as coach and naming him to head a three-man committee to look for a new coach. Teague continues as athletic director.

The former assistant coach at the University of North Carolina said a successor will be sought in time to take over before the start of spring football practice.

Teague had a 2-8 record this season, his ninth season as head coach. He led The Citadel to the only Southern Conference football championship it won in 1961 after the team visited the Tangerine Bowl in 1960.

# Bruin Charged With Slugging Vol Player

KNOXVILLE, Tenn. (AP) — Tennessee safetyman Bobby Petrella suffered a mild concussion and cuts on the forehead when he was slugged on the last play of the game in the Vols' 37-34 football victory over UCLA at Memphis Saturday.

Tom Siler, Knoxville News-Sentinel sports editor, wrote his column today that "movies clearly show No. 39 (Paul Horgan) coming off the bench and hitting Petrella in the face with a powerful forearm. Petrella was knocked to the ground in front of the UCLA bench.

"In the wild confusion that followed, Petrella came out woozy, cut badly about the face and head and bleeding badly."

Petrella, after viewing the movies said: "Now I know where that fellow, who turned out the lights, came from. He came off the bench. I still remember how nice and clear that sideline looked...and then wham!"

Trainer Mickey O'Brien said Tennessee's team physician, Dr. Robert Brashear, took 12 stitches to close the cut.

"Bobby was bleeding and walking around like a drunk man after he was slugged," O'Brien said. "He had a mild concussion and his conversation didn't return to normal until we were about halfway home on the return flight to Memphis."

Cut the college problem down to size

It's too big, too important to let slide.
The problem: Colleges are facing greatly increased enrollments every year.
But they may not be able to afford the facilities, equipment and qualified teachers to train these potential leaders.
That makes it *our* problem.
We urgently need leaders to plan wise use of our national resources, manpower and human skills.
A loss in leadership would be a threat to our economy. It would affect jobs, opportunities, living standards.
Keep our leaders coming, by helping colleges meet the cost of educating them. Give to the college of your choice.

College is America's best friend

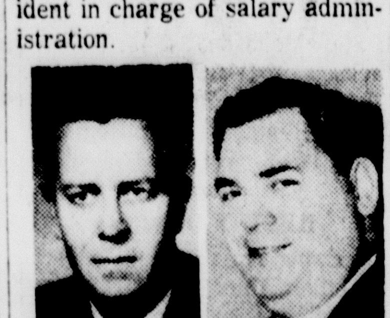
## Another Emergency Road Station Announced For Southern Marin

Another emergency road station appointment in central Marin has been announced by the **AAA California State Automobile Assn. in addition to Locke Bros. Garage, San Rafael.** This is **Brendel's Enco Service at 930** Del Presidio Boulevard, which will serve the Northgate and Terra Linda area.

There is good reason, it appears, for splitting up the service in the San Rafael district. When Rossi Garage took on the AAA contract 40 years ago there was about one service call a day. Recently, Rossi, which has given up its contract voluntarily, was handling 20 calls a day.

Along with this changeover, the AAA has announced the establishment of a central receiving and dispatching service for the entire county. Two special emergency road service telephone numbers, not yet announced, will cover Marin from Novato to Sausalito. Service requests will be relayed by operators in radio contact with trucks of eight Marin emergency road stations.

**HAROLD L. IVERSON** of Sleepy Hollow has been made vice president in charge of **Bank of America's officer placements division** and will coordinate all promotions and transfers of officers within the state. Iverson began his banking career in 1939 in Salinas and has held Bank of America positions in the Seaside and San Francisco areas. Last year he was promoted to assistant vice president in charge of salary administration.



Iverson Loberg

**ROBERT LOBERG** and **Frank Netti** of San Rafael were installed Saturday as president and vice president of the San Francisco Security Traders Assn. Loberg is manager of the trading department of **Francis I. Du Pont and Co.** Notti is trading department manager of **Schwabacher and Co.**

**THE DECORATORS GUILD** at the Marin Art and Garden Center in Ross is holding its "Christmas Greens Sale" again this year. Days open are next Friday from 10 a.m. to 9 p.m. and on Saturday and Sunday from 10 a.m. to 5 p.m. This annual affair usually features something different from the usual run of decorations and this year is no exception. Materials include English yule logs to copies of ancient Italion cepo trees and Swedish centerpieces.

**NEW ASSISTANT MANAGER** for Marin County operations of **Title Insurance and Trust Co.** is **Robert W. Dolan**, who has been manager of the branch escrow office in Concord. He is a native of Chico and joined the Oakland office during his college years at University of California. He has progressed through escrow officer, manager of the Fremont escrow office and supervisor of instructional programming at the Los Angeles home office.

**TWO MARIN MEN** have teamed to open a new advertising and public relations office in San Francisco—**Nob Hill Agency** at 311 California Street. They are **Donald R. Feigel** of Marinwood, formerly 10 years with the San Francisco Examiner, and **Earl Heckscher** of Peacock Gap, who for several years has been public relations manager for his father, Ernie Heckscher, orchestra leader in the Fairmont Hotel's Venetian Room.

**DANIEL K. BESWICK JR.** of Mill Valley has joined the **Carlisle and Co. division of Litton Industries** as sales representative for its printing and lithographing service. He was five years with Bonestell Paper Co.

**WOODACRE GENERAL STORE** which was bought by **Ced and Jan Tarr** about five years ago has a new addition that will interest West Marin equestrians. The Tars have installed a complete tack room. It's located next to the Woodacre Market on San Geronimo Valley Drive.

## Market Closes Lower, Erases Early Losses

NEW YORK (AP)—The stock market closed sharply lower today but it greatly reduced its early losses triggered by tightening credit.

Stocks plunged on news that the Federal Reserve Board had upped the discount rate to 4½ per cent. The first hour was the most active in New York Stock Exchange history.

Emotional selling began to peter out and the losses—which were the greatest since the Kennedy assassination in 1963 — were cut back considerably.

Stocks were affected all across the board. A scattering of plus signs began to show in the afternoon.

Just before the close there was another sinking spell but it was moderate compared with the original slide.

Volume for the day was estimated at 12 million shares compared with 8.16 million on Friday.

Here was the picture near the close:

Key stocks were down from fractions to around 2 points while higher - priced issues showed some losses of several points.

Wall Street reacted sharply to news that the Federal Reserve Board had tightened credit by boosting the discount rate to 4½ per cent from 4 per cent in spite of President Johnson's opposition to stiffer interest rates.

The 900-character-a - minute ticker tape fell as much as 13 minutes behind transactions as stocks were dumped on a broad front. But bargain hunters surged back into the market to pick up stock at cheap prices.

In the steepest drop since the Kennedy assassination on Nov. 22, 1963, the Dow Jones industrial average was down 17.60 at the end of the first hour.

By 2 p.m. the loss was cut to 5.74.

Down about 4 points were such stocks as Fairchild Camera, Xerox and Texas Instruments. IBM dropped 5.

Polaroid and Zenith were off 3.

Down about 2 were General Motors, U.S. Rubber, Boeing, American Cyanamid, Air Reduction, U.S. Smelting, Eastern Air Lines, TWA, Chicago Great Western and Household Finance.

Many stocks were down about a point.

Gold mining stocks rallied against the trend. American South African Investment rose rose nearly 2, Dome Mines more than a point.

Prices on the American Stock lower.

Corporate and U.S. Treasury bonds slid sharply.

## War, Great Society, Expansion Bring Optimistic Business Talk

By PETER S. NAGAN
Advance News Service

WASHINGTON—Forecasts of business activity next year are growing brighter, day by day.

As 1966 draws near, government economists keep raising their projections for the total output of goods and services in the coming year. The predictions of some analysts in industry even exceed those heard in Washington.

The new reckoning is partly based on the Viet Nam buildup, but on other factors too.

**Customary caution is being thrown to the winds. The page of growth and expansion is expected to quicken, lifting sales and jobs in 1966. This outlook is being reflected in a number of forecasts.**

Only about three months ago, most economic experts were hard put to detect new sources of thrust that would keep the economy growing at its recent merry clip. Even some of the top experts at the White House could foresee little more than a 4.5 per cent increase in total output of goods and services—to perhaps $705 billion, a gain of $35 billion over 1965.

Then, at a meeting of statisticians in September, the President's chief economic adviser, Gardner Ackley, forecast a gain of $40 billion, or close to 6 per cent. Some questioned his prudence in laying his prestige on the line with so rich a projection.

Now 6 per cent is the minimum increase to which most analysts subscribe. More and more, forecasts are tending to exceed this. It is no longer daring to talk of gains of 6.5 per cent.

Indeed, that's what one highly regarded forecaster predicted last week. The chief economist of the giant Prudential Insurance Co. forecast that total output — the so-called Gross National Product—will rise to $715 bililon in 1966, a gain of about $45 billion.

Government spending for Viet Nam and the Great Society is on a sharply rising trend—that's one important reason for the upward revisions. Industry's continually expanding plans for investment in new plant and equipment is another reason. And current demand for autos and TV sets is exceeding expectations.

**But the optimism is also partly psychological. It tends to be contagious. Confidence spreads out to others and then comes back to reinforce an expert's original view.**

What's more, the forecasters face great temptation to err on the high side these days. In 1964 and again this year, they have found that even their optimistic goals have been exceeded.

This could happen again. Spending for Viet Nam and investment by business could outrun present estimates.

**But a portion of the gain would represent over-heating—that is, inflationary price rises. After allowing for price changes, actual gains could turn out to be a little larger than those of 1965.**

# Odds Are Against Anyone Who Gambles With Drugs

Those who would minimize the dangers of marijuana and argue that it is no more harmful than drinking would probably take the same tolerant stand on the glue sniffing fad.

But the evidence against both is substantial. Enough so that authorities throughout the country are sounding the alarm.

A prominent Marin doctor last summer warned against underestimating the potential hazards of marijuana. He pointed out that legalizing the use of this narcotic would not remove it from its sordid surroundings.

Last month, Donald E. Miller, assistant chief counsel of the U.S. Bureau of Narcotics, issued a written statement at a San Francisco meeting.

The tendency to minimize the dangers of marijuana is the result of a "perverted" notion of freedom of expression, Miller warned.

Although marijuana does not develop a physical dependency, it creates a psychological dependency with the user graduating onto heroin, he added.

Well-meaning apologists, who would tolerate marijuana as just a "mild" form of narcotic and not habit forming, only reinforce the addict's attitude of blaming everyone but himself.

Glue sniffing, in a sense, is even more of a problem because the substance is so easily obtained.

Getting "high" from sniffing seems such an innocent pastime that the public reaction to such incidents is more of amusement than of alarm.

Look at some of the evidence, and you realize that it is no more amusing than Russian roulette.

In Imperial Beach, Calif., a 16-year-old tried to beat his parents and younger brother to death with a bludgeon.

In Virginia, a 14-year-old started flapping his arms around, crying that he was a bird, then shot himself.

In Los Angeles, a 16-year-old assaulted his 9-year-old brother and held a lighted match over the mouth of a 2-month-old brother.

Each of the youngsters had been sniffing glue.

The Federal Bureau of Investigation bulletin warns that death can result from glue sniffing. The toxic chemicals involved can cause anemia, damage to kidneys, hemorrhages and death.

Treatment and rehabilitation are the modern, enlightened tools to combat addiction.

But even more important is the need to constantly remind youngsters that they are gambling with their lives when they deal in drugs of any kind—depressants or stimulants; and the odds are completely against the gambler.

## The Birds In Winter

What happens to the birds in wintertime Marin? Where do they go? Bird song seems to cease with the onset of the cold, except for the Golden Crowns. We don't see as many birds around. But we know that most birds, like the towhees, jays and finches, stay in Marin all year.

We don't know all the answers. Winter's rain and constant dampness are harder on the birds than Marin's modest cold. Birds have a high body temperature and can take quite a bit of cold as long as there is plenty of food. Marin is particularly blessed with abundant weed seeds.

But the birds are less active, less exuberant and more restrained. Winter puts a damper on their passions. It is a time of rest before the frenzy of nest building and courtship which lies ahead in the early spring.

# College Fees Should Be Levied To Pay Student Scholarships

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — California's tuition-free program at the University of California and the state colleges fails to meet the only justification for its continuation, namely that of providing higher education for deserving students regardless of their income level.

This is the belief of Assemblyman Don Mulford, R-Berkeley, who presented his views to the assembly subcommittee on higher education. The committee is studying the views of several legislators on the tuition question.

Mulford said that despite the possibility of increasing federal funds for scholarships and loans, the California system of public higher education will continue to foster discrimination on the basis of income, unless the state initiates an expanded program of scholarships distributed according to financial need.

**HE DECLARED** that through the adoption of a tuition fee, the scholarship program could be expanded, and also, other programs and needs could be furnished.

Citing statistics from a study of the co-ordinating council for higher education, the assemblyman pointed out less than 25 per cent of the California 18-year-olds attending college come from families who make less than $10,000 annually, while nearly 75 per cent come from families which have incomes over $14,000. Student bodies, he said, are drawn disproportionately from higher income bracket families in a pattern similar to private universities.

**ESTABLISHMENT** of a tuition system at the university would not deprive those in financial need of a higher education, he said. On the other hand, the system would raise money for a greatly expanded scholarship program, which in the light of increasing taxes, the state cannot afford at the present time.

Mulford said he will continue to offer bills to the legislature to effectuate a tuition system, in view of the fact he believes it is only fair to the taxpayers of the state to have a small contribution from those who benefit most from the university and the state colleges.

For some years, Assemblyman John Collier, R-Los Angeles, has been working on a program which amounts to a fee system. Collier's program, however, contemplates revolving fund loans to students, which would be paid back over a period of years when the student has graduated and entered society as an earner.

**IT IS BECOMING** reasonably obvious to legislators that large institutions like the university and the state colleges, which are multiplying, cannot be supported in the style to which they are accustomed by the taxpayers of the state. Therefore, it becomes necessary that additional sources of income be developed, and the tuition fee appears at the present time to be the most ready source.

Legislators are hesitant to face the hue and cry that would result from a tuition charge, which some feel would deprive the worthy, low income bracket student of an opportunity for higher education. But if statistics reveal little advantage exists, then students may in the future be required to pay for what they get.

# WHAT OUR READERS SAY

## 'Damn Yankees' Was That Good!

Editor, Independent-Journal:

Will you please find out if the H.A.F.B. production of "Damn Yankees" will be shown again this year—or what. I heard about the show from a friend of mine that lives in Terra Linda. I went to see it and it was so good, I decided to see it again and bring a few friends. When I called about it, I was told it had ended. To my knowledge it had a two-week run. Why do little theater groups have such small runs and why do they close a show when its success is assured? Are they (the group) in rehearsal for another show or have they disbanded? I wish someone would let me know.

It was as good if not better than any of the Hyatt Theater or Circle Star shows, believe me!

MELANIE SCOTT
San Francisco.

## Also Amazed At Americans

Editor, Independent-Journal:

Like Mr. Whiteaker, writing to the editor on American support for Britain's current objection to the Rhodesian Declaration of Independence, "I am continually amazed at the American public"—but for different reasons.

Mr. Whiteaker's analogy of the action of the Smith government, with that of the U.S. Congress of 1776 is correct, in that, after including in the original Declaration, that all power should be vested in the people from whom it is derived, it was voted in Congress, that the "blacks" made no part of the people.

Mr. Smith in using much of the text of the American Declaration, was careful to ensure that when referring to "people" one assumed that the "white people" were gaining their independence.

In 1776, Lord Chatham, the leader of the then "left" party, the Whigs, supported the American cause in Parliament, and was a frequent critic of the high handed treatment of his American kinsmen by the "right"—Lord North's Tory Party.

Since then the Tories have slowly learned, so that Mr. Heath, the party's present leader, supports Mr. Wilson's stand. . .With certain limitations. These limitations revolve around the British business interests in Southern Rhodesia, from tobacco to copper.

If we are looking for business reasons for the American support of Mr. Wilson, it could be that the export of copper from Zambia (the ex British colony of Northern Rhodesia, led by the "black" Dr. Kuanda) is threatened by their joint ownership with Southern Rhodesia, of the railway by which this copper is shipped to Beira. The copper industry in Zambia is mainly American owned.

## Tam Railway Commercializing

Editor, Independent-Journal:

We are now offered an opportunity to turn Mount Tamalpais into Coney Island by the proposed railroad from Mountain House to the summit.

The railway that carried tourists from Mill Valley to the summit from 1896 to 1930 served a purpose in an era of few automobiles. Now, tourists can drive to within a block of the summit. Also, there is another way to get there - hike.

The mountain appears to present an irresistible challenge to those who would like to commercialize nature.

## Final Explanation On View Of War

Editor, Independent-Journal:

I recently received a letter in response to a letter of mine which appeared in the Nov. 17 I-J. The author remained anonymous. He accused Franklin Roosevelt of supporting Stalin's communists, quoted letters from other I-J readers, and made it obvious that he misunderstood my ideas. William Roscoe's letter of Nov. 24 also showed misinterpretation on his part.

I would like the opportunity to make one final explanation, and then leave the matter to the politicians and the historians. First, I am not against what the war in Viet Nam represents basically. For a people to be willing to fight for their ideals is good. It is the basis upon which history is built. But to send others to fight for your own ideals cannot be right. If a government can't wage a war with the number of people it can make loyal enough to a cause to be willing to die for it, then it must be a poor cause — not worth killing for; not worth dying for. . .

Also, are we being fair to the Vietnamese? We were asked over there several years ago by a government long since replaced in U.S.-influenced elections. It's their nation we're blowing off the face of this planet, not ours. Food for thought?

## Marincello Hearing Needed

Editor, Independent-Journal:

One of your news items in the Nov. 29 edition indicated that "Marincello Can't Be Reconsidered." WHY? County Counsel Maloney says "there is no provision in the government code for reconsideration of the adoption—etc." Why not ask Mr. Maloney if there is any provision in the code which prevents reconsideration.

Mr. Charles Whiteaker's item in the Nov. 29 issue concerned our participation in sanctions against Rhodesia. This item presented a very logical and reasonable opinion and I was much pleased to see it. To Mr. Charles Whiteaker—bouquets, three cheers and Amen!

BENNETT CERF

**WALL STREETER** John Straley reports on two hillbillies who lived up a West Virginia valley so narrow their dogs had to wag their tails up and down. One day the banker of the community actually persuaded them to open a joint savings account, offering as a lure a fat four and a half per cent interest on their money. Neither had the faintest idea what the word interest meant, so a few days later one got worried, sneaked into town, and withdrew all the savings. Not three hours later, the other got the same notion, but was flabbergasted to hear there was no longer a cent in the account. "I knowed it," he glowered. "That doggun interest has et up every cent of my savings!"

**ROTUND, AMIABLE** nightclub comedian Jack E. Leonard spotted an elephant at a county fair, fed it a peanut, and remarked with a sudden light in his eyes, "So this is what you do between elections!"

**SIGNS OF THE TIMES:**

In the pro's shop on a public golf links: "Learn golf fundamentals here: Driving, approaching, putting, and cheating."

Outside an independent Florida cafeteria: "Breakfast — just like you get it at home." The promise is fulfilled, too. The waitresses have their hair in curlers, their faces glisten with cold cream, and they're attired in sloppy flannel robes and oversized men's house slippers.

## Goldwater's Free Society Assn. Report Draws Wrong Conclusion

WASHINGTON—Barry Goldwater's Free Society Assn. has written a lucid and engrossing analysis of last month's elections.

Its only weaknesses are that it is short on facts, wrong in its conclusions and unduly pessimistic about the future of the Republican party.

Short on facts? The study sees absolutely nothing to justify the view that moderate Republicanism can be a source of strength to the party.

But what about the following fact?

Former Republican Sen. Kenneth Keating, running state-wide for a seat on the highest court of New York State, the court of appeals, won over his two opponents by the unprecedented plurality which, according to unofficial figures, could run as high as 1,500,000.

**HE CARRIED** the state by the largest plurality of any state candidate, Republican or Democrat, including Al Smith, FDR, Herbert Lehman, Rockefeller and Javits, in New York history.

He is the only upstate Republican ever to carry New York City, which he took by 85,000 votes. He carried every county in the state except Albany.

His voting pull enabled the Republicans to win back control of the state senate and increase their seats in the assembly. It helped elect 10 mayors and five boards of supervisors.

Denison Kitchel, president of the Free Society Assn., disdains the election of John Lindsay in New York and Arlen Specter in Philadelphia as having no value to the Republican party because, in his view, "they only emphasize the continued ascendancy of the Liberal party-ADA philosophy in vital sectors of American public life."

**THAT IS ARGUABLE** but the tremendous vote for moderate Republican Keating is not arguable and it makes one wonder why the Free Society should choose to ignore it. Keating's victory did not partake of any "Liberal party-ADA philosophy." Keating did not have any Liberal party endorsement, any ADA backing.

His victory is the most impressive proof that a traditional Republican running as a Republican can carry both New York City and New York State as long as he is at the political center of his party.

Kitchel warns Republicans not to turn to the Lindsay and Specter elections for guidance as to the kind of candidates the GOP should turn to, on the ground that their success rested only "on local issues" and has no relevance elsewhere.

What do you think the Free Society Assn. would be saying in its analysis if William F. Buckley, the Conservative party candidate, had received twice the size of the vote he got and had succeeded in derailing Lindsay? Would it be dismissing such a Buckley vote as only "local" and, therefore, meaningless? Wouldn't it be saying, if it had happened, that the GOP better get more candidates like Buckley?

**ANOTHER** Free Society conclusion is that the "victory of 'Republicans' without Republicanism is no victory for a genuine two-party system."

Was the two-party system strengthened in 1964 when so many Republican Congressional candidates went down to defeat as a result of the Goldwater campaign?

Could it be that the Free Society dismisses the Lindsay victory and omits the Keating victory not because they have no meaning but because it doesn't like the meaning?

# LBJ Is Urging Troop Build-Up In Viet Nam

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — President Johnson is summoning the top bi-partisan leaders of Congress to lay before them proposals for a further massive expansion of U.S. combat forces in South Viet Nam.

As submitted by Defense Secy. Robert McNamara, following his latest trip to fighting front, the new far-reaching buildup calls for the following:

U.S. ground forces to be increased to 250,000 by next May, with an immediate enlargement to 200,000 by the middle of January. Current ground force strength is 170,000.

Naval air and sea forces to be increased to 60,000 by May, with an immediate goal of 50,000 by Jan. 15. Present strength is 40,000.

Selected reserve units to be called into active service to meet these heavy personnel needs. The Joint Chiefs of Staff have strongly recommended that several times. Also likely are considerable increases in the monthly draft quotas.

**CONGRESSIONAL** leaders also will be told of a major decision by the President to intensify the air war against North Viet Nam.

The President has finally authorized the bombing of a dozen or so airfields in the central Hanoi-Haiphong area—where more than 200 Russian jet fighters and short-range bombers have been photographed by U.S. reconnaissance planes in the past three weeks.

Upwards of 100 of the jet fighters were latest-model MIG-21s; some 70 were older versions of this plane; there were around 20 bombers.

**GENERAL WILLIAM C.** Westmoreland informed McNamara that regular North Viet Nam troops are being infiltrated into South Viet Nam at the rate of 3,000 a month through Laos and Cambodia.

From prisoners of war and other sources it has been learned that General Nguyen Giap, chief North Viet Nam strategist who defeated the French in 1951, plans to build up an army of six or more regular divisions in South Viet Nam by May for a "final overwhelming offensive." Meanwhile, he aims to inflict 20,000 to 30,000 casualties on U.S. troops.

It is Giap's belief that such heavy losses will "shock the American people" and they will "force an end to the war." That's what North Viet Nam Prime Minister Pham Van Dong told a French diplomat in Hanoi several weeks ago. Van Dong indicated North Viet Nam is prepared to take five-to-one casualties to impose such large losses on the U.S.

Prince Souvanna Phouma, neutralist prime minister of Laos, confirmed the greatly increased infiltration of North Vietnamese regulars through his country.

**IN CONFERENCE** last week with the U.S. ambassador, Souvanna Phouma stated that around 9,000 North Viet Nam troops have entered his country and are largely concentrated near Thakkhet, a strategic communications center in the "waist" of Laos. Control of Thakkhet would be essential for extensive infiltration into Thailand.

Souvanna Phouma expressed gravest concern regarding these menacing North Vietnamese operations. So have Thai officials. They are convinced North Viet Nam is sending large number of guerrillas into Thailand through Cambodia and Laos.

General Westmoreland wants permission to bomb Vietnamese infiltration routes and concentrations in Cambodia and the Ho Chi Minh trail in Laos.

This proposal is strongly supported by Prince Souvanna Phouma and Thailand.

## Coast Is Clear, All Resources Exhausted: Who, What Are You?

**PERSONALS**—Charlie says the coast is clear. Please tell who you were. Civic Center, 7:30 to 9:30 p.m. last Wednesday. Dial pressroom.

All right, so it's admitting defeat. But the guessing game has gone on long enough. I have exhausted every possible lead. You folks win.

The clues were only these. A group calling itself the Marin Coordinating Council met in the school curriculum laboratory at the above time and place.

The membership in this council is a mystery to me and most everyone else at the Civic Center.

"Never heard of them," County Administrator Alan Bruce said. "What are they coordinating?"

**I EXPLAINED** the only information available was on the weekly schedule of meetings at the Civic Center put out by his office.

Brief grilling of his staff showed, however, that it was the county schools office which had asked that the group be scheduled.

Unfortunately the girl in the county schools office who answered the phone when the Marin Coordinating Council called to reserve the room did not get the name of the party on the other end of the line. Just "Marin Coordinating Council."

**COUNTY DIRECTOR** of Community Relations Walter Bremond said it was none of his groups.

Mrs. Vera L. Schultz, president of the Marin Senior Coordinating Council, reported that it was not her group.

Rev. Karel Botermans reported that he had the flu. He also said that it probably was not the Marin Coordinating Council for Racial Equality which has not met for some time.

Florence T. Scott, director of the Marin Council of Community Services, said the name did not ring a bell. "Try the county schools office," she suggested. Really, she was trying to be helpful.

**IT WAS NOT** the Local Government Coordinating Committee. As a matter of fact, that was one of the committees supervisors dissolved last Tuesday. But you never can tell.

A reassuring thing about the Marin Coordinating Council emerged from all this. It is not receiving any county money. At least, Auditor-Controller Michael Mitchell could not find the group mentioned in this year's budget.

But the humiliating thing was that I finally had to call the city desk and confess that I had lost a meeting.

And I suspect there will be further humiliation when it is discovered who, or rather what, the Marin Coordinating Council is. But at least, I'll be in good company this time.

## Holiday Time Means The Danger From Torpor Driving Is Rising

WASHINGTON — It has just been discovered that automobile accidents can be caused as much by overeating as overdrinking. The torpor produced by consuming too much food makes a driver sleepy and careless.

For the moment there are no traffic laws against overeating, but I predict this state of affairs will change very soon, and you may have a scene something like this.

Siren sounds. Motorcycle cop pulls up alongside car, waves driver over to the side.

Cop approaches driver. "Okay, Mac. You were weaving all over the road."

Driver: "Burp. I was doing no such thing."

Cop leans in window. "Hey, what's that I smell on your breath—onions?"

"Scallions, officer. I just had one for the road. Burp."

"Is that all you had, mister?"

"I swear that's all, officer."

**"WOULD YOU BE** willing to take a gluttony test?"

"Sure, officer. What do I have to do?"

"We just want to measure the turkey content in your blood."

Cop takes blood from motorist and holds test tube up. "You have two cc's of white meat and five cc's of stuffing and six cc's of cranberry sauce in your blood stream."

"Is that bad?"

"The maximum allowed is five cc's. I'm afraid I have to run you in for torpor driving."

**AT THE STATION** house the sergeant says to the cop, "What did he do?"

"Overstuffed while driving," the cop replies.

"See here, officer, I was just coming from a Thanksgiving dinner, and I took a couple nibbles here and there. I may be satisfied but I'm not stuffed."

"Take him down to the cafeteria and see if he can walk a straight line," the sergeant orders.

The cop takes him down to the cafeteria. When the motorist sees all the food, he starts reeling and turning green.

The cop takes him up to the sergeant again. "He flunked it."

**"THROW HIM** into the torpor tank."

"I know my rights," the motorist shouts. "I'm allowed to have a bicarbonate of soda."

The sergeant says, "Okay, give him one, and then throw him in the tank."

The torpor tank is filled with groaning drivers holding their stomachs and others sleeping off their Thanksgiving Day dinners.

"Where did they catch you?" the motorist asks a cell mate.

"I was just driving out of a Howard Johnson's. I stopped in for a cup of coffee, but then I had one piece of pumpkin pie and it led to another piece and then to another and that's all I remember."

"I want to see my doctor!" a man shouts.

A few hours later the cop comes by and says, "Your wife is here to pay your fine."

The wife is waiting by the sergeant's desk.

**SHE SHOUTS** at the motorist, "I told you to leave the car at home if you were going to eat."

"I lost my head," the motorist says.

The sergeant says, "Okay, lady, just pay the fine. It's $50 for the turkey dinner and $25 for burping at a police officer. And the next time you get the urge to stuff yourself, stay off the roads."

## STUDY IN YOUTHFUL CONCENTRATION

Jamie Clerk, "poster boy" for the 1966 March of Dimes in Marin County, concentrates on building a tower of sugar cubes at the Rancho Nicasio, while proprietor Nick Kobseff, March of Dimes chairman, watches. The boy underwent surgery when three weeks old for a cleft palate and lip, and symbolizes the birth defects to which the National Foundation has turned its attention with March of Dimes funds since Salk and Sabin vaccines conquered poliomyelitis. The fund raising campaign will be throughout January.

## CAP Award

# Four Marinites Hurt In Traffic Accidents

Four Marin residents were injured in four separate traffic accidents Saturday, two of them rollovers and one a motorcycle spill.

A small foreign car driven by Franklin L. Hansen, 31, of 1707 Center Road, Novato, veered off the Highway 101 southbound ramp to Marinwood and overturned at 11:40 a.m., the California Highway Patrol reported.

Officers reported that Hansen's attention was diverted when his two-year-old son started to climb from the back to the front seat. Hansen complained of head injuries and told officers he would be treated by his own doctor.

A car driven by Bobby Joe Lile, 33, of 338 Bolinas Street, Fairfax, overturned off Sir Francis Drake Boulevard, about a mile west of Fairfax, at 1:40 p.m., the highway patrol reported.

Officers said his car left the roadway and struck a county speed sign on the east slope of White's Hill. Lile complained of mouth and head injuries and was treated by his own doctor.

Wilfred S. Corda, 32, of 247 Laurel Place, San Rafael, suffered facial cuts when his car struck a highway light pole at the Highway 101 Lucas Valley off ramp at 10:30 p.m.

The patrol reported that Corda was taken to San Rafael General Hospital, but the hospital had no record of his case.

Daniel W. Goss, 20, of Bolinas, suffered an injured left arm and facial cuts when his motorcycle struck the curb and spilled on Wharf Road, just east of Brighton Avenue, Bolinas, at 3:50 p.m.

Goss was taken to Point Reyes Station by his father for treatment by his own doctor.

## Marinite Enurolled In Master's Program

Antonia L. Banducci, daughter of Mr. and Mrs. Fred A. Banducci of 345 Elm Avenue, Larkspur, is enrolled in a master's degree program while in undergraduate school at the University of Colorado in Boulder, Colo.

The program is designed so that some graduate studies are incorporated into the last two years of undergraduate school, making it possible for a student to obtain a master's degree in only one year after completing the bachelor's degree.

## Seven Marinites Enlist In Navy

Seven Marin County men enlisted in the Navy last week but four of them will have up to 120 days at home before donning their first uniform at the U.S. Naval Training Center at San Diego.

Starting training immediately are Leslie D. Stubblefield, 20, of 1017 Second Street, San Rafael; Woodrow W. Duncan Jr., 18, of 10 Shasta Lane, Novato, and Larry R. Wheeler, 20, of 183 Tamal Vista Drive, San Rafael.

Those enlisting under the Navy's "Join Now, Go Later" plan are Theodore K. Lowry, 19, of 815 Rosal Way; San Rafael; Peter D. Rosse, 19, of 301 Reed Boulevard, Mill Valley; Timothy J. Meenan, 19, of 92 East Crescent Drive, San Rafael and Leland M. Donnan, 20, whose parents live at 29 Buena Vista, Mill Valley.

## Marines Training Completed By Four

Four Marin County men graduated last Monday from Marine recruit training at San Diego.

They were Richard W. Daniels of 130 Lovell Avenue, Mill Valley; David M. Luce of 96 Hawthorne Avenue, and Ross P. Whitney of 35 Angelo Avenue, both of San Anselmo, and Norman K. Reinhard of 95 Twin Oaks Avenue, San Rafael.

# Two Injured In Wrong-Way Car Crash On Highway 101

A car south bound in the northbound lanes of Highway 101 at Waldo Point caused a four-car collision that resulted in injury to two persons at 11:10 p.m. Saturday, the California Highway Patrol reported.

Frank Manzano, 34, of San Francisco, drove along the Sausalito northbound on-ramp to the highway and then made a left turn and headed south in the northbound lanes of Highway 101, the highway patrol reported.

His car collided was a car driven by James W. Pearson, 54, of Napa.

Valeria Pearson, 45, a passenger in Pearson's car, suffered a possible cheekbone fracture. She was taken to Marin General Hospital where she was reported in good condition today.

Carmelo Sabraso, 29, of San Francisco, passenger in Manzan's car, who suffered multiple bruises and scrapes, also was treated at Marin General Hospital.

As a result of the first collision, two other northbound cars collided, but there were no injuries.
